

CapitalLand Malaysia Trust

Annual
Report
2024

Forging Ahead, Shaping The Future

The cover design embodies our continuing drive to forge ahead with clarity, conviction and confidence in our strategies to grow our business.

The dynamic interplay of circular nodes and diagonal beams conveys upward momentum achieved through embracing innovation and transformation. Set within a structured yet evolving grid, the design underscores adaptability and agility, reflecting our relentless quest to create superior value for our investors and contribute positively to the communities where we operate.

The focal red circle that proudly represents the red dot in CapitaLand's logo symbolises our Group's foundation in Singapore. CapitaLand Malaysia Trust is well on our journey to becoming a leading diversified real estate investment trust in Malaysia and making an impact in shaping a better future for all our stakeholders.

About Us

CapitaLand Malaysia Trust (CLMT) is a real estate investment trust (REIT) and was listed on the Main Market of Bursa Malaysia Securities Berhad on 16 July 2010. CLMT's investment objective is to invest, on a long-term basis, in a geographically diversified portfolio of income-producing real estate assets across Malaysia that are used primarily for retail, commercial, office and industrial purposes. As at 31 December 2024, CLMT has a market capitalisation of approximately RM1.9 billion with a total asset value of approximately RM5.3 billion.

CLMT's portfolio of quality assets comprises six retail properties and two logistics properties with a total net lettable area of 4.3 million square feet. Its retail properties are strategically located across three key urban centres: Gurney Plaza and a significant interest in Queensbay Mall in Penang; three in Klang Valley – a majority interest in Sungei Wang Plaza in Kuala Lumpur; 3 Damansara in Petaling Jaya; and The Mines in Seri Kembangan; and East Coast Mall in Kuantan, Pahang. CLMT's logistics properties include Valdor Logistics Hub, located in one of Penang's key industrial hubs, and Glenmarie Distribution Centre, located within Hicom-Glenmarie Industrial Park in Shah Alam, Selangor.

CLMT is managed by CapitaLand Malaysia REIT Management Sdn. Bhd. (Manager), a wholly owned indirect subsidiary of CapitaLand Investment Limited, a leading global real asset manager with a strong Asia foothold. MTrustee Berhad is the trustee for CLMT.

CLMT's interest in Queensbay Mall comprises:

- Approximately 91.8% of the total strata floor area of retail parcels, and
- Approximately 98% of the car park bays

CLMT's interest in Sungei Wang Plaza comprises:

- Approximately 61.9% of the total strata floor area of retail parcels, and
- 100% of the car park bays.

Vision

To be Malaysia's leading diversified REIT through value creation and continuous innovation

Mission

To deliver long-term and sustainable distribution of income and potential capital growth to Unitholders

For Investors:

Deliver sustainable total returns

For Tenants:

Create profitable opportunities

For Shoppers:

Create delightful shopping and lifestyle experiences

For Employees:

Provide opportunities to realise personal potential and achieve professional growth

For Community:

Promote environmental sustainability, social responsibility and good corporate governance

Key Objective

The Manager's aims are to provide Unitholders with sustainable income growth through regular and steady distributions, and to create new value through proactive asset management and yield-accretive acquisitions, while maintaining an appropriate capital structure.

Our Strategies

Organic Growth

- Striking a balance between healthy occupancy rate and improving rents
- Forging close ties with tenants to improve tenant retention
- Optimising tenant mix for retail properties

Asset Enhancement Initiatives

- Review space usage to optimise space productivity and income
- Maximising return on investment through asset enhancement initiatives

Acquisition

- Focused on retail, industrial and logistics asset class in key urban centres in Malaysia
- Seeking opportunities from both third parties and CapitaLand Group

Cost and Capital Management

- Improve overall cost and operational efficiencies through effective budgetary control
- Proactively manage and strengthen balance sheet by ensuring robust liquidity and a diversified funding base

Value Creation

Investment Objective

The principal investment objective of CapitaLand Malaysia Trust (CLMT) is to invest, on a long-term basis, in a geographically diversified portfolio of income-producing real estate across Malaysia that are used for retail, commercial, office and industrial purposes or such other non-real estate investments as may be permitted under the Trust Deed¹, the Guidelines on Listed Real Estate Investment Trusts or by the Securities Commission Malaysia, with a view to providing Unitholders with long-term and sustainable distribution of income and potential capital growth. CapitaLand Malaysia REIT Management Sdn. Bhd. (Manager) believes that CLMT has made continued progress in growing its diversified portfolio to strengthen income resilience for the financial year ended 31 December 2024.

Future Prospects of the Market

The Manager views the Malaysian real estate sector to be resilient in the long-term and will continue to pursue the value creation strategies. For more information in the sectors in which CLMT currently invests in, please refer to the 'Independent Market Overview' section on page 165 to 182 of CLMT Annual Report 2024 (AR 2024).

Salient Features

Fund Name	CapitaLand Malaysia Trust (CLMT)
Fund Type	Income
Fund Duration / Termination Date	The earlier of the occurrence of any of the events listed in Clause 25.2 of the Trust Deed ¹ or the expiration of a period of twenty one (21) years after the death of the last survivor of the issue now living of his majesty, the current Yang di-Pertuan Agong of Malaysia; or until such further period as the laws permit.
Authorised Investments Limits	- At least 75% of CLMT's total asset value must be invested in real estate that generates recurrent rental income at all times; and - Such other investments or limits as may be permitted by Securities Commission Malaysia (SC) and/or the REITs Guidelines².
Distribution Policy	- Payout policy ratio: At least 90% of CLMT's distributable income of each financial year. - Semi-annual distribution payment for the six-month period ending 30 June and 31 December of each year.
Borrowing Limitations	Up to 50% of CLMT's total asset value at the time the borrowings or financing facilities or deferred payment arrangements are incurred.
Valuation / Revaluation Policy	Annually by independent professional valuer; and when a real estate is to be acquired or disposed by CLMT.
Management Fee	- Base Fee: up to 1% per annum of the value of Deposited Property³ (FY 2024 actual: 0.29%) - Performance Fee: up to 5% per annum of Net Property Income (before Management Fee) (FY 2024 actual: 4.75%) - Acquisition Fee: up to 1% of the acquisition price of any Authorised Investments directly or indirectly acquired by the Trustee on behalf of CLMT - Divestment Fee: up to 0.5% of the sale price (after deducting the interest of any co-owners or co-participants) of any Authorised Investments directly or indirectly sold or divested by the Trustee on behalf of CLMT

¹ The Trust Deed dated 7 June 2010 (as amended and restated on 13 July 2021) entered into between the Manager and the Trustee.

² Guidelines on Listed Real Estate Investment Trusts.

³ As defined in the Trust Deed, the value of Deposited Property is equal to all the assets of CLMT (total asset value).

Trust Structure

¹ The Manager holds a Capital Markets Services Licence issued by the Securities Commission for the regulated activity of fund management in relation to asset management restricted to real estate investment trust.

² Knight Frank Property Management Sdn. Bhd. manages Gurney Plaza; CLMT's interest in Queensbay Mall; East Coast Mall; 3 Damansara; The Mines; Valdor Logistics Hub; and Glenmarie Distribution Centre.

³ Nexcap Property Consultants Sdn. Bhd. manages CLMT's interest in Sungei Wang Plaza.

⁴ CLMT's interest in Queensbay Mall comprises approximately 91.8% of the total strata floor area of retail parcels and approximately 98% of the car park bays.

⁵ CLMT's interest in Sungei Wang Plaza comprises approximately 61.9% of the total strata floor area of retail parcels and 100% of the car park bays.

Organisation Structure

Milestones

- CLMT announced an income distribution of 2.24 sen per unit for the period from 1 July 2023 to 31 December 2023 (2023 Final Income Distribution), in which the Distribution Reinvestment Plan (DRP) was applied to the entire 2023 Final Income Distribution. This resulted in an annual income distribution per unit of 4.17 sen for the financial year ended 31 December 2023.

- Announced the redesignation of Dato' Jeffrey Ng as Non-Executive Chairman and the appointment of Mr Foo Wei Hoong as member of Nominating and Remuneration Committee in place of Mr Lui Chong Chee who resigned as Non-Executive Chairman of the Board and member of the Nominating and Remuneration Committee with effect from 1 February 2024.

- All CapitaLand shopping malls switched off façade lights and non-essential lighting for an hour on 23 March 2024, in support of Earth Hour as part of the sustainability efforts to save the planet and fight against climate change.

- CLMT conducted a virtual Annual General Meeting with all resolutions approved by Unitholders.

- A virtual AGM was held by CLMT on 27 March 2024.
- Income distribution of 2.24 sen per unit for the period from 1 July 2023 to 31 December 2023 was paid to Unitholders.
- Re-fixed the interest rate of an existing secured term loan of RM500.0 million.

- Extended the tenure of an existing secured term loan from 2026 and 2028 to between 2031 and 2033.

- Extended the tenure of an existing committed revolving credit facilities from 2028 to 2031.

- Announced an income distribution of 2.36 sen per unit for the period from 1 January 2024 to 30 June 2024 (2024 First Income Distribution), in which the DRP was applied to the entire 2024 First Income Distribution.

Jan

Mar

Jul

Feb

- CLMT further diversified geographical footprint to Johor through the proposed acquisition of three prime freehold ready-built factories located at the Nusajaya Tech Park in Iskandar Malaysia for RM27.0 million.

- CLMT further diversifies portfolio by acquiring three industrial properties in Johor.

- Conducted non-deal roadshows with existing and prospective investors pursuant to CLMT's 4Q 2023 financial results.

Jun

- Procured 7.2 megawatts of renewable energy for The Mines following its successful quota allocation under the Corporate Green Power Programme.

- Extended mall-wide cashback campaign via Touch 'n Go eWallet for the second edition, from 8 August 2024 to 31 December 2024, to reward shoppers who spend at CapitaLand malls.
- Announced the appointment of Deloitte PLT as auditors of CLMT for the financial year ending 31 December 2024.
- Obtained a new secured term loan of RM298.0 million to refinance an existing secured term loan maturing in 2027 and secured an additional RM50.0 million committed revolving credit facility.

Aug

- The Mines is certified with Green Mark Gold^{PLUS} rating by Building and Construction Authority of Singapore.
- CLMT received a 3-star rating for standing investments in the 2024 GRESB Real Estate Assessment.
- Clinched Bronze award for Excellence in Workplace Wellbeing at the HR Excellence Awards 2024.
- With the support of CapitaLand Group's philanthropic arm, CapitaLand Hope Foundation, the #GivingBersama 4.0 program introduced a new bazaar format that benefited close to 2,600 beneficiaries from Penang, Klang Valley, Pahang and Johor, providing them with daily necessities and educational supplies worth RM200,000.

● CapitaLand staff volunteers delivered donation items to Rumah Charis in Kuala Lumpur.

Oct

- 3 Damansara is certified with Green Mark Gold^{PLUS} rating by Building and Construction Authority of Singapore.
- Announced the acquisition of its first modern automated logistics property in Selangor for RM180.0 million.
- Obtained a new secured term loan of RM43.5 million to reimburse the funds utilised for the acquisition of Glenmarie Distribution Centre.
- Early re-fixed the interest rate of an existing secured term loan of RM693.0 million which is due for interest rate refixing in March 2025.
- Converted the existing RM50.0 million committed revolving credit facilities into a sustainability-linked loan.
- Announced the resignation of Encik Mohd Yusof Bin Hussian as a Non-Executive Independent Director and relinquishment as Member of the AC with effect from 31 December 2024.

Dec

Sep

- Income distribution of 2.36 sen per unit for the period from 1 January 2024 to 30 June 2024 was paid to Unitholders.

Chairman & CEO Message

Delivering sustainable growth

Dear Unitholders,

CLMT's mission — to deliver long-term, sustainable distribution of income and potential capital growth to Unitholders — is guided by our value-driven mindset and four-pronged growth strategy. In FY 2024, we strengthened our existing retail assets and boosted the resilience of our portfolio with several high-quality industrial and logistics acquisitions. These and other strategic initiatives drove our strong performance.

RESILIENT FINANCIAL PERFORMANCE

Our financial results in FY 2024 exceeded those of the previous year across most key metrics. Gross revenue climbed 15.0% to RM454.8 million, compared to RM395.4 million in FY 2023. Net property income rose 21.4% to RM263.9 million while distributable income grew 21.0% to RM132.8 million, compared to the same period last year. Our resilient financial performance was mainly driven by a full-

year contribution from Queensbay Mall and higher revenue from existing properties.

Total DPU in FY 2024 was 4.65 sen, up from 4.17 sen the previous year. Distribution yield for FY 2024 was 6.89%, based on CLMT's closing unit price of RM0.675 as at 31 December 2024.

During the year, CLMT made two income distributions to Unitholders totalling RM128.3 million or 4.60 sen per unit. Both income distributions were subject to our existing Distribution Reinvestment Plan (DRP). This approach provides CLMT with an additional source of working capital while allowing Unitholders to reinvest in more CLMT units, thereby increasing their returns. The DRP will also be applied to the 2H 2024 distributable income of 2.29 sen per unit, enabling Unitholders to choose between receiving the distribution fully in cash or reinvesting part of it in new units.

Building on our resilient performance, CLMT achieved a net property income of RM263.9 million, marking our strongest year since our IPO in 2010.

Buoyed by Malaysia's growing GDP, lower inflation rate, and a rebounding tourism sector, our gross revenue soared by RM59.4 million to RM454.8 million and DPU increased by 11.5% to 4.65 sen, surpassing last year's figures.

CLMT's unit price appreciated 20.5% during the year and its market capitalisation grew to RM1.9 billion¹. As at 31 December 2024, CLMT delivered a total return of 28.8%² to our Unitholders.

Total assets increased to RM5,268.0 million this year. Portfolio valuation climbed 2.4% over last year, reaching RM5,130.6 million.

As of 31 December 2024, our overall portfolio occupancy stood at 92.8%. Our retail occupancy remained stable at 92.0% while logistics properties were 100% occupied. We also recorded an average rental reversion of 11.3% for the retail properties in FY 2024.

OUR FOUR-PRONGED GROWTH STRATEGY

We continue to deliver income growth and significant operational improvements through our proven four-pronged growth strategy — pursuing accretive acquisitions, enhancing existing assets, driving organic growth and prudent capital management. In FY 2024, we successfully created value across these strategic pathways.

1. Adding value through strategic acquisitions

In FY 2024, CLMT announced more than RM200 million worth of accretive acquisitions of industrial and logistics assets in Malaysia's key manufacturing and logistics hubs. Upon completion of these acquisitions in 2H 2025, the contribution from these assets will further enhance CLMT's income resilience.

In February 2024, we marked our first entry into the industrial asset class with the acquisition of three prime freehold, ready-built factories in Nusajaya Tech Park in Iskandar Malaysia, Johor for RM27.0 million. We expect an annual rental income of RM2.0 million with a first-year gross yield of approximately 7.3%.

We expanded our logistics portfolio in December 2024 with the acquisition of a modern freehold logistics property for RM180.0 million. This is our first logistics property featuring an automated storage and retrieval system. With a 10-year lease, the property is expected to generate annual gross rent of RM12.3 million, with a first-year gross yield of approximately 6.8%.

To date, our industrial and logistics assets constitute 2.8% of our portfolio by assets under management. We recently announced our second acquisition of industrial assets located within the Johor-Singapore Special Economic Zone³ and upon completion of these ongoing acquisitions in 2H 2025, CLMT's enlarged portfolio will comprise 15 properties, increasing the proportion of industrial and logistics properties assets under management to 7.9%. Our aim is to increase the proportion of industrial and logistic assets in CLMT's portfolio by approximately 20% over the next three years. However, we will actively monitor market dynamics in assessing the composition of our portfolio.

2. Driving value through asset enhancements

To unlock the value in our assets, we continually review our portfolio, ensuring the best use of our properties through asset enhancement initiatives (AEIs). In FY 2024, we embarked on two initiatives:

Refurbishing and expanding Gurney Plaza:

We revitalised the mall's appeal by modernising its main entrance. We also enhanced the tenant mix by introducing a curated selection of new brand offerings and launched exciting, new retail concepts, such as double-storey flagship space, further elevating the shopping experience for our visitors.

Retrofitting Glenmarie Distribution Centre:

We completed the conversion of the warehouse into an ambient, temperature-controlled distribution centre. It is leased to a tenant in European luxury fashion trade

¹ Based on 2,740 million units at unit price of RM0.56 on 29 December 2023 to 2,880 million units at unit price of RM0.675 on 31 December 2024.

² Based on actual FY 2024 DPU paid out of 4.60 sen and capital appreciation of 11.5 sen over closing unit price of RM0.560 on 29 December 2023.

³ On 5 February 2025, CLMT announced the acquisition of three industrial properties in Senai Airport City, Johor for RM72.0 million which is expected to be completed in 2H 2025.

CLMT keeps abreast of the evolving shopper needs by adapting our trade mix and curating exciting shopper experiences.

sector under a 10-year lease agreement and will start to contribute a full year of income from FY 2025 onwards.

3. Creating value through organic growth

CLMT's retail management strategies — including introducing new retail concepts, refreshing the tenant mix, and launching exciting marketing initiatives — drove a 4.7% year-on-year growth in shopper traffic (on a same-store basis) with total footfall reaching 73.3 million. Tenant sales per square foot increased by 4.2%.

To meet the changing needs and preferences of our shoppers, we added new fashion, lifestyle, food & beverage, and beauty offerings to our malls in Penang and Kuantan. These include brands such as Boss, Polo Ralph Lauren, Le Creuset, Muji (first duplex outlet in Penang), Miniso Concept Store, Oriental Kopi, Laem Charoen Thai Seafood and Dolly Dim Sum.

For our Klang Valley malls, we introduced lifestyle, services and leisure & entertainment offerings such as Batuu Climbing gym, Leobellie Petland, and event halls Idea Live and Bukit Bintang Arena. These additions aim to enhance shoppers experience.

Taking advantage of Malaysia's rebounding domestic tourism, we hosted a variety of unique events to attract more footfall to our malls. These included the Optimus Roadshow, Tesla's first official launch in Northern Peninsular Malaysia and the Chocolate & Coffee Festival at Gurney Plaza in Penang. Additionally, Sungei Wang Plaza Management Corporation (SWPMC) organised the Moonlit Blossom Lantern Parade at Sungei Wang Plaza, located in the heart of Kuala Lumpur City Centre.

4. Preserving value through disciplined capital management

Our proactive and prudent capital management strategy has led to lower interest costs through refixing existing loans and extended debt maturities ahead of expiries. We further strengthened our balance sheet through prudent cost management, effectively mitigating rising operating and financing expenses.

As of 31 December 2024, total borrowings were approximately RM2.2 billion with a gearing ratio 41.3% and approximately RM915.7 million of debt headroom. East Coast Mall, Sungei Wang Plaza and 3 Damansara were unencumbered, providing us with further financial flexibility.

The average cost of debt increased to 4.51% per annum, up from 4.07% in FY 2023 due to rising interest rates. To manage exposure to interest rate movements, 85% of our total borrowings are now on fixed interest rates.

We have a well-staggered debt maturity profile with an average term to maturity of 4.7 years, achieved through early refinancing and extending the tenure of some existing loans maturing between 2026 and 2028.

These proactive measures enabled us to maintain robust liquidity and diversify our funding sources, positioning us to capitalise on growth opportunities as they arise.

OUR COMMITMENT TO SUSTAINABILITY

In FY 2024, we deepened our commitment to growing responsibly, delivering long-term economic returns while contributing to the environmental and social well-being of the communities in which we operate.

CLMT integrates sustainability considerations in its operations, aligning its approach with its sponsor, CapitaLand Investment. Our environmental, social and governance (ESG) targets focus on improving the resilience of our portfolio, optimising resource efficiency, social wellbeing of our communities, and upholding responsible business conduct and governance. Our Board of Directors oversees our ESG initiatives and plays an important role in setting our strategic direction and priorities.

Our ESG activities in FY 2024 include:

Environmental

- Introduced green clauses in all new and renewed retail leases since February 2024.
- Increased our portfolio's total green gross floor area by nearly 10% with the addition of The Mines and 3 Damansara.
- Participated in the Corporate Green Power Programme, successfully obtaining an allocation of 7.2 MW renewable energy.
- Achieved a 3-star rating in the 2024 GRESB Real Estate Assessment for standing investments in our maiden participation.
- Converted a RM50 million facility to a sustainability-linked loan, bringing our total sustainable finance to RM801.8 million.

Social

- Improved the lives of 2,600 underserved children from orphanage homes, schools, and low-income families by donating RM200,000 through #GivingBersama 4.0 initiative for the fourth consecutive year.
- Conducted several social impact initiatives at Gurney Plaza, Queensbay Mall and East Coast Mall in the spirit of the Hari Raya festivity and charity fashion show to benefit the underserved community where it operates.
- Clinched the Bronze award for Excellence in Workplace Wellbeing at the HR Excellence Awards 2024 in recognition of our commitment to promoting employee wellbeing, leading to improved employee health and satisfaction, productivity and retention.

Governance

- Increased female representation on the Board from 22% to 37%.
- Appointed a new member onto the Nominating and Remuneration Committee and ensured that the Chairman of the Board does not serve on any Board Committees upon the resignation of Mr Lui Chong Chee on 1 February 2024.

CLMT'S INVESTMENT PROPOSITION

CLMT remains an attractive choice for investors seeking sustained long-term growth and consistent income distribution.

- Proven expertise: our strong track record in both portfolio and capital management positions us to seize growth opportunities as they arise.
- Strategic growth: Our four-pronged growth strategy has consistently boosted our distributable income year over year.

- Sustainable returns: CLMT continues to provide Unitholders with regular, steady, and growing income.
- Strong asset management: Our forward-thinking operating approach has enhanced the value and income of our assets.
- Diversified and resilient portfolio: Our diversified asset mix is built with yield-accretive acquisitions.

ACKNOWLEDGMENTS

Mr Tan Choon Siang stepped down as Chief Executive Officer on 1 February 2025. We would like to express our deepest appreciation to Mr Tan for his exceptional leadership and accomplishments as well as his expert guidance during the challenging pandemic period. His strategic focus on pivoting our portfolio towards the industrial and logistics asset classes significantly strengthened our income stream. Under his seasoned management, CLMT generated total returns of 37.4% to Unitholders for the period from 1 January 2022 to 31 December 2024 and re-entered the FTSE Bursa Malaysia Indices in December 2024. The inclusion will improve CLMT's investability by attracting a wider pool of foreign investors.

We would like to also acknowledge the contributions of Non-Executive Independent Director, Encik Mohd Yusof Bin Hussian, who resigned from the Manager effective 31 December 2024 for personal reasons. In addition, we welcome Datin Hayati Aman Binti Hashim as Non-Executive Independent Director and Member of the Audit Committee, who joined us effective on 1 October 2024.

As we look to 2025 and beyond, we remain steadfast in driving CLMT's next phase of growth. With the support of a dedicated management team and our Board of Directors' sound stewardship, we believe our growth strategy positions us well to continue delivering value for our customers, Unitholders, and the communities we operate in.

To our tenants, shoppers, business partners and staff, we extend our heartfelt appreciation for your continued support. To our Unitholders, we are deeply grateful for your trust in CLMT's future.

Site visits to CLMT properties

The Management had arranged site visits for the Non-Executive Independent Directors to CLMT malls in Penang, Kuantan as well as Klang Valley. These visits are designed to provide them with a deeper insight into the retail business operations. The visits were aimed at having engaging and interactive sessions including discussions on strategy and business implementation, opportunities and challenges faced by the retail properties.

ADDITIONAL INFORMATION:

Save as disclosed above, none of the Directors:

- (a) has any family relationship with any Director of the Manager and/or major Unitholder of CLMT;
- (b) has any conflict of interest or potential conflict of interest, including interest in any competing business with CLMT or its subsidiaries;
- (c) has any conviction for offences, other than traffic offences, within the past 5 years; and
- (d) has any public sanction or penalty imposed on them by the relevant regulatory bodies during the financial year.

Management Team

Yong Su-Lin, 50

**Chief Executive Officer,
Executive Non-Independent Director**

Su-Lin is the CEO of CMRM since 1 February 2025. She is responsible for leading the management team in the planning and execution of CLMT's overall growth and operational strategies. Please refer to her profile in Board of Directors, CLMT AR 2024.

Soon Yeong Chyan, 55

Chief Financial Officer

- Bachelor of Accounting, University of Malaya
- Chartered Accountant (Malaysia), Member of the Malaysian Institute of Accountants
- Member of the Malaysian Institute of Certified Public Accountants

Date of commencement: 10 December 2019

Having started his career with Price Waterhouse, now known as PwC, Yeong Chyan has almost 30 years of experience in the field of audit as well as in leading and managing the full spectrum of finance functions of companies involved in various industries including plantation and integrated palm oil manufacturing; property development and investment; and investment holdings.

Yeong Chyan is responsible for CLMT's financial and risk management functions including the financial and management reporting, taxation, budgeting, treasury and all other finance and risk-related matters.

Matthew Loh Woei Lieh, 42

Head, Investment

- Master of Science (Real Estate Investment Finance), Oxford Brookes University, United Kingdom
- Bachelor of Commerce, Deakin University, Australia

Date of commencement: 1 December 2009

Matthew began his career in corporate planning with one of Kuok Group's real estate companies in Malaysia. Subsequently, he joined Mapletree Investment and was stationed between Singapore and China for more than two years under the asset management department. He then joined CapitaLand Group and was involved in the listing of CLMT. He rose through the ranks and was appointed Head of Investment in 2021. He has more than 18 years of experience in the real estate industry covering financial feasibility study, due diligence, investment, valuation, capital structuring, strategic planning and regulatory compliance.

Matthew heads the investment department of the Manager. He is responsible for formulating and executing investment and divestment strategies to enhance CLMT's portfolio returns.

Melaine Ong Sook Mun, 42

Head, Portfolio Management

- Bachelor of Science (Accounting & Finance), London School of Economics & Political Science, United Kingdom

Date of commencement: 26 December 2017

Melaine has more than 10 years of related experience in the real estate and REIT sectors. Prior to joining the Manager, she was with Hektar Asset Management Sdn. Bhd. and involved in various functions including corporate strategy, asset management, investor communications, public relations and risk management. Prior to her appointment as Head, Portfolio Management in 2023, Melaine was actively involved in the asset management of The Mines, Sungei Wang Plaza and 3 Damansara.

Melaine heads the portfolio management function and is responsible for CLMT portfolio's asset formulation, performance optimisation and asset enhancement initiatives (AEIs) to maximise portfolio value and returns.

Jasmine Loo Pik Kwan Abdullah, 46

Head, Investor Relations & Sustainability

- Bachelor of Arts (English Language), University Putra of Malaysia

Date of commencement: 1 October 2014

Prior to joining the Manager, Jasmine was a journalist with several media agencies specialising in the real estate sector and sharpened her corporate communications skillsets with several public-listed property developers.

Responsible for providing strategic counsel to senior management and facilitating timely and effective communication with the investment community, Jasmine also drives CLMT's sustainability efforts. She is instrumental in elevating CLMT's ESG commitment and achieving its sustainability ambitions.

Samantha Khoo May Lin, 47

**Head, Legal & Secretariat and
Compliance Officer**

- Bachelor of Laws, Monash University, Melbourne, Australia
- Bachelor of Commerce (Management), Monash University, Melbourne, Australia

Date of commencement: 27 May 2024

Samantha has more than 20 years' experience both in legal practice and as in-house counsel specialising in real estate, equity and debt capital markets, banking and finance, mergers and acquisitions including general retail and commercial transactions. Prior to this, she was part of Sunway Group's group legal function and was the Compliance Officer for Sunway REIT for almost a decade.

Samantha heads the legal and secretariat department of the Manager. She is also the appointed Compliance Officer for CLMT.

Financial Review

Gross Revenue

Gross revenue for FY 2024 amounted to RM454.8 million, reflecting a surge of RM59.4 million or 15.0% compared to the previous year. The increase was mainly due to contribution from Queensbay Mall (QBM) post completion of its acquisition towards end of 1Q 2023. Most of the other properties within CLMT portfolio also reported an increase in gross revenue. In addition, current year gross revenue also included the recognition of RM5.6 million of unbilled lease income receivable.

Gross Revenue by Property	FY 2024 RM'000	FY 2023 RM'000	Change (%)
Gurney Plaza	163,189	153,496	6.3
Queensbay Mall	120,842	87,886	37.5
East Coast Mall	70,828	66,925	5.8
Sungei Wang Plaza	23,925	18,485	29.4
3 Damansara	26,739	21,908	22.1
The Mines	41,999	41,525	1.1
Valdor Logistics Hub	6,639	5,165	28.5
Glenmarie Distribution Centre	599	–	–
Total	454,760	395,390	

Net Property Income

Net property income (NPI) for FY 2024 of RM263.9 was RM46.5 million, or 21.4% higher than the NPI of RM217.4 million in FY 2023. The upswing in NPI was mainly driven by the increase in gross revenue across the existing retail malls, as mentioned earlier.

The increase in operating expenses was mainly due to the addition of QBM, higher maintenance expenses and manpower costs as well as lower write back of provision for doubtful debts.

Net Property Income by Property	FY 2024 RM'000	FY 2023 RM'000	Change (%)
Gurney Plaza	111,711	102,398	9.1
Queensbay Mall	88,080	62,093	41.9
East Coast Mall	45,317	42,406	6.9
Sungei Wang Plaza	(1,520)	(4,105)	(63.0)
3 Damansara	3,063	(989)	(> 100.0)
The Mines	10,985	11,544	(4.8)
Valdor Logistics Hub	5,834	4,540	28.5
Glenmarie Distribution Centre	458	(481)	(> 100.0)
Total	263,928	217,406	

Distributions

For FY 2024, CLMT declared a total distribution per unit (DPU) of 4.65 sen to Unitholders as shown below:

FY	Period	DPU (Sen)	Payment date
2024	1 January 2024 to 30 June 2024	2.36	20 September 2024
2024	1 July 2024 to 31 December 2024	2.29	By 31 March 2025
		4.65	

Distribution Reinvestment Plan (DRP) where Unitholders may elect to convert the income distribution received (net of withholding tax) into new CLMT units was applied to the first income distribution for the period from 1 January 2024 to 30 June 2024. For the final income distribution for the period from 1 July 2024 to 31 December 2024, CLMT intends to apply the DRP on the DPU of 2.29 sen that will be distributed to Unitholders by 31 March 2025. The total DPU of 4.65 sen represents a payout of approximately 100% of CLMT's FY 2024 distributable income of RM132.8 million. Income distribution history of CLMT is as follows:

5-Year Income Distribution History

	Period end	DPU (sen)	Distribution (RM'000)
FY 2024			
1 January 2024	30 June 2024	2.36	66,889
1 July 2024	31 December 2024	2.29	65,951
Total		4.65	132,840
FY 2023			
1 January 2023	9 March 2023	0.74	16,330
10 March 2023	30 June 2023	1.19	32,108
1 July 2023	31 December 2023	2.24	61,387
Total		4.17	109,825
FY 2022			
1 January 2022	30 June 2022	1.95	42,027
1 July 2022	31 December 2022	2.06	45,462
Total		4.01	87,489
FY 2021			
1 January 2021	30 June 2021	0.86	18,151
1 July 2021	31 December 2021	0.98	20,882
Total		1.84	39,033
FY 2020			
1 January 2020	30 June 2020	1.01	20,759
1 July 2020	31 December 2020	1.99	41,071
Total		3.00	61,830

Financial Position

The total assets for CLMT Group was RM5,268.0 million as at 31 December 2024, compared to RM5,116.8 million as at 31 December 2023. The increase of RM151.20 million was primarily resulted from gross fair value gain of RM62.7 million recognised for CLMT's investment properties portfolio and capital expenditure incurred during the year of RM59.3 million. In addition, CLMT paid earnest deposits of RM20.7 million for the acquisition of investment properties.

Total gross borrowings increased by RM6.5 million to RM2,176.1 million as at 31 December 2024 mainly due to drawdown for the payment of earnest deposits as mentioned above, offset by repayment of RCFs.

Unitholders' fund of CLMT Group as at 31 December 2024 was RM2,882.9 million, an increase of RM135.7 million from 31 December 2023. The increase in Unitholders' fund was mainly attributable to net fair value gain on investment properties as well as units issued under the Distribution Reinvestment Plan and as part satisfaction of Manager's management fee.

Capital Management

The Manager continues to rigorously monitor the cash position and borrowings of CLMT Group to strengthen its capital structure and competitive position. The Manager's capital management strategy involves adopting and maintaining an appropriate level of leverage to ensure optimal returns to Unitholders.

Borrowings

The Manager continues to diversify its funding sources and engage with bankers continuously. In FY 2024, CLMT Group secured additional credit facilities totaling RM416.5 million to support CLMT's acquisitions, working capital requirements, as well as to refinance an existing loan early for interest savings and extended its maturity.

CLMT Group also refixed its existing RM693.0 million term loans ahead of its maturity at a lower interest rate. Furthermore, CLMT Group has successfully converted RM50.0 million of its existing committed revolving credit facilities into a sustainability-linked facility as part of its commitment towards responsible growth in creating long-term value for Unitholders.

CLMT Group's initiative to manage interest rates with a high fixed to floating ratio has cushioned the adverse impact of the rising interest rate environment. For the financial year ended 31 December 2024, the average interest rate of the Group remained low at 4.5%, with 85.0% of the total borrowings at fixed rates. The total gross borrowings of CLMT Group as of 31 December 2024 was RM2,176.1 million (FY 2023: RM2,169.6 million), which translates to a gearing of 41.3% (FY 2023: 42.4%).

Debt Profile

The debt maturity and diversified sources of funding profile of the CLMT Group as at 31 December 2024 were as follows:

Cash Flows and Liquidity

The Manager proactively monitors its cash and credit lines to ensure that adequate funding is available to fund business requirements and payment of income distributions to the Unitholders.

Cash and Cash Equivalents

As at 31 December 2024, the CLMT Group's cash and cash equivalents amounted to RM81.5 million, reflecting an increase of RM3.5 million compared to FY 2023. This was primarily due to net cash inflows attributable to operating activities.

Operations Review

Portfolio Lease Expiry Profile

CLMT's portfolio lease expiry was evenly spread out as at 31 December 2024, with 38.1% and 28.2% of the leases by gross rental income due for renewal in 2025 and 2026 respectively and the balance of 33.7% will be expiring from 2027 onwards. For the 38.1% portfolio lease expiry profile as at 31 December 2024 by gross rental income, 5.7% was made up by the lease expiry cases of anchor tenants¹. Majority of the tenancies of CLMT properties remained a three-year lease term.

Portfolio Lease Expiry Profile (as at 31 December 2024)

	No. of Leases	% of Gross Rental Income
2025	579	38.1
2026	413	28.2
2027 and beyond	407	33.7

Note: Excludes leases expiring on 31 December 2024.

PORTFOLIO LEASE EXPIRY PROFILE FOR 2025 (as at 31 December 2024)

	Gurney Plaza	Queensbay Mall	East Coast Mall	Sungei Wang Plaza	3 Damansara	The Mines	Valdor Logistics Hub	CLMT Portfolio
No. of Leases	155	120	72	81	36	114	1	579

Note: No leases due for expiry in 2025 for Glenmarie Distribution Centre.

Portfolio Top 10 Tenants

CLMT's gross rental income is well distributed within its portfolio of 1,403 leases. Collectively, the 10 largest tenants accounted for about 16.1% of the total gross rental income.

10 Largest Tenants by Gross Rental Income (as at 31 December 2024)

Tenant	Trade Sector	% of Gross Rental Income
Parkson Elite/Parkson	Departmental Store	3.9
AEON	Departmental Store	2.7
Uniqlo	Fashion/Accessories	1.6
Padini Concept Store	Fashion/Accessories	1.6
Golden Screen Cinemas	Leisure & Entertainment/ Sports & Fitness	1.2
Watsons/Muse by Watsons	Beauty/Health	1.2
Switch	Electronics/I.T.	0.8
MMP Logistic Sdn. Bhd.	Logistics	1.2
European luxury fashion tenant from Glenmarie Distribution Centre	Logistics	1.0
Prisma Express Sdn. Bhd.	Logistics	0.8
Total		16.1

¹ Anchor tenants are defined as follows:

a. For retail tenants: >20,000 sq ft NLA and are of trades under the categories of "Supermarket", "Departmental Store" or "Leisure & Entertainment" trade i.e. cinemas, exhibition centre, etc.

b. For logistics tenants: >20,000 sq ft NLA

Portfolio Trade Sector Analysis

CLMT's portfolio is well diversified with different trade sectors contributing to rental income. As at 31 December 2024, Food & Beverage is the largest contributor to gross rental income at 20.0% of the total portfolio, followed by the Fashion/Accessories and Beauty/Health at 18.7% and 11.9%, respectively. These top three trade sectors accounted for 50.6% of the portfolio's gross rental income.

Portfolio Occupancy Rate

CLMT continued focus on driving targeted and proactive asset management plans yielded positive results for the properties' occupancy rates. CLMT's overall retail occupancy rate recorded at 92.0% as at 31 December 2024, whilst the two logistics properties remains fully occupied. This brought CLMT's portfolio occupancy rate to 92.8% as at 31 December 2024.

Rental Reversion

On an average rent basis, incoming rents for CLMT retail malls registered an increase of 11.3% against average outgoing rents during the lease term in FY 2024. The average rents for ex-Klang Valley malls (Gurney Plaza, Queensbay Mall and East Coast Mall) continue to remain resilient and these malls recorded positive reversion of 12.0%. Meanwhile, Klang Valley malls (Sungei Wang Plaza, 3 Damansara and The Mines) chart steady progress on their turnaround plans and this was reflected in the positive reversion of 7.1% recorded in FY 2024. As for the lease expiring at Valdor Logistics Hub during the year, the tenant expanded the lease area and the lease was also renewed at a higher rental rate.

Summary of Renewals/New Leases (as at 31 December 2024)¹

Property	No. of New Leases/ Renewals	Area (sq ft)	% of Total Net Lettable Area	Variance over preceding average rental ^{2, 3, 4} (%)	Contribution % against Total New Rent (%)
Ex-Klang Valley Retail	248	716,774	31.9%	12.0%	85.8%
Klang Valley Retail	124	187,182	11.5%	7.1%	14.2%
CLMT Retail	372	903,956	23.3%	11.3%	100.0%

¹ Excluding newly created and reconfigured area, and short-term leases below one year.

² Excluding gross turnover rent component.

³ Majority of leases have rental escalation clause.

⁴ The % is computed based on the increase of the average rental of the renewed term over average rental of the preceding term.

Retail Shopper Traffic and Tenant Sales Performance

Shopper traffic and tenant sales remained resilient as it continued to surpass 2019 levels. CLMT retail malls' annual shopper traffic grew 8.7% to 73.3 million from 67.4 million a year ago as a result of refreshed and stronger trade mix and exciting marketing activation programmes. Correspondingly, total tenant sales increased 4.2% year-on-year on a per sq ft basis in FY 2024, sustained by domestic consumption and increase in tourist arrivals.

Portfolio Valuation

CLMT concluded an independent valuation of its portfolio as at 31 December 2024 and the methodologies applied included Income Capitalisation Approach (Investment Method), Comparison Approach and Cost Approach. CLMT portfolio was valued at RM5.1 billion, 2.4% higher with unchanged capitalisation rates compared to a year ago. The increase in CLMT's valuation was underpinned by the ex-Klang Valley malls' positive performance and the uplift in rents. The improvement in Valdor Logistics Hub was underpinned by increase in rent, whilst Glenmarie Distribution Centre registered a significant increase due to the completion of its asset enhancement initiative into an ambient, temperature-controlled distribution centre.

The valuations for Gurney Plaza and Queensbay Mall were conducted by Savills (Malaysia) Sdn. Bhd. The valuations for East Coast Mall, Sungei Wang Plaza, The Mines, and Glenmarie Distribution Centre were conducted by PPC International Sdn. Bhd., while the valuation for 3 Damansara and Valdor Logistics Hub were conducted by Henry Butcher Malaysia Sdn. Bhd. and Nawawi Tie Leung Property Consultants Sdn. Bhd., respectively.

Valuations and Property Yield

	Valuation (RM million)			Property Yield (%) ¹		Capitalisation Rate (%) ²	
	31 Dec 2024	31 Dec 2023	Increase/ (Decrease)	FY 2024	FY 2023	31 Dec 2024	31 Dec 2023

CLMT Portfolio	5,130.6	5,008.6	122.0	5.1	4.3		
FY 2024 Net Fair Value Gains			62.7				
Less: Unbilled Lease Income Receivable³			(5.6)				
Net Fair Value Gains			57.1				

¹ Property yield is calculated by dividing annualised NPI for the period by the independent valuation of the property.

² Capitalisation rate refers to the reversionary capitalisation rate adopted by the independent valuers to derive the market value of each property.

³ No unbilled lease income receivable was recognised in FY 2023.

⁴ Excluded from FY 2023 yield computation as revenue contribution from the secured lease has not commenced in FY 2023.

Pursuing Accretive Acquisitions

In FY 2024, we remained proactive and stayed focused in executing our long-term sustainable growth strategy to achieve a sector-diversified portfolio mix, which will enhance the resiliency of CLMT's income for the benefit of Unitholders in the long-term.

CLMT announced its maiden entry into Johor on 5 February 2024 to acquire three freehold industry factories located at the Nusajaya Tech Park in Iskandar Malaysia, Johor, by entering into a conditional sale and purchase agreement through MTrustee Berhad, the Trustee of CLMT with Nusajaya Tech Park Sdn. Bhd². The purchase consideration of RM27.0 million was arrived at on a "willing buyer willing seller" basis based on the market value of RM28.2 million as appraised by Nawawi Tie Leung Property Consultants Sdn. Bhd. in its valuation report dated 15 January 2024. On 27 December 2024, CLMT announced the targeted completion period of this proposed acquisition was extended to 5 November 2025.

- Proposed acquisition of three freehold factories in Johor's Nusajaya Tech Park

On 2 December 2024, CLMT announced that the Trustee had entered into a conditional sale and purchase agreement to acquire a freehold automated logistics property located in Elmina Business Park, Selangor featuring automated storage and retrieval system from PTT Logistics Hub 1 Sdn. Bhd. for RM180.0 million. This purchase price was arrived at on a "willing buyer willing seller" basis based on the market value of RM180.5 million as appraised by JLL Appraisal & Property Services Sdn. Bhd. in its valuation report dated 15 November 2024. The completion is expected in 2H 2025.

- Proposed acquisition of a first modern automated logistics property in Elmina Business Park, Selangor

² The shareholders of Nusajaya Tech Park Sdn. Bhd. are Ascendas Land (Malaysia) Sdn. Bhd., indirectly held by CapitaLand Group Pte. Ltd.; and UEM Land Berhad. CapitaLand Group Pte. Ltd. is an indirect major shareholder of CMRM due to its shareholdings in CapitaLand Investment Limited, the indirect holding company of CMRM.

Driving Value Through Asset Enhancements

CLMT is committed to delivering long-term sustainable returns to our Unitholders in line with our growth strategies to unlock and create value from our properties.

Gurney Plaza

We continuously explore ways to unlock the value of Gurney Plaza to ensure it is vibrant and attractive to shoppers and retailers.

- We refurbished the main entrance driveway to modernise aesthetics and elevate its appeal. The works included replacement of driveway tiles to improve function and durability, and installation of a new LED canopy to elevate vibrancy at the ground floor.
- Several AEs were carried out to introduce fresh retail concepts and this also created additional net lettable area of about 3,500 sq ft.
 - Expansion of Uniqlo store enabling the popular fashion brand to carry wider product selections
 - Reconfiguration works carried out at Level 4 to improve the line of sight and expand offerings at the beauty zone
 - Muji, a new tenant, introduced its first duplex outlet in Penang providing shoppers a fresh retail concept and shopping experience
 - Adidas, an existing tenant, also reconfigured their store into a duplex concept to create an immersive experience for shoppers

Refurbishment of entrance driveway

Uniqlo

Muji

Beauty service zone at Level 4

Glenmarie Distribution Centre

We carried out a retrofitting exercise for Glenmarie Distribution Centre which involved converting a conventional warehouse into an ambient, temperature-controlled distribution centre. The AEI, which costed approximately RM15.5 million, commenced in 4Q 2023 and was handed over to the tenant in November 2024.

Before

After

Creating Value Through Organic Growth

1. Refresh tenant and enhance trade mix

We continue to proactively refresh tenant and enhance trade mix to cater to shoppers' discerning demands. Throughout the retail portfolio, we welcomed new tenants and brands, including specialty retail stores, services and experiential concepts. This includes Polo Ralph Lauren, Oriental Kopi, Le Creuset, Miniso Concept Store, Paris Baguette Boulangerie and Laem Charoen Thai Seafood in Penang malls. For the Klang Valley malls, we brought in new-to-market brands such as LeoBellie Petland and Batuu Climbing.

2. Intensifying marketing efforts to boost footfall and tenant sales

We intensified marketing efforts to draw footfall. Our malls curated an exciting line-up of activities throughout the year to engage shoppers. Some of these events include Tesla's official launch in Malaysia, the Optimus Roadshow, and the Chocolate & Coffee Festival at Gurney Plaza in Penang, and the Moonlit Blossom Lantern Parade at Sungei Wang Plaza in the heart of Kuala Lumpur City Centre. We also collaborated with strategic partners such as TNG Digital Sdn. Bhd. and Airasia Ride to reward shoppers when they visit CapitalLand malls.

Investor & Media Relations

We proactively maintain timely, objective and transparent communication with our stakeholders which are fundamental principles for nurturing alignment of expectations between us and our stakeholders.

Timely Disclosure of Information Through Various Channels

To facilitate the prompt dissemination of material information, all announcements and relevant materials are published on Bursa Malaysia Securities Berhad (Bursa Securities), in compliance with the requirements of Main Market Listing Requirements. The news and updates are also distributed to the media, where relevant, and uploaded on CLMT's corporate website including news releases, quarterly financial announcements, annual reports, general meetings-related materials as well as investor presentations. Investors may also sign up to subscribe to email alerts of news and updates about CLMT. Feedback and enquiries can also be sent to the Manager through the "Ask-Us" link (ask-us@clmt.com.my) on the website.

Guided by our Unitholders' Communication and Investor Relations Policy, we advocate a regular and fair communication channel with our stakeholders. The policy is accessible on CLMT's corporate website (www.clmt.com.my).

Regular Engagement with Stakeholders

The senior management and Investor Relations & Sustainability (IR&S) team regularly engage with its stakeholders to provide updates on material information and ensure the investor community and general public understand CLMT's business strategy, operations, and financial performance. Analyst and investor briefings are held quarterly to provide regular updates on CLMT's financial and operational performance. These sessions are recorded and promptly uploaded on CLMT's website, allowing accessibility to all stakeholders. This approach enables us to engage directly with the investment community, understand their perspectives and address their concerns. Regular updates from the IR&S team keep the Board of the Manager and the senior management updated about market expectation, perceptions and concerns on CLMT's performance.

Additionally, CLMT also voluntarily makes announcements to share the rationale for expanding into a new geographical market and the key investment propositions of such

acquisitions. On 5 February 2024, CLMT announced the proposed acquisition of three industrial factories in Nusajaya Tech Park in Iskandar Malaysia, Johor, whilst on 2 December 2024, it also announced the proposed acquisition of its first modern automated logistics property within Elmina Business Park in Selangor.

Various platforms are utilised to facilitate effective engagement with the investment community and expand our reach including physical meetings, virtual briefings, investor conferences, roadshows, property tours and general meetings. A total of six retail property tours were conducted in 2024, with detailed narrations in relation to the shopping mall developments and turnaround plans provided.

Property tour to East Coast Mall on 8 October 2024 with analysts and investors.

As a member of the Malaysian REIT Managers Association (MRMA), CLMT actively engages and participates in discussions with government bodies, regulators and industry stakeholders on pertinent issues relating to the investability of M-REITs through MRMA.

General Meetings

CLMT's Annual General Meeting (AGM) was held virtually on 27 March 2024. Unitholders were invited to submit substantial and relevant questions in advance. They were also able to pose live questions during the AGM. Our responses to these questions were published on CLMT's website within 24 hours upon the conclusion of the AGM, ensuring that all stakeholders have timely access to the same information and clarifications. All resolutions were passed, and the voting results and meeting minutes were published on Bursa Securities and CLMT's website.

Research Coverage

CLMT maintains close communication with sell-side research houses to ensure that their independent views accurately reflect its business operations, thereby benefiting investors. As at 31 December 2024, five equity research houses covered CLMT stock and here is a summary of the post-results coverage on the latest announced 4Q 2024 results:

QUEENSBAY MALL

Located in Bayan Lepas – the heart of the high-tech Free Industrial Zone along the southeastern shorefront of Penang island, Queensbay Mall is easily accessible given its location which enjoys close proximity to two bridge connections (Penang Bridge and Sultan Abdul Halim Muadzam Shah Bridge) as well as the Penang International Airport. It is a free-standing eight-storey shopping centre with a lower ground floor and a lower ground mezzanine comprising five floors of retail space and car parks.

As one of the largest shopping malls on Penang island, Queensbay Mall houses international and home-grown brands including fashion, lifestyle, dining, entertainment, sports, electronics, home furnishing and a department store.

EAST COAST MALL

Strategically located in the heart of Kuantan's city centre in Pahang – the third largest state in Malaysia, East Coast Mall is a four-storey shopping mall with one level of basement and car parks located on the rooftop, third floor, ground and basement levels.

Located within the Putra Square development, which also comprises Zenith Hotel, Menara Zenith as well as the Sultan Ahmad Shah International Convention Centre, East Coast Mall is within a walking distance from other local attractions and amenities such as the Darul Makmur Stadium and the Kuantan Urban Transformation Centre. It is also recognised as the leading mall in Kuantan with its established mix of domestic and international retailers. Besides local patronage, East Coast Mall also attracts shoppers from towns within the neighbouring states of Terengganu and Kelantan, and tourists visiting the East Coast of Peninsular Malaysia.

SUNGEI WANG PLAZA

Sungei Wang Plaza, which translates as ‘the river of gold’, opened in 1977 and is one of the most popular shopping centres in Kuala Lumpur’s prime shopping and commercial precinct – the ‘Golden Triangle’ – an area that comprises three bordering streets, namely Jalan Bukit Bintang, Jalan Sultan Ismail and Jalan Imbi.

A one-stop shopping centre ‘for all kinds of everything’, the 11-storey Sungei Wang Plaza is well-known for its unique blend of specialty stores, entertainment outlets that appeals to the mass market, with vibrant and energetic lifestyle zones catering to the young and young-at-heart shoppers. Being strategically located in the Bukit Bintang shopping precinct, it also commands strong patronage from local and international tourists.

THE MINES

The Mines, well-known for its Venetian-like internal water canal, is located at the south of the federal district of Kuala Lumpur in Seri Kembangan town centre. The five-storey suburban family mall is linked to the Mines International Exhibition & Convention Centre, Mines Beach Resort and The Mines Resort & Golf Club, and targeted at residents residing and working in the southern region of Kuala Lumpur and Selangor.

The Mines underwent an asset enhancement exercise in 2008-2009 which involved the creation of an extension wing and a dedicated drop-off area for the convenience of shoppers. It offers a wide variety of retail, IT digital, food and beverage, homewares and family entertainment options.

Restrictions-in-Interest	Nil
Encumbrances	i) A lease over the whole of the parcel of strata title in favour of Premier Honour Sdn. Bhd. for 30 years expiring on 30 August 2038 (Geran 11043/M1/3/312).³ ii) 2 registered easements granted for a perpetual term (Geran 11043/M1/B1/11). iii) A registered easement granted for a perpetual term (Geran 11043/M1/6/673).
	³ The lease has been terminated and is pending registration of surrender of lease.

The Mines

Title	H.S.(D) 59894, PT 16722, Mukim Petaling, Daerah Petaling, Negeri Selangor Darul Ehsan.
Tenure	Leasehold for 99 years expiring on 20 March 2091
Restrictions-in-Interest	This land cannot be transferred, leased or charged without the prior consent of the State Authority.
Encumbrances	i) A registered easement granted for a perpetual term. ii) A charge in favour of Malaysian Trustees Berhad as a security trustee pursuant to the unrated and secured MTN, as detailed in Note 10(b) of the Notes to the Financial Statements.

VALDOR LOGISTICS HUB

Strategically located in one of Penang's key industrial hubs, Valdor Logistics Hub enjoys easy accessibility due to its close proximity to Batu Kawan Industrial Park and is well-connected to the North-South Highway and Penang Second Bridge.

Valdor Logistics Hub comprises a single-storey warehouse annexed to a double-storey office building, two single-storey detached warehouses and other ancillary buildings. It is currently leased to tenants from logistics trade sector.

Property Information

No. 1564, Mukim 12, Jalan Nafiri, Kawasan Perindustrian Valdor, Sungai Jawi, 14200, Pulau Pinang

Year of Completion	Building 1 and 2: 2007 Building 3: 2014
Acquisition Date	14 Dec 2022
Acquisition Price (RM million)	80.0

As at 31 December 2024

Gross Floor Area / Net Lettable Area (sq ft)	344,429
Number of Committed Leases	2
Committed Occupancy (%)	100
Weighted Average Lease Expiry (years)	1.34
Key Tenants	MMP Logistic Sdn. Bhd., Prismma Express Sdn. Bhd.

Lease Expiry Profile (% of Gross Rental Income)

Title Particulars

Title	i) GM 448, Lot 1628, and ii) GM 450, Lot 1630, both in Mukim 12, Tempat Ladang Valdor, Daerah Seberang Perai Selatan, Negeri Pulau Pinang.
Tenure	Freehold
Restrictions-in-Interest	Nil
Encumbrances	iii) A private caveat lodged by CIMB Bank Berhad on both titles. iv) A charge in favour of CIMB Bank Berhad on both titles.

GLENMARIE DISTRIBUTION CENTRE

Located at the Hicom-Glenmarie Industrial Park in Shah Alam, Klang Valley, a region known for its large concentration of logistics facilities and distribution centres, Glenmarie Distribution Centre is a single storey detached warehouse with an annexed three storey office building that enjoys excellent connectivity to major transport hubs such as Port Klang and the Kuala Lumpur International Airport via the North Klang Valley Expressway, ELITE Expressway, Guthrie Corridor Expressway and Federal Highway.

Glenmarie Distribution Centre completed retrofitting exercise in November 2024, converted the conventional warehouse into an ambient temperature-controlled distribution centre with green amenities. It is currently leased to an European luxury fashion tenant.

Property Information

No. 5 & 7, Jalan Jurunilai U1/20, Hicom-Glenmarie Industrial Park, Seksyen U1, 40150 Shah Alam, Selangor Darul Ehsan

Year of Completion	1996
Acquisition Date	29 August 2023
Acquisition Price (RM million)	39.7

As at 31 December 2024

Gross Floor Area / Net Lettable Area (sq ft)	85,104
Number of Committed Leases	1
Committed Occupancy (%)	100%
Weighted Average Lease Expiry (years)	9.84
Key Tenants	Single tenant in European luxury fashion trade sector

Lease Expiry Profile (% of Gross Rental Income)

Title	Geran 215178, Lot 61783, Bandar Glenmarie, Daerah Petaling, Negeri Selangor Darul Ehsan.
Tenure	Freehold
Restrictions-in-Interest	Nil
Encumbrances	A charge in favour of RHB Bank Berhad.

Sustainability Management

About this Statement

In line with CapitaLand Investment’s (CLI) sustainability focus, CapitaLand Malaysia Trust (CLMT) has been incorporating its environmental, social and governance (ESG) performance in its annual report.

International Standards and Guidelines

This Sustainability Statement (Statement) is prepared in accordance with the Global Reporting Initiative (GRI) Standards 2021 and the Bursa Malaysia’s Enhanced Sustainability Reporting Framework in the Main Market Listing Requirements. The GRI Standards has been selected as it is an internationally recognised sustainability reporting framework that covers a comprehensive range of sustainability disclosures relevant to CLMT’s business. This Statement also references the United Nations Sustainable Development Goals (UN SDGs). CLMT has also aligned its climate-related disclosures with Task Force on Climate-related Financial Disclosures (TCFD) in the four key areas of governance, strategy, risk management, and metrics and targets; and provided a work-in-progress update under the recommendations of the TCFD in this Statement.

Reporting Scope and Period

As a CLI-sponsored Real Estate Investment Trust (REIT), CLMT is managed externally by a wholly owned subsidiary of CLI which is CapitaLand Malaysia REIT Management Sdn. Bhd. (CMRM) (Manager). CMRM appoints external Property Managers who oversee the daily property operations. The Manager and Property Managers are responsible for the CLMT, property and portfolio operations of CLMT, and their respective teams are identified as employees of the CLMT.

This Statement covers CLMT’s portfolio for the financial period from 1 January 2024 to 31 December 2024 unless otherwise indicated. As at 31 December 2024, CLMT’s portfolio comprises eight properties – six retail and two logistics assets in Malaysia.

Taking guidance from the operational control as defined by the Greenhouse Gas (GHG) Protocol¹ Corporate Standard, the environmental performance of five retail properties which are under CLMT’s operational control² have been covered in this Statement. These properties are Gurney Plaza, Queensbay Mall, East Coast Mall, The Mines and 3 Damansara.

CLMT reports the energy and water consumption, waste generation and carbon emissions of the five properties, where available, while the other environmental metrics are being tracked and monitored internally. The Sponsor, CLI, is obtaining external assurance over its performance data and the Manager’s performance data is included as part of the Sponsor’s external assurance engagement.

As part of the efforts to improve Scope 3 GHG emissions, the Manager increased its data coverage to cover available data of two CLMT-owned but third-party operationally managed properties comprising Sungei Wang Plaza and Valdor Logistics Hub under category 13 (downstream leased assets – landlord and tenant emissions of owned properties not accounted for in Scope 1 and 2). This Statement also covers their consumption data for water and waste, as available at the time of reporting.

Independent Assurance

In strengthening the credibility of this Statement, this Statement has been subjected to the following:

- independent assurance by KPMG PLT in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information for selected indicators; and has been approved by the Board of Directors of the Manager.

The scope, subject matters and relevant conclusion(s) are provided below:

Type of Assurance	Subject Matter	Scope	Conclusion
Independent Assurance	Total Energy Consumption (within the organisation) (kWh)	The boundary covers Gurney Plaza, Queensbay Mall, East Coast Mall,	Based on the limited assurance procedures performed and evidence obtained, nothing has come to our attention that would cause us to believe that the Subject Matter for the financial year ended 31 December 2024 is not prepared, in all material respects, in accordance with the Applicable Criteria.
	Total Energy Intensity (within the organisation) (kWh/m ² /month)	The Mines and 3 Damansara only	

For the Independent Limited Assurance Report, please refer to page 162 to 164 of CLMT Annual Report 2024.

CLI’s Global Sustainability Report 2024, which covers CLMT’s properties and staff, is externally assured with reference to the International Standard on Assurance Engagements (ISAE) 3000. The CLI Global Sustainability Report 2024 will be published by end May 2025 on their website.

Feedback

The Manager welcomes feedback as it continuously improves CLMT’s sustainability performance and reporting. Stakeholders with questions or feedback are welcome to write in to ask-us@clmt.com.my.

1 This is developed by the World Resources Institute (WRI) and World Business Council for Sustainable Development (WBCSD), which sets the global standard on how to measure, manage and report greenhouse gas emissions.
2 This refers to CLMT-owned and CLI-operationally managed properties.

Sustainability Approach

Board Statement

At CLMT, sustainability is at the core of everything we do. We are committed to growing in a responsible manner, delivering long-term economic value, and contributing to the environmental and social well-being of our communities. The material environmental, social and governance (ESG) factors have been identified with set targets for 2030, in alignment with the CapitalLand Investment 2030 Sustainability Master Plan (SMP), which was refreshed in 2023 as part of the review by the Board of the Manager of CLMT together with Management.

CLMT's ESG plan steers our efforts on a common course to maximise impact through building portfolio resilience and resource efficiency, enabling thriving and future-adaptive communities, and stewarding responsible business conduct and governance. Ambitious ESG targets have been set by CLI and adopted throughout the organisation, including CLMT. These targets include carbon emissions reduction targets validated by the Science Based Targets initiative (SBTi). The SMP targets have been revised to elevate SBTi-approved targets in line with a 1.5°C scenario, incorporate Net Zero commitment, and enhanced focus on social indicators.

The Board of the Manager of CLMT is responsible for overseeing CLMT's sustainability efforts, and takes ESG factors into consideration in determining its strategic direction and priorities. The Board also approves the executive compensation framework based on the principle of linking pay to performance. The Manager's business plans are translated to both quantitative and qualitative performance targets, including sustainable corporate practices and are cascaded throughout the organisation.

CLMT's sustainability performance has been globally recognised by leading sustainability benchmarks such as GRESB. CLMT will continue to identify and adopt meaningful ESG practices and enhance sustainability in the real estate sector.

CapitalLand Investment 2030 Sustainability Master Plan

Being a CLI-sponsored real estate investment trust (REIT), CLMT's sustainability targets and efforts are guided by CLI. The Manager and the Property Managers who oversee the operations of CLMT abide by CLI's sustainability framework, policies and guidelines, as well as ethics and code of business conduct. The 2030 SMP, which is reviewed every two years, guides CLMT's sustainability efforts across the ESG pillars.

Based on CLI's revised 2030 SMP, the SBTi-approved targets for Scope 1 and 2 emissions are in line with a 1.5°C trajectory. The commitment to achieve Net Zero emissions by 2050 for Scope 1 and 2 is reaffirmed, with an increased emphasis on social indicators. For each of the three ESG pillars and their respective focus areas, CLI has identified specific pathways to achieve the sustainability objectives and will adapt its strategies as technologies evolve and new scientific data becomes available.

Aligned with CLI's refreshed 2030 SMP framework and targets, CLMT commits to reducing its absolute Scope 1 and 2 emissions by 46% by 2030 from a 2019 base year and aims to achieve Net Zero by 2050, consistent with the effort required to limit global temperature increase to below 1.5°C. CLMT also aims to conduct a comprehensive review of its Scope 3 emissions to better track and disclose its material Scope 3 emissions, and is committed to developing Scope 3 emission goals aligned to science-based targets. Over the next decade, as part of CLI's roadmap to Net Zero, CLI and CLMT will prioritise the decarbonisation levers based on the carbon mitigation hierarchy (refer page 42), and in particular, continue to source globally for new ideas and technologies to achieve higher energy efficiency and intensify its renewable energy integration efforts.

CLI 2030 Sustainability Master Plan Focus Areas

Build Portfolio Resilience and Resource Efficiency - Low Carbon Transition - Water Conservation and Resilience - Waste Management and Circular Economy	Enable Thriving and Future-Adaptive Communities - Social Impact - Human Capital Development - Health and Wellness - Customer and Supplier Partnerships	Steward Responsible Business Conduct and Governance - Corporate Governance - Transparent Reporting - ESG Risk Management
--	--	--

Carbon Mitigation Hierarchy

Group-wide Commitment and Involvement

CLI Board, Management and Staff

CLI's group-wide sustainability management is under the purview of a CLI Board Committee – the Executive and Sustainability Committee (ESC), previously known as Strategy and Sustainability Committee, that is chaired by a Lead Independent Director. The CLI ESC is responsible for overseeing CLI's sustainability strategies and goals, including providing guidance to management and monitoring

progress against achieving the goals of sustainability initiatives. The CLI ESC is supported by the CLI Group Sustainability department and the various work teams to drive continued progress and improvement in ESG. The work teams comprise representatives from various CLI business units and corporate functions. Each business unit has its own Environmental, Health and Safety (EHS) Committee to drive initiatives in countries where it operates with support from various departments.

CLMT Board, Management and Staff

The Board of the Manager considers sustainability issues as part of CLMT's strategic formulation, confirms the material ESG issues listed by the Manager and oversees the management and monitoring of the material ESG factors. The Board of the Manager determines CLMT's risk appetite, which guides the nature and extent of material risks that CLMT is willing to take to achieve its strategic and business objectives. The Manager conducts an annual Risk and Control Self-Assessment (RCSA) to assess and document ESG-relevant material risks. As part of the material risk issues being highlighted, climate change has been identified as critical. The Board is actively involved in discussions on climate-related initiatives and regularly reviews climate change risks as part of its Enterprise Risk Management (ERM) Framework.

The update to the Board is conducted at the quarterly Board meetings and covers relevant climate-related topics, green capital expenditure plan, green ratings of properties, and performance metrics such as carbon emissions performance, progress on the reduction targets, as well as stakeholders' expectations on climate change. Any environmental incidents, which may include climate-related damages or disruptions, are also reported to the Board. As environmental impact factors are considered as part of the asset investment evaluation process and strategy, these are brought to the Board's attention when relevant.

On 6 June 2023, the Securities Commission Malaysia and Bursa Malaysia rolled out of a new mandatory onboarding programme on sustainability for directors of Public Listed Companies on Bursa Malaysia. The Mandatory Accreditation

Sustainability Management

Programme (MAP) Part II: Leading for Impact (LIP) is an extension to the existing MAP, now known as MAP Part I under the Bursa Malaysia Main Market Listing Requirements. As at 31 December 2024, all directors of the Board of the Manager, save for the newly appointed Datin Hayati Aman Binti Hashim, have completed MAP Part I and II.

A Sustainability department led by the CEO of the Manager oversees sustainability objectives and strategies directly to ensure greater focus on sustainability and climate-related matters for CLMT. The Sustainability Department is responsible for providing timely and regular updates on CLMT's sustainability matters and progress report on 2030 SMP to the Board of the Manager.

These updates are in relation to sustainability risks, and relevant performance metrics, which include carbon emissions performance, progress on achieving the reduction targets, green certification, human capital development, as well as stakeholders' expectations on climate change and/or other social matters. The Sustainability Department works closely with key members from various departments including finance, investment and portfolio management, as well as operations department and technical teams of CLI in carrying out strategies and relevant activities, abiding by CLI's sustainability framework and policies. The Property Managers have an EHS Committee and an Engineering, Systems and Sustainability team whose role includes integrating sustainability into operations.

Maintaining Diversity on the Board

The Board of the Manager embraces diversity and has in place a Board Diversity Policy which provides for the Board to comprise talented and dedicated Directors with a diverse mix of expertise (including industry, domain and functional expertise), skills, experience and perspectives, with due consideration to diversity factors, including but not limited to, gender, age, ethnicity and professional background.

With respect to female representation, the Board's Nominating and Remuneration Committee (NRC) notes the Malaysian Code on Corporate Governance (MCCG) 2021 target of women making up 30% of the boards and Bursa Malaysia's requirement for all public listed companies to appoint at least one women director. In its annual review of the Board's composition, the NRC expressly considers and includes a commentary to the Board about diversity in the composition of the Board. As at 31 December 2024, women representation on the Board of CMRM stood at 37%, exceeding the MCCG 2021 target, and this progress underscored the Board's commitment to fostering gender diversity.

How CLMT Complies With the Corporate Governance Code

The Manager has generally applied the principles and practices of corporate governance laid down by the Malaysian Code on Corporate Governance 2021 (Code) and substantially achieved the intended outcome outlined in the Code. Where there are deviations, appropriate explanations are provided in the Corporate Governance of this Annual Report.

Principle A: Board Leadership and Effectiveness	67
Principle B: Effective Audit and Risk Management	80
Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders	83
Policies	
Fraud, Bribery & Corruption Risk Management Policy	71
Whistleblowing Policy	72
Information Technology and Cyber Security Policies	72
Board Diversity Policy	74
Directors' Fit and Proper Policy	74
Remuneration Policy	76
Unitholders' Communication and Investor Relations Policy	83
Conflicts Management Policy (Malaysia)	86
Securities Dealing Policy	86

Measured Against Global Benchmarks

CapitaLand was one of the first companies in Singapore to voluntarily publish an annual Global Sustainability Report since FY 2009, and has had the entire report externally assured since FY 2010. Benchmarking against an international standard and framework that is externally validated helps CapitaLand to overcome the challenges in sustainability reporting that may arise from its portfolio of diverse asset types and geographical presence globally.

CapitaLand has been a signatory to the United Nations (UN) Global Compact since 2015 and its Communication on Progress for FY 2023 will be published at www.unglobalcompact.org. In February 2023, CapitaLand also became a signatory of the UN-supported Principles for Responsible Investment (UNPRI), as part of its commitment to invest responsibly.

CLI's global sustainability reporting (GSR) has evolved into a uniquely hybrid model using the Global Reporting Initiative (GRI) Standards and Greenhouse Gas (GHG) Protocol (operational control method) since 2009, GRESB since 2013, Value Reporting Foundation's Integrated Reporting Framework since 2015, UN Sustainable Development Goals (SDG) Reporting since 2016, Task Force on Climate-related Financial Disclosures (TCFD)³ framework since 2017, and Sustainability Accounting Standards Board (SASB) Standards since 2020.

CLI will continue to enhance its disclosures in accordance with these standards and work towards preparing for International Sustainability Standards Board's (ISSB) standards relating to climate reporting. CLI's Global Sustainability Report (GSR) 2024 will be published by end May 2025 on their website. CLI's GSR will continue to be externally assured with reference to the International

Standard on Assurance Engagements (ISAE) 3000, and will cover CLI's global portfolio and employees, including its listed real estate investment trusts (REITs) and business trusts – CapitaLand Integrated Commercial Trust, CapitaLand Ascendas REIT, CapitaLand Ascott Trust, CapitaLand China Trust, CapitaLand India Trust and CapitaLand Malaysia Trust, unless otherwise indicated.

CLMT voluntarily commenced its sustainability reporting in 2015 in accordance with Bursa Malaysia's reporting guidelines and requirements, ahead of the time set for all public listed companies to disclose sustainability reporting from 2016. In 2024, CLMT embarked on its first GRESB assessment and has received a 3-star rating for standing investments. As a CLI-sponsored REIT, CLMT strives to emulate CLI's achievements and leadership position in sustainability and will continue to pursue opportunities where it can make a positive and meaningful impact.

Creating Value and Alignment to UN SDGs

As a CLI-sponsored REIT, CLMT's material ESG issues and the value created, aligned to CLI's 2030 SMP focus areas and commitments, are mapped to the International Integrated Reporting Commission (IIRC) Framework's six integrated reporting Capitals – Environmental, Manufactured, Human, Social and Relationship, Organisational, and Financial. This is further mapped against eight UN SDGs that are most aligned with CLI's 2030 SMP focus areas, and where CLI and CLMT can achieve the greatest positive impact.

The UN SDGs call on companies everywhere to advance sustainable development through the investments they make, the solutions they develop, and the business practices they adopt. In doing so, the goals encourage companies to reduce their negative impacts while enhancing their positive contributions to the sustainable development agenda.

³ The Financial Stability Board (FSB) set up the TCFD in 2015 to address concerns around insufficient disclosure of climate-related risks and opportunities. Following the publication of IFRS S1 and IFRS S2, and at the FSB's request, the TCFD itself is now being subsumed into the ISSB with the standard-setter taking over the monitoring of the progress on companies' climate-related disclosures from 2024.

Our Commitments		2024 Value Created
Environment - Transit to low-carbon business and reduce energy consumption through improved energy efficiency, and increased use of renewable energy. - Reduce water consumption, reuse water, and prevent water pollution, especially in countries where the availability of clean water and sanitation are of concern. - Green operational portfolio by 2030. - Strengthen portfolio's climate resilience by addressing climate related risks and opportunities throughout the real estate lifecycle. - Actively embrace innovation to ensure commercial viability without compromising the environment for future generations. - Influence supply chain to operate responsibly in the area of environmental management through CLI's Supply Chain Code of Conduct.	For CLMT: 11.02% reduction in carbon emissions intensity (per m² from 2019 baseline). 7.85% reduction in energy intensity (per m² from 2019 baseline). 10.63% reduction in water intensity (per m² from 2019 baseline). - As at end-2024, green building certifications for ~49% of portfolio gross floor area. - As at 31 December 2024, sustainability-linked loans of RM801.8 million account for ~37% of total debt. - Signed green leases with retail tenants for all new and renewed leases in FY 2024. As at 31 December 2024, about 20% of CLMT retail tenants (excluding Sungei Wang Plaza) with green lease coverage. - The Mines successfully obtained an allocation of 7.2 MW under the Corporate Green Power Programme and has entered into the Corporate Green Power Agreement with a solar power producer.	Environmental Capital Manufactured Capital      
		Human Capital Social and Relationship Capital Manufactured Capital    
Social - We believe staff can make a significant contribution based on their talent, expertise and experience, regardless of ethnicity, age or gender. We adopt consistent, equitable, and fair labour policies and practices in rewarding as well as developing staff under direct hire. - We aim to provide a safe work environment that contributes to the general well-being of our staff, tenants, contractors, suppliers and the communities that use our properties. - CLI's Supply Chain Code of Conduct influences its supply chain to operate responsibly in the areas of human rights, and health and safety. - We are committed to activities that are aligned with our focus on community investment. We engage our stakeholders to raise awareness in the areas of philanthropy, environment, health and safety, as well as promote sustainability within the tenant community.	For CLMT: - Diverse workforce (more than 260 staff). - Males and females at a ratio of about 50:50. - About 70% of workforce was aged between 30 and 50. - About 55% of Senior Management were women. 82% staff engagement score, with 98% survey participation. - Over 40 training hours per staff. 100% staff attended at least 1 ESG training. - Zero staff work-related fatality and permanent disability incidents. - Zero contractor work-related fatality and/or permanent disability incident. - No reported incidents relating to discrimination, child labour or forced labour. 100%⁴ of supply chain agreed to abide by CLI's Supply Chain Code of Conduct. - Retained International Organization for Standardization (ISO) 45001 certification in Malaysia. - CLMT and CLI Malaysia contributed RM200,000 through CapitaLand's philanthropic arm – CapitaLand Hope Foundation, worth of essential and educational supplies to support ~2,600 underserved children and low income families in Penang, Klang Valley, Pahang and Johor under the #GivingBersama4.0 initiative. 186 staff tapped on the volunteer service leave to contribute 1,403 hours to participate in #GivingBersama 4.0.	

⁴ Property maintenance and project related contracts for CLMT owned and CLI-operationally managed properties and projects. This includes supply chain complying with their own code of conduct which is equivalent or more stringent than CLI's Supply Chain Code of Conduct.

Our Commitments	2024 Value Created	
Governance - We have in place a Board Diversity Policy which ensures that the Board to comprises talented and dedicated Directors with a wide mix of expertise (including industry, domain and functional expertise), skills, experience (including international experience) and perspectives. This is with due consideration to diversity in gender, age, tenure, ethnicity, culture and geographical background including nationality, as well as any other relevant aspects of diversity. - We are committed to meeting high standards of risk management in the way it conducts its business. All employees are required to understand and be responsible for ensuring that risks are managed effectively in their day-to-day work. - We require third-party service providers and vendors to adhere to anti-bribery and anti-corruption provisions. - CLI Supply Chain Code of Conduct influences CLMT's supply chain to operate responsibly in the area of anti-corruption.	For CLMT: - About 37% of the Board were women. 100% of staff attended Fraud, Bribery & Corruption awareness online training. 100% of staff attended Whistle-blowing training. 100% of staff attended Cybersecurity training.	Organisational Capital Human Capital 
Economic Integrate CLMT's ESG performance with financial metrics.	For CLMT: - CLMT raised RM801.8 million in sustainable finance in FY 2024 - For more details, please refer to the following sections in CLMT AR 2024: 2024 Highlights, page 7 - Capital Management, page 22	Financial Capital

Stakeholder Engagement

Stakeholders are groups which CLMT's business has a significant impact on and groups who have a vested interest in its operations. Key stakeholders include staff, investors/unitholders, tenants and shoppers, business associates, contractors and suppliers, and the local community. Other

groups include regulators and key government agencies, non-governmental organisations, representatives of the capital market and the media. Through the various engagement channels, CLMT seeks to understand its stakeholders' views, communicate effectively with them and respond to their concerns.

Stakeholders	Engagement Channels	Issues	Capitals
Employees	- Regular dialogue sessions with senior management - Regular staff engagement surveys - Recreation activities - Volunteer programmes	- Work-life balance - Remuneration and benefits - Staff welfare	- Human Capital - Social and Relationship Capital
Investors, analysts and media	- Annual general meetings - Quarterly financial results announcements - Media releases and interviews - Annual reports - Company website - Regular analyst and investor meetings - Responses to sustainability surveys	- Operational efficiency, monetary savings, cost avoidance - Return on equity, earnings, business strategy, market outlook - ESG risks and opportunities	- Organisational Capital - Financial Capital - Social and Relationship Capital
Customers (Tenants and shoppers)	- Active engagement with customers - Tenants: tenant satisfaction survey, green lease, green fit-out guide, joint promotions and strategic partnerships - Shoppers: mall campaigns, social media campaigns - CLI's social media channels	- Property management - Facilities management - Customer experience	- Social and Relationship Capital - Environmental Capital
Supply Chain (main contractors, vendors and suppliers)	- CapitaLand's Supply Chain Code of Conduct, Environmental, Health and Safety (EHS) management system - Quarterly EHS monitoring - Vendor evaluation, events, meetings and trainings - Active engagement with supply chain	- Design and quality - Occupational health and safety practices - Workers' welfare and wellbeing - Environmental compliance	- Environmental Capital - Human Capital - Social and Relationship Capital
Government/ national agencies/ community and non-governmental organisations (NGOs)	- Senior management representation on the boards of industry body (MRMA) - Participation in external conferences/ forums/workgroups/focus group discussions	- Stakeholder programmes to advocate sustainable tenant/consumer behaviours - Advocacy of best practices	Social and Relationship Capital

Materiality

As a CLI-sponsored REIT, CLMT identifies and prioritises the management of material ESG issues that are most relevant and significant to the REIT and its stakeholders. It adopts a double materiality approach, considering issues which are material from either the impact perspective or financial perspective or both.

In 2024, CLI revalidated its ESG factors materiality with two key ESG surveys, namely DJSI and GRESB. It also referenced ESG standards and frameworks including (i) GRI standards and SASB⁵ standards for real estate owners/developers and investment trust, (ii) International Sustainability Standards Board (ISSB) Standards (S1 and S2), (iii) UN Global Compact (10 Principles) & UN Principles for Responsible Investment (CLI is a signatory); and (iv) SGX Core ESG metrics and EU Sustainable Finance Disclosure Regulation (SFDR) questionnaire key topics.

Pursuant to the ESG factor materiality review exercise for CLI, including its listed REITs and business trusts, no changes were recommended to its ESG material issues after mapping against key ESG surveys (GRESB, DJSI), other standards/frameworks and investor surveys.

As a CLI-sponsored REIT, CLMT is guided by CLI's materiality assessment process, where the Manager conducts regular reviews, assessments and feedback in relation to ESG topics. Potentially material ESG issues arising from activities across CLMT's value chain (including potential risks and opportunities in the immediate and longer term) are primarily identified via ongoing engagement with CLMT's external stakeholders, and reviews of sources including investor questionnaires, as well as ESG surveys, sustainability benchmarks and frameworks such as GRESB.

Identified material issues are reported in CLMT's corporate risk register through the annual Group-wide Risk and Control Self-Assessment (RCSA) exercise, which identifies, assesses

⁵ Sustainability Accounting Standards Board (SASB) Standards. ISSB requires companies to consider SASB industry-specific topics in absence of specific ISSB standard.

and documents material risks and the corresponding internal controls to manage those risks. These material risks include fraud and corruption, environmental (e.g. climate change), health and safety, and human capital risks which are ESG-relevant. Identified material ESG issues are then prioritised based on the likelihood and potential impact of issues affecting the business continuity of CLMT. For

external stakeholders, priority is given to issues important to the community and applicable to CLMT. In FY 2024, the material ESG topics that were identified were approved by the Board of the Manager for their continued relevance. For more information on CLMT’s ERM and the Group-wide RCSA exercise, please refer to the Risk Management section on page 96 to 100 of CLMT AR 2024.

Prioritisation of ESG Material Issues

 Environment	 Social	 Governance
Critical		
• Climate change and emissions reduction • Energy efficiency • Water management	• Occupational health and safety • Human capital • Stakeholder engagement ¹ • Products and services ² • Supply chain management • Diversity (Board and staff)	• Risk management ⁴ • Business ethics
Moderate and emerging		
• Waste management • Biodiversity	• Human rights ³	
1 This includes green leases and tenant engagement on ESG matters. 2 This includes products and services promoting customer health and safety, and certified green buildings. 3 This relates to the zero tolerance stance towards child/forced labour and covers CLMT staff and supply chain. 4 This includes consideration of compliance, economic performance and cybersecurity. (Note: indicators like Economic Performance, Market Presence and Governance are not included as they are assumed to be material for all companies. Economic Performance/Market Presence have been challenged by external parties for not being ESG indicators, and thus not included as a factor)		

Environmental & Manufactured Capital

Commitment to Minimising Environmental Impact

CLMT incorporates environmental sustainability throughout the life cycle of its real estate investments, from acquisition, design, procurement, construction, operations to asset enhancement/redevelopment stages. It closely monitors and takes actions to mitigate the environmental impact of its business operations. The efficient use of environmental resources, such as energy and water, contributes to the operational efficiency and long-term sustainability of CLMT, as well as enhances resilience to climate change.

CLMT’s approach to identify and manage significant potential environmental impacts on its operations are guided by CapitaLand Investment’s Environmental Management System (EMS). The EMS is integrated with CapitaLand Investment’s Occupational Health and Safety Management System (OHSMS) to form CapitaLand Investment’s Environmental, Health and Safety Management System (EHSMS). Operational issues pertaining to climate change, energy and water are also identified and managed through the EHSMS. The EHSMS is audited by a third-party accredited certification body to ISO 14001 and ISO 45001. ISO 14001 and

ISO 45001 are internationally recognised standards for the environmental management and occupational health and safety management of businesses, respectively.

All staff are involved in reducing CLMT’s environmental footprint and are encouraged to be forthcoming and to report all incidences of environmental-related issues and complaints, as well as incidences of non-compliances and non-conformities.

CapitaLand Investment’s Environmental, Health and Safety Policy

As a CLI-sponsored REIT, CLMT is committed to protecting the environment and upholding the occupational health and safety (OHS) of everyone in the workplace (this includes implementing the EHSMS). We regularly conduct the following:

- Carry out exemplary EHS practices to minimise pollution as well as health and safety risks
- Seek continual improvement on its EHS performance
- Comply with relevant legislations and other requirements
- Implement CapitaLand Sustainable Building Guidelines and OHS programmes

These policies are readily available to all staff, suppliers, service providers and partners.

CapitaLand Sustainable Building Guidelines (SBG)

The SBG is an in-house guide developed by CapitaLand to ensure environmental considerations and targets for low carbon transition, waste management and circular economy, water conservation and resilience, accessibility, health and safety, and supply chain management are embedded and incorporated in all stages of its properties' life cycles. The risks and opportunities of climate change are identified right from the design stage and all EHS considerations are factored in all stages of the projects. The SBG is regularly reviewed to ensure continuous improvement, with a focus on four key objectives of minimising carbon footprint and energy consumption, water management, reducing generation of waste and promoting biodiversity in the life cycles of its properties.

Environmental and Safety Impact Assessment (ESIA)

A key component of the SBG is the mandatory ESIA which CLMT conducts during the feasibility stage of any potential acquisitions or investments in operational assets and development projects as part of due diligence. Environmental threats or opportunities related to project sites and surroundings are identified. These are highlighted in the due diligence reports and plans and the aim is to integrate climate change resilience considerations into the design, development and management of its properties.

Stepping Up Green Measures

1. Green Financing

As at 31 December 2024, CLMT has RM801.8 million in sustainability-linked facilities and the interest savings generated from these facilities could further support CLMT's sustainability initiatives such as certification of green buildings, continuous improvement in building energy efficiency and sustainable water management.

FY	Amount (RM mil)
2022	60*
2023	693
2024	50
* The facility limit has reduced to RM58.8mil in 2024.	

2. Green lease

Beyond operating environmentally sustainable properties, CLMT understands the vital role that end-users of its buildings play. Collaboration with tenants is becoming more important so as to influence and support their sustainability goals. CLMT implemented a green lease programme at its retail properties in Malaysia, where minimum equipment and lighting efficiency requirements are stipulated to tenants. As at 31 December 2024, about 20% of CLMT retail tenants (excluding Sungei Wang Plaza) with green lease coverage.

A green lease is a lease agreement that incorporates clauses whereby the tenant and landlord undertake mutually agreed responsibilities or obligations in relation to sustainable operation or occupation of a premise. It encourages collaborative efforts between the tenant and landlord such as the adoption of environmental-friendly fittings and design in the property space, as well as sharing of environmental data.

Tenant Engagement

CLMT encourages its mall tenants to adopt a sustainable and environment-friendly mindset as part of a successful collaboration to achieve sustainability goals.

1. Green Fit-Out Guide

A green fit-out guide is given to new tenants to encourage adoption of environment-friendly fit-outs, lighting efficiency requirements and promote sustainable practices and behaviour.

2. Green Seminar

3 Damansara conducted Green Seminar to its tenants and staff on 21 November 2024 to raise awareness on the value of environmental stewardship and sustainability in the workplace. Participants were encouraged to embrace sustainable practices in their daily worklife and the benefits of adopting green initiatives and sustainable practices in their business operations.

Our Environmental Commitments

CLMT has been tracking the energy and water usage, waste generation and carbon emissions at our operating properties via CLI's online Environmental Tracking System (ETS) since 2009. The platform has been used to survey the various initiatives implemented at CLMT's properties including efficiency and water efficiency measures, biodiversity and habitat risks, as well as physical risks, including flood risk and water management.

Sustainability Management

As a cloud-based platform, the ETS facilitates benchmarking on consumption patterns and helps identify opportunities for further operational efficiency improvements. It allows each property to conduct analysis against set targets and past trends to understand consumption patterns and identify areas for improvement. The consolidated data is also analysed at the business units and group levels against reduction targets. This facilitates a better understanding of consumption patterns and identification of areas for eco-efficiency improvements for its portfolio. Regular desktop audits are conducted to ensure data completeness and accuracy.

Environmental Targets

As a CLI-sponsored REIT, CLMT is aligned with CapitaLand's science-based targets set out in CLI's 2030 SMP Plan to transit to a low-carbon business, improve resource use and enable a circular economy. CLI's carbon emissions intensity

reduction target is computed from the approved science-based target to better track day-to-day operational efficiency. As part of the the Group, CLMT is committed to working towards the long-term and annual targets under CLI's 2030 SMP.

CLI's 2030 SMP, in which CLMT is aligned, outlined 2030 targets and pathways to transit to a low-carbon business, improve resource use and enable a circular economy. To measure its performance, CLMT has incorporated KPIs, most of which are linked to remuneration for its staff, including top management.

CLMT has made efforts to better track and disclose its material Scope 3 emissions, and of the Greenhouse Gas Protocol's 15 Scope 3 categories, CLMT has disclosed four categories, up from the previously disclosed one category in AR 2023.

Key Performance Indicators Tied to Remuneration

CLMT has incorporated KPIs, most of which are linked to remuneration for its staff, including senior management to measure and track CLI SMP 2030 targets.

	2030 Target	2024 Key Performance Indicators
Low-carbon Transition	Achieve science-based target of reducing carbon emissions (Scope 1 and 2) by 46% from 2019 baseline	16.08% increase against 2019
	Reduce carbon emissions intensity by 72% from 2019 baseline	11.02% reduction against 2019
	Reduce energy intensity by 15% from 2019 baseline	7.85% reduction against 2019
	45% of electricity consumption from renewable sources	0%
Water Conservation and Resilience	Reduce water consumption intensity by 15% from 2019 baseline	10.63% reduction against 2019
Waste Management and Circular Economy	Reduce waste intensity by 20% from 2019 baseline	38.95% reduction against 2019
	Achieve 25% recycling rate in its day-to-day operations	4.42%
Annual Target		
Sustainable Operation Excellence	ISO 14001 certification for its EMS	Achieved: Retained ISO 14001 certification in Malaysia
	Manage risks of environmental impact	EMS is externally audited annually, providing assurance to top management and external investors on CLMT's compliance and alignment to best practices

Carbon Emissions (Scope 1 + 2) (tCO₂e)

* This is computed mostly from purchased electricity consumption under Scope 2, and some direct energy consumption under Scope 1, as defined by the Greenhouse Gas (GHG) Protocol (operational control approach) and using individual country CO₂ emission factors retrieved from the International Energy Agency (IEA) Statistics – CO₂ emission factors from fuel combustion.

Carbon Intensity (kgCO₂e/m²/month)**Energy Consumption (within the organisation) ('000 kWh)**

* This is the consumption derived from Gurney Plaza, Queensbay Mall, East Coast Mall, The Mines and 3 Damansara during the reporting period. Sungei Wang Plaza, Valdor Logistics Hub and Glenmarie Distribution Centre are not within the scope boundary as these assets are deemed as CLMT-owned but third-party managed properties (Scope 3).

[#] This has been externally assured by KPMG PLT. Please refer to page 162 to 164 for the independent assurance report.

Energy Intensity (within the organisation) (kWh/m²/month)

[#] This has been externally assured by KPMG PLT. Please refer to page 162 to 164 for the independent assurance report.

Water Usage ('000 m³)**Water Intensity (m³/m²/month)**

Carbon Emissions Reduction

CLMT is committed to reduce carbon emissions which is a key part of its strategy to mitigate transitional risks for a low-carbon economy. In alignment with CLI, CLMT is committed to reduce carbon emissions of its operations that aligns with a 1.5°C trajectory, with an aim to be Net Zero by 2050.

In 2024, CLMT's total Scope 1 and Scope 2 carbon emissions 47,162 tonnes CO₂e. It reduced its carbon emissions intensity to 7.99 kgCO₂e/m²/month, which translates to a 11.02% reduction compared to the 2019 baseline.

Scope 1 emissions refer to direct emissions from activities controlled by CLMT. CLMT's Scope 1 data is derived from usage of diesel on an ad hoc basis. Scope 2 emissions are indirect emissions associated with its consumption of purchased energy. CLMT's Scope 2 data covered the purchased energy consumption relating to the operations for landlord-controlled areas. Scope 3 emissions are indirect emissions from activities not controlled by CLMT and we recognise the importance of monitoring and addressing them. Aligned with CLI, CLMT aims to better track and disclose its other material Scope 3 emissions. Material Scope 3 categories are disclosed in this report.

Promoting environment-friendly transport

Understanding the needs of increasing environmentally conscious among our stakeholders, plans are underway to roll out more electric vehicle (EV) charging stations in our portfolio in collaboration with Malaysian Green Technology And Climate Change Corporation and other reputable EV charging solution providers.

Additional EV charging stations have been installed at Gurney Plaza’s B1 carpark with Tesla’s Supercharger station of DC fast chargers.

Energy Efficiency

Emissions from CLMT’s operational portfolio form the majority of its Scope 1 and 2 emissions. Improving energy efficiency is the most impactful and cost-effective way to mitigate those emissions.

In 2024, the total energy consumption of CLMT’s properties was 74,740 MWh and almost all of it was contributed by indirect energy consumption for the landlord-controlled areas in CLMT properties. CLMT reduced its energy intensity by 7.85% from base year 2019.

CLMT continues to implement various energy conservation measures, some of which are listed below. It also focuses on innovation to reduce energy consumption.

Focus	Initiatives
Energy Efficiency: Central Air Conditioning System	• Installed with Measurement & Verification system to monitor system performance daily • Perform preventive and periodic servicing and maintenance • Chiller ionisation system • Chiller management system

Focus	Initiatives
Energy Efficiency: Lighting	• Installation of LED fittings with motion sensors at staircase • Lighting power budget of not more than 22 Watts per m² for tenanted areas
Energy Efficiency: Equipment	• Replace equipment with higher efficiencies
Control, Metering and Monitoring	• Conduct energy audits at the properties to improve energy efficiency • Upgrading of existing Building Management System

Renewable Energy

Renewable energy is an essential lever in the transition to a low-carbon economy. However, this remains challenging due to limited rooftop spaces at CLMT properties where renewable sources of energy such as solar energy could be optimally generated. In 2024, CLMT participated in the Corporate Green Power Programme (CGPP) and successfully obtained a quota allocation. It will continue to explore renewable energy options for its portfolio, including opportunities to purchase green power and carrying out feasibility studies to install solar panels.

Corporate Green Power Programme

CGPP is a renewable energy initiative spearheaded by the Malaysian government. Designed to drive the adoption of sustainable practices, CGPP offers corporate consumers the unique opportunity to virtually purchase solar energy directly from solar developers. The Mines participated in the CGPP and was successfully a quota allocation of 7.2 megawatts of renewable energy. When the solar plant is operational, the power generated will be utilised to offset the electricity used at The Mines. This will increase The Mines’ green energy usage, thereby reducing its carbon emissions as well as reduce its need to purchase electricity.

Green Buildings

Green building ratings and certifications help assure and demonstrate the quality of CLMT's properties. They serve as an external validation that key environmental aspects have been considered and incorporated in CLMT's operations and refurbishments. CLMT targets to green all its existing properties by 2030 with each property achieving a minimum certification level by a green rating system administered by a national government ministry/agency/the World Green Building Council. In 2024, 49% of CLMT's portfolio by gross floor area are certified green.

Property	Award Category	Year of Award
Queensbay Mall	BCA Green Mark Platinum	2023
The Mines	BCA Green Mark Gold ^{PLUS}	2024
3 Damansara	BCA Green Mark Gold ^{PLUS}	2024

Water Conservation and Resilience

CLMT is committed to reducing total water consumption, reusing water and preventing water pollution. Water usage and discharge for each property are monitored and checked regularly. Water usage is also monitored closely so that any fluctuations or anomalies can be identified and acted upon promptly. For CLMT properties, water is withdrawn from local municipal sources, and used in building systems such as irrigation and air-conditioning.

In 2024, CLMT's operational properties' total water usage was about 842,106 m³. The increase in water used compared to the previous year was largely attributable to higher occupancy at the properties. CLMT reduced its water intensity by 7.14% from base year 2019. To reduce water consumption, recycled water such as harvested rainwater is used for the toilet flushing system and washing the car park.

Proper water management ensures minimal wastage and promotes responsible use of this precious resource and the following initiatives have been implemented to ensure efficient operations and minimise water wastage in its properties:

Focus	Initiatives
Consumption Reduction	• Flow regulators; self-closing delayed action faucets/motion-activated faucets; dual flush/low flush toilets • Choice of local plant species and drought resistance plants; irrigate plants in the morning or late afternoon to minimise evaporation loss • Source water reduction measures through CSXC to test acoustic leak detection, chemical and non-chemical cooling tower blowdown water treatment, and irrigation demand reduction

Focus	Initiatives
Control, Metering and Monitoring	• Water audit; sub-metering to track consumption and early leak detection
Recycling and Reducing Reliance on Potable Water	• Basin water recycling • Rainwater harvesting for landscape irrigation

Waste Management and Circular Economy

CLMT is committed to managing and disposing waste generated at its properties responsibly. As waste generated at its operational properties is mostly from its tenants, shoppers and the general public, CLMT engages its stakeholders through various ways to reduce and recycle waste. For instance, recycling bins are available at its properties. The collection and disposal of waste at its properties are being carried out by licensed contractors.

CLMT implements waste management strategies as part of its EMS. However, data was not readily available or could not be easily consolidated due to local supply chain data tracking challenges. CLMT aims to improve tracking of waste data at its properties and will continue implementing measures to reduce waste generation from its day-to-day operations. It targets to reduce waste generation (kg/m²) by 20% from its 2019 baseline and achieve 25% recycling rate by 2030. In 2024, we collected 6,525 tonnes of non-recyclable waste and 302 tonnes of recyclable waste, achieving a recycling rate of 4.42%.

Fabric Recycling

In collaboration with Kloth Cares, 3 Damansara and The Mines continued its fabric recycling initiative. Through the installation of the fabric recycling bins, the neighbourhood communities can recycle their old garments, clothing accessories, footwear and shoes, bags, household textiles, children's toys and other fabric remnants. All the collected fabric items will be segregated according to different material categories at a designated fabric recycling factory, while suitable ones will be given away to charity homes. Several fabric tote bag workshops were also held at the malls.

Biodiversity

CLMT is committed to preserving the biodiversity of its sites as well as the wider area wherever possible. CLMT's properties are located within urban areas. As CLMT does not have any properties located within protected areas, hence there is no material biodiversity risk identified.

Managing Climate-Related Risks and Opportunities

CLMT recognises the risks that climate change can have on its portfolio and the opportunities arising from it. It aims to better understand and respond to physical risks, such as extreme weather events and rising temperature, as well as transition risks towards a low-carbon economy. Aligned with its Sponsor, CLMT is focused on low-carbon transition to mitigate transition risks, and on climate change adaption to build portfolio resilience against the physical risks from climate change.

In support of the recommendations by the TCFD, CLMT has published climate-related financial disclosures in four key areas (i. governance, ii. strategy, iii. risk management, and iv. metrics and targets) since 2021 as recommended by the TCFD.

Governance

- The CLMT Board has specific oversight on sustainability matters, including climate-related issues for CLMT. The CLMT Board is updated quarterly during Board meetings on relevant climate-related topics including CLMT's alignment progress with CLI 2030 SMP. Discussions on the green capital expenditure plan required to meet the SMP targets (which also includes the decarbonisation targets) are conducted during an ad hoc (Special Board) meeting annually. Performance against SMP targets and Balanced Scorecard targets, including decarbonisation targets, is tracked and reported to CLMT Board.
- CLMT's sustainability management comes under the purview of the Board of the Manager.
- Securities Commission Malaysia and Bursa Malaysia have rolled out prescribed ESG onboarding programme on sustainability for directors of Public Listed Companies on Bursa Malaysia. As at 31 December 2024, all directors of the Board of the Manager, save for the newly appointed Datin Hayati Aman Binti Hashim, have completed the programme.

Strategy

- CLMT's strategy to identify and address climate-related risks and opportunities spans across its entire real estate life cycle.
- CLMT factors climate-related costs and opportunities in its evaluation of new investments or capital expenditure.

- All new investments undergo the ESIA to identify any environmental risks and opportunities. The assessment also covers performance metrics such as energy efficiency, as well as climate transition and physical risk and opportunity considerations.
- CLI and its REITs, including CLMT, commenced its climate scenario analysis in 2022 for its global portfolio to understand how the identified climate-related risks and opportunities could impact future operations. The most recent climate scenario analysis that was the widest in coverage and deepest in impact assessment considered scenarios based on the latest global and scientific developments (scenarios from 1.5°C to 3°C for current to long-term time frames). The analysis guides CLI and CLMT in making informed decisions for its business with significant risk exposure, building resilience and reducing vulnerability of identified properties.

Risk Management

- Climate change risks and opportunities are identified and managed through CLI and CLMT's externally certified ISO 14001 EMS and ERM framework. This includes an annual Group-wide Risk and Control Self-Assessment exercise to identify, assess and document material risks including relevant ESG risks, along with their key controls and mitigating measures.

Metrics & Targets

- CLI's 2030 SMP outlines the targets and pathways for transition to a low-carbon business that is aligned with climate science. Targets to reduce energy and water usage and carbon emissions, as well as green certification targets are set for its operational assets.
- CLMT is aligned with its Sponsor's targets found within the 2030 SMP and sustainability and climate-specific performance metrics and targets are linked to the remuneration policies for members of senior management.

As part of the 2030 SMP formulation, CLMT generally considers medium-term time frames to be until 2030, and long-term beyond 2030 in relation to the identification of climate-related risks and opportunities.

In 2023, CLI and its REITs, including CLMT, completed its climate scenario analysis for its global portfolio to understand how the identified climate-related risks and opportunities could impact future operations. The insights on both quantitative and qualitative assessments of the risks identified provide a basis for the next steps in understanding the severity of risk impacts across time horizons. CLI and its REITs, including CLMT, will continue to review their mitigation and adaptation plans and identify opportunities that align with CLI's 2030 SMP.

Human Capital

Commitment to a Healthy and Safe Workplace

Safeguarding the health and safety of our employees and all stakeholders at our properties remain our highest priority. At CLMT, we adopt CapitaLand's OHSMS, which has been externally audited by a third-party accredited certification body to ISO 45001 standards, a recognised international standard for OHS Management Systems. The framework involves identifying and reviewing material issues, developing action plans, establishing policies, ensuring accountability within CLMT and engaging stakeholders.

CLMT champions OHS with commitment from the top management and staff participation through an integrated EHS Management System as well as stakeholder engagement activities. The CEO is accountable for the OHS performance of CLMT. Supplementing this management system is the Board which reviews major OHS incidents and helps to reinforce a strong culture of safety. CLMT strives to reduce occupational injury rate with the aim to achieve zero work-related injuries resulting in employee permanent disability or fatality by adopting stringent OHS practices.

CLI has an internal audit system to assure EHS conformance and effective implementation that is aligned with the ISO 14001 and 45001 standards. Internal audits are scheduled at least once a year across 19 countries, including Malaysia, covering 50% of the sites in each country. In addition, external audits are

scheduled annually with an accredited third-party certification body. The annual EHSMS audits assure top management, including CLMT Board, and external investors of CLI and CLMT's EHS legal compliance and commitment to best practices.

Risk Management of OHS Hazards

Identifying OHS hazards and assessing their risks are key components the OHSMS. Hazards Identification and Risk Assessments are reviewed annually, or following an incident, or a significant change in processes. OHS hazards are identified from the administration, development and operational functions of CLMT's businesses, and their risks are assessed. Examples of hazards include slip, trip and fall, fall from height and falling objects. CLMT has established standard operating procedures (SOP) to minimise the occurrence of such hazards.

Since October 2020, the ESIA was made mandatory when evaluating new investments. The results of the ESIA enable CLMT's investment team to consider OHS risks and opportunities upfront and to identify early mitigating measures earlier in the investment evaluation process.

To further strengthen safety, CLI introduced the Global Safety Guidelines (GSG), built on its current safety processes. Aligned with CLI, new guidance was introduced as CLMT continually seeks to strengthen its safety processes and practices across all its properties.

Enhancing Workplace Safety Culture

1. EHS training

To facilitate the effective implementation of its EHSMS, training and awareness programmes are organised as part of the integrated EHSMS training for staff. New staff are briefed on CapitaLand's EHS policy and the roles of each staff. Heads of departments in administration and operations, including heads of operating properties, and design managers, undergo more detailed training programmes. In 2024, about 100% of CLMT staff attended at least one EHS-related training amounting to more than 2,600 hours. These include first-aid, chemical handling, safety, EHS incident and emergency response training.

2. Fire drill

As part of the group's OHS Management System, emergency response procedures are in place to address potential OHS risks. Periodic briefings and biannual evacuation drills are conducted at CLMT properties to familiarise tenants with the emergency response actions.

Supply Chain Management

CLMT works closely with its supply chain (vendors/suppliers/contractors) who are committed to high quality EHS standards. To influence supply chain partners to operate responsibly in the areas of anti-corruption, human rights, health and safety, as well as environmental management, the CLI Supply Chain Code of Conduct form the basis of CLMT's engagement with them. Through a structured procurement process, contracts are awarded after rigorous tender selection that includes a balanced evaluation of financial and non-financial criteria, including safety requirements. Supply chain partners were appointed upon meeting these stringent environments, health and safety and other business-related requirements. Our contractor management guidelines require all supply chain partners to comply with local government and other legal requirements. Preference is given to companies certified in ISO 14001 and ISO 45001 or its equivalent. In 2024, 100% of CLMT's supply chain agreed to abide by the CLI Supply Chain Code of Conduct¹.

Staff Wellness

CLMT aims to provide a work environment that is safe and contributes to the well-being of its staff. The Sponsor has in place the CapitaLand Wellbeing Strategy which includes three components focus on Positive Mental Health, a Healthy Workplace, and a Safe and Inclusive Workplace, where each affects and overlaps the others. Through this, CLMT seeks to uplift staff work performance, and strengthen engagement and commitment to the company. In 2024, four staff well-being programmes and initiatives were organised, with the participation of more than 160 staff attendees. These programmes and initiatives were aligned with the six dimensions of wellness (Mental Health, Physical Fitness, Career Wellness, Social Wellness, Financial Wellness) of the CLI Wellbeing Programme. CLMT also organised training sessions for change management resilience and mental wellness-related topics. More than 50 staff participants clocked in over 60 hours for the sessions.

Human Rights

Aligned with CLI, CLMT has an integrated human capital strategy to recruit, develop and motivate staff. Key performance indicators (KPIs) for both the business and people development are in place to align staff's performance goals with business objectives. CLMT provides staff with the appropriate training opportunities to help them perform well in their job.

The Sponsor has a Social Charter² approved by top management which sets out commitments to support the preservation of human dignity and self-respect of every individual, covering topics on human rights, child labour, forced labour, human trafficking, code of conduct, diversity and inclusion, no discrimination, and healthy work-life balance. Other human rights-related policies such as grievance handling and harassment policies are also in place. The Social Charter is applicable to all staff and guides the company towards ensuring a supportive and respectful environment for individuals across all aspects of its business and operations. CLMT abides by the Sponsor's Social Charter practices for its business in Malaysia.

Anti-Child Labour and Anti-Forced Labour

CLMT upholds the Sponsor's commitment to be a workplace of choice for employees and adheres to its policies on non-discriminatory employment practices and equal remuneration. As a signatory of the United Nations Global Compact (UNGC), CLI is committed to the 10 principles in the areas of human rights, labour, environment and anti-corruption. These 10 Principles of the UNGC are derived from the Universal Declaration of Human Rights, the International Labour Organisation's Declaration on Fundamental Principles and Rights at Work, the Rio Declaration on Environment and Development, and the United Nations Convention against Corruption. We have adopted the five key principles of fair employment³ advocated by the Tripartite Alliance for Fair and Progressive Employment Practices. We also adopt a zero-tolerance stance regarding child labour, forced labour and unlawful discrimination, and had no reported incidents of such in 2024. There were no CLMT staff below the age of 16.

¹ An extract of the CLI Supply Chain Code of Conduct is available on <https://www.capitaland.com/en/about-capitaland/sustainability.html#tab-0-social>.

² CLI Social Charter is available on [EXTRACT_OF_CAPITALAND_SOCIAL_CHARTER.pdf](#).

³ The five key principles of fair employment are:

- (i) Recruit and select staff based on merit, such as skills, experience and ability, regardless of age, race, gender, religion or family status.
- (ii) Treat staff fairly and with respect and implement progressive human resource management systems.
- (iii) Provide staff with equal opportunities for training and development based on their strengths and needs, to help them achieve their full potential.
- (iv) Reward staff fairly based on their ability, performance, contribution and experience.
- (v) Abide by labour laws and adopt Tripartite Guidelines which promote fair employment practices.

Diversity, Equity and Inclusion

CLMT embraces diversity, equity and inclusivity regardless of age, religion, gender, ethnicity, nationality and family status. We believe that staff can make significant contributions based on their talent, expertise and experience. Having a gender diverse mix of staff is also a target in the revised 2030 Sustainability Master Plan.

We actively seek innovative, dynamic and talented individuals, both internally and externally, with the right

level of experience to support our growth. This is managed through the recruitment of talents across different career stages, from entry-level graduates to mid-career professionals and industry veterans. New hires represented 11% of the total headcount in 2024.

CLMT's vibrant, motivated and qualified workforce had 70% aged 30 to 50 in 2024, consistent with the past three years.

CLMT STAFF BY GENDER, AGE AND ETHNICITY

GENDER

● Male 50%
● Female 50%

AGE

● <30 years 12%
● 30-50 years 70%
● >50 years 18%

ETHNICITY

● Malay 43%
● Chinese 40%
● Indian 15%
● Others 2%

Gender Diversity and Pay Parity

CLMT's workforce comprises almost equal proportion of males and females, at a ratio of 50:50. Over the past three years, female representation in the management has ranged between 57% and 58%. In 2024, about 57% of management were female whilst about 55% were in the top management level.

CLMT hires and rewards men and women fairly based on merit, ability, and experience for comparable roles across the organisation's hierarchy. Its hiring and incentive system focuses on performance and is gender-agnostic. Staff pay is benchmarked against the market based on job roles using gender-neutral pay surveys provided by independent remuneration consultants. For the 2024 exercise, no major pay gap was found⁴.

CLMT STAFF BY SENIORITY AND GENDER

NON-EXECUTIVE

● Male 70%
● Female 30%

EXECUTIVE

● Male 28%
● Female 72%

MANAGERIAL

● Male 43%
● Female 57%

⁴ The average gender pay gap (comparison is for base salary and other cash incentives) is about 5% in favour of females at non-executive and executive levels, and 1% in favour of males at management and above levels.

Job Creation and Employment

CLMT is committed to providing meaningful jobs and talent mobility where employees are given opportunities to rotate across different job functions, subject to skills/competency requirements and business needs. Subject to business needs and work performance, employees who are able and willing can continue their employment beyond the statutory retirement age of 60. CLMT continues to employ these

individuals at their last drawn salary if their work scope and responsibilities remain unchanged under its re-employment policy. In 2024, three employees aged 60 and above were rehired post-retirement.

In 2024, new hires represented 11% of the total headcount and 2% of the positions opened for recruitment were filled by internal candidates.

In 2024, the turnover rate was 13% and there were no major layoffs in CLMT. More than 60% of staff have been with CLMT for more than five years. We also interview resigning staff as part of its continuing efforts to improve its retention policies and initiatives.

Talent Management

We seek innovative, dynamic and talented staff to take CLMT into its next phase of growth and adopt a multi-pronged approach to manpower planning, i.e. developing internal talent and hiring young talent, mid-career professionals and industry veterans. CLMT continuously builds its management bench strength by identifying high potential talent as part of its regular succession planning process.

The CLMT Board’s Nominating and Remuneration Committee (NRC) regularly reviews the succession plans for the key positions including Chief Executive Officer and other key management personnel. On an annual basis, CLMT identifies and reviews suitably qualified candidates internally and externally who could be considered for key positions when the need arises in the immediate, medium, and long-term. CLMT also utilises a People Analytics Tool to offer insights into staff demographics, talent identification, promotion and transfer anomalies, staff performance, hiring and predictive attrition for better decision-making.

Positive Work Environment

CLMT is committed to providing a positive and vibrant workplace that promotes personal development, good health and well-being, and fulfilling careers. Initiatives such as flexible hours and work arrangements, comprehensive medical benefits, and employee engagement programmes to foster a culture of high performance and work-life harmony are implemented whilst part-time employees are also entitled to the same benefits as their full-time colleagues, on a prorated basis. We leverage CLMT’s robust performance management system to ensure that all employees receive regular performance and career development reviews.

All staff are entitled to family event leave. CLMT also provides paid leave for employees to care for their loved ones, including children, spouses, parents, parents-in-law, or siblings. These initiatives are over and above the local legal requirement. To encourage staff to give back to the community, CLMT also provides three days of Volunteer Service Leave for staff to participate in volunteering activities.

CLMT adheres to the respective social security contributions and the Employees Provident Fund (EPF) is a compulsory pension scheme for all Malaysians introduced by the Government to enforce savings by salaried workers for a more secure retirement. Under the EPF scheme, CLMT and its staff make monthly contributions to the staff’s EPF account in accordance with the prevailing regulations. These contributions demonstrate CLMT’s commitment to responsible business practices and ensuring its staff’s financial security.

Aligned with CLI, CLMT continues to provide its staff with proactive measures such as flexible working time and arrangements to empower staff with the autonomy of managing their schedules to achieve work-life harmony. Hybrid staff town hall meetings are also held where staff can hear directly from top management and at the same time have their questions answered. Various mental health awareness programme and initiatives continue to be organised to support staff well-being.

Fair Remuneration

Employment contracts with clearly stated terms and conditions are signed for all confirmed employees. This allows them to understand both their rights and obligations, as well as those of the company, thus minimising potential employment disputes in the future. Key employment terms specified in the employment contract include the job title and description, duration of employment, working hours, salary and statutory contributions/deductions, leave entitlements, probation and notice periods, and insurance and medical benefits etc.

We engage external independent remuneration consultants to benchmark the compensation packages against the relevant talent markets. Salaries are reviewed against the benchmarks, and each employee's specific job scope and responsibilities are considered. All regular full-time employees will undergo an annual performance review where there is an open discussion on the employee's performance, areas for improvement, developmental needs and career plans.

To reward and motivate employees, CLMT has a comprehensive and competitive compensation package and benefits programme. We observe a pay-for-performance philosophy that rewards superior performance, which aligns employee and unitholder interest to deliver business results. Sustainability targets were integrated into CLMT's Performance Share Plan and Balance Scorecard framework to determine individual remuneration outcomes (financial and non-financial). CLMT's overall annual variable bonus pool is determined based on its achievement against a holistic set of quantitative and qualitative targets in the Balanced Scorecard dimensions of Financials, Execution, Future Growth, Talent Management and Sustainability (including Environment, Social and Governance factors).

The amount of bonus awarded to employees are further based on their relative contributions and individual performance. Employees at managerial grades are also eligible to receive performance-based long-term unit-based awards. The awards will vest over three years and are subjected to the achievement of pre-determined profitability and unitholder return targets. The performance and remuneration of key management executives are based on both quantitative and qualitative targets within the Balanced Scorecard framework, including their efforts in building management bench strength and talent.

Upskilling The Workforce

To build a future ready workforce that is knowledgeable, competent, and adaptable, staff are equipped with the appropriate training to acquire the relevant knowledge and expertise to contribute effectively to CLMT's performance. Employees' training and development needs are discussed at the annual performance reviews with their immediate superiors and updated throughout the year. CLMT invested close to RM290,000 in 2024 towards learning and development, delivering over 10,000 hours of training and the average training hours completed by each staff for the year was about 41 hours.

In 2024, employees actively participated in various trainings and about 100% of staff attended at least one ESG training. CLMT employees who are also licensed representatives under the Securities Commission Malaysia (SC)'s Capital Markets Services Licence, recorded average of 29 training hours per employee, which was above the minimum requirement by SC.

Learning and Development

In 2024, all employees completed at least one learning session with various talks and briefings organised to enhance employees' knowledge and stay current on latest trends.

1. Enhancing Workplace Safety

To reinforce OHS awareness and enhance workplace safety in Malaysia, safety briefing and awareness training sessions were organised for the staff.

2. Learning CAREnival

With the aim of promoting continuous learning among all staff, a total of 16 bite-sized talks that centre around ESG, innovation, career resilience and digital technology organised to help staff gain valuable insights on the latest trends and developments in the industry.

Staff Engagement

CLMT actively engages staff through various avenues, including formal staff communication sessions as well as informal sessions, such as luncheons and team bonding sessions. A Malaysia staff communication session was held in November 2024 where CLMT's CEO updated employees on CLMT's operational and financial performance, growth strategy and addressed any work-related concerns. As a CLI-sponsored REIT, CLMT practises an open-door policy, allowing all staff to obtain a fair review and a prompt response to problems or concerns relating to any aspect of their employment. This includes harassment, grievance handling and whistle-blowing policies applicable to all staff. Staff can also raise their concerns to a higher level of management or to the Human Resource department, providing them with a confidential avenue for feedback on any work-related matters. All new hires must undergo an

orientation programme that assimilates them to Sponsor's business operations, strategy, core values and management philosophy.

Employee Engagement Survey

In 2024, CLI launched its regular company-wide Employee Pulse Survey (EPS) to measure staff well-being, amongst other factors. This survey was conducted through a third-party vendor to ensure confidentiality and to obtain authentic responses from its staff. CLMT staff participated in the EPS and secured a staff participation rate of 98%. This was also an improvement over CLMT's participation rate for the EPS conducted in 2023. CLMT achieved a staff engagement score of 82%, which was also higher than the 2023 survey performance. With the detailed findings from the survey, the HR Business Partner has been working closely with the CEO to address the key issues within CLMT.

Data Privacy

Personal Data Protection Refresher Training

CLMT is dedicated to safeguarding personal data and ensuring compliance with Malaysia's Personal Data Protection Act (PDPA). In line with our commitment to transparency and security, we have in place effective data protection measures to ensure security of the personal information of our stakeholders. Our approach focuses on the following key areas:

Data Security Controls & Measures

1. Cybersecurity Infrastructure and Technologies

We have put in place cybersecurity infrastructure, implementing advanced encryption methods and intrusion detection systems to provide protection against unauthorised access.

2. Comprehensive Vulnerability Assessments

We conduct frequent and thorough evaluations of our IT systems to proactively identify and address potential risks, ensuring the resilience of our data protection mechanisms.

3. Access Controls Policies

We have data access policies, ensuring that sensitive information is handled exclusively by authorised personnel, thereby maintaining data integrity and confidentiality.

Employee CyberSecurity Awareness Education

1. CyberSecurity Training Programs

We have introduced comprehensive training sessions to educate employees on CyberSecurity best practices, fostering a culture of heightened data protection awareness.

2. Ongoing Learning Initiatives

Our continuous educational efforts have been intensified to keep employees informed about the latest IT security trends, evolving phishing tactics, and safe practices for email and Internet use.

Establishing Data Breach Response Protocols

1. Developed Response Plan

We have a comprehensive plan to manage data breaches effectively, including immediate containment, thorough assessment, and mitigation steps to minimise impact.

2. Regulatory Compliance

Our protocols ensure adherence to PDPA requirements, facilitating timely reporting of breaches to regulators and affected individuals, as may be required.

3. Regular Reviews and Updates

We periodically assess and update our response plan to ensure its effectiveness and alignment with current best practices.

Social and Relationship Capital

CLMT's social and relationship capital are built through its community efforts. Over the long-term, this strengthens its social license to operate and ability to deliver sustainable value to its stakeholders.

Stakeholders are groups that CLMT's business has a significant impact on, and those with a vested interest in its operations. Key stakeholders include staff, investors/Unitholders, customers, business associates, contractors and suppliers, and the local community. Other stakeholders include regulators and key government agencies, non-governmental organisations (NGOs), representatives of the capital market and the media.

CLMT seeks to understand its stakeholders' views, communicate effectively with them and respond to their concerns through various engagement channels. The following sections outline areas that are of interest to its different stakeholders.

Stakeholder Engagement

1. Staff

CLMT actively engages its staff through various avenues, including regular staff communication sessions held by senior management, to facilitate effective exchange of information and ensure alignment of business goals and objectives across all levels of the workforce.

CLMT advocates staff volunteerism as an integral part of building a caring and inclusive community. It grants staff up to three days of Volunteer Service Leave (VSL) per calendar year and staff are encouraged to contribute their time and talent for approved charitable causes with the CapitaLand Group's philanthropic arm, CapitaLand Hope Foundation or on their own. Staff who utilise all three days of VSL are eligible to nominate a registered charity to receive a donation from CHF, as part of its recognition and appreciation for staff volunteers. In 2024, 186 CapitaLand staff in Malaysia tapped on the VSL to contribute 1,403 hours for the #GivingBersama 4.0 initiative.

2. Customers

CLMT strives to create meaningful relationships with its customers. To maintain the relevance of its malls, CLMT conducted a tenant satisfaction survey for six of its retail properties in 2024, with an overall participation rate of 93.1%. CLMT garnered feedback on a range of matters from cleanliness, security, maintenance, mall ambience to the adequacy of car park lots. On an average, 92% of the respondents rated CLMT with Average or Good performance. The survey is useful in providing specific and actionable feedback, which allows us to better address our tenants' needs and concerns. The feedback obtained is reviewed and relevant follow-up actions are taken to improve the experience and service levels to its tenants and shoppers.

Among shoppers, we reinforce the positioning and brand identity of each of CLMT's properties through memorable promotional activities and theme-based events. Such activities also draw shopper traffic which can help to increase tenants' sales.

3. Investors

CLMT maintains high levels of engagement with its Unitholders and the investor community at large, to provide timely access to accurate information. This helps them to make sound judgements about the REIT, developing trust and confidence in CLMT. CLMT manages this engagement via multiple touchpoints. For more information on our investor engagement efforts, please refer to Investor & Media Relations section on page 28 to 29 of CLMT AR 2024.

CLMT's Investor Relations policy provides more information on its communications framework, and the policy is available on its website at www.clmt.com.my.

4. Government Agencies and Regulators

CLMT participates in stakeholder consultations organised by key government agencies to provide feedback on proposed regulatory changes that may impact the REIT's business. This allows us to plan and prepare ahead for any upcoming updates to regulations. Through our active participation in the Malaysian REIT Managers Association (MRMA), proactive engagements were also held regularly with the government, regulators and industry stakeholders to enhance regulatory framework and tax structures, amongst others, for the Malaysian Real Estate Investment Trust (M-REIT) industry. Engaging regulators and relevant industry bodies have also allowed CLMT to better manage the latest industry challenges, placing us in a better position to leverage existing and future opportunities for growth.

CLMT is committed to regulatory compliance. Procedures are in place to ensure that its activities and operations comply with existing regulatory requirements through regular monitoring, evaluation and audit of the EHS management systems.

5. Supply Chain Management

CLMT adopts the CapitaLand Supply Chain Code of Conduct, which sets out the requirements for responsible behaviours in the areas of business integrity and ethics such as anti-bribery and corruption, labour laws and human rights, health and safety, as well as environmental management. In addition to complying with local regulations and other legal requirements, all CLMT suppliers and service providers must acknowledge and adhere to the Code of Conduct and are subject to penalties in the event of any breaches or failure to remedy any breaches. 100% of our suppliers with new or renewal contracts have signed the CapitaLand Supply Chain Code of Conduct in 2024. The vendors are also briefed on CapitaLand's Environmental, Health and Safety (EHS) policy to ensure that they are trained and qualified on EHS measures. CLMT continues to screen its supply chain to ensure that relevant business and ESG risks are being managed appropriately. We identify critical suppliers as high-spend suppliers, non-substitutable suppliers or critical business component suppliers such as term contractors providing facility maintenance and property management services.

A high proportion of goods and services are sourced locally for CLMT. In 2024, about 98% of the appointed supply chain providers were from Malaysia.

6. Community

CLMT actively invests into the local communities in which it operates, by identifying suitable causes with local stakeholders and involving staff.

In 2024, CapitaLand Group, with the support from its philanthropic arm, CapitaLand Hope Foundation (CHF), has contributed RM200,000 worth of daily necessities and educational supplies to support ~2,600 underserved children and low-income families in Malaysia under its #GivingBersama 4.0 initiative. The community initiative, which is part of CapitaLand's annual #GivingAsOne global campaign, aims to support beneficiaries from orphanage homes, schools and low-income families in Penang, Klang Valley, Pahang and Johor.

CapitaLand staff volunteers came together to make a meaningful impact, supporting nearly 800 underserved children from 21 homes and over 1,800 beneficiaries from 600 low-income families. These beneficiaries were identified in collaboration with Unit Mutiara Food Bank in Penang and various Jabatan Kebajikan Masyarakat Malaysia offices in Kuala Lumpur, Kuantan and Johor.

Corporate Governance

OUR ROLE

We, CapitaLand Malaysia REIT Management Sdn. Bhd. (Manager), as the manager of CapitaLand Malaysia Trust (CLMT), set the strategic direction of CLMT and its subsidiaries (collectively, CLMT Group) and make recommendations to MTrustee Berhad (Trustee), in its capacity as trustee of CLMT on any investment or divestment opportunities for CLMT Group and the enhancement of the assets of CLMT Group in accordance with the stated investment strategy for CLMT. The research, evaluation and analysis required for this purpose are coordinated and carried out by us as the Manager.

As the Manager, we have general powers of management over the assets of CLMT Group. Our primary responsibility is to manage the assets and liabilities of CLMT Group for the benefit of the unitholders of CLMT (Unitholders). We perform this with a focus on generating rental income and enhancing asset values over time so as to maximise returns from the investments and ultimately, the distribution and total returns to Unitholders.

Our other functions and responsibilities of the Manager include:

- (a) using our best endeavours to conduct CLMT Group's business in a proper and efficient manner in the best interests of the Unitholders;
- (b) preparing annual business plans for review by the Directors of the Manager, including forecasts on revenue, net income and capital expenditure, explanations on major variances against previous years' financial results, written commentaries on key issues and underlying assumptions for rental rates, operating expenses and other relevant assumptions;
- (c) ensuring compliance with relevant laws and regulations, including but not limited to the Companies Act 2016, the Capital Markets and Services Act 2007 (CMSA), the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (Bursa Securities) (Listing Requirements), the Securities Commission's (SC) Guidelines on Listed Real Estate Investment Trusts (REITs Guidelines), Licensing Handbook, written directions, notices, codes and other applicable guidelines issued by SC and/or Bursa Securities and the tax rulings issued by the Inland Revenue Board of Malaysia on the taxation of CLMT and its Unitholders as well as any updates and amendments to such relevant laws and regulations;
- (d) attending to all regular communications with Unitholders; and

- (e) supervising the property managers which perform the day-to-day property management functions (including leasing, marketing and promotion, operations, coordination and other property management activities) for CLMT Group's properties.

The Manager also considers sustainability issues (including environmental and social factors) as part of its responsibility. CLMT's environmental, sustainability and community outreach programmes are set out on pages 40 to 64 of this Annual Report.

The Manager administers the enterprise risk management and ensures that internal controls are in place to mitigate and manage the risks as set out in the Risk Management section on pages 96 to 100 of this Annual Report.

CLMT, constituted as a trust, is externally managed by the Manager. The Manager was appointed in accordance with the terms of the trust deed dated 7 June 2010 (as amended, supplemented or restated from time to time) (Trust Deed). The Trust Deed outlines certain circumstances under which the Manager can be removed, including by notice in writing given by the Trustee upon the occurrence of certain events, or by resolution passed by a simple majority of Unitholders present and voting at a meeting of Unitholders duly convened and held in accordance with the provisions of the Trust Deed. The Manager appoints experienced and well qualified personnel to run its day-to-day operations.

There was no public sanction or penalty imposed on the Manager by the relevant regulatory bodies during the financial year ended 31 December 2024 (FY 2024).

The Manager is a wholly owned subsidiary of CLI Asset Management Pte. Ltd., which in turn is a wholly owned subsidiary of CapitaLand Investment Limited (CLI). CLI holds a significant indirect unitholding interest in CLMT. CLI is a leading global real estate investment manager with a strong Asia foothold and has a vested interest in the long-term performance of CLMT. CLI's significant indirect unitholding in CLMT demonstrates its commitment to CLMT and as a result, CLI's interests is aligned with that of other Unitholders. The Manager's association with CLI provides the following benefits, among other things, to CLMT:

- (a) a stable pipeline of property assets through CapitaLand Group;
- (b) wider and better access to banking and capital markets;
- (c) fund raising and treasury support; and
- (d) access to a pool of experienced management talent.

OUR CORPORATE GOVERNANCE FRAMEWORK AND CULTURE

The Manager embraces the tenets of good corporate governance, including accountability, transparency and sustainability. It is committed to enhancing long-term Unitholder value and has appropriate people, processes and structure to direct and manage the business and affairs of the Manager with a view to achieving operational excellence and delivering CLMT Group’s long-term strategic objectives. The developed policies and practices meet the specific business needs of CLMT Group and provide a firm foundation for a trusted and respected real estate investment trust.

As of the date of this Corporate Governance Statement (Statement), our corporate governance framework is set out below:

The Board of Directors (Board) sets the tone from the top and is responsible for the Manager’s corporate governance standards and policies, underscoring their importance to the Manager and CLMT Group.

This Statement sets out the Manager’s application of the corporate governance practices for FY 2024 with reference to the principles and practices of the Malaysian Code on Corporate Governance 2021 (Code) issued by the SC.

Throughout FY 2024, the Manager has generally applied the principles and practices of corporate governance laid down by the Code and substantially achieved the intended outcome outlined in the Code. Where there are deviations, appropriate explanations are provided in this Statement. This Statement also sets out additional policies and practices adopted by the Manager which are not provided in the Code.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD RESPONSIBILITIES

Board's Duties and Responsibilities

The Board oversees the strategic direction, performance and affairs of the Manager, in furtherance to the Manager's primary responsibility in fostering the success of CLMT so as to deliver sustainable value over the long-term to Unitholders. It provides overall guidance to the management team (Management), led by the Chief Executive Officer (CEO). The Board works with Management to achieve CLMT's objectives and long-term success and Management is accountable to the Board for its performance. Management is responsible for the execution of the strategy for CLMT and the day-to-day operation of CLMT's business.

The Board establishes goals for Management and monitors the achievement of these goals. It ensures that proper and effective controls are in place to assess and manage business risks and compliance with requirements under the Listing Requirements, REITs Guidelines as well as any other applicable guidelines prescribed by Bursa Securities, SC or other relevant authorities and such other applicable laws. It also sets the disclosure and transparency standards for CLMT and ensures that obligations to Unitholders and other stakeholders are understood and met. The goals and achievements of CLMT are set in the Balance Scorecard approved by the Board and are measured at the end of each financial year. The Board also receives periodic reports on the risks, compliance, conflicts of interest or potential/perceived conflicts of interest, if any and internal controls managed and applied by Management for CLMT and the Manager.

The Directors are fiduciaries and collectively, as the Board and individually, obliged at all times to act honestly and objectively in the best interests of CLMT. Consistent with this principle, the Board is committed to good ethics and integrity of action and has adopted a Code of Business Conduct and Ethics for Board of Directors (Board Code) which provides that every Director is expected to, among other things, adhere to the highest standards of ethical conduct. All Directors are required to comply with the Board Code. This sets the appropriate tone from the top in respect of the desired organisational culture and assists the Board in ensuring proper accountability by the Manager. In line with this, the Board has incorporated a standing policy in the Board Code that a Director must not allow himself or herself to get into a position where there is a conflict between his or her duty to CLMT and his or her own interests. Where a Director has a conflict (including potential conflict) of interest in a particular matter, he or she will be required to disclose his or her interest to the Board, recuse himself or herself

from deliberations on the matter and abstain from voting on the matter. Every Director has complied with this policy, and where relevant, such compliance has been duly recorded in the minutes of meeting or written resolutions. The Board Code which was last revised on 28 July 2022 is published on CLMT's website at www.clmt.com.my (Website).

Furthermore, the Directors have the responsibility to act with due diligence in the discharge of their duties and ensure that they have the relevant knowledge to carry out and discharge their duties as Directors, including understanding their roles as executive, non-executive, and IDs, the business of CLMT Group and the environment in which CLMT Group operates. The Directors are also required to dedicate the necessary effort, commitment and time of their work as directors, and are expected to attend all meetings of the Board, unless unforeseen circumstances make attendance impractical.

Board Committees

The Board has established various Board Committees to assist in the discharge of its functions. These Board Committees are the Audit Committee (AC), Nominating and Remuneration Committee (NRC) and the Executive Committee (Exco). The Board undertakes all the responsibilities for approving corporate disclosures other than certain non-material and routine disclosures which approvals are delegated to Management, following the dissolution of the Corporate Disclosure Committee on 1 February 2020.

All the Board Committees have clear written terms of reference setting out their respective composition, authorities and duties. Each of these Board Committees operates under delegated authority from the Board with the Board retaining overall oversight. The decisions and significant matters discussed at the respective Board Committees are reported to the Board on a periodic basis. The minutes of the Board Committee meetings which record the key deliberations and decisions taken during these meetings are also circulated to all Board members for their information. The composition of the various Board Committees is set out under the Corporate Information section of this Annual Report. The duties and responsibilities of the Board Committees are set out in this Statement.

The Board may form other Board Committees from time to time as dictated by business imperatives. The composition of each Board Committee is also reviewed as and when there are changes to Board membership and is managed to ensure an equitable distribution of responsibilities among Board members, to maximise the effectiveness of the Board and to foster active participation and contribution from Board members. Diversity of experience and appropriate skills are considered in the composition of the respective Board Committees.

Meetings of Board and Board Committees

Board and Board Committee meetings are scheduled prior to the start of each financial year in consultation with the Directors. In line with good governance practices, the Manager leveraged on technology by conducting hybrid meetings of the Board and Board Committees, which made it more convenient for meeting participation and robust discussion. The conduct of Board and Board Committee meetings which includes participation by any Director via audio or video conference is permitted by the Constitution of the Manager (Constitution). If a Director is unable to attend a Board or Board Committee meeting, he or she may provide his or her comments to the Chairman or the relevant Board Committee Chairman ahead of the meeting, and these comments are taken into consideration in the deliberations. The Board and Board Committees may also make decisions by way of written resolutions. In addition to scheduled meetings, the Board may also hold ad hoc meetings as and when required by business imperatives.

At each scheduled Board meeting, the Board is apprised, amongst others, the following:

- (a) significant matters discussed at the AC meeting which is typically scheduled before the Board meeting;
- (b) AC's recommendation on CLMT's periodic and year-end financial results following AC's review of the same;
- (c) decisions made by Board Committees in the period under review;
- (d) updates on the CLMT Group's business and operations in the period under review, including market developments and trends, as well as business initiatives and opportunities;
- (e) financial performance, budgetary and capital management related matters in the period under review, including any material variance between any projections in budget or business plans and the actual results from business activities and operations;
- (f) any risk management issues that materially impact CLMT Group's operations or financial performance;
- (g) updates on key Unitholder engagements in the period under review, as well as analyst views and market feedback;
- (h) updates on CLMT Group's sustainability matters;
- (i) prospective transactions which Management is exploring; and
- (j) summary of dealings in CLMT units (Units) by the Manager.

The Manager adopts and practises the principle of collective decisions and therefore, no individual Director influences or dominates the Board's discussion and decision-making

process. There is mutual respect and trust among the Directors and therefore the Board benefits from a culture of frank and rigorous discussions. Such discussions conducted on a professional basis contribute to the dynamism and effectiveness of the Board. The Board composition is such that there is diversity in views and perspectives which enriches deliberations and contributes to better decision-making by the Board. At Board and Board Committee meetings, all the Directors actively participate in discussions, in particular, they engage in open and constructive debate and will challenge the Management on its assumptions and recommendations. Management provides the Directors with complete, adequate and timely information prior to Board and Board Committee meetings and on an ongoing basis. This enables the Directors to make informed decisions and discharge their duties and responsibilities.

The Company Secretary of the Manager works with the Chairman and Management to ensure that Board meeting materials and agendas are provided to each Director at least seven (7) days before the date of the Board meetings so that they can familiarise themselves with the matters prior to the Board meetings. Meeting materials for Board Committee meetings are circulated in advance of the meetings in accordance with the Terms of Reference of the respective Board Committees. Agendas for Board and Board Committee meetings are prepared in consultation with the Chairman and the chairmen of the respective Board Committees. This provides assurance that there is time to cover all relevant matters during the meetings.

Presentations in relation to specific businesses areas are also made by key executives and external consultants or experts. This allows the Board to develop a good understanding of the progress of CLMT Group's business as well as the issues and challenges facing CLMT Group, and also promotes active engagement between the Board and the key executives of the Manager.

In line with the Manager's ongoing commitment to minimise paper wastage and reduce its carbon footprint, the Manager does not provide printed copies of Board and Board Committee meeting materials. Instead, the Directors are provided with tablet devices to enable them to access and review soft copies of the meeting materials prior to and during meetings. This initiative also enhances information security as the meeting materials are made available through a secure channel. The Directors are also able to review and approve written resolutions using tablet devices.

The Manager practices timely circulation of the minutes of the Board and Committee meetings after each meeting. These minutes accurately reflect the deliberations and decisions of the Board and Board Committees, including whether any Director abstained from voting or deliberating on any matter.

A total of five (5) Board meetings, four (4) AC meetings, one (1) NRC meeting and four (4) Exco meetings were held in FY 2024 with the Company Secretary in attendance at every meeting while Management and internal and external auditors attended the Board and Board Committee meetings upon invitation, as and when necessary. A table showing the attendance record of the Directors at meetings of the Board and Board Committees in FY 2024 is set out on page 87 of this Annual Report.

The Manager believes in the manifest contribution of its Directors beyond attendance at formal Board and Board Committee meetings. To judge a Director's contributions based on his attendance at formal meetings alone would not do justice to his overall contributions, which include being accessible to Management for guidance or exchange of views outside the formal environment of Board and Board Committee meetings. In addition to the formal meetings held in FY 2024, Management has received and benefited from the strategic guidance of the Board through the Directors having had many interactive sessions with Management in person and also through electronic means.

Directors' Development

In view of the increasingly demanding, complex and multi-dimensional roles of a Director, the Board recognises the importance of continuous training and development, including material sustainability risks and opportunities for its Directors, so as to equip them with the necessary knowledge and ability to discharge the duties and responsibilities of their office as Directors. The Manager has in place a training framework to guide and support the Manager towards meeting the objective of having a Board which comprises individuals who are competent and possess up-to-date knowledge and skills necessary to discharge their duties and responsibilities. Newly appointed Directors who have no prior experience as a director of a listed issuer are provided with training on the roles and responsibilities of a director of a listed issuer in accordance with the Listing Requirements.

Upon appointment, each Director is provided a copy of the Director's Manual (which includes information on a broad range of matters relating to the role, duties and responsibilities of a director). All Directors, upon appointment, also undergo an induction programme which focuses on orientating the Director to CLMT Group's business, operations, strategies, organisation structure, responsibilities of the CEO and other persons having authority and responsibility for planning, directing and controlling the activities of the Manager (key management personnel), as well as financial and governance practices. Through the induction programme, the new Director also gets acquainted with members of Management which facilitates their interaction at Board meetings.

Following their appointment, Directors are provided with opportunities for continuing education in areas such as Directors' duties and responsibilities, changes to regulations

and accounting standards and industry-related matters, so as to be updated on matters that affect or which may enhance their performance as Directors or Board Committee members. The Directors may also recommend suitable training and development programmes to the Board. In FY 2024, the training and professional development programmes for the Directors included seminars conducted by experts and senior business leaders on board practices and issues faced by boards. The Directors also regularly receive reading materials on topical matters or subjects as well as updates on regulatory changes and their implications. The Board has been continuously briefed and updated on the latest development on the corporate governance issues.

As at the date of this Statement, except for the newly appointed Directors, Ms Yong Su-Lin (Ms Yong) and Datin Hayati Aman Binti Hashim (Datin Hayati), who have yet to complete the Mandatory Accreditation Programme (MAP) as prescribed by Bursa Securities, all other Directors have attended the MAP Part I and Part II. Training programmes, seminars and conferences attended by the Directors during FY 2024 are set out on page 88 of this Annual Report.

Chairman and Chief Executive Officer

The Chairman is responsible for:

- (i) providing leadership to the Board so that the Board can perform its responsibilities effectively;
- (ii) overseeing the Board agenda and interfacing between Management and Board members for delivery of information required at each Board meeting;
- (iii) leading all Board meetings and discussions;
- (iv) encouraging active participation and allowing dissenting views to be freely expressed by the Directors;
- (v) managing the interface between Board and Management on all other matters;
- (vi) ensuring appropriate steps are taken to provide effective communication with stakeholders and that their views are communicated to the Board; and
- (vii) leading the Board in the adoption and implementation of good corporate governance practices in the Manager.

The roles and responsibilities of the Chairman and the CEO are held by separate individuals, in keeping with the principles that there be a clear division of responsibilities between the leadership of the Board and Management and that no one individual has unfettered powers in decision making.

During the FY 2024, the Board was led by Dato' Jeffrey Ng as Chairman of the Board whilst the CEO is Mr Tan Choon Siang. On 14 November 2024, CMRM announced the appointment of Ms Yong as CEO, Designate as part of the leadership succession plan effective 2 January 2025.

Ms Yong subsequently assumed the roles of CEO and Non-Independent Executive Director, succeeding Mr Tan Choon Siang who resigned from both positions effective 1 February 2025. The Chairman and the CEO enjoy a positive and constructive working relationship between them and support each other in their respective leadership roles. They do not share any family ties.

The Chairman provides leadership to the Board and facilitates the conditions for the overall effectiveness of the Board, Board Committees and individual Directors. This includes approving the agenda set for the Board meetings and ensuring that there is sufficient information and time given at meetings to address all agenda items, and promoting open and constructive engagement among the Directors as well as between the Board and the Management on strategic issues.

The Chairman devotes considerable time to understanding the business of CLMT Group, as well as the issues and the competition that CLMT faces. He plays a leadership role by providing oversight, direction, advice and guidance to the CEO. He also maintains open lines of communication and engages with other members of Management regularly, and acts as a sounding board for the CEO on any strategic and significant operational matters. The Chairman also ensures that the Board works together with Management with integrity, competency and moral authority, and that the Board engages Management in deliberations on strategy, business operations and enterprise risks.

The Chairman is not a member of the AC, NRC and Exco of the Manager. This is to ensure the objectivity of the Chairman is not impaired particularly during deliberation on the recommendations put forth by the Board Committees.

The CEO has full executive responsibilities to manage CLMT Group's business and to develop and implement policies approved by the Board.

The separation of the roles and responsibilities between the Chairman and the CEO and the resulting clarity of roles provide a healthy professional relationship between the Board and Management, facilitates robust deliberations on CLMT Group's business activities and the exchange of ideas and views to help shape CLMT's strategic process thus ensuring an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

Company Secretaries

The Board is supported by two (2) suitably qualified and competent Company Secretaries. The Company Secretaries keep themselves abreast of relevant developments. They have oversight of corporate secretarial administration matters and advise the Board and Management on corporate governance matters. The Company Secretary

attends all meetings of the Board, Board Committees and Unitholders' and assists the Board in ensuring that procedures are followed. The Company Secretary also facilitates the induction programme for new Directors and oversees professional development administration for the Directors. The appointment and the removal of the Company Secretaries is subject to the Board's approval.

During FY 2024, the Company Secretary has advised on corporate disclosures and ensure compliance with the Companies Act 2016 and provided updates on the REITs Guidelines, Listing Requirements and other related laws and regulations for the Manager's and Board's information.

Board Charter

The Board Charter has been established to clearly outline the roles and responsibilities of the Board to ensure that principles and practices of good corporate governance are applied by the Board. The Board's duties and responsibilities as outlined in the Board Charter include, among others, the following:

- (a) to approve the strategy and objectives for CLMT Group and to monitor the progress thereof;
- (b) to approve the financial plan (including annual budgets and capital management plans) and monitor the financial performance of CLMT Group;
- (c) to approve corporate and financial restructuring, mergers, major acquisitions and divestments;
- (d) to approve the risk appetite of the Group; and review the adequacy and effectiveness of the risk management and internal control systems;
- (e) to consider sustainability issues as part of its strategic formulation;
- (f) to review and approve the appointment of directors and their remuneration;
- (g) to review the appointment of and succession planning for the CEO;
- (h) to oversee the overall remuneration policy and compensation framework, and the compensation package for the CEO;
- (i) to oversee leadership development and succession planning;
- (j) to review and assess from time to time any real, potential or perceived conflict of interest involving (i) directors, chief executive and key senior management of the Company; and (ii) directors and chief executive of the Trustee of CLMT;
- (k) to oversee and accord sufficient priority and resources to manage technology risk including to approve and establish technology risk management framework (TRM Framework), risk appetite and risk tolerance statement

and to ensure the TRM Framework and policies are robust and sound; and

- (l) to appoint and remove the Company Secretary.

The Board Charter is periodically reviewed to reflect changes to the Board's policies, procedures and processes as well as any development in statutes and regulations that may have an impact on the discharge of the Board's duties and responsibilities. The Board Charter which was last revised on 24 April 2024 is published on the Website.

The Board has also adopted a set of internal control which establishes financial approval limits for capital expenditure, investments, divestments, bank borrowings and issuance of debt instruments and this is clearly communicated to Management in writing. The Board has reserved authority to approve certain matters including:

- (a) material acquisition, investments and divestments;
- (b) issue of new units in CLMT (Units);
- (c) income distributions and other returns to Unitholders; and
- (d) matters which involve a conflict of interest for a controlling Unitholder or a Director.

Apart from matters that specifically require the Board's approval, the Board delegates authority for transactions below the Board's approval limits to Board Committees and Management to optimise operational efficiency.

Code of Business Conduct

The Manager adheres to an ethics and code of business conduct policy which deals with issues such as confidentiality, conduct and work discipline, corporate gifts and concessionary offers. Clear policies and guidelines on how to handle workplace harassment and grievances are also in place. These policies and guidelines are published on CapitaLand Group's intranet, which is accessible by all employees of the Manager. The policies that the Manager has implemented aim to help detect and prevent occupational fraud mainly in three ways, as set out below.

Firstly, the Manager offers fair compensation packages, based on practices of pay-for-performance and promotion based on merit to its employees. The Manager also provides various healthcare subsidies and financial assistance schemes to alleviate the common financial pressures its employees face.

Secondly, clearly documented policies and work procedures incorporate internal controls which ensure that adequate checks and balances are in place. Periodic audits are also conducted to evaluate the efficacy of these internal controls.

Finally, the Manager seeks to build and maintain the right

organisational culture through its core values, educating its employees on good business conduct and ethical values. This is achieved through orientation training of new employees and periodic training updates for existing employees.

The Board adheres to the Board Code, which essentially sets out the standards of conduct expected from all Directors, including avoiding conflict of interest/potential conflict of interest, duties of honesty and good faith, professionalism and commitment, preventing non-compliance with laws, rules and regulations. If the conflict of interest/potential conflict of interest cannot be avoided, then the Director must make full disclosure to the Board.

Fraud, Bribery & Corruption Risk Management Policy

The Manager adopts a zero tolerance stance against fraud, bribery and corruption. In addition to clear guidelines and procedures for the giving and receipt of corporate gifts and concessionary offers, all employees of the Manager are required to pledge annually to uphold the Manager's core values and to not engage in any corrupt or unethical practices. This serves as a reminder to all employees to maintain the highest standards of integrity in their work and business dealings which is in line with the Corporate Liability Provision under Section 17A of the Malaysian Anti-Corruption Commission Act 2009 (MACC Act) which came into force on 1 June 2020.

The Board had on 22 January 2020 adopted the Fraud, Bribery & Corruption Risk Management Policy, also known as the FBC Policy, for the Manager's compliance. The FBC Policy underpins CLMT Group's strategies in identifying, preventing and managing bribery and corruption issues. The FBC Policy applies to all Directors and employees of the Manager in dealing with external parties in the commercial context and is extended to its business dealings with third parties. Pursuant to the FBC Policy, among other requirements, the Manager requires that certain agreements incorporate anti-bribery and anti-corruption provisions and communication of the zero-tolerance policy towards corruption and bribery is disseminated to all third parties in all correspondences to emphasise the Manager's commitment and seriousness. The FBC Policy is reviewed periodically to ensure that it continues to remain relevant, appropriate and effective to enforce the principles highlighted therein and to ensure continued compliance with the prevailing laws relating to corruption and bribery in Malaysia. A copy of the FBC Policy can be found on the Website.

A set of comprehensive communication slides has been established to communicate and disseminate the Corporate Liability Provision under Section 17A of the MACC Act as well as the FBC Policy throughout the CLMT Group through online training modules and other communication channels. The compliance with the policies and procedures put in place as guided by the Guidelines on Adequate Procedures issued

pursuant to Section 17A(5) of the MACC Act will be monitored closely, both on an ongoing basis and in conjunction with the annual assessment of the CLMT Group's corruption risks. The annual risk assessment is carried out to identify the corruption risks to which the CLMT Group is exposed to and the appropriateness of the mitigation measures established to minimise the exposure to these risks.

Anti-Money Laundering and Countering the Financing of Terrorism Measures

The Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 (AMLATFA) lays down various activities which AMLATFA views as unlawful activities and which the Manager must be aware of. The Manager has applied a policy on the prevention of money laundering and terrorism financing and is alert at all times to suspicious transactions. As part of its business operational practices, the Manager performs due diligence checks on its counterparties in order to ensure that it is able to detect any suspicious money laundering and terrorist financing activities and it does not enter into business transactions with terrorist suspects or other high-risk persons or entities.

Under this policy, all relevant records or documents relating to business relations with the CLMT Group's customers or transactions entered into must be retained for a period of at least seven years following the termination of such business relations or the completion of such transactions.

All prospective employees, officers and Capital Markets Services Representatives Licence (CMSRL) holders of the Manager are also screened against various money laundering and terrorism financing information sources and lists of designated entities and individuals provided by SC. Periodic training is provided by the Manager to its Directors, employees and CMSRL holders to ensure that they are updated and aware of applicable anti-money laundering and countering of terrorism financing regulations, the prevailing techniques and trends in money laundering and terrorism financing and the measures adopted by the Manager to combat money laundering and terrorism financing.

Whistleblowing Policy

A Whistleblowing Policy has been put in place to provide the Manager's employees and parties who have dealings with the Manager with well defined, accessible and trusted channels to report suspected fraud, corruption, dishonest practices or other improprieties in the workplace, and for the independent investigation of any reported incidents and appropriate follow up action.

The objective of this policy is to encourage the reporting of such matters so that employees or external parties making any reports in good faith will be able to do so with the confidence that they will be treated fairly and, to the extent possible, be protected from reprisal. The AC reviews all whistle-blowing complaints at its scheduled meetings. Independent, thorough investigation and appropriate follow up actions are then taken. The outcome of each investigation is reported to the AC. All employees of the Manager are informed of this Whistleblowing Policy which is made available on CapitaLand Group's Intranet. A copy of the Whistleblowing Policy can also be found on the Website.

Information Technology and Cyber Security Policies

The Manager adopted the Information Technology and Cyber Securities Policies (IT and Cyber Security Policies) on 24 July 2024 to establish a robust framework aimed at safeguarding the confidentiality, integrity and availability of the Manager's information and IT systems, while effectively managing technology risks. This implementation enhances the Manager's resilience, security and competitiveness in the digital age. Furthermore, it aligns with the Guidelines on Technology Risk Management issued by the SC, which came into effect on 19 August 2024, demonstrating the Manager's commitment to regulatory compliance.

Sustainability

In 2020, CapitaLand launched its Sustainability Master Plan (SMP) that articulates the CapitaLand Group's sustainability targets, strategies and plans till 2030. The CapitaLand 2030 SMP focuses on three key themes to drive sustainability efforts in the environment, social and governance (ESG) pillars, and serves as CapitaLand Group's strategic blueprint focused on areas where it can create a larger positive impact whilst pursuing growth responsibly. As a CLI-sponsored Real Estate Investment Trust, CLMT's sustainability targets and efforts are guided by CLI. The 2030 SMP, which is reviewed every two years, guides CLMT's sustainability efforts across the ESG pillars.

To ensure the sustainability practice becomes an integral part of the organisational activities, the Board, had approved the sustainability performance and the achievement of set targets as part of CLMT's Balanced Scorecard and these are cascaded down throughout the organisation from the Board through senior management to employees. Sustainability goals are part of the Balanced Scorecard for measuring performance which include measurements that track progress towards sustainability targets for CLMT.

The Manager, through company disclosures and various engagement channels including dialogues, participation at conferences, member representations in industry-related associations, benchmarking and responding to sustainability surveys seeks to understand its stakeholders' views, communicate effectively with them and respond to their concerns.

The Manager is committed to maintaining close stakeholder engagement and communication with key stakeholders.

The Board is mindful of the importance for its members to have an adequate understanding of the industry issues that may pose threat to the sustainability of the business, and they should possess the appropriate skills and experience to manage these risks. Whenever required, the Directors will undergo education programmes, such as through internal workshops and training to be apprised of changes to emerging sustainability issues including climate-related topics and their impacts on the Group.

The Board effectiveness evaluation questionnaire had been updated to include questions on the Board's oversight of ESG and sustainability-related performance measures. The Board concluded that ESG practices will remain one of the areas requiring ongoing focus and dedicated attention for continuous improvement.

To strengthen its sustainability stewardship, the Manager has formalised a Sustainability department effective January 2023, which is helmed by Ms Jasmine Loo, and supported by various Heads of Department of the Manager, and the Heads of Department of the operations and technical teams of CLI. The Sustainability department regularly updates the Board on matters relating to sustainability management performance of CLMT, key material issues identified by stakeholders and the planned follow-up measures.

II. BOARD COMPOSITION

Nominating and Remuneration Committee

The Manager has on 21 October 2021 established the NRC. The NRC is entrusted to assist the Board in, inter alia, matters relating to the appointment, re-appointment and retirement of Board and Board Committees members, review of Board's performance and Director's independence; oversight of the leadership development and succession planning, and the remuneration framework for Directors and key management personnel, including the CEO.

At present, the NRC comprise three (3) non-executive Directors, two (2) of whom are IDs. The NRC is chaired by Mr Tan Boon Peng, a non-executive independent Director. The roles and responsibilities of NRC are governed by its terms of reference. A copy of the terms of reference of NRC can be found on the Website.

A summary of key activities undertaken by the NRC in discharging its nomination duties during the financial year under review and up to the date of this Statement is set out below:

- (a) reviewed and proposed the redesignation of Dato' Jeffrey Ng as Chairman of the Board to the Board for approval;
- (b) reviewed and proposed the changes in NRC composition to the Board for approval;
- (c) reviewed the implementation of a Secondary Unit Award Exercise;
- (d) reviewed the granting of award of Units to eligible participants in accordance with CMRM's Restricted Unit Plan 2023 and CMRM's Performance Unit Plan 2023;
- (e) reviewed CLMT's Balanced Scorecard for FY 2024 and the achievements against the FY 2023's Balanced Scorecard;
- (f) reviewed and proposed the appointment of Datin Hayati as Non-Executive ID and as Member of the AC to the Board for approval;
- (g) reviewed the Board Evaluation Questionnaire for FY 2024;
- (h) reviewed and approved the appointment of Ms Yong as Chief Executive Officer, Designate;
- (i) assessed the performance of the Board, Board Committees and individual Directors based on the duly completed Board Evaluation Questionnaire;
- (j) assessed the independence of all non-executive IDs;
- (k) reviewed the size and composition of the Board, structure and membership of the Board Committees;
- (l) reviewed the payment of non-executive Directors' Fees; and
- (m) reviewed the appointment of Ms Yong as Executive Non-Independent Director and Chief Executive Officer and recommended to the Board for approval.

Board Independence

The Board has a strong independent element. Following Datin Hayati's appointment as Non-Executive ID on 1 October 2024 and Encik Mohd Yusof Bin Hussian's (En Yusof) resignation as Non-Executive ID on 31 December 2024, the Board composition remains at eight (8) Directors, five (5) of whom are IDs, including the Chairman. Profiles of the Directors are provided in our Board of Directors section on pages 14 to 18 of this Annual Report.

The Board reviews from time to time the size and composition of the Board and each Board Committee, with a view of ensuring that its size is appropriate in facilitating effective decision making, and the composition reflects a strong independent element as well as there is balance and diversity of thought and backgrounds. The review takes into account the scope and nature of CLMT Group's operations, and the competition that it faces.

The Board through NRC, assessed (and as and when circumstances require) the independence of each Director in accordance with the Listing Requirements, REITs Guidelines and the guidance in the Code. There is also a rigorous process to evaluate the independence of each ID. As part of the process:

- (a) each ID provides information on his or her business interests and confirms, upon appointment, as well as on an annual basis, that there are no relationships which interfere with the exercise of his or her independent business judgement with a view to the best interests of Unitholders; and such information is reviewed by the NRC; and
- (b) the NRC also gives consideration to the respective IDs' conduct and contributions at Board and Board Committee meetings, specifically, whether the relevant ID has exercised independent judgement in discharging his or her duties and responsibilities.

Each ID is required to recuse himself or herself from the NRC's and Board's deliberations on his or her independence. In appropriate cases, the NRC also reviews the independence of an ID as and when there is a change of circumstances involving the ID. In this regard, an ID is required to report to the Manager when there is any change of circumstances which may affect his or her independence.

The Board, through the NRC, has carried out the assessment of the independence of its IDs for FY 2024 and the continuation in office as an ID. The next paragraph set out the outcome of the assessment.

Dato' Jeffrey Ng, Mr Foo, Mr Tan Boon Peng, En Yusof, Ms Tan Ming-Li and Datin Hayati have confirmed that they do not have any relationships which could interfere with the exercise of their independence and have therefore demonstrated independence of character and judgement in the discharge of their responsibilities as Directors of the Manager during the financial year. The Board, based on the assessment conducted by the NRC, was satisfied that all the non-executive IDs acted with independent judgement and have been adequately carrying out their duties as an ID of the Manager. All assessments and evaluations carried out by the NRC were duly documented.

The Manager believes that Board renewal is a necessary and ongoing process, for good governance and ensuring that the Board has the skills, expertise and experience which are relevant to the evolving needs of CLMT's business. The renewal or replacement of a Director therefore does not necessarily reflect his/her performance or contributions. The Board has established the guideline that an ID will serve for an initial two three-year terms and any extension of term up to a maximum period of nine years (inclusive of the initial two terms served) will be individually considered by the Board. As at the date of this Statement, none of the ID had exceeded the maximum period.

Board Diversity

The Board embraces diversity and formally adopted a Board Diversity Policy in January 2020. The Board Diversity Policy provides that the Board shall comprise talented and dedicated Directors with a diverse mix of expertise, experience, perspectives, skills and backgrounds, with due consideration to diversity factors including but not limited to diversity in business or professional experience, age and gender.

The Board believes in diversity and values the benefits that diversity can bring to the Board in its deliberations. Diversity enhances the Board's decision-making capability and ensures that the Manager has the opportunity to benefit from all available talent and perspectives.

In line with the Paragraph 15.01A of the Listing Requirements, the Board had on 23 June 2022 approved and adopted the Directors' Fit and Proper Policy which outlined the fit and proper criteria for the appointment and re-appointment of Directors on the Board of the Manager and its subsidiaries. The said policy is devised to ensure that each of the Directors has the character and integrity; experience and competence; and time commitment to effectively discharge his or her role as a Director of the Manager and its subsidiaries. A copy of the Directors' Fit and Proper Policy is made available on the Website.

As of 31 December 2024, the Board comprised eight (8) members, of whom three (3) are female. Following the appointment of Ms Yong who succeeded Mr Tan Choon Siang as CEO on 1 February 2025 as part of the succession planning efforts, female representation on the Board increased to four (4), accounting for 50% of the Board. This significantly exceeds the Code's recommendation of at least 30% women directors. As for senior management, Management had also onboarded several female representatives in senior management roles, thereby achieving its goal of at least 30% female representation in the senior management positions in FY 2024.

In line with the Board Diversity Policy, the Board comprises Directors who are professionals with varied backgrounds, expertise and experience in areas such as retail management, investment, real estate, accounting and finance, banking and legal. Though the appointment and re-appointment of Directors of the Manager are not subject to the approval of the Unitholders of CLMT, the Board has established a formal and transparent process for these appointments. The NRC assisted the Board in matters relating to reviewing and recommending to the Board all nominations for the appointment and re-appointment of Directors. For Board nomination, the NRC shall consider candidates based on merit, objective criteria and the benefits of diversity on the Board, including gender, while ensuring that appointees have sufficient time to devote to their roles. Prior to the appointment as a Director, the proposed appointee is required to disclose any existing business interests that may result in a conflict of interest/potential conflict of interest and be required to report any future business interests that could result in such conflicts. The NRC also oversees the appointment of members to the various Board Committees.

During the year under review and up to the date of this Statement, there were few changes to the Board composition. The NRC conducted a comprehensive review and assessment of the newly appointed Directors, Datin Hayati and Ms Yong by evaluating their experience, skills, time commitment and expertise, and was satisfied that they have fulfilled the required criteria set by the Board and would be able to contribute to the Board with their vast experience. Based on the recommendation of the NRC, the Board had subsequently reviewed and approved the appointment of Datin Hayati and Ms Yong as Directors of the Manager.

Board Composition and Renewal

The NRC, in carrying out its duties of determining the optimal composition of the Board in their board renewal process and addressing board vacancies, identifies potential candidates and makes recommendations of board appointments to the Board whilst considering diversity factors such as age,

educational, business and professional backgrounds of its members. The Board strives to ensure that there is an optimal blend of backgrounds, experience and knowledge in business and general management, with expertise relevant to the CLMT Group's business and track record in the Board, whereby each Director can bring to the Board an independent and objective perspective to enable balanced and well-considered decisions to be made in the interests of the CLMT Group.

There is a structured process for determining Board composition and for selecting candidates for appointment as Directors. The Board through NRC evaluates the Board's competencies on a long-term basis and identifies competencies which may be further strengthened in the long-term. Board succession planning takes into account the need to maintain flexibility to effectively address succession planning and to ensure that the Manager continues to attract and retain highly qualified individuals to serve on the Board. The process ensures that the Board composition is such that the Board has capabilities and experience which are aligned with CLMT's strategy and environment.

NRC assisted the Board to carry out Board succession planning through the annual review of the Board's composition as well as when a Director gives notice of his or her intention to retire or resign. The NRC will seek to refresh the Board membership progressively and in an orderly manner, whilst ensuring continuity and sustainability of corporate performance.

The Board may engage external consultants from time to time to assist the Board in identifying suitable candidates for appointment to the Board. Candidates are identified based on the needs of CLMT and the relevant skills required, taking into account, among other things, the requirements in the Listing Requirements, REITs Guidelines and the Code, as well as the factors in the Board Diversity Policy and Directors' Fit and Proper Policy.

Board Performance

The Manager believes that oversight from a strong and effective Board goes a long way towards guiding a business enterprise to achieving success. Whilst Board performance is ultimately reflected in the long-term performance of CLMT Group, the Board believes that engaging in a regular process of self and peer assessment and evaluation of board performance provides an opportunity for the Board to reflect on its effectiveness including the quality of its decisions, and for Directors to consider their performance and contributions. It also enables the Board to identify key strengths and areas for improvement which are essential to effective stewardship and attaining success for CLMT.

As part of the Manager's commitment towards improving corporate governance, the Board has approved and implemented a process to evaluate annually the effectiveness of the Board as a whole and that of each of its Board Committees and individual Directors. The criteria for the evaluation are guided by the Corporate Governance Guide issued by Bursa Malaysia Berhad. As part of the process, a questionnaire is sent to the Directors, and the evaluation results are aggregated and discussed at the NRC meeting which were then shared with the Board and follow up action is taken where necessary with a view to enhance the effectiveness of the Board and individual Directors in the discharge of its or their duties and responsibilities respectively.

For Board and Board Committees, the evaluation categories covered in the questionnaire included Board structure, Board strategy, performance and governance, Board functions and practices, environmental, social and governance (ESG) or sustainability and Board Committees' effectiveness. As part of the questionnaire, the Board also considered whether the creation of value for Unitholders has been taken into account in the decision-making process.

For individual directors, the self-assessment evaluation was conducted to assess the fit and proper criteria of a director, focusing on areas in fitness and propriety; contribution and performance and calibre and personality. Whereas the peer assessment evaluation covered categories including the director's duties, contributions, conduct and interpersonal skills, as well as strategic thinking and risk management.

For FY 2024, the outcome of the evaluation was satisfactory and the Board as a whole, each of the Board Committees and each individual directors received affirmative ratings across all the evaluation categories.

The Board also recognises that contributions by an individual Director can take different forms including providing objective perspectives on issues, facilitating business opportunities and strategic relationships, and accessibility to Management outside of the formal environment of Board and/or Committee meetings.

The Board believes that the performance evaluation should be an ongoing process and the Board achieves this by seeking feedback on a regular basis. The regular interactions among the Directors, and between the Directors and Management, also contribute to this ongoing process. Through this process of engaging its members, the Board also benefits from an understanding of shared norms among Directors which also contributes to a positive Board culture. The collective Board performance and the contributions of individual Directors are also reflected in, and evidenced

by, synergistic performance of the Board in discharging its responsibilities as a whole by providing proper guidance, diligent oversight and able leadership, as well as lending support to Management in steering CLMT in the appropriate direction, for the long-term performance of CLMT whether under favourable or challenging market conditions.

III. REMUNERATION

Remuneration Matters

The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. The NRC which comprises exclusively non-executive Directors with majority of them being IDs, has been tasked with expanded duties and responsibilities to assist the Board in reviewing the appropriate framework and policies on matters relating to remuneration and compensation of the Board and key management personnel.

The remuneration framework and policy are designed to support the implementation of CLMT Group's business strategy and deliver sustainable returns to Unitholders. The principles governing the remuneration policy of the Manager's key management personnel are as follows:

Business Alignment

- Focus on generating rental income and enhancing asset value over time so as to maximise returns from investments and ultimately the income distribution and total return to Unitholders.
- Provide sound and structured funding to ensure affordability and cost-effectiveness in line with performance goals.
- Enhance retention of key talent to build strong organisational capabilities.

Motivate Right Behaviour

- Pay-for-performance – align, differentiate and balance rewards according to multiple dimensions of performance.
- Strengthen line-of-sight by linking rewards with performance.

Fair & Appropriate

- Ensure competitive remuneration relative to the appropriate external talent markets.

- Manage internal equity such that the remuneration systems are being viewed as fair across the CLMT Group.
- Significant and appropriate portion of pay-at-risk, taking into account risk policies of the CLMT Group, symmetrical with risk outcomes and sensitive to the risk time horizon.

Effective Implementation

- Maintain rigorous corporate governance standards.
- Exercise appropriate flexibility to meet strategic business needs and practical implementation considerations.
- Facilitate employee understanding to maximise the value of the remuneration programmes.

These remuneration policies are in line with CLMT Group's business strategy and the executive compensation framework is based on the key principle of linking pay to performance, which is emphasised by linking total remuneration to the achievement of business and individual goals and objectives. The NRC has access to independent remuneration consultants for advice on remuneration matters as and when required.

In terms of the process adopted by the Manager for developing and reviewing policies on remuneration and determining the remuneration packages for Directors and key management personnel, the Manager, through an independent remuneration consultant, takes into account compensation benchmarks within the industry so as to ensure that the remuneration packages payable to Directors and key management personnel are competitive and in line with the objectives of the remuneration policies. It also considers the compensation framework of CLI as a point of reference. The Manager is an indirect subsidiary of CLI which also holds a significant stake in CLMT. The association with the CLI Group puts the Manager in a better position to attract and retain better qualified management talent whereby it provides an intangible benefit to the Manager such that it allows its employees to associate themselves with an established corporate group which can offer them the depth and breadth of experience and enhanced career development opportunities.

In FY 2024, Willis Towers Watson (WTW) was appointed as independent remuneration consultant to provide professional advice on executive remuneration. WTW is not related to the Manager, its controlling shareholder, its related corporations or any of its Directors.

Remuneration for Key Management Personnel

Remuneration for key management personnel comprises fixed component, a variable component, long-term component and employee benefits. A significant proportion of key management personnel's remuneration is in the form of variable compensation, awarded in a combination of short-term, deferred and long-term incentives, in keeping with the principle that the interests of key management personnel align with those of Unitholders and that the remuneration framework links rewards to business and individual performance in addition to promoting the long-term success of CLMT Group.

A. Fixed Component:

The fixed component comprises the base salary, fixed allowances and compulsory employer contribution to the employees' Employees Provident Fund.

B. Variable Component:

The variable component is derived from the Balanced Scorecard Bonus Plan (BSBP) which is linked to the achievement of annual performance targets for each key management personnel as agreed at the beginning of the financial year with the Board.

Under the Balanced Scorecard framework, CLMT Group's strategy and goals are translated to performance outcomes comprising both quantitative and qualitative targets in the dimensions of:

- (a) REIT Performance: This includes targets relating to profitability and distributions, investors' outreach and communication, capital structure, as well as financial and risk management;
- (b) Preparing for Future: This includes targets relating to asset performance and occupancy, assets enhancements, capital recycling and balance sheet's health;
- (c) Manager's Financial Health: This includes targets relating to Manager's financial viability and efficiency; and
- (d) Sustainability: This includes targets relating to talent retention, succession planning and sustainable corporate practices (including workplace safety).

These Balanced Scorecard targets are approved by the Board and cascaded down throughout the organisation, thereby creating alignment across the CLMT Group.

After the close of each financial year, the Board reviews CLMT Group's achievements against the targets set in the Balanced Scorecard and determines the overall performance taking into consideration qualitative factors such as the business environment, regulatory landscape and industry trends.

In determining the payout quantum for each key management personnel under the BSBP, the Board considers the overall business performance and individual performance as well as the affordability of the payout to the Manager. The BSBP is delivered in a combination of cash and deferred Units with employees in senior management grades receiving a greater proportion of their BSBP payout in deferred Units. These time-based Units are awarded pursuant to CapitaLand Malaysia REIT Management Sdn Bhd Restricted Unit Plan (RUP) and will vest in three equal annual tranches without further performance condition. These Units awards ensure ongoing alignment between remuneration and sustainable business performance.

C. Long-Term Component:

Units were granted in FY 2024 pursuant to the CapitaLand Malaysia REIT Management Sdn Bhd Performance Unit Plan (PUP). The Manager believes that the Unit-based components of the remuneration for key management personnel serve to align the interests of such key management personnel with that of Unitholders and CLMT's long-term growth and value. The obligation to deliver the Units is satisfied out of existing Units held by the Manager.

To promote the alignment of Management's interests with that of Unitholders in the longer-term, senior members of Management are subject to Unit ownership guidelines to instill stronger identification with the longer-term performance and growth of the CLMT Group. Units vested pursuant to the Unit Plans may be clawed back in circumstances where the relevant participants are found to be involved in financial misstatement, misconduct, fraud or malfeasance to the detriment of the CLMT Group.

CapitaLand Malaysia REIT Management Sdn Bhd Restricted Unit Plan

The Board had previously approved the RUP with the aim of retaining staff whose contributions are essential to the well-being and prosperity of the Manager and CLMT Group and to give recognition to outstanding executives of the Manager who have contributed to the growth of the Manager and CLMT Group. In FY 2024, the NRC granted deferred awards which will be vested equally over a three-year period. Recipients will receive fully paid Units, their equivalent cash value or combinations thereof, at no cost.

In respect of the Unit awards granted under the RUP in FY 2024, one-third of the Award had been vested during the year.

CapitaLand Malaysia REIT Management Sdn Bhd Performance Unit Plan

The Board had previously approved the PUP with the aim of retaining staff whose contributions are essential to the well-being and prosperity of the Manager and CLMT Group and to give recognition to outstanding executives and executive directors of the Manager who have contributed to the growth of the Manager and CLMT Group. In FY 2024, the NRC had granted contingent awards which are conditional on targets set for a three-year performance period. A specified number of Units will only be released to the recipients at the end of the qualifying performance period, provided that minimally the threshold target is achieved.

Under the PUP, an initial number of Units (PUP baseline award) is allocated conditional on the achievement of pre-determined targets for Unitholder returns, net asset and sustainability. In respect of Unitholder returns, Management is measured by the Relative Total Unitholder Return (TUR) of the CLMT Group based on the percentile ranking of the TUR of the CLMT Group relative to its Malaysian REIT peers. In respect of net asset, it is measured based on the net asset value per Unit. In respect of sustainability, Management is measured on outcomes such as green building certification.

The above performance measures have been selected as a key measurement of wealth creation for Unitholders and the commitment of the CLMT Group towards sustainability. The final number of Units to be released will depend on the CLMT Group's performance against the pre-determined targets over the three-year qualifying performance period. This serves to align Management's interests with that of Unitholders in the longer-term and to deter short-term risk taking. No Units will be released if the threshold target is not met at the end of the qualifying performance period. On the other hand, if superior targets are met, more Units than the PUP baseline award can be delivered, up to a maximum of 200% of the PUP baseline award. The NRC has the discretion to adjust the number of Units released taking into consideration other relevant quantitative and qualitative factors. Recipients will receive fully paid Units, their equivalent cash value or combinations thereof, at no cost.

In respect of the Unit awards granted under the PUP in FY 2024, the qualifying performance period has not ended as at the date of this Statement.

D. Employee Benefits:

The benefits provided are comparable with local market practices.

The NRC evaluates the extent to which the key management personnel has delivered on the business and individual goals and objectives, and based on the outcome of the evaluation, approves compensation for the key management personnel. In such an evaluation, the NRC considers whether the level of remuneration is appropriate to attract, retain and motivate key management personnel to successfully manage CLMT Group for the long-term. The CEO does not attend discussions relating to his own performance and remuneration.

The Manager has opted not to disclose the top 5 Senior Management's remuneration. In arriving at its decision, the Manager has taken into account the intense competition for talent in the industry, as well as the need to balance the confidentiality and commercial sensitivities associated with remuneration matters. In addition, the remuneration of the CEO and other key management personnel of the Manager is paid out of the fees that the Manager receives (of which the quantum and basis have been disclosed), and is not being borne by CLMT.

Remuneration for Directors

The non-executive Directors' fees for FY 2024 are set out in the Non-Executive Directors' Remuneration Table on page 80 of this Annual Report.

The compensation policy for non-executive Directors is based on a scale of fees divided into basic retainer fees for serving as Director and additional fees for serving on Board Committees. The non-executive Directors' fee structure and Directors' fees are reviewed and benchmarked against Malaysian REIT and property peers, taking into account the effort, time spent and demanding responsibilities on the part of the non-executive Directors in light of the scale, complexity and geographic scope of CLMT Group's business. The remuneration of non-executive Directors is reviewed from time to time to ensure that it is appropriate to attract, retain and motivate the non-executive Directors to provide good stewardship of the Manager and CLMT Group.

The CEO who is an executive Director, is remunerated as part of the key management personnel of the Manager and does not receive any Director's fees for his/her role as an executive Director. As for the non-executive Directors who are employees of the CLI Group, their Directors' fee are paid in cash to the Manager's sole shareholder, CLI Asset Management Pte. Ltd..

Effective from FY 2024, the non-executive Directors' fees are paid in cash (about 80%) and in the form of Units (about 20%), save that any non-executive Director who is (i) a public officer or holding other board appointments and being requested by the director concerned to be paid fully in cash; (ii) being requested by their employers to be paid fully in cash; or (iii) stepping down from the Board during the financial year, the fees for the non-executive Director will be paid fully in cash. The Manager believes that the payment of a portion of the non-executive Directors' fees in Units will serve to align the interests of non-executive Directors with the interests of Unitholders and CLMT Group's long-term growth and value. The payment of non-executive Directors' fees in Units is satisfied from the Units held by the Manager. No individual Director is involved in any decision of the NRC and Board relating to his or her own remuneration.

In order to encourage the alignment of the interests of the non-executive Directors with the interests of Unitholders, Units delivered to the non-executive Directors as Directors' Fee payment shall only be sold after one year.

As with previous years, WTW was appointed in FY 2024 to provide professional advice on Board remuneration, with a view to ensuring the remuneration of non-executive Directors remains competitive.

Non- Executive Directors' Remuneration Table for FY 2024

Non-Executive Directors	Components of Directors' Fees ^{1,2} (RM)		Total Remuneration
	Cash Component	Units Component	
Lui Chong Chee ³	24,260	–	24,260
Dato' Jeffrey Ng Tiong Lip ⁴	166,609	41,652	208,261
Foo Wei Hoong ⁵	162,564	40,641	203,205
Tan Boon Peng	116,000	29,000	145,000
Mohd Yusof Bin Hussian	155,000	–	155,000
Tan Ming-Li	124,000	31,000	155,000
Datin Hayati Aman Binti Hashim ⁶	38,963	–	38,963
Lim Cho Pin Andrew Geoffrey ⁷	187,000	–	187,000
Goh Gek Hiang (Wu Yuxian) ⁷	142,000	–	142,000
Aggregate of the remuneration for Non-Executive Directors			1,258,689
¹ Inclusive the attendance fees of RM3,000 per meeting for overseas-based Director who travel to Malaysia to attend the meeting in person. ² Each non-executive Director (save for non-executive Directors who are employees of CLI Group or stepping down during the financial year or public officers or holding other board appointments and being requested by the director concerned to be paid fully in cash) shall receive up to 20% of his or her Director's fees in the form of Units (subject to truncation adjustments). The remainder of the Director's fees shall be paid in cash. No new Units will be issued for this purpose as these Units will be paid by the Manager from the Units it holds. ³ Mr Lui Chong Chee resigned as the Chairman of the Board and a Member of the NRC with effect from 1 February 2024. Fees are prorated accordingly. ⁴ Dato' Jeffrey Ng was redesignated as Chairman of the Board with effect from 1 February 2024. Fees are prorated accordingly. ⁵ Mr Foo Wei Hoong appointed as a Member of the NRC with effect from 1 February 2024. Fees are prorated accordingly. ⁶ Datin Hayati was appointed as Non-Executive Independent Director with effect from 1 October 2024. Fees are prorated accordingly and will be paid in cash due to considerations relating to her other concurrent board appointments. ⁷ For non-executive Directors who are management appointees of CLI, the Director fees are payable to CLI Asset Management Pte. Ltd.			

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

I. AUDIT COMMITTEE

Audit Committee

At present, the AC comprises three (3) members, all of whom are non-executive IDs (including the Chairman of the AC). The Chairman of the AC is not the Chairman of the Board. The members bring with them invaluable recent and relevant managerial and professional expertise in accounting, auditing and related financial management domains.

The AC does not comprise any former partners of CLMT's EA, Deloitte, who (a) ceased to be partners of Deloitte within the past three years; or (b) have any financial interest in Deloitte. The Manager has adopted the enhanced practice introduced by the Code, requiring a former partner of the EA to observe a cooling-off period of at least three years before being appointed as a member of the AC.

The AC has explicit authority to investigate any matter within its terms of reference. Management provides the fullest co-operation in providing information and resources, and in implementing or carrying out all requests made by the AC. The AC has direct access to the internal and external

auditors and full discretion to invite any Director or key management personnel to attend its meetings. Similarly, both the internal and external auditors have unrestricted access to the AC.

The AC has established an External Auditors' Independence Guideline that considers among others:

- (a) The competence, audit quality and resource capacity of the EA in relation to the audit;
- (b) The nature and extent of the non-audit services rendered and the appropriateness of the level of fees; and
- (c) The written assurance obtained from the EA confirming that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

The External Auditor's Independence Guidelines was last revised and adopted by the Board on 27 April 2023.

The AC has reviewed the nature and extent of non-audit services provided by the EA during FY 2024 and the fees paid for such services. The AC also undertook a review of the independence of the EA, taking into consideration, among other factors, CLMT's relationship with the EA in FY

2024, as well as the processes and safeguards adopted by the Manager and the EA relating to audit independence. Based on the review and the results of the assessment by Management of the EA in FY 2024, the AC is satisfied that the EA are adequately resourced, effective and independent, the latter of which was confirmed through the provisions of the EA's written confirmation of their independence to the AC. The aggregate amount of fees paid and payable to the external auditors for FY 2024 was RM207,200, of which audit assurance fees amounted to RM141,700 and non-audit assurance fees amounted to RM65,500.

At present, there is a level of financial literacy amongst the AC members who collectively have the appropriate competence and sufficient understanding of CLMT Group's business. The qualification and experience of the individual AC members are disclosed in the profile of Directors provided under our Board of Directors section in this Annual Report.

Key Audit Matters

In the review of the financial statements of the CLMT Group for FY 2024, the AC has discussed with Management the accounting principles that were applied and their judgement of items that might affect the integrity of the financial statements and also considered the clarity of key disclosures in the financial statements.

The AC reviewed the valuation of the investment properties, being the key audit matter as reported by the EA for FY 2024. The AC was updated of the valuation methodologies and key assumptions applied by the valuers for the investment properties in arriving at the valuations. Due diligence of the valuers' competency and independence was also presented to the AC. The AC considered the findings of the EA, including their assessment of the appropriateness of valuation methodologies and the key assumptions applied in the valuation of the investment properties.

The AC reviewed the outputs from the valuation process of the investment properties and held discussions with Management to review the valuation methodologies, focusing on significant changes in fair value measurement and key drivers of the changes including the reasonableness of the capitalisation rates adopted by the valuers. The AC was satisfied with the valuation process, the methodologies used and the valuation of the investment properties.

No significant matter came to the attention of the AC during the review.

In FY 2024, the AC held two (2) private sessions with the internal and external auditors without Management's presence, to discuss the reasonableness of the financial reporting process, the system of internal controls, and the significant comments and recommendations by the auditors.

In FY 2024, changes to accounting standards, accounting systems and accounting issues which have a direct impact on the financial statements were reported to and discussed with the AC at its meetings.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Manager maintains an adequate and effective system of risk management and internal controls addressing material financial, operational, environmental, compliance and information technology (IT) risks to safeguard Unitholders' interests and CLMT Group's assets.

The Board has overall responsibility for the governance of risk and oversees the Manager in the design, implementation and monitoring of the risk management and internal control systems whilst the day-to-day risk management resides with the respective business units risk owners.

Given the size and scale of CLMT Group's operations, there is no separate Risk Management Committee as the AC and Exco have been entrusted to assist the Board in carrying out the Board's responsibility of overseeing the risk management framework and policies for CLMT Group and the members of the AC and Exco have the relevant skills and capabilities to do so.

The AC and Exco, guided by their respective terms of reference, and in particular, during FY 2024:

- (a) made recommendations to the Board on CLMT Group's risk strategy, risk appetite and risk limits;
- (b) assessed the adequacy and effectiveness of the risk management and internal control systems established by the Manager to manage risks;
- (c) oversaw the formulation, updating and maintenance of an adequate and effective risk management framework, policies and strategies for managing risks that were consistent with CLMT Group's risk appetite and reported to the Board on its decisions on any material matters concerning the aforementioned;
- (d) made the necessary recommendations to the Board such that an opinion regarding the adequacy and effectiveness of the risk management and internal controls systems could be made by the Board in this Annual Report; and
- (e) considered and advised on risk matters referred to it by the Board or Management, including reviewing and reporting to the Board on any material breaches of the Risk Appetite Statement (RAS) any material non-compliances with the approved framework and policies and the adequacy of any proposed actions.

Enterprise Risk Management Framework

The Manager adopts an Enterprise Risk Management (ERM) Framework which sets out the required environmental and organisational components for managing risks in an integrated, systematic and consistent manner. The ERM Framework and related policies are reviewed annually. In FY 2024, Management conducted a benchmarking exercise to evaluate CLMT's and the Manager's risk management practices and confirmed to the AC and Board that the risk management practices implemented by CLMT and the Manager aligns with that of CLI Group's directives and complies with Malaysian laws and regulatory requirements, including those set forth in the Listing Requirements and the Code.

As part of the ERM Framework, the Manager undertakes and performs a Risk and Control Self-Assessment (RCSA) annually to identify material risks along with their mitigating measures. The adequacy and effectiveness of the systems of risk management and internal controls are reviewed at least annually by Management, the AC and the Board.

CLMT Group's RAS, incorporating the risk limits, addresses the management of material risks faced by CLMT Group. Alignment of CLMT Group's risk profile to the RAS is achieved through various communication and monitoring mechanisms (including key risk indicators set for Management) put in place across the various functions within the Manager.

More information on the Manager's ERM Framework including the material risks identified can be found in the Risk Management section on pages 96 to 100 of this Annual Report.

The internal and external auditors conduct reviews of the adequacy and effectiveness of the material internal controls (including financial, operational, environmental, compliance and IT controls) and risk management systems. This includes testing, where practicable, material internal controls in areas managed by external service providers. Any material non-compliance or lapses in internal controls together with corrective measures recommended by the internal and external auditors are reported to and reviewed by the AC and Exco. The AC also reviews the adequacy and effectiveness of the measures taken by the Manager on the recommendations made by the internal and external auditors in this respect.

The Board has received assurance from the CEO, the CFO and the relevant key management personnel of the Manager who have responsibility regarding various aspects of risk management and internal controls that the systems of risk management and internal controls for the CLMT Group are adequate and effective to address the risks (including financial, operational, environmental, compliance and IT risks) which the Manager considers relevant and material to its current business environment.

The CEO and the CFO have obtained similar assurances from the respective risk and control owners for the purposes of Board assurance.

Based on the ERM Framework and the reviews conducted by Management and both the internal and external auditors, as well as the assurance from the CEO and the CFO of the Manager, the Board is of the opinion, that the system of risk management and internal controls (including financial, operational, environmental, compliance and IT risks) which the CLMT Group considers relevant and material to its current business environment as at 31 December 2024 is adequate. No material weakness in the systems of risk management and internal controls were identified by the Board or the AC in the review for FY 2024.

The Board notes that the systems of risk management and internal control established by the Manager provide reasonable assurance that CLMT Group, as it strives to achieve its business objectives, will not be significantly affected by any event that can be reasonably foreseen or anticipated. However, the Board also notes that no system of risk management and internal controls can provide absolute assurance in this regard, or absolute assurance against poor judgement in decision making, human error, losses, fraud or other irregularities.

Internal Audit Function

The Manager has in place an internal audit (IA) function supported by CapitaLand Group's Internal Audit Department (CLI Group IA) which reports directly to the AC. CLI Group IA is independent of the activities it audits and has unfettered access to the Manager's documents, records, properties and employees, including access to the AC.

The AC monitors and assesses the role and effectiveness of the internal audit function through the review of the internal audit processes from time to time. The AC also reviews to ensure that CLI Group IA is adequately resourced and skilled in line with the nature, size and complexity of CLMT Group's business. The AC reviewed the internal audit function in respect of FY 2024, and is satisfied that the internal audit function is adequately resourced, effective and independent.

CLI Group IA formulates its internal audit plan in consultation with, but independently of, Management and its audit plan is submitted to the AC for approval prior to the beginning of each financial year. CLI Group IA also reviews compliance with CLMT Group's policies, procedures and regulatory responsibilities, performed in the context of financial and operational and information system reviews. The AC also meets with CLI Group IA at least twice a year without the presence of Management.

During FY 2024, CLI Group IA conducted all audit assignments according to the 2024 internal audit plan as approved by the AC and on a quarterly basis, reported to AC, a summary of the Related Party Transactions and Recurrent Related Party Transactions entered into by CLMT. The AC also reviewed reports on whistle-blower complaints reviewed by CLI Group IA to ensure independent and thorough investigation and adequate follow-up.

The total costs incurred for the internal audit function for FY 2024 amounted to RM239,274.

CLI Group IA

CLI Group IA is adequately resourced and staffed with persons having relevant qualifications and experience. CLI Group IA is guided by the International Standards for the Professional Practice of Internal Auditing developed by the Institute of Internal Auditors Inc. Singapore (IIAS), and has incorporated such standards into its audit practices.

None of the CLI Group IA team members are related to the Management. To ensure that internal audits are performed effectively, CLI Group IA recruits and employs suitably qualified professional staff with the requisite skill sets and experience. This includes staff involved in IT audits who possess the relevant professional IT certifications and are also members of the Information System Audit and Control Association (ISACA) Singapore Chapter, a professional body administering information system audit and information security certifications that is headquartered in the USA. CLI Group IA identifies and provides training and development opportunities for its staff to ensure that their technical knowledge and skill sets remain current and relevant.

As of 31 December 2024, CLI Group IA staff strength is at 36 persons, including Head of CLI Group IA.

CLI Group IA is headed by Ms Jenny Tan. She has more than 10 years of experience in Internal Audit, Compliance and Group Finance. Ms Jenny Tan has a Masters of Professional Accounting (MPA) from University of Adelaide (Australia) as well as a Masters of Business Administration (MBA) from the University of Leicester (UK).

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. ENGAGEMENT WITH STAKEHOLDERS

Timely Disclosure of Information

The Manager is committed to keeping all Unitholders, other stakeholders, analysts and the media informed of the performance and changes in CLMT or its business which would likely materially affect the price or value of the Units. This is performed through posting of announcements and

news release on Bursa Securities and the Website on a timely and consistent basis.

The Manager has a formal policy on corporate disclosure controls and procedures to ensure that CLMT complies with its disclosure obligations under the Listing Requirements. These controls and procedures incorporate the decision-making process and an obligation on internal reporting of the decisions made.

Investor Relations

The Manager has an Investor Relations and Sustainability department that facilitates effective communication with Unitholders, analysts and the media. The Manager also maintains the Website which contains information on CLMT including but not limited to current and past announcements and new releases, financial statements, investor presentations and annual reports of CLMT.

The Manager actively engages with Unitholders with a view to solicit and understand their views, and has put in place a Unitholders' Communication and Investor Relations Policy (IR Policy) to promote regular, effective and fair communication with Unitholders. The Policy, which sets out the mechanism through which Unitholders may contact the Manager with questions and through which the Manager may respond to such questions, is available on the Website. Unitholders are welcomed to engage with the Manager beyond general meetings and they may do so by contacting the Investor Relations department whose details may be found on the Website under the heading Ask Us or email the Manager at ask-us@clmt.com.my.

More information on the Manager's investor and media relations initiatives can be found in the Investor & Media Relations section on pages 28 to 29 of this Annual Report.

II. CONDUCT OF GENERAL MEETINGS

The Manager is committed to treating all Unitholders fairly and equitably.

All Unitholders enjoy specific rights under the Trust Deed and the relevant laws and regulations. These rights include, among other things, the right to participate in profit distributions. They are also entitled to attend general meetings and are accorded the opportunity to participate effectively and vote at general meetings (including through proxies, if they are unable to attend in person, or if their Units are held through corporations).

All Unitholders were given at least 28 days' notice prior to the 2024 Annual General Meeting held on 27 March 2024 (2024 AGM) which is beyond the minimum requirement of 21 days. The notice includes details of the resolutions proposed along with any background information and reports or recommendations that are relevant.

The Annual General Meeting of CLMT for 2025 will take place on 4 April 2025. Full details of the resolutions can be found in the Notice of Annual General Meeting section on pages 199 to 202 of this Annual Report.

Save for En Yusof who was unable to attend the 2024 AGM due to unforeseen circumstances, all other Directors attended (either in person or virtually). Those Directors who were present provided meaningful responses to the queries and clarifications addressed to them, if any.

CLMT supports the principle of encouraging Unitholders' participation and voting at general meetings. CLMT Annual Report is provided to Unitholders within four (4) months from the end of CLMT's financial year. Unitholders may download CLMT's Annual Report 2024, which also contains the notice of annual general meeting, from the Website and printed copies of the same are available upon request. More than the legally required and minimum notice period for general meetings is generally provided by CLMT. Notices of the general meetings are also advertised in the press and announced to Bursa Securities via Bursa LINK. The rationale and explanation for each agenda item which requires Unitholders' approval at a general meeting are provided in the notice of the general meeting or in the accompanying circular (if any) issued to Unitholders in respect of the matter(s) for approval at the general meeting. This enables Unitholders to exercise their votes on an informed basis.

All Unitholders are given the opportunity to participate effectively in and to vote at general meetings.

The 2024 AGM was conducted on virtual basis through live streaming and online remote voting using the Remote Participation and Electronic Voting (RPEV) facilities managed by the Poll Administrator, Boardroom Share Registrars Sdn Bhd. The RPEV facilities enabled unitholders to participate, posed questions (via real time submission of typed texts) and vote remotely without physically attending the meeting. The Poll Administrator is using the core Lumi AGM software of which there are security measures in place to address any potential cyber threats when conducting the virtual meetings. The Poll Administrator also has in place due process which ensured only registered unitholders are allowed to participate in the virtual meetings. The administrative details of the 2024 AGM as well as the detailed registration and voting procedures were shared with the Unitholders and the same were also published on the Website.

At the 2024 AGM, Management made a presentation to Unitholders to update them on CLMT Group's performance, position and prospects. The presentation materials were made available to Unitholders on the Website and Bursa LINK. Unitholders were informed of the rules governing general meetings and were given the opportunity to communicate their views and discuss with the Board and Management matters affecting CLMT Group. Representatives of the Trustee, Directors (including the chairmen of the respective

Board Committees) and key management personnel were present for the entire duration of the 2024 AGM to address any queries from the Unitholders.

To safeguard Unitholders' interests and rights, a separate resolution is proposed for each substantially separate issue at general meetings. To ensure transparency in the voting process and better reflect Unitholders' interest, the Manager conducts electronic poll voting for all the resolutions proposed at the general meetings. Voting procedures and the rules governing are explained and vote tabulation procedures are disclosed at the general meetings. An independent scrutineer is also appointed to validate the vote tabulation procedures. Votes cast, for or against and the respective percentages, on each resolution are tallied and displayed on-screen to Unitholders immediately after the scrutineer verified the voting results for each resolution. The total number of votes cast for or against each resolution and the respective percentages are also announced on Bursa LINK after the general meetings. Voting in absentia and by email may only be possible following a thorough assessment to ensure that the integrity of information and authentication of the identity of Unitholders through the web are not compromised.

Questions received from Unitholders prior to and during the 2024 AGM were displayed on the screen for all meeting participants during the meeting. The questions were duly addressed and responded by the Board and the Management.

Minutes of the general meetings, recording the substantial and relevant comments made, questions raised and answers provided, are prepared and made available to Unitholders for their inspection upon request. The minutes of the general meetings were also made available on the Website within 30 business days after the general meetings were held.

OTHERS

Dealing with Related Parties

Review Procedures for Related Party Transactions (RPT) [including Recurrent Related Party Transactions (RRPT)]

The Manager has established internal control procedures to ensure that all RPT are made on terms which are the best available for CLMT and which are no less favourable to CLMT than an arm's length transaction between independent parties. In respect of such transactions, the Manager would have to demonstrate to the AC that the transactions are the best available for CLMT and are no less favourable than an arm's length transaction between independent parties which may include obtaining (where applicable) third party quotations or obtaining valuations from independent valuers (in accordance with the REITs Guidelines and the Listing Requirements). The internal control procedures also ensure compliance with the Listing Requirements and the REITs Guidelines.

In particular, the procedures in place include the following:

RPT ¹ with percentage ratio ²	Approving Authority, Procedures and Disclosure
Below 0.25%	Audit Committee recommends to Board ³
0.25% or more	Audit Committee recommends to Board ³ Immediate announcement
5% or more	Audit Committee recommends to Board ³ Immediate announcement Independent Adviser Unitholders' Approval
25% or more	Audit Committee recommends to Board ³ Immediate announcement Independent Adviser Principal Adviser Unitholders' Approval
Recurrent Related Party Transactions (RRPT) with percentage ratio ²	Approving Authority, Procedures and Disclosure
Below 1%	Audit Committee (periodic review only)
1% or more	Audit Committee recommends to Board ³ Immediate announcement

¹ RPT of less than RM500,000 is noted.
² The calculation is based on the total assets which are the subject matter of the transaction compared with the total assets of CLMT.
³ Board save for interested directors who shall abstain.

Role of the AC for RPT

The Manager's internal control procedures are intended to ensure that RPT are conducted on terms which are best available for CLMT and which are no less favourable to CLMT than arm's length transaction between independent parties.

The Manager maintains a register to record all related parties of CLMT and RPT which are entered into by CLMT (and the basis, including the quotations obtained to support such basis upon which they are entered into). All RPT are subject to regular periodic reviews by the AC, which in turn obtains advice from CLI Group IA, to ascertain that the guidelines and procedures established to monitor RPT, including the relevant provisions of the Listing Requirements and the REITs Guidelines, as well as any other guidelines which may from time to time be prescribed by Bursa Securities, the SC or other relevant authority, have been complied with. The review includes an examination of the nature of the transaction and its supporting documents or such other information deemed necessary by the AC. If a member of the AC has an interest in a transaction, he is to abstain from participating in the review and approval process in relation to that transaction.

Details of all RPT entered into by CLMT Group during the financial year are disclosed on page 147 of the Financial Statements section of this Annual Report.

Dealing with Conflicts of Interest/Potential Conflicts of Interest

The following principles and procedures have been established to deal with potential conflicts of interest which the Manager (including the Directors, executive officers and employees of the Manager) may encounter in managing CLMT:

- The Manager will be a dedicated manager to CLMT and will not manage any other REITs or be involved in any other real property business;
- All executive officers of the Manager will be employed by the Manager;
- All resolutions at meetings of the Board of the Manager in relation to matters concerning CLMT must be decided by a majority vote of the Directors, including at least one ID;
- In respect of matters in which CapitaLand and/or its subsidiaries have an interest, whether direct or indirect, any nominees appointed by CapitaLand and/or its subsidiaries to the Board will abstain from voting;
- In respect of matters in which a Director or his associates have an interest, whether direct or indirect, such interested Director will abstain from voting;

- (f) If the Manager is required to decide whether or not to take any action against any person in relation to any breach of any agreement entered into by the Trustee for and on behalf of CLMT with an affiliate of the Manager, the Manager is obliged to consult with a reputable law firm (acceptable to the Trustee) which shall provide legal advice on the matter. If the said law firm is of the opinion that the Trustee, on behalf of CLMT, has a prima facie case against the party allegedly in breach under such agreements, the Manager is obliged to pursue the appropriate remedies under such agreements. The Directors of the Manager have a duty to ensure that the Manager complies with the aforesaid. Notwithstanding the foregoing, the Manager shall inform the Trustee as soon as it becomes aware of any breach of any agreement entered into by the Trustee with an affiliate of the Manager, and the Trustee may take such action as it deems necessary to protect the rights of Unitholders and/or which is in the interests of Unitholders. Any decision by the Manager not to take action against an affiliate of the Manager shall not constitute a waiver of the Trustee's right to take such action as it deems fit against such affiliate; and
- (g) The Board shall comprise at least one-third of IDs. Currently the Board comprises a majority of IDs.

The Board has adopted a Conflicts Management Policy (Malaysia) which outlines the framework and processes for managing any conflict that may influence or compromise the objectivity and impartiality of the business operations, as well as to safeguard the reputation and credibility of the Manager. It also serves as a guide to the AC, NRC and Board in discharging their role, which involves providing oversight and review of the COI situations that arose, persist or may arise within the Manager. The Manager manages conflict of interests through the following three (3) broad approaches where appropriate:

- (a) Avoiding COI – a COI situation is avoided altogether by not entering into a new relationship or transaction where there is potential for a conflict to arise;
- (b) Controlling COI – the Manager identifies, assesses and evaluates the COI and implements appropriate procedures and safeguards to manage the conflicts and minimise its effects; and
- (c) Disclosing COI – Directors, Chief Executives and employees of the Manager as well as Directors and Chief Executives of the Trustee are required to disclose their COI. The COI of the Manager's Directors shall then be disclosed in the Annual Report of CLMT. The rule of thumb is when in doubt, to disclose.

The Manager and the Trustee have been granted a right of first refusal (ROFR) by CapitaLand Mall Asia Limited (CMA), a wholly owned subsidiary of CLI, where:

- (a) For so long as the Manager shall remain the manager of CLMT and whereby the Manager and CMA are both subsidiaries of CapitaLand, neither CMA nor any subsidiary of CMA, will (a) purchase any relevant retail property which CMA and/or its subsidiaries may identify and target for acquisition in the future without granting the ROFR to CLMT to purchase such relevant retail property at the offer price and based on the terms and conditions as proposed to the relevant member of CMA and its subsidiaries, subject to various procedural requirements, including notice provisions, as set out in the letters of undertakings; or (b) sponsor or act as the manager of another REIT or any listed company in Malaysia that competes or will compete for the acquisition of relevant retail property, save that (a) and (b) shall not be applicable to any relevant retail property which is the subject matter of any of the following:
- (i) joint venture or proposed joint venture with CMA and/or its subsidiaries and any third party or parties; or
 - (ii) a proposal made exclusively available to CMA and/or its subsidiaries; or
 - (iii) a fund or proposed fund managed by CMA and/or its subsidiaries.
- (b) In the event CMA should sponsor a Malaysian retail property fund for the acquisition and/or development of relevant retail property, CMA shall endeavour to procure that such fund shall grant to CLMT a ROFR in relation to any relevant retail properties of which the fund wishes to dispose.

This undertaking has the effect of limiting the ability of CMA from undertaking or participating in certain business opportunities, as described above.

Dealing in Securities

The Manager has devised and adopted a securities dealing policy for the Manager's officers and employees which applies the best practice recommendations in the Listing Requirements. To this end, the Manager has issued guidelines to its Directors and employees as well as certain relevant executives of the CLI Group, which set out prohibitions against dealings in CLMT's Units (i) while in possession of material unpublished price-sensitive information, (ii) during the periods commencing 30 calendar days before the release of CLMT's quarterly results and up to the time of each announcement of CLMT's financial statements during a financial year. In addition, if any of such affected persons deal in CLMT's Units during the closed periods or outside closed periods under the Listing Requirements, they are required to comply with the conditions as set out in the Listing Requirements. They are also made aware of the applicability of the insider trading laws at all times.

Fees payable to the Manager

The methodology for computing the fees payable to the Manager is contained in Clause 18 of the Trust Deed, details of which are disclosed under Notes to Financial Statements.

The Management Fees, which are contained in Clause 18 of the Trust Deed, are fees earned by the Manager for the management of CLMT's portfolio. The Management Fee should be viewed holistically as a whole which comprise two components, namely the Base Fee and Performance Fee, which are elaborated further below:

Base Fee

The Base Fee enables the Manager to cover operational and administrative overheads incurred in the management of the portfolio. The Base Fee is calculated at a percentage of assets value as the asset value provides an appropriate metric to determine the resources for managing the assets.

Performance Fee

The Performance Fee is calculated in reference to the net property income before payment of the Management Fee, for each Distribution Period based on the unaudited or as the case may be, the audited accounts of the Trust determined for the relevant Distribution Period but subject to reconciliation to the amount calculated by reference to the audited account of the Trust for the relevant Financial Year.

In addition, the Manager is also paid an Acquisition Fee or a Divestment Fee upon the successful completion of an acquisition or divestment respectively. Further details on the Acquisition Fee and Divestment Fee are provided below.

Acquisition Fee

The Acquisition Fee, which is contained in Clause 18.3 of the Trust Deed, is earned by the Manager upon the successful completion of an acquisition. This fee seeks to motivate and compensate the Manager for its efforts expended to continually seek and acquire Distribution Per Unit accretive assets to increase longer-term returns for Unitholders. In addition, the Acquisition Fee allows the Manager to recover the additional costs and resources incurred by the Manager in the course of seeking new acquisition opportunities, including but not limited to, due diligence efforts and man hours spent in evaluating the transaction.

Divestment Fee

The Divestment Fee, which is contained in Clause 18.3 of the Trust Deed, is earned by the Manager upon the completion of a divestment. This fee seeks to motivate and compensate the Manager for its efforts expended to maximise value received by CLMT in the event of a divestment. In addition, the Divestment Fee allows the Manager to recover additional costs and resources incurred by the Manager for the divestment, including but not limited to due diligence efforts and man hours spent in marketing and maximising the divestment price.

- Ho Chi Minh City (HCMC) Vietnam, Business Delegation – Asia Real Estate Leaders 2024 (REHDA Institute)

This Corporate Governance Statement was approved by the Board on 28 February 2025.

Audit Committee Report

The Audit Committee (AC) of the Manager was formed on 10 June 2010 to assist the Board in fulfilling its oversight responsibilities for the financial reporting process, the management of risk and system of internal controls, the governance processes, and the audit process for CLMT and the Manager as well as the Manager's process for monitoring compliance with legal and regulatory requirements.

The Board is pleased to present the report of the AC for FY 2024 to provide insights into the manner which the AC has discharged its functions during FY 2024.

(A) Composition and Meetings Attendance

Following the resignation of Encik Mohd Yusof Bin Hussian as a Non-Executive Independent Director and his relinquishment of the position as Member of the AC effective 31 December 2024, the AC now consists of three members, all of whom are exclusively non-executive independent directors. The members bring with them invaluable and professional expertise in accounting and related financial management domains. None of the AC members were previously a partner of the incumbent external auditors, Deloitte PLT (Deloitte), within the last three years, nor do any of them hold any financial interest in Deloitte.

As of 31 December 2024, the AC comprised the following members. The meeting attendance details for each member out of a total of four AC meetings held during the FY 2024 are set out below:

Name	Designation	Directorship	No. of AC Meetings Attended
Foo Wei Hoong	Chairman	Non-Executive Independent Director	4/4
Tan Ming-Li	Member	Non-Executive Independent Director	4/4
Datin Hayati Aman Binti Hashim (Appointed as a Member of the AC with effect from 1 October 2024)	Member	Non-Executive Independent Director	1/1
Mohd Yusof Bin Hussian (Resigned as a Member of the AC with effect from 31 December 2024)	Member	Non-Executive Independent Director	4/4

During the financial year under review, the performance and effectiveness of the AC was evaluated through an annual Board evaluation and the outcome of which was reviewed by the Nominating and Remuneration Committee. The Board is satisfied that the AC members have been able to discharge their functions, duties and responsibilities in accordance with the Terms of Reference (TOR) of the AC, which is available on CLMT's website at www.clmt.com.my.

(B) Summary of the Work of the Audit Committee

Throughout FY 2024 and up to the date of this report, AC has met its responsibilities in discharging its functions and obligations in accordance with its TOR as described below:

1. Financial Reporting

- (a) Reviewed the quarterly results for all the financial quarters and year-end financial statements, ensuring the integrity of the financial statements of CLMT, and announcements relating to CLMT's financial performance, prior to the approval by the Board for the release of the announcements, focusing particularly on:
 - (i) changes of major accounting policy and its implementation;

- (ii) significant matters highlighted including financial reporting issues, significant judgements made by the Management, significant and unusual events or transactions, and how these matters were addressed; and
 - (iii) compliance with accounting standards and other legal requirements.
- (b) Discussed the key audit matters raised by the External Auditors (EA) with the Management and the disclosure thereof in the Auditors' Report included in this Annual Report.

2. External Auditors

- (a) Reviewed the proposal from several audit firms and have considered amongst others, the adequacy of the resources and experience of the audit firm, agreed to recommend Deloitte PLT (Deloitte) as the EA of CLMT for the financial year ended 31 December 2024 to the Board and subsequently to MTrustee Berhad (Trustee) for approval. The change was for the purpose of good corporate governance practice and to bring new perspectives of independence to CLMT.
- (b) Reviewed the EA report on the conduct of the audit of CLMT's financial statements for FY 2024, including the findings on significant accounting and financial reporting issues and its impact to the consolidated financial statements of the CLMT Group and, the findings on the internal control system as well as an overview of issues identified during the interim audit.
- (c) Reviewed EA's scope of work and audit plans for the year under review to understand their audit methodology, significant risk areas and accounting policies/disclosures and timing.
- (d) Reviewed, in consultation with the Management, the performance of the EA and their fees, upon satisfaction of their independence and objectivity including non-audit services rendered.
- (e) Held two (2) private sessions with the EA and the CapitaLand Investment Limited Group (CLI Group) Internal Auditors (IA) without the presence of the Management to discuss on issues or reservations arising from their audit. No major concerns were highlighted by the EA and the CLI Group IA and they received full cooperation from Management.
- (f) Evaluated the performance of the EA for the financial year under review covering areas including planning and conduct of audit; level of knowledge, capabilities, experience of audit team; communication and engagement; and independence and objectivity. The AC concluded that the EA was able to meet the audit requirements and statutory obligations of CLMT, while maintaining their professional independence and objectivity as the EA of CLMT. Following the assessment, the Board had at its meeting held on 22 January 2025 approved the AC's recommendation on the re-appointment of Deloitte as EA of CLMT for the financial year ending 31 December 2025.

3. CapitaLand Investment Limited Group Internal Auditors

The IA function is outsourced and undertaken by CLI Group IA that reports directly to the AC. The IA function was undertaken to provide independent assessments on the adequacy, efficiency and effectiveness of the internal control systems in managing the risk exposures of the Manager and the CLMT Group. The AC had full access to the services and advice of the IA and received reports on all audits conducted.

During FY 2024, CLI Group IA has performed the following IA services:

- (a) A total of four audit assignments were conducted on CLMT and the Manager based on the 2024 IA plan, adhering to the International Standards for the Professional Practice of Internal Auditing (Standards) issued by the Institute of Internal Auditors;

The reports from CLI Group IA, including the result of findings, recommendations and Management's responses, were presented to the AC.

- (b) Conducted regular follow-up with the Management on agreed corrective actions for outstanding audit issues to ensure that key risks and weaknesses were effectively addressed in a timely manner. This included strengthening of internal controls, with the status of implementing the IA recommendations reported to the AC on a quarterly basis;
- (c) Prepared the annual IA plan and scope for FY 2025 for deliberation and approval by the AC; and
- (d) Conducted an annual assessment of IA's effectiveness and independence.

During FY 2024, the AC monitored and assessed the role, performance and effectiveness of the IA function by reviewing the IA process from time to time and recommended to the Board for approval of any changes to the IA process. Based on the performance assessment conducted by the Compliance Officer on the IA, which rated that the overall performance of the IA function as above average, the AC was satisfied with its performance and independence. Consequently, the AC proposed renewing the IA outsourcing agreement which was expiring on 6 February 2025 for an additional three years until 6 February 2028 to the Board for approval.

A quality assurance review on the CLI Group IA's function was also performed by Deloitte in 2023 and the assessment affirmed that CLI Group IA conformed to the Standards with no major adverse findings being reported.

The total costs incurred by the IA function for FY 2024 amounted to RM239,274.

4. Risk Management and Internal Control

The AC also assisted the Board in evaluating the adequacy and effectiveness of CLMT's Enterprise Risk Management Framework as well as assessing the appropriateness of the Management's responses to key risk areas and recommendations for improvements. Based on the Risk and Control Self-Assessment (RCSA) exercise conducted annually, as well as the quarterly key risk indicator reports presented to the AC with insights on the areas of risks including but not limited to financial, operational, compliance, IT and environmental risks, their likelihood, impact and management action on CLMT's operating business, AC was thus able to keep under review the adequacy and effectiveness of CLMT's risk management system along with its risk portfolio, risk levels and risk mitigation strategies. No significant irregularities or deficiencies in the systems of risk management and internal controls came to the attention of the AC during FY 2024.

5. Related Party Transactions

The AC has:

- (a) Reviewed and approved processes to regulate the RPT and RRPT (as defined in the Listing Requirements) and ensured compliance with the disclosure requirements in accordance with the REITs Guidelines and the Listing Requirements;
- (b) Received reports from the Management and the CLI Group IA on RPT and RRPT, reviewed and approved RPT and RRPT as required by the internal approval processes;

AC was satisfied that all RRPT were undertaken in the best interest of CLMT, whereby the terms concluded were made on terms which were the best available for CLMT and which were no less favourable to CLMT than an arm's length transaction between independent parties and the monitoring procedures to regulate such transactions were appropriate and sufficient.

- (c) Reviewed the RPT on the proposed acquisition by the Trustee, on behalf of CLMT, of three industrial properties located within Nusajaya Tech Park, Iskandar Puteri, Johor Darul Takzim, Malaysia for a total purchase consideration of RM27.0 million (Proposed Acquisition) prior to recommending the same to the Board for approval.

The AC having considered the rationale and all aspects of the Proposed Acquisition, and evaluation by CLI Group IA, was of the opinion that the Proposed Acquisition was in the best interest of CLMT, fair, reasonable and on normal commercial terms, and not detrimental to the interest of the non-interested unitholders of CLMT.

6. Conflict of Interest (COI)

The AC has:

- (a) Reviewed and proposed the Conflicts Management Policy (Malaysia) together with the Disclosure of COI Form to the Board for approval, for the purpose of identifying, evaluating, disclosure/reporting, monitoring, maintenance and management of COI situations; and
- (b) Reviewed the disclosure of actual or potential COI, including interest in any competing business submitted by the Directors and key senior management of the Manager via the Disclosure of COI Form.

The COI declared by the Chief Executive Officer, Non-Executive Non-Independent Directors and key senior management of the Manager (Affected Parties) pertains to their involvement with Melawati Mall. Melawati Mall is a joint venture owned by the Sponsor, CapitaLand Investment Limited (CLI) and another real estate entity, where the Affected Parties hold executive or officer roles within the CLI Group. To address and mitigate this conflict, the following measures, among others, have been implemented and stipulated in the Conflicts Management Policy (Malaysia):

- i. Establishing robust internal structures and defined reporting lines ensuring that the Affected Parties who have roles in the operations of Melawati Mall are not involved in the decision-making process related to the Melawati Mall; and
- ii. Ensuring that employees of Melawati Mall are strictly segregated from the Manager's decision-making processes, thereby maintaining independence and objectivity in operational and strategic matters.

7. Compliance

The AC reviewed the level of compliance of the Manager and CLMT with the REITs Guidelines, Listing Requirements, Companies Act 2016, CMSA, the Deed as well as the Corporate Liability Provision under Section 17A of the MACC Act. The AC was satisfied that there were no major non-compliances based on the compliance reports completed by the Management and as reported by the Compliance Officer at the quarterly meetings during FY 2024.

8. Other Matters

The AC has:

- (a) Reviewed the whistleblowing case; and
- (b) Reviewed the Reports on Corporate Governance and AC as well as Statement on Risk Management and Internal Control and was satisfied for inclusion in this Annual Report.

The AC Report was approved by the Board on 28 February 2025.

Statement on Risk Management and Internal Control

Introduction

Paragraph 15.26(b) of the Listing Requirements requires the board of directors of any public listed issuer to include in its annual report a statement about the state of risk management and internal control of the listed issuer as a group and the Board is guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers issued by Bursa Malaysia Securities Berhad.

Board's Responsibility

In discharging the Board's stewardship responsibilities, the Board assumes the responsibility for the risk management and internal control systems established by the Manager for CLMT Group. The Board recognises that reviewing the adequacy and integrity of these systems are a continuous process requiring concerted efforts. In discharging its duties, the Board is supported and assisted by the Management. It is an essential part of the Board's responsibilities to (i) identify principal risks; (ii) formulate the risk appetite for the CLMT Group; (iii) set the key risk indicators/thresholds; (iv) ensure that appropriate systems and policies are in place to manage these risks; and (v) review the adequacy and integrity of such internal controls system and policies. However, the Board acknowledges that no system of risk management and internal controls can provide absolute assurance against poor judgment in decision making, human error, losses, fraud or other irregularities. A sound system of risk management and internal controls therefore provides a reasonable, but not absolute assurance that the CLMT Group will not be significantly affected by any foreseeable event as it strives to achieve its business objectives.

Risk Management

Effective risk management is a fundamental part of CLMT's business strategy. The key risks and control measures are described in the Risk Management section of this Annual Report. Recognising and managing risks are central to protecting CLMT's business and Unitholders' interests and value. CLMT is being managed within guidelines and parameters set by the Board for both the Manager and CLMT. Based on the Risk and Control Self Assessment (RCSA), transactions are analysed to identify and understand the associated risks. Responsibility for managing these risks lies with the respective departments concerned, aligned with the overall strategy endorsed by the Board.

The Manager recognises that risk management is an integral focus for Management. The Enterprise Risk Management Framework supports this focus and provides a structured context for Management to undertake a review of past performance, and to profile the current and future risks it faces within its areas of responsibility. This risk information is consolidated and serves as key input for annual risk management review sessions. These sessions review CLMT's strategic direction in detail, focusing on identifying key business and financial risks that could impede CLMT from achieving its objectives. Management is then required to ensure appropriate controls are in place to manage these risks effectively. Monitoring of risks and controls is carried out quarterly by the Audit Committee (AC) and Executive Committee (Exco) and annually by the Board. The internal audit plan is aligned with the risk management programme, ensuring that the operation of internal controls and assessments reflects an effective and efficient control environment.

The Manager recognises that significant risks (including but not limited to climate change and environmental risks) are likely to arise when making property investment decisions and has identified these in the RCSA. Accordingly, the Manager has established procedures to align CLMT's strategy with its risks and opportunities and to guide property investment decisions. In accordance with these procedures, the Board requires comprehensive due diligence to be carried out in relation to any proposed investment, ensuring that the anticipated return is appropriate relative to the level of risk.

The Board meets quarterly, or more frequently if necessary, to review and approve the financial performance of the Manager and of the CLMT Group against the approved budget. The Board also reviews the risks associated with the assets of the CLMT Group and addresses any comments raised by the External Auditors (EA). In assessing business risks, the Board considers among other factors, economic, environmental and property industry risks. The Board and Exco review and approve all investment decisions and key treasury matters. The Management conducts monthly meetings to review the operations of the Manager and CLMT and discuss continuous disclosure issues.

The Manager has a risk identification and management framework in place to identify and address risks for the CLMT Group. The ownership of these risks lies with the CEO and respective function heads of the Manager under the Board's stewardship. The AC and Exco assist the Board with oversight over formulating, updating and maintaining an adequate and effective risk management framework while the Board reviews the adequacy and effectiveness of the overall risk management and internal control systems.

Statement on Risk Management and Internal Control

Key Internal Control Processes

The Manager has put in place systems of internal control and established procedures and processes to manage risk and safeguard the assets of CLMT in the best interests of Unitholders.

The Manager performs a RCSA exercise and maintains a risk register which identifies the material risks faced by the CLMT Group and the internal controls in place to manage or mitigate those risks. The risk register is reviewed and updated annually by the CEO and respective function heads of the Manager, and thereafter, reviewed by the AC and Exco, followed by the Board. The Management is tasked to review the risk register and reports on the approaches taken in identifying and assessing risks and internal controls under the RCSA to the AC. The Manager has established an approach for defining, monitoring and reviewing CLMT Group's risk appetite. Approved by the Board, the CLMT Group's Risk Appetite Statement (RAS) incorporates the risk limits and outlines the management of material risks faced by the CLMT Group. Alignment of the CLMT Group's risk profile with the RAS is achieved through various communication and monitoring mechanisms (including key performance indicators set for the Management) which are implemented across various functions by the Manager. The internal auditors conduct audits that involve testing the effectiveness of the material internal control systems for CLMT Group. Any material non-compliances or lapses in internal controls together with the proposed corrective measures by the internal auditors are reported to the AC. The system of risk management and internal controls is continually being refined by the Manager and reported to the AC and the Board for their approval.

The Board has also received assurance from the CEO and CFO of the Manager that the risk management and internal control systems within the CLMT Group are adequate and effective in addressing the material risks including financial, operational, compliance, IT and environmental risks in the current business environment. The CEO and CFO of the Manager have, in turn, obtained similar assurances from the respective function heads.

The Board has adopted a set of internal controls outlining authority limits for various activities, including investments and divestments, acceptance of banking facilities or treasury products, budgetary approval, capital and operating expenditure, lease renewals, marketing, professional services expenditure and other operational matters. Transactions exceeding certain thresholds require Board approval, while authority for transactions within those limits is delegated to authorised personnel to ensure operational efficiency. Only authorised personnel are empowered to approve the transactions, including payments on behalf of the Board.

Internal control procedures are established to ensure that Related Party Transaction (RPT) comply with the REITs Guidelines, the Listing Requirements and the Trust Deed and, are made on terms which are best available for CLMT and are no less favourable than an arm's length transaction with independent parties. The Manager incorporates a review of all RPT and Recurrent RPT (RRPT) in its annual internal audit plan. Further details on these established procedures can be found on pages 84 to 85 of this Annual Report.

Policies, guidelines and processes have been established to address any conflict of interest, including any potential or perceived conflict of interest. Further details are provided on pages 85 to 86 of this Annual Report. To manage potential conflict of interest situations, the Manager has a conflict management policy which requires relevant parties to declare on a quarterly basis as to whether there is any potential / perceived conflict of interest and that any conflicted director abstains from voting. The role of the AC has been expanded to include the review and management of any potential conflict of interest.

The Manager has outsourced its internal audit function to CapitaLand Investment Group's Internal Audit Department (CLI Group IA) which reports directly to the AC. CLI Group IA is adequately resourced and staffed with professionals possessing relevant qualifications and experience. As a corporate member of The Institute of Internal Auditors (IIA) Singapore, an affiliate of the global IIA, CLI Group IA adheres to the International Standards for the Professional Practice of Internal Auditing (Standards) developed by the IIA and has incorporated these Standards into its audit practices.

To ensure that internal audits are performed by competent professionals, CLI Group IA recruits and employs suitably qualified staff with the requisite skill sets and experience. This includes CLI Group IA staff who are involved in Information Technology (IT) audits holding relevant professional IT certifications. The IT auditors are also members of the Information System Audit and Control Association (ISACA) Singapore Chapter, a global professional body administering information system audit and security certifications. The ISACA Information System Auditing Standards provide guidance on the standards and procedures to be applied in IT audits. CLI Group IA identifies and provides training and development opportunities for its staff to ensure their technical knowledge and skill sets remain current and relevant.

The AC reviews the internal audit reports and activities on an on-going basis and approves the annual internal audit plan for CLMT. The AC is of the view that the internal audit function performed by CLI Group IA is adequately resourced, effective and independent. Information about CLI Group IA are provided on pages 83, 90 and 91 of this Annual Report.

The internal audit scope for FY 2024 included the following:

- (a) Carrying out scheduled audit assignments in accordance with the 2024 annual internal audit plan approved by the AC;
- (b) Reporting key findings and the Management's agreed actions to the AC;
- (c) Providing quarterly updates to the AC on the implementation status of the Management's agreed actions;
- (d) Reviewing RPT and RRPT and presenting findings of the review to the AC on a quarterly basis;
- (e) Reporting whistleblowing cases and investigation matters as directed by the AC;
- (f) Updating the AC on key observations regarding the effectiveness of the internal audit function; and
- (g) Preparing the 2025 annual internal audit plan for submission to the AC for approval.

The AC has put in place a Whistleblowing Policy to provide whistleblowers, including employees of the Manager, with procedures and accessible channels for reporting suspected fraud, corruption, dishonest practices or other similar matters related to CLMT and the Manager. The policy also ensures independent investigation of such reports and appropriate follow-up action. This Whistleblowing Policy is periodically reviewed to promote fraud awareness and to encourage good faith reporting, assuring whistleblowers they will be treated fairly and protected from reprisals whenever possible. Further details about the Whistleblowing Policy are provided on page 72 of this Annual Report.

The AC reviews, monitors and evaluates the effectiveness and adequacy of CLMT's internal controls and risk management systems and financial issues raised by the external and internal auditors, regulatory authorities and the Management. The AC also reviews written reports issued by the internal and external auditors and ensures that Management takes appropriate and timely remedial actions to address any identified deficiencies in internal controls. In FY 2024, the issues raised were attended to and addressed by the Management, with agreed actions implemented accordingly. The AC also convenes meetings with both external and internal auditors without the presence of Management at least once a year.

In addition, the AC has assessed the scope, functions and competency of the internal audit function. It also reviews and evaluates the procedures established to ensure compliance with applicable legislation, the REITs Guidelines and the Listing Requirements.

The Fraud, Bribery & Corruption Risk Management Policy (FBC Policy) was established by the Board, in alignment with the corporate liability provision of the Malaysian Anti-Corruption Commission (MACC) (Amendment) Act 2018 and the Guidelines on Adequate Procedures. In our efforts to strengthen the governance of risk management, we have an Anti-Corruption Compliance Programme which is periodically reviewed as recommended under Section 17A(5) of the MACC (Amendment) Act 2018. Further details on the FBC Policy are provided on pages 71 to 72 of this Annual Report.

The Board reviews and approves, inter alia, the following reports from the Management, upon recommendation of the AC and Exco, on a periodic basis:

- (a) CLMT Group's quarterly financial results including explanations for major variances against the budget;
- (b) Status update of major asset enhancement works carried out on the properties as planned;
- (c) Status update of key treasury matters including debt profile, maturity and interest rate management; and
- (d) Status update of other key operational matters.

Based on these reviews, the Board, with the concurrence of the AC, is of the opinion that the internal controls within the CLMT Group are adequate to address financial, operational, compliance, IT and environmental risks.

Risk Management

CLMT Group maintains a robust risk management framework that enables proactive identification, assessment and response to material risks. This supports CLMT's objective to deliver stable distributions and sustainable returns to Unitholders. Our risk strategy focuses on optimising opportunities within approved risk appetite levels, positioning CLMT to deliver sustainable long-term results.

CLMT's Enterprise Risk Management (ERM) Framework is adapted from the International Organisation for Standardisation 31000 International Risk Management Standards and is benchmarked against other recognised best practices and guidelines. The Framework is reviewed annually and updated as appropriate. It sets out the required environmental and organisational components to enable integrated, systematic and consistent identification, assessment, response, monitoring and reporting of material risks, as illustrated below.

RISK GOVERNANCE

The Board oversees risk governance and ensures that senior management maintains robust risk management and internal control systems to safeguard the interests of CLMT Group and its stakeholders. The Board, with support from the Audit Committee (AC) and Executive Committee (Exco), approves the Group's risk appetite (risk tolerance) that determines the nature and extent of material risks CLMT Group is willing to take to achieve strategic objectives. The Board also regularly reviews CLMT Group's risk profile, material risks and mitigation strategies, and ensures the adequacy and effectiveness of the risk management framework and policies.

The Manager's management team supports the Board, AC and Exco to ensure effective risk governance and oversight. They are responsible for directing and monitoring the implementation of risk management practices throughout the CLMT Group, which includes tracking risk exposure using key risk indicators.

INTERNAL CONTROLS SYSTEM

CLMT Group's ERM Framework operates within a risk governance structure comprising three lines of defence to foster a strong culture of risk awareness.

A Strong Culture of Risk Awareness

- Nurturing a strong risk culture helps ensure effective and consistent implementation of risk management practices throughout the CLMT Group.
- The first line of defence, comprising employees, risk champions or representatives from business units and corporate functions, collaborates closely with the second line of defence to instill a culture of risk ownership and accountability.
- In addition, the departments under the second line of defence regularly conduct workshops to enhance employees' understanding of risk management and ensure the integration of risk management principles into decision-making and business processes.
- Senior management reinforces this culture by setting the tone at the top, leading by example, and effectively communicating our risk management strategy to employees.

Material Risks and Key Mitigating Actions

CLMT Group conducts an annual Group-wide Risk and Control Self-Assessment (RCSA) exercise that requires all business units and corporate functions to identify, assess and document key material risks, including new and emerging risks, that CLMT Group faces as well as the respective mitigating measures and any opportunities that we can leverage to achieve our strategic objectives. The following measures are taken to mitigate the identified material risks based on the 2024 RCSA exercise.

MATERIAL RISKS	KEY MITIGATING ACTIONS
Climate Related Physical risks such as rising sea levels, violent storms, long intense heat waves, flash floods and freshwater depletion. Transition risks such as increasingly stringent regulations and expectations from stakeholders.	- Conduct a detailed assessment of physical risks, and health and safety related risks in the evaluation of any new acquisitions. - Regularly review CLMT Group's mitigation and adaptation efforts, which include future-proofing our portfolio, enhancing the operational efficiency of our properties and establishing targets for carbon emissions reduction and water, energy and waste efficiency. - Implement measures to drive decarbonisation across CLMT Group's value chain. - Entrench a sustainable safety culture through deep safety capabilities, disciplined safety practices, and a progressive and pervasive safety mindset that drives key safety performance targets for both CLMT Group and our supply chain. - Adopt and maintain our standards in accordance with CLI's Environmental, Health and Safety Management System that is externally certified to ISO 14001 and ISO 45001 in 19 countries. - For more information, please refer to CLI's Global Sustainability Report (GSR) 2024, to be published by 31 May 2025.
Safety, Health and Well-being Increased expectations from stakeholders for our properties to provide a safe and healthy environment that contributes to their well-being.	
Competition Keen industry competition from established players who are able to capture our customers by meeting their expectations or reacting aptly to market trends.	- Leverage on the ONE CapitaLand ecosystem to proactively identify and capture expansion / relocation movements from regional industry players and secure new asset pipelines via CapitaLand Development. - Leverage CLI's strong network of investment and asset management professionals with deep knowledge in multi-sector assets and proven track record to source for opportunities. - Constantly strive to differentiate ourselves from our peers by adapting CLMT Group's business and products to the evolving needs of tenants and shoppers, delivering competitive products and services, and engaging shoppers with shopper-centric initiatives and tactical marketing campaigns in the retail ecosystem. - Focus on building key enablers that give CLMT Group a competitive advantage amidst the competition and digital disruptions, such as - embarking on digital transformation in our processes, enhancing our data analytics capabilities to speed up data-driven decisions; and - leveraging innovation tools and solutions to assist our customers in pivoting to the new digital operating model. - Incorporate Environmental, Social and Governance (ESG) considerations in CLMT Group's business to reinforce our leading position as a sustainable REIT. - Leverage in-house team of industry analysts to keep CLMT Group on top of latest market trends.

MATERIAL RISKS	KEY MITIGATING ACTIONS
Cyber Security and Information Technology Ongoing business digitalisation exposes the business to IT-related threats, which may result in compromising the confidentiality, integrity and availability of CLMT Group's information assets and/or systems.	- Execute CLI's Cyber Security Strategy by continuously reviewing against existing or evolving threat landscapes, and institute measures to minimise vulnerability exposure and manage threat vectors, including enhanced protection controls for systems that hold personal data. - Conduct regular mandatory staff IT Security Awareness Training to mitigate human intervention in the information security chain. - Conduct IT Security Incident Management Procedure test, third-party vulnerability test and annual Disaster Recovery Plan exercise to assure IT infrastructure/management system security and ensure timely recoverability of business-critical IT systems. - Board oversight of the state of Cyber Security risk activities and key control improvements, with periodic review and updates of the Group-wide IT Security Policy.
Economic Economic instability or changes in macro-economic factors such as inflation or unemployment, which result in challenging business conditions.	- Diversify CLMT Group's portfolio across asset classes, geographies and tenant business trade mix in accordance with Board-approved limits. - Disciplined approach to financial, investment and asset management. - Maintain robust investment criteria and processes to ensure portfolio sustainability and seize growth or recycling potential of the assets in different life cycles and locations. - Actively monitor macroeconomic trends, policies and regulatory changes in the market.
Financial Exposure to financial risks involving liquidity, and interest rates and their volatility.	- Proactively review the capital management of CLMT Group to ensure that adequate financial resources are available for working capital and other corporate funding requirements. - Focus on instilling financial discipline and deploying capital to earn optimal returns and maintain a strong balance sheet to invest in suitable opportunities. For more details, please refer to the Financial Risk Management section on pages 140 to 145.
Fraud, Bribery and Corruption Any forms of fraud, bribery and corruption that could be perpetuated by employees, third parties or collusion between employees and third parties.	- Foster a culture of ethics and integrity in the CLMT Group. - Adopt a zero-tolerance stance against fraud, bribery and corruption (FBC) across our businesses. - Communicate our commitment to integrity from the top through policies and practices, such as the FBC Risk Management Policy, Whistle-blowing Policy, Ethics and Code of Business Conduct Policies, Conflicts Management Policy and Anti-Money Laundering and Countering the Financing of Terrorism Policy. - Carry out quarterly audits on respective departments to assess the compliance and effectiveness of the policies and practices. - Implement e-learning modules to enhance awareness among employees and provide training on avoiding or preventing non-compliant behaviour. - All third party e-mail communication include CLMT Group's zero tolerance stance against FBC.
Leasing Strong competition, economic downturn and challenging market conditions are some key factors that could result in key tenants not renewing their leases, adversely affecting the leasing performance of CLMT Group's properties.	- Establish and maintain a diversified tenant base and sustainable trade mix. - Proactive tenant management strategies which are in line with the assets' positioning are in place. - Closely monitor tenants' performance and maintain positive relationships and rapport with tenants to build loyalty with CLMT Group's properties.

MATERIAL RISKS	KEY MITIGATING ACTIONS
Investments and Divestments • Deployment of capital into loss-making or below-target return investments due to wrong assumptions or poor execution. • Inadequate planning to identify suitable divestment opportunities.	• Conduct a comprehensive independent risk evaluation for all projects above a stipulated investment value threshold. • Review hurdle rates and weighted average cost of capital annually based on relevant risk-adjusted input parameters that serve as investment benchmarks and make necessary adjustments accordingly. • Maintain a robust investment approval process including comprehensive due diligence supported by an inter-disciplinary internal team, and/or local independent consultants to advise on legal, tax, building design, quality, environmental, health & safety, security, and compliance with local laws and regulations.
Regulatory and Compliance • Non-compliance with applicable laws, regulations and rules, relating to tax, data protection and privacy, financial crimes and sanctions where CLMT Group operates.	• Maintain a framework that identifies the applicable laws, regulations and rules, assesses the regulatory and compliance risks and embeds compliance risk mitigation measures into day-to-day operations. • Leverage in-house specialised teams both locally and from CLI such as legal, compliance and tax, and external consultants to provide advisory services and updates on changes to laws, regulations and rules. • Update and maintain policies and procedures to address the requirements of the applicable laws, regulations and rules such as Personal Data Protection Policy, Anti-Money Laundering and Countering the Financing of Terrorism Policy, Global Sanctions Compliance Policy and Tax Strategy. • Adopt e-learning modules to raise awareness and train employees on ways to avoid or prevent non-compliant behaviour.

The accompanying notes form an integral part of these financial statements.

Notes to the Financial Statements

Year ended 31 December 2024

CapitaLand Malaysia Trust (CLMT or the Trust) is a Malaysia domiciled real estate investment trust (REIT) constituted by a deed dated 7 June 2010 (which was amended and restated on 13 July 2021) (the Deed) entered into between CapitaLand Malaysia REIT Management Sdn. Bhd. (the Manager) and MTrustee Berhad (the REIT Trustee). The Deed was registered with Securities Commission Malaysia (SC) on 20 September 2021. CLMT is regulated by the SC's Guidelines on Listed Real Estate Investment Trusts (REIT Guidelines), the Listing Requirements of Bursa Malaysia Securities Berhad (Bursa Securities) and other relevant laws and regulations.

CLMT is listed on the Main Market of Bursa Securities.

The consolidated financial statements reported for the financial year ended 31 December 2024 relates to the Trust and its subsidiaries (the Group).

Under the Deed, the principal activity of CLMT is to invest, on a long-term basis, in a portfolio of income-producing real estate as deemed fit by the Manager, that are used for retail, commercial, office and industrial purposes, or such other non-real estate investments, as may be permitted under the Deed, the REIT Guidelines or by the SC, with a view of providing unitholders with long-term and sustainable distribution of income and potential capital growth. The principal activities of the subsidiaries are as disclosed in Note 5 to the financial statements.

For financial reporting purposes, the intermediate and ultimate holding companies of the Group are CapitaLand Investment Limited (CLI) and Temasek Holdings (Private) Limited respectively. The intermediate and ultimate holding companies are incorporated in the Republic of Singapore.

The principal activity of the Manager is to manage and administer CLMT. The Manager, incorporated in Malaysia, is a wholly-owned indirect subsidiary of CLI.

The Manager's registered office and principal place of business is as follows:

Unit No. 1-27, Level 27, Naza Tower
No. 10, Persiaran KLCC
50088 Kuala Lumpur

The financial statements were approved by the Manager's Board of Directors on 28 February 2025.

Notes to the Financial Statements

Year ended 31 December 2024

1. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements of the Group and of the Trust have been prepared in accordance with the provisions of the Deed, the REIT Guidelines, Malaysian Financial Reporting Standards (MFRSs) and International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRSs).

The Group and the Trust have applied the following MFRSs and amendments to MFRSs during the financial year:

Amendments to MFRSs effective for annual periods beginning on or after 1 January 2024

- Amendment to MFRS 16, *Leases – Lease Liability in a Sale and Leaseback*
- Amendment to MFRS 101, *Presentation of Financial Statements – Non-current Liabilities with Covenants and Classification of Liabilities as Current or Non-current*
- Amendments to MFRS 107, *Statement of Cash Flows* and MFRS 7, *Financial Instruments: Disclosures – Supplier Finance Arrangements*

The following are accounting standards and amendments to MFRSs that have been issued by the Malaysian Accounting Standards Board (MASB) and are applicable to but have not been adopted by the Group and the Trust:

Amendments to MFRSs effective for annual periods beginning on or after 1 January 2025

- Amendments to MFRS 121, *The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability*

Amendments to MFRSs effective for annual periods beginning on or after 1 January 2026

- Amendments to MFRS 9, *Financial Instrument* and MFRS 7, *Financial Instruments: Disclosures – Amendments to the Classification and Measurement of Financial Instruments*
- Amendments to MFRS 9, *Financial Instruments* and MFRS 7, *Financial Instruments: Disclosure – Contracts Referencing Nature-dependent Electricity*
- Annual improvements to MFRS Accounting Standards

MFRSs effective for annual periods beginning on or after 1 January 2027

- MFRS 18, *Presentation and Disclosure in Financial Statements*
- MFRS 19, *Subsidiaries without Public Accountability: Disclosures*

Amendments to MFRSs yet to be effective

- Amendments to MFRS 10, *Consolidated Financial Statements* and MFRS 128, *Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*.

The Group and the Trust plan to apply the abovementioned MFRSs and amendments as and when those standards and amendments become effective.

The initial application of the accounting standards and amendments to MFRSs are not expected to have material financial impact to the current and prior period financial statements of the Group and of the Trust.

Notes to the Financial Statements

Year ended 31 December 2024

1. BASIS OF PREPARATION (CONTINUED)

(a) Statement of compliance (continued)

Amendments to MFRSs that are effective for the current year

In the current year, the Group has applied a number of amendments to MFRSs that are effective for an accounting period that begins on or after 1 January 2024. Their adoption has not had any material impact on the disclosures or on the amounts reported in these financial statements.

The Group has adopted the amendments to MFRS 101, *Presentation of Financial Statements – Classification of Liabilities as Current or Non-current* in the current year.

The amendments affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items. The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

The Group has adopted the amendments to MFRS 101 *Presentation of Financial Statements – Non-current Liabilities with Covenants* in the current year.

The amendments specify that only covenants that an entity is required to comply with on or before the end of the reporting period affect the entity's right to defer settlement of a liability for at least twelve months after the reporting date (and therefore must be considered in assessing the classification of the liability as current or non-current). Such covenants affect whether the right exists at the end of the reporting period, even if compliance with the covenant is assessed only after the reporting date (e.g. a covenant based on the entity's financial position at the reporting date that is assessed for compliance only after the reporting date).

The MASB also specifies that the right to defer settlement of a liability for at least twelve months after the reporting date is not affected if an entity only has to comply with a covenant after the reporting period.

However, if the entity's right to defer settlement of a liability is subject to the entity complying with covenants within twelve months after the reporting period, an entity discloses information that enables users of financial statements to understand the risk of the liabilities becoming repayable within twelve months after the reporting period. This would include information about the covenants (including the nature of the covenants and when the entity is required to comply with them), the carrying amount of related liabilities and facts and circumstances, if any, that indicate that the entity may have difficulties complying with the covenants.

(b) Basis of accounting

The financial statements have been prepared on the historical cost basis except for investment properties as disclosed in Note 2(d) and financial instruments as disclosed in Note 2(f).

(c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia (RM), which is the Group's and the Trust's functional currency. All financial information presented in RM has been rounded to the nearest thousand, unless otherwise stated.

Notes to the Financial Statements

Year ended 31 December 2024

1. BASIS OF PREPARATION (CONTINUED)

(d) Use of estimates and judgements

The preparation of the financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There is no critical judgement involved in applying accounting policies. The area which involved significant estimation uncertainties that have significant effect on the amounts recognised in the financial statements relates to the valuation of investment properties as disclosed in Note 4.

2. MATERIAL ACCOUNTING POLICIES

(a) Basis of consolidation

Subsidiaries

Subsidiaries are entities controlled by the Trust. The financial statements of the subsidiaries are included in the consolidated financial statements from the date of which control commences until the date on which control ceases.

The Trust controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Investment in subsidiary is measured in the Trust's statement of financial position at cost less any impairment loss.

Business combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(b) Foreign currencies

Transactions in foreign currencies are translated to the functional currency of the Group and of the Trust at exchange rates at the dates of transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Foreign currency differences arising on retranslation are recognised in profit or loss.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Plant and equipment

(i) Recognition and measurement

Items of plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain and loss on disposal of an item of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of plant and equipment and is recognised net within "other non-operating income" and "other operating expenses" respectively in profit or loss.

(ii) Subsequent costs

The cost of replacing part of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group or the Trust and its cost can be measured reliably. The carrying amount of the replaced part is derecognised and is charged to profit or loss. The costs of the day-to-day servicing of equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant parts of individual assets are assessed, and if a part has a useful life that is different from the remainder of that asset, then that part is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of plant and equipment from the date that they are available for use.

The estimated useful lives for the current and comparative periods are as follows:

Computer	2 – 3 years
Office and other equipment	3 – 5 years

Depreciation methods, useful lives and residual values are reassessed at the end of the reporting period, and adjusted as appropriate.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(d) Investment properties

Investment properties are properties which are owned or held under leasehold interest to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, used in the production or supply of goods or services or for administrative purposes. Investment properties are measured initially at cost and subsequently at fair value with any changes therein recognised in profit or loss for the period in which they arise. Cost includes expenditure that is directly attributable to the acquisition of the investment properties.

Fair value is determined in accordance with the Deed and the REIT Guidelines which requires the investment properties to be valued by independent professional valuers. In determining the fair value, the valuers used valuation techniques which involve certain estimates. In relying on the valuation reports, the Manager has exercised its judgement and is satisfied that the valuation methods and estimates reflect the current market conditions. The fair value is determined annually based on independent professional valuation.

When an investment property is disposed of, the resulting gain or loss is recognised in profit or loss in the year in which the item is derecognised. Investment properties are not depreciated. The properties are subject to continued maintenance and are regularly revalued on the basis mentioned above. For taxation purposes, the Group or the Trust may claim capital allowances on assets that qualify as plant and machinery under the Income Tax Act, 1967.

(e) Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property, the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commitment date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including office equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(e) Leases (Continued)

(ii) As a lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Group leases out its investment properties. The Group has classified these leases as operating leases.

The Group recognises lease payments received from investment properties under operating leases as rental income on a straight-line basis over the lease term as part of revenue.

(f) Financial instruments

(i) Recognition and initial measurement

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Trust becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, in the case for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Financial instrument categories and subsequent measurement

Financial assets

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Trust changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see Note 2(g)(i)) where the effective interest rate is applied to the amortised cost.

Financial assets of the Group and of the Trust are subject to impairment assessment in accordance with Note 2(g)(i).

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(f) Financial instruments (continued)

(ii) Financial instrument categories and subsequent measurement (continued)

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group and the Trust are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Financial liabilities

The financial liabilities at initial recognition of the Group and of the Trust are classified as amortised cost. Financial liabilities are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gains or losses on derecognition are also recognised in profit or loss.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group and the Trust are recognised at the proceeds received, net of direct issue costs.

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently. Costs directly attributable to the issue of instruments classified as equity are recognised as a deduction from equity.

(iii) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. A financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case, a new financial liability based on modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group and the Trust currently have a legally enforceable right to set off the amounts and they intend either to settle them on a net basis or to realise the asset and liability simultaneously.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(g) Impairment

(i) Financial assets

The Group and the Trust recognise loss allowances for expected credit losses on financial assets measured at amortised cost. Expected credit losses are a probability-weighted estimate of credit losses.

The Group and the Trust measure loss allowances for trade receivables at an amount equal to lifetime expected credit loss. For all other financial instruments, the Group and the Trust recognise lifetime expected credit loss when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group and the Trust measure the loss allowance for that financial instrument at an amount equal to 12-month expected credit loss.

When determining whether the credit risk of a financial asset has increased significantly since the initial recognition and when estimating expected credit loss, the Group and the Trust consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Trust are exposed to credit risk.

The Group and the Trust estimate the expected credit losses on trade receivables by assessing the risk of loss of each customer individually based on their financial information, past trend of payments and external credit ratings, where applicable.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

At each reporting date, the Group and the Trust assess whether financial assets carried at amortised cost are credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group or the Trust determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's or the Trust's procedures for recovery of amounts due.

(ii) Other assets

The carrying amounts of other assets, other than investment properties, are reviewed at the end of each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(g) Impairment (continued)

(ii) Other assets (continued)

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment loss is recognised in profit or loss.

Impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

(h) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, bank balances and deposits placed with licensed banks. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of pledged deposits.

(i) Provisions

A provision is recognised if, as a result of a past event, the Group and the Trust have a present legal or constructive obligation that can be estimated reliably, and is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance costs.

(j) Revenue recognition

(i) Rental income

Rental income from leasing of shopping mall shops and space is recognised in profit or loss on a straight-line basis over the term of the lease and such revenue includes base rent, service charges and advertising and promotion fees. Contingent rents, which include gross turnover rent, are recognised as income in the financial year in which they are earned. No contingent rents are recognised if there are uncertainties due to the possible return of amounts received.

(ii) Car park income

Car park income is recognised as income in the financial year in which they are earned.

(iii) Other revenue

Other revenue consists of recovery of utilities charges from tenants, kiosk rental, advertising and other miscellaneous income. These are recognised as income in the financial year in which they are earned.

CLMT has applied the exemption on disclosure of information on remaining performance obligations that have original expected durations of one year or less.

(k) Interest income

Interest income is recognised as it accrues, using the effective interest method in profit or loss.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(l) Expenses

(i) Property operating expenses

Property operating expenses consist of quit rent, assessment, utilities, property management fee, property management reimbursement, advertising and promotion, maintenance and other property outgoings in relation to investment properties where such expenses are the responsibility of the Group or the Trust and are recognised on an accrual basis in the year in which they are incurred.

(ii) Manager's management fee

Manager's management fee is recognised on an accrual basis using the applicable formula as set out in Note 14.

(iii) Trustee's fee

Trustee's fee is recognised on an accrual basis using the applicable formula as set out in Note 15.

(iv) Finance costs

Finance costs comprise mainly of interest expense on borrowings and amortisation of transaction costs on borrowings which are expensed in profit or loss using the effective interest method over the tenure of borrowings.

(m) Tax expense

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable or receivable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statements of financial position and their tax bases. Deferred tax is not recognised for the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Where investment properties are carried at fair value in accordance with the accounting policy set out in Note 2(d), the amount of deferred tax recognised is measured using the tax rates that would apply on the sale of those assets at their carrying values at the reporting date unless the property is depreciable and is held with the objective to consume substantially all the economic benefits embodied in the property over time, rather than through sale. Deferred tax assets and liabilities are not discounted.

Notes to the Financial Statements

Year ended 31 December 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(n) Earnings per unit

The Group and the Trust present basic and diluted earnings per unit. Basic earnings per unit is calculated by dividing the total return by the weighted-average number of units outstanding during the financial year. Diluted earnings per unit is determined by adjusting the total return and the weighted-average number of ordinary units outstanding, for the effects of all dilutive potential units.

(o) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' results are reviewed and used by the Group's Chief Operating Decision Makers for strategic decision making and resources allocation.

(p) Fair value measurements

Fair value of an asset or a liability, except for lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value are categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

The Group recognises transfers between the levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

4. INVESTMENT PROPERTIES (CONTINUED)

Investment properties refer to shopping malls and logistics assets which primarily generate rental income from leasing out retail shops and space to third parties via lease or licence agreements.

Right-of-use assets refer to the lease of common area, motorcycle parks and car parking bay at Queensbay Mall's VIP driveway which primarily generate rental income from leasing out the space to third parties via lease or license agreements. The right-of-use assets was valued at RM6,400,000 (FY2023: RM6,350,000) as at 31 December 2024.

On 21 March 2023, CLMT completed the acquisition of Queensbay Mall at a total purchase consideration of RM983,980,000 and incurred incidental costs of RM17,963,000, which were also capitalised as part of the acquisition cost.

On 29 August 2023, CLMT completed the acquisition of Glenmarie Distribution Centre at a purchase consideration of RM39,690,000 and incurred incidental costs of RM1,458,000, which were also capitalised as part of the acquisition cost.

CLMT had on 4 December 2023 divested its investments in 3 Damansara Office Tower for a sale consideration of RM52,000,000. A gain of RM426,000 was recognised in the profit or loss after offsetting against the incidental costs of RM1,569,000 arising from the divestment.

Gurney Plaza, CLMT's 433 strata titles in Queensbay Mall, The Mines, Valdor Logistics Hub and Glenmarie Distribution Centre collectively valued at RM3,667,852,000 are pledged as securities for borrowings as disclosed in Note 10. East Coast Mall, CLMT's 205 strata titles in Sungei Wang Plaza and 3 Damansara Mall are unencumbered as at reporting date.

As at 31 December 2023, Gurney Plaza, CLMT's 433 strata titles in Queensbay Mall, The Mines, 3 Damansara Mall and Valdor Logistics Hub collectively valued at RM3,920,852,000 were pledged as securities for borrowings as disclosed in Note 10. East Coast Mall, CLMT's 205 strata titles in Sungei Wang Plaza and Glenmarie Distribution Centre were unencumbered.

¹ Cost of investment comprises purchase consideration and capital expenditure incurred from inception date up to the financial year end date.

² Based on valuation carried out on 31 December 2024.

³ Based on valuation carried out on 31 December 2023.

⁴ This is computed based on market value of the investment properties over the NAV before final income distribution as at 31 December 2024 and 31 December 2023. This is calculated in accordance with the REIT Guidelines.

⁵ The leasehold period for East Coast Mall and The Mines are 99 years and will expire on 18 December 2106 and 20 March 2091 respectively. The remaining leasehold period for East Coast Mall and The Mines are approximately 81 years and 66 years respectively.

⁶ The Group's interest in Queensbay Mall consists of 438 strata parcels within the Mall, with 5 of these strata parcels being owned through CLMT's direct shareholdings in the four subsidiaries, and the right-of-use of common area, motorcycle parks and car parking bay at the VIP's driveway. The Trust's interest in Queensbay Mall consists of 433 strata parcels within the Mall and the right-of-use of common area, motorcycle parks and car parking bay at the VIP's driveway.

⁷ CLMT's interest in Sungei Wang Plaza comprises (i) 205 strata parcels within the mall represents approximately 61.9% of the aggregate retail floor area of Sungei Wang Plaza, and (ii) 100% car park bays.

Notes to the Financial Statements

Year ended 31 December 2024

4. INVESTMENT PROPERTIES (CONTINUED)

All individual titles and strata titles are registered in the name of the Trustee save for five strata titles of Queensbay Mall that are registered in the name of CLMT's wholly-owned subsidiaries.

The following are recognised in profit or loss in respect of investment properties:

	Group		Trust	
	2024	2023	2024	2023
	RM'000	RM'000	RM'000	RM'000
Gross revenue	454,760	395,390	454,239	395,290
Less: Property operating expenses	(190,832)	(177,984)	(190,802)	(177,931)
Net property income	263,928	217,406	263,437	217,359

Gross turnover rent of RM39,525,000 (FY2023: RM33,387,000), which represents CLMT's contingent rent, was recognised as income in the financial year.

(a) Operating lease payments receivable

CLMT's lease agreements generally contain an initial non-cancellable period of up to three years and subsequent renewals are negotiated with the lessee. The rental rates are negotiated based on prevailing market rates and are pre-agreed over the lease tenure.

The operating lease payments to be received are as follows:

	Group		Trust	
	2024	2023	2024	2023
	RM'000	RM'000	RM'000	RM'000
Within one year	277,827	272,659	277,621	272,469
One to two years	164,714	160,824	164,578	160,639
Two to three years	75,050	62,397	75,050	62,267
More than three years	63,664	48,325	63,664	48,325
	581,255	544,205	580,913	543,700

(b) Fair value information

The fair value of investment properties of the Group and of the Trust are categorised as Level 3. The properties are valued by independent external valuers using the income capitalisation approach, also known as investment approach. This valuation approach takes into account of the gross revenue and outgoings to estimate the net income for the properties. Capitalisation rates are then applied to the net income of the investment properties to determine the market value of the investment properties.

The significant assumptions and unobservable inputs underlying the estimation of fair value of investment properties are those related to term capitalisation and reversionary capitalisation rates, car park and other income, outgoings expenses and allowance for void. Term capitalisation and reversionary capitalisation rates for the investment properties range from 6.00% to 7.25% (FY2023: 6.00% to 7.25%) and from 6.25% to 7.50% (FY2023: 6.25% to 7.50%) respectively. The estimated fair value would increase (decrease) if the capitalisation rates, outgoings and allowance for void were lower (higher) and if car park and other income was higher (lower).

(c) Valuation processes applied to the Group and the Trust for Level 3 fair value

The fair value of investment properties is determined by independent external valuers having appropriate recognised professional qualifications and recent experience in the location and category of the investment properties being valued. The fair value of the Group's and of the Trust's investment property portfolio are revalued at least every twelve months.

Notes to the Financial Statements

Year ended 31 December 2024

4. INVESTMENT PROPERTIES (CONTINUED)

(d) Highest and best use

The Group's and the Trust's investment properties are currently valued at their highest and best use.

5. INVESTMENT IN SUBSIDIARIES

Trust			
2024			
Past due 1 – 30 days	3,886	(242)	3,644
Past due 31 – 90 days	1,109	(78)	1,031
Past due more than 90 days	7,009	(5,748)	1,261
	12,004	(6,068)	5,936
2023			
Past due 1 – 30 days	3,450	(132)	3,318
Past due 31 – 90 days	811	(58)	753
Past due more than 90 days	8,318	(7,184)	1,134
	12,579	(7,374)	5,205

Gross carrying amount of trade receivables is not expected to change significantly. The movement of impairment losses on trade receivables during the financial year is as follows:

	Note	Group 2024 RM'000	Group 2023 RM'000	Trust 2024 RM'000	Trust 2023 RM'000
At 1 January		7,427	9,577	7,374	9,577
Acquisition of subsidiaries		–	66	–	–
Amounts written off		(1,642)	(779)	(1,641)	(779)
Loss on impairment/(Reversal of impairment losses) for trade receivables (net)	13	283	(1,437)	335	(1,424)
At 31 December		6,068	7,427	6,068	7,374

The Manager of CLMT believes that no additional impairment loss is necessary in respect of past due receivables as these receivables, net of security deposits held as collateral, had been adequately impaired.

Notes to the Financial Statements

Year ended 31 December 2024

7. AMOUNT DUE FROM/(TO) SUBSIDIARY

The amount due from subsidiary of RM6,804,000 (FY2023: RM7,016,000) is non-trade in nature, unsecured, and is repayable on demand. Included in the amount due from subsidiary is an interest-bearing loan from CLMT of RM6,650,000 (FY2023: RM6,650,000) which is subject to an average interest rate of 3.43% (FY2023: 3.22%) per annum that is based on the prevailing deposit rates of licensed banks.

The amount due to subsidiary of RM300,000,000 (FY2023: RM300,000,000) is pursuant to the REIT Trustee Financing Agreement (RTFA) entered into by the Trustee on behalf of CLMT and the subsidiary, where the funds raised from the unrated and secured MTN, as detailed in Note 10(b), were advanced to CLMT. The amount due to subsidiary is secured, subject to an average interest rate of 4.41% (FY2023: 4.41%) per annum which is payable semi-annually. The principal is repayable in three tranches of RM100,000,000 each, due in 2026, 2027 and 2028 (FY2023: repayable in 2026, 2027 and 2028) respectively.

8. CASH AND CASH EQUIVALENTS

	Group		Trust	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Deposits placed with licensed banks	71,432	60,892	64,758	54,237
Cash and bank balances	10,035	17,060	9,161	16,493
	81,467	77,952	73,919	70,730

Gurney Plaza maintains a separate designated revenue account with a licenced bank while The Mines, Queensbay Mall, Glenmarie Distribution Centre and Valdor Logistics Hub maintain separate designated revenue and operating accounts with licensed banks. This forms part of the financing covenants and the usage of funds in these designated revenue and operating accounts are not restricted as long as no event of default has occurred on the borrowings. The total amount of the designated revenue and operating accounts at the end of the financial year that is included in the cash and cash equivalents is RM65,263,000 (FY2023: RM47,828,000).

Included in the Group's cash and cash equivalents is pledged deposits of RM6,650,000 (FY2023: RM6,650,000). This is in relation to a separate debt service reserves account and trustee reimbursement account assigned by the subsidiary to the security trustee pursuant to the unrated and secured MTN, as set out in Note 10(b). The deposit is maintained with a licensed bank and the fund is restricted in use.

(a) Secured term loans and revolving credits

CLMT had entered into seven separate secured facility agreements with licensed banks on 10 June 2010 (Secured Facility 1), 17 March 2011 (Secured Facility 2), 26 June 2015 (Secured Facility 3), 9 March 2023 (Secured Facility 4), 11 April 2023 (Secured Facility 5), 12 August 2024 (Secured Facility 6) and 19 November 2024 (Secured Facility 7).

Secured Facility 1 comprises term loan facilities of RM500.0 million and a revolving credit facility of RM61.0 million. Secured Facility 2 comprises term loan facilities of RM69.8 million and a revolving credit facility of RM20.0 million. Both Secured Facilities 1 and 2 have maturities ranged from August 2031 to August 2033.

Secured Facility 3 comprises term loan facility of RM348.7 million, a revolving credit facility of RM100.0 million and a bank guarantee facility of RM10.0 million. Secured Facility 3's original maturity was in July 2027. RM50.5 million of the term loan facility has been re-paid in 2023 and the remaining balance was refinanced by Secured Facility 6 in August 2024.

Secured Facility 4 comprises term loan facility of RM693.0 million and bank guarantee facility of RM30.0 million. The term loan facility has been utilised to finance the acquisition of Queensbay Mall. Secured Facility 4 will mature in March 2028. CLMT has converted Secured Facility 4 into a sustainability-linked loan in December 2023. The revolving credit facility of RM100.0 million and bank guarantee facility of RM10.0 million under Secured Facility 3 have been moved to Secured Facility 4 upon the refinancing of the term loan under Secured Facility 3.

Secured Facility 5 comprises sustainability-linked term loan facility of RM59.0 million which was utilised to finance the acquisition of Valdor Logistics Hub. Secured Facility 5 will mature in April 2028.

Secured Facility 6 comprises term loan facilities of RM298.0 million and a revolving credit facility of RM50.0 million. Secured Facility 6's maturity ranged from August 2031 to August 2033.

Secured Facility 7 comprises term loan facilities of RM43.5 million and will mature in December 2029.

As at 31 December 2024, total term loan facilities utilised under the Secured Facilities 1, 2, 4, 5, 6 and 7 was RM1,651.3 million (FY2023: RM1,620.9 million) while total secured revolving credit utilised under these facilities was RM39.8 million (FY2023: RM74.8 million).

The average effective interest rate for all Secured Facilities was approximately 4.5% (FY2023: 4.1%) per annum.

Notes to the Financial Statements

Year ended 31 December 2024

10. BORROWINGS (CONTINUED)

(b) Secured Medium Term Notes Programme

The Group has a secured Medium Term Notes Programme of up to RM3.0 billion in nominal value (MTN Programme) under CLMT MTN Berhad (the Issuer), pursuant to which rated/unrated notes in series or tranches may be issued from time to time in Ringgit Malaysia. The MTN Programme has a tenure of twenty years from the date of first issuance of MTN, which was on 20 December 2012. The net proceeds from the issue of the MTN (after deducting issue expenses) will be on-lent to CLMT, which in turn will utilise such proceeds to refinance its existing and/or future borrowings and/or to finance investments, capital expenditure, asset enhancement initiatives and/or working capital of CLMT. The Issuer will also be allowed to use the proceeds to refinance maturing MTN on the respective maturity dates. The security trustee of the MTN Programme is Malaysian Trustees Berhad.

On 20 June 2023, the Issuer issued three tranches of RM100.0 million each of unrated and secured MTN (4-TM) which will be maturing on 20 June 2026, 20 June 2027 and 20 June 2028 respectively. The three tranches of 4-TM bear coupon rates of 4.36%, 4.44% and 4.44% per annum respectively for the first two years which is payable semi-annually. Upon expiration of the first two years, the Issuer may elect to refix 4-TM with another fixed rate.

(c) Unsecured revolving credit

As at 31 December 2024, the outstanding unsecured revolving credits were RM185.1 million (FY2023: RM173.9 million) at an average effective interest rate of approximately 4.6% (FY2023: 4.5%) per annum.

The secured borrowings are secured by charges on investment properties as disclosed in Note 4 with an amount of RM3,667,852,000 (FY2023: RM3,920,852,000) and shares of LASB, MWPB, SGSB and SISB as disclosed in Note 5.

11. DEFERRED TAX LIABILITIES

	Note	Group		Trust	
		2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
At 1 January		3,072	–	3,050	–
Acquisition of subsidiaries	27	–	408	–	–
Recognised in profit or loss	17	8,163	2,664	8,143	3,050
At 31 December		11,235	3,072	11,193	3,050

The above deferred tax liabilities are attributable to the fair value changes in the investment properties of the Group and of the Trust which are expected to be recovered through sale. With effect from 1 January 2019, the applicable Real Property Gains Tax (RPGT) rate under the Finance Act 2020 for disposal of real properties or shares in real properties companies which have been held for more than 5 years is 10%. It is the business model of CLMT to hold investment properties to earn rental income and for long-term capital growth. Hence, there are no expected disposals of investment properties held for less than 5 years.

Advances	7,090	6,710	7,090	6,710
Trade and other payables	83,396	90,067	82,862	89,561

Included in the amount due to related parties is an amount due to the Manager of RM9,462,000 (FY2023: RM9,313,000) of which RM5,045,000 (FY2023: RM4,801,000) is payable in units of CLMT as payment for the performance component of management fee for the period from 1 July 2024 to 31 December 2024 (FY2023: for the period from 1 July 2023 to 31 December 2023) and Trustee's fee of RM37,000 (FY2023: RM37,000). The relationship and transactions of the above are further disclosed in Note 25.

13. OTHER OPERATING EXPENSES

		Group		Trust	
	Note	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Property management fees and reimbursements		32,967	25,436	32,967	25,436
Marketing expenses		7,082	8,061	7,082	8,061
Quit rent and assessment		16,041	15,313	16,028	15,303
General and administrative expenses		6,989	7,373	6,982	7,369
Loss on impairment/(Reversal of impairment losses) for trade receivables (net)	6	283	(1,437)	335	(1,424)
		63,362	54,746	63,394	54,745

Property management fees are payable to the property managers, namely (1) Knight Frank Property Management Sdn. Bhd. (Knight Frank) for all CLMT's properties for the year under review except for Sungei Wang Plaza; and (2) Nexcap Property Consultants Sdn. Bhd. (Nexcap), the property manager for CLMT's interest in Sungei Wang Plaza. Property management reimbursements include reimbursable staff costs and other reimbursements for managing the investment properties.

Knight Frank and Nexcap were entitled to monthly property management fees of RM84,220 (FY2023: RM90,680 for the period up to 15 April 2023 and RM85,000 subsequently) and RM17,000 (FY2023: RM19,000 for the period up to 31 March 2023 and RM17,000 subsequently) for the period up to 15 April 2025 and 31 March 2025 respectively.

Notes to the Financial Statements

Year ended 31 December 2024

14. MANAGER'S MANAGEMENT FEE

	2024 RM'000	2023 RM'000
Group and Trust		
Base management fee	14,989	14,641
Performance fee	12,271	10,327
	27,260	24,968
Acquisition fee capitalised in investment properties	–	10,302
Divestment fee netted off against sale consideration from disposal of an investment property	–	260

Pursuant to the Deed, the Manager is entitled to a base fee of up to 1% per annum of the total asset value and a performance fee of up to 5% per annum of net property income. For the financial year ended 31 December 2024, the Manager has accounted for a base fee of 0.29% (FY2023: 0.29%) per annum of the total asset value, payable quarterly in arrears, and a performance fee of 4.75% (FY2023: 4.75%) per annum of net property income, payable semi-annually in units after distribution to unitholders, except for the performance fee related to East Coast Mall which is payable in cash.

In addition to the above, the Manager is also entitled to an acquisition fee of up to 1% of the purchase price and a divestment fee of up to 0.5% of the sale price of any authorised investment/divestment. With the acquisition of Queensbay Mall, Valdor Logistic Hub and Glenmarie Distribution Centre in the prior financial year, acquisition fees of RM10,705,000 (21,083,000 units) and RM397,000 were paid to the Manager in units and cash respectively and capitalised as part of the investment properties' acquisition cost.

The divestment of 3 Damansara Office Tower was completed in prior financial year, with a divestment fee of RM260,000 payable to the Manager. The divestment fee was netted off against the sale consideration to arrive at the gain on disposal of the investment property.

During the financial year ended 31 December 2024, the Manager was paid 16,271,000 of units (FY2023: 12,111,000 of units) in CLMT or equivalent to RM9,910,000 (FY2023: RM6,222,000), as part settlement of its management fees for the period from 1 July 2023 to 30 June 2024 (FY2023: 1 July 2022 to 30 June 2023).

In the previous year, the Manager was also paid 21,083,000 units or equivalent to RM10,705,000 as settlement of its acquisition fees for Valdor Logistics Hub and Queensbay Mall. The Manager disposed 26,169,000 and 5,965,000 CLMT units at cost to a related party, Menang Investment Limited, on 10 May 2023 and 12 December 2023 respectively.

There were no other fees or soft commission paid to the Manager during the financial year other than as disclosed above.

15. TRUSTEE'S FEE

Pursuant to the Deed, the Trustee is entitled to a fee of 0.02% per annum of the total asset value for the first RM2.0 billion and a 0.01% per annum of the total asset value thereafter, payable monthly in arrears.

With the agreement from Trustee, the Trustee's fee for the financial year ended 31 December 2024 was RM440,000 (FY2023: RM420,000).

Notes to the Financial Statements

Year ended 31 December 2024

16. FINANCE COSTS

	Group		Trust	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000

Others	592	371	793	568
	98,479	84,781	98,479	84,781

17. TAXATION

Pursuant to Section 61A of the Income Tax Act, 1967, the total income of a REIT will be exempted from income tax provided that the REIT distributes 90% or more of its total income for that year of assessment. If the REIT is unable to meet the 90% distribution criteria, the entire taxable income of the REIT for the year of assessment would be subject to income tax.

As CLMT will distribute more than 90% of its distributable income for the financial year ended 31 December 2024 to its unitholders, no provision for tax expense has been made for the current financial year.

The current tax recognised during the financial year is in respect of tax expenses of the newly acquired subsidiaries which are not entitled to the abovementioned tax exemption.

	Note	Group		Trust

Notes to the Financial Statements

Year ended 31 December 2024

18. EARNINGS PER UNIT

Basic and diluted earnings per unit

The calculation of earnings per unit is based on the weighted average number of units and profit for the financial year.

	Group		Trust	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Profit for the financial year	187,155	163,662	186,629	163,643
Add: Manager's management fee	27,260	24,968	27,260	24,968
Profit for the financial year before Manager's management fee	214,415	188,630	213,889	188,611
			2024 units '000	2023 units '000

Group and Trust

Issued units at the beginning of the financial year	2,740,459	2,206,935
Weighted average number of units issued during the financial year	82,216	401,241
Weighted average number of units at the end of the financial year	2,822,675	2,608,176

	Group		Trust	
	2024	2023	2024	2023
Earnings per unit (sen)				
– before Manager's management fee	7.60	7.23	7.58	7.23
– after Manager's management fee	6.63	6.27	6.61	6.27

Diluted earnings per unit equals to basic earnings per unit as there are no potential dilutive units in issue.

19. DISTRIBUTIONS TO UNITHOLDERS

	Group		Trust	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Distributions to unitholders are from the following sources:				
Gross rental income	364,055	317,802	363,535	317,709
Car park income and other revenue	90,705	77,588	90,704	77,581
Interest income	2,418	2,762	2,418	2,762
Less: Expenses	(324,697)	(288,141)	(324,522)	(288,060)
Add/(Less): Adjustment for rounding difference	359	(186)	705	(167)
Distributable income	132,840	109,825	132,840	109,825
Distribution per unit (sen) of which:				
– taxable income (sen)	4.47	3.98	4.47	3.98
– non-taxable income (sen)	0.18	0.19	0.18	0.19
	4.65	4.17	4.65	4.17

The Manager declared a final income distribution of approximately RM65,951,000 or 2.29 sen per unit on 22 January 2025 for the period from 1 July 2024 to 31 December 2024. In total, CLMT will be paying approximately RM132,840,000, which is more than 90% of its distributable income, to its unitholders for the financial year ended 31 December 2024.

Notes to the Financial Statements

Year ended 31 December 2024

19. DISTRIBUTIONS TO UNITHOLDERS (CONTINUED)

In the prior financial year, the Manager declared a final income distribution of approximately RM61,387,000 or 2.24 sen per unit on 30 January 2024 for the period from 1 July 2023 to 31 December 2023. This final income distribution was paid on 26 March 2024. In total, CLMT had paid approximately RM109,825,000, which is more than 90% of its distributable income, to its unitholders for the financial year ended 31 December 2023.

The declared final income distribution will be recognised in the immediate subsequent financial year.

Pursuant to the Section 109D(2) of the Income Tax Act, 1967, the applicable withholding tax on distributions of income which is tax exempt at CLMT level is as follows:

Resident unitholders

- (a) Corporate Tax flow through, no withholding tax
- (b) Other than corporate Withholding tax at 10%

Non-resident unitholders

- (c) Corporate Withholding tax at 24%
- (d) Institutional investors Withholding tax at 10%
- (e) Individuals Withholding tax at 10%

20. PORTFOLIO TURNOVER RATIO

	2024	2023
Group		
Portfolio turnover ratio (PTR) (times)	—	0.4

The calculation of the PTR is based on the average of total acquisitions and total disposal of investments for the financial year to the average net asset value during the financial year.

Since the basis of calculating the PTR can vary among the REITs, there is no sound basis for providing an accurate comparison of CLMT against other REITs.

21. MANAGEMENT EXPENSE RATIO

	2024	2023
Group		
Management expense ratio (MER) (%)	1.1	1.5

MER is calculated based on the total fees of CLMT, including Manager's management fee, Trustee's fee, acquisition fee, divestment fee and other trust expenses, to the average net asset value during the financial year.

Comparison of the MER of CLMT with other REITs which may use different basis of calculation may not be an accurate comparison.

Notes to the Financial Statements

Year ended 31 December 2024

22. CAPITAL COMMITMENTS

Capital commitments in relation to capital expenditure of the existing portfolio of the Group and of the Trust are as follows:

	2024 RM'000	2023 RM'000
Group and Trust		
Contracted but not provided for	4,015	30,967

23. FINANCIAL INSTRUMENTS

23. FINANCIAL INSTRUMENTS (CONTINUED)

23.3 Financial risk management

Financial risk management is integral to the whole business of the Group and of the Trust. The Group and the Trust adopt an integrated approach to manage the financial risks arising in the normal course of business.

The Group and the Trust have identified the following financial risk exposure from its use of financial instruments:

- Liquidity risk
- Credit risk
- Market risk

The Group and the Trust have implemented risk management policies and guidelines which set its tolerance of risk and its general risk management philosophy.

23.4 Liquidity risk

Liquidity risk is defined as the risk that the Group and the Trust will not be able to meet its financial obligations as they fall due.

The Group's and the Trust's exposures to liquidity risk arise primarily from various payables and borrowings. The Group and the Trust maintain sufficient liquid reserves in terms of cash and credit facilities to ensure, as far as possible, that they will have sufficient liquidity to meet its liabilities when they fall due. In addition, the Manager diligently monitors and observes financing covenants to ensure compliance.

The health and sentiments of the debt markets in Malaysia directly affects the liquidity position of the Group and the Trust as external sources of funding are needed to fund new acquisitions or asset enhancement initiatives besides the need to refinance the existing borrowings when they mature.

At the reporting date, RM185,126,000 (FY2023: RM187,787,000) of outstanding revolving credits will be subject to annual review within the next twelve months. The Group and the Trust will continue to manage their capital structure proactively by spreading out the debt maturities to a manageable size and maintaining an optimal gearing level.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Included in the carrying amount of trade and other payables are as follows:

For the Group:

- (a) an amount of RM5,683,000 (FY2023: RM7,699,000) for interest payable on the borrowings, was incorporated in the contractual cash flows of the bank borrowings and unrated and secured MTN; and
- (b) an amount of RM5,045,000 (FY2023: RM4,801,000) for Manager's performance fee payable in units was not incorporated in the contractual cash flows.

For the Trust:

- (a) an amount of RM5,248,000 (FY2023: RM7,264,000) for interest payable on the borrowings, was incorporated in the contractual cash flows of the bank borrowings; and
- (b) an amount of RM5,045,000 (FY2023: RM4,801,000) for Manager's performance fee payable in units was not incorporated in the contractual cash flows.

Notes to the Financial Statements

Year ended 31 December 2024

23. FINANCIAL INSTRUMENTS (CONTINUED)

23.5 Credit risk

Credit risk is defined as the risk of a financial loss to the Group and to the Trust if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's and the Trust's exposures to credit risk arise primarily from their trade and other receivables.

Credit risk is controlled by credit verification procedures before lease agreements are entered into with tenants and ongoing balance monitoring to ensure minimum credit risk exposure. In addition, there is a stringent collection policy in place to ensure that credit risk is minimised. Other than the collection of security deposits, which typically amounts to an average of three months' rent in the form of cash or bankers' guarantee, the Group and the Trust also have vigilant monitoring and debt collection procedures. Additionally, certain revenue streams such as car park income and recovery from tenants do not have credit terms since they are settled on cash or prepayment terms. Debtors turnover days of the Group for the financial year was approximately 11 days (FY2023: 14 days).

For other financial assets, the Group and the Trust minimise credit risk by dealing with restricted counterparties that meet the appropriate credit criteria and have high credit standing.

The Manager establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. The main component of this allowance is a specific loss component that relates to the individually significant exposure. The allowance account in respect of trade and other receivables is used to record impairment losses unless the Manager is satisfied that no recovery of the amount owing is possible. At that point, the financial asset is considered irrecoverable and the amount charged to the allowance account is written off against the carrying amount of the impaired financial asset.

At the end of financial year, there was no significant concentration of credit risk.

Cash and bank balances are placed with financial institutions which are regulated.

23.6 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other prices that will affect the Group's and the Trust's financial positions or cash flows.

23.6.1 Interest rate risk

The Group's and the Trust's investments in financial products and its fixed rate borrowings are exposed to a risk of change in the fair values of the instruments due to changes in interest rates. The Group's and the Trust's floating rate borrowings are exposed to a risk of change in cash flows due to changes in interest rate. Short term receivables and payables are not significantly exposed to interest rate risk. Of these instruments, the primary interest rate risk exposure of the Group and of the Trust relates to interest-bearing borrowings.

In line with the Group's overall enterprise risk management framework, the Manager adopts a proactive interest rate management policy to manage the risk associated with changes in interest rates on the Group's and the Trust's loan facilities (including borrowing from subsidiary) and also seeking to ensure a competitive level of cost of debt. Interest rate risk is managed on an ongoing basis with the primary objective of limiting the extent to which interest expense could be affected by adverse movements in interest rates.

To mitigate the Group's exposure to fluctuation in interest rates, the Manager has locked in a proportion of the Group's and the Trust's borrowings at fixed interest rates. As at 31 December 2024, the Group's and the Trust's borrowings at fixed rates are 85.0% (FY2023: 85.3%) while the remaining balances are on floating rates.

The investments in financial products are mainly short-term in nature and not held for trading or speculative purposes but are mainly placed in as deposits with licensed banks which yield better returns than cash at bank.

Notes to the Financial Statements

Year ended 31 December 2024

23. FINANCIAL INSTRUMENTS (CONTINUED)

23.6 Market risk (continued)

23.6.1 Interest rate risk (continued)

The interest rate profile of the Group's and of the Trust's significant interest-bearing financial instruments, based on carrying amounts as at end of the financial year, is as follows:

	Note	Group		Trust	
		2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Financial assets					
Fixed rate instruments					
Deposits placed with licensed banks	8	71,432	60,892	64,758	54,237
Amount due from subsidiary	7	–	–	6,650	6,650
		71,432	60,892	71,408	60,887
Financial liabilities					
Fixed rate instruments					
Secured term loans	10	1,549,763	1,551,179	1,549,763	1,551,179
Unrated and secured MTN	10	300,000	300,000	–	–
Amount due to subsidiary	7	–	–	300,000	300,000
		1,849,763	1,851,179	1,849,763	1,851,179
Floating rate instruments					
Secured term loans	10	101,510	69,750	101,510	69,750
Secured and unsecured revolving credits	10	224,872	248,710	224,872	248,710
		326,382	318,460	326,382	318,460
		2,176,145	2,169,639	2,176,145	2,169,639

The exposure to interest rate risk is in respect of the floating rate instruments as reported above.

Interest rate risk sensitivity analysis

Fair value sensitivity analysis for fixed rate instruments

The Group and the Trust do not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the financial year would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

An increase of 50 basis points (bp) (FY2023: 50 bp) in interest rate at the reporting date would have increased the finance costs by RM1,632,000 (FY2023: RM1,592,000) per annum. A decrease in 50 bp in interest rate would have an equal but opposite effect. This analysis assumes that all other variables remain constant.

Notes to the Financial Statements

Year ended 31 December 2024

23. FINANCIAL INSTRUMENTS (CONTINUED)

23.6 Market risk (continued)

23.6.2 Currency risk

As the assets of the Group are currently based in Malaysia, there is little or no foreign exchange exposure from operations. The Group borrows in Malaysian Ringgit from domestic banks and debt capital market hence creating a perfect currency match for the Group's and the Trust's assets and liabilities. At the end of the financial year, the Group and the Trust are not exposed to any significant foreign currency risk.

23.7 Fair value information

The carrying amounts of cash and cash equivalents, trade and other receivables, amount due from/(to) subsidiary and trade and other payables approximate their fair values due to the relatively short-term nature of these financial instruments.

The fair value of the floating rate borrowings approximates its carrying amount as it reprices to market interest rates for liabilities with similar risk profiles.

The fair value of the fixed-rate borrowings at initial recognition approximates its carrying amount as its effective interest rate is considered to be the market rate.

The fair values of the financial liabilities, together with the carrying amounts shown in the statements of financial position, are as follows:

	Carrying amount 2024 RM'000	Fair value 2024 RM'000	Carrying amount 2023 RM'000	Fair value 2023 RM'000
Group				
Tenants' deposits	115,863	113,162	107,455	104,038
Fixed rate secured term loans	1,549,763	1,544,163	1,551,179	1,561,552
Unrated and secured MTN	300,000	299,123	300,000	298,806
Trust				
Tenants' deposits	115,767	112,610	107,361	103,948
Fixed rate secured term loans	1,549,763	1,544,163	1,551,179	1,561,552
Amount due to subsidiary	300,000	299,123	300,000	298,806

The fair values of the tenants' deposits is categorised as Level 2 and the remaining financial liabilities are categorised as Level 3.

Notes to the Financial Statements

Year ended 31 December 2024

23. FINANCIAL INSTRUMENTS (CONTINUED)

23.7 Fair value information (continued)

The above fair values, which are determined for disclosure purposes, are calculated based on the present value of future cash flows discounted at the market rate of interest at the end of the financial year. Interest rates used to determine fair values are as follows:

	2024	2023
Group and Trust		
Tenants' deposits	2.5%	2.8%
Fixed rate secured term loans	4.5%	4.7%
Unrated and secured MTN	4.6%	4.6%
Amount due to subsidiary	4.6%	4.6%

24. CAPITAL MANAGEMENT

The Group's objectives when managing capital are to maintain a strong capital base so as to maintain investor, creditor and market confidence and to ensure optimal returns to unitholders, while maintaining flexibility in respect of future capital expenditure and acquisitions. The Manager continues to rigorously monitor the cash position and borrowings of the Group with the view of strengthening its capital structure and competitive position.

The Manager maintains an optimal gearing ratio, which is defined as total borrowings divided by total asset value, that complies with regulatory requirements and financing covenants. Under the SC's REIT Guidelines, the gearing ratio of the Group should not exceed 50.0% at the time the borrowings or financing facilities or deferred payment arrangements are incurred. As at 31 December 2024, the gearing level of the Group stood at 41.3% (FY2023: 42.4%) and has maintained the gearing ratio below the statutory threshold during the financial year.

	2024 RM'000	2023 RM'000
Group		
Total assets value (before final income distribution)	5,267,982	5,116,805
Total borrowings (excluding unamortised transaction costs)	2,176,145	2,169,639
Gearing ratio (%)	41.3	42.4

There was no change in the Group's approach to capital management during the financial year.

Notes to the Financial Statements

Year ended 31 December 2024

25. RELATED PARTIES

Identity of and transactions with related parties

For the purposes of these financial statements, parties are considered to be related to the Group if the Group or the Trust has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Trust and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

During the financial year, other than those disclosed elsewhere in the financial statements, the following related party transactions were carried out in the normal course of business under normal commercial terms:

	Group		Trust	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000

Notes to the Financial Statements

Year ended 31 December 2024

26. OPERATING SEGMENTS

The Group's Chief Operating Decision Maker (CODM) has identified Retail as a reportable segment for the purpose of performance assessment.

Segment revenue comprises mainly income generated from its tenants. Segment net property income represents the income earned by the segment after allocating property operating expenses. Segment performance is measured based on the segment net property income.

Segment result include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated expenses comprise mainly non-operating and trust expenses.

	Retail RM'000	Others RM'000	Total RM'000

Finance costs			(84,781)
Profit before taxation			166,693
Taxation			(3,050)
Profit for the financial year			163,643

No segment assets and liabilities information is prepared as the Group's CODM assesses the segment's performance based on the segment's net property income.

No geographical segment information is prepared as the Group's properties are all located in Malaysia.

Notes to the Financial Statements

Year ended 31 December 2024

27. ACQUISITION OF SUBSIDIARIES

On 21 March 2023, the Group acquired all the shares in LASB, MWPB, SGSB and SISB for RM3,462,000 via cash consideration and repaid all loans or advances owed by the subsidiaries to Retail Galaxy Pte. Ltd. and/or its related companies amounting to RM2,575,000. The subsidiaries are principally engaged in the operations of investment in and letting of property.

The following summarises the major classes of consideration transferred, and the recognised amounts of assets acquired and liabilities assumed at the acquisition date:

Fair value of consideration transferred

	LASB RM'000	Acquisition of MWPB RM'000	SGSB RM'000	SISB RM'000	Group RM'000
Cash and cash equivalents	665	815	828	1,154	3,462

Identifiable assets acquired and liabilities assumed

Notes to the Financial Statements

Year ended 31 December 2024

28. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

The following significant events occurred during the financial year:

- On 5 February 2024, CLMT entered into a conditional sale and purchase agreement with Nusajaya Tech Park Sdn. Bhd. ("Vendor") for the acquisition of two semi-detached factories with mezzanine office and guard posts and one detached factory with mezzanine office with a guard post located at Taman Teknologi Nusajaya, Iskandar Puteri, Johor for a total purchase consideration of RM27,000,000 ("Proposed Acquisition").

On 27 December 2024, CLMT entered into a letter with the Vendor to allow for a further extension of the Extended Conditional Period from 5 February 2025 to 5 November 2025 ("Further Extension"). For further details of the Further Extension, please refer to our announcement made on 27 December 2024 to Bursa Malaysia Securities Berhad.

- On 2 December 2024, CLMT entered into an agreement to acquire a freehold automated logistics property from PTT Logistics Hub 1 Sdn. Bhd. for RM180,000,000. The property is located within Elmina Business Park, an established industrial and business park in Selangor. As at 31 December 2024, this acquisition is pending completion. For further details, please refer to our announcement made on 2 December 2024 to Bursa Malaysia Securities Berhad.

29. SUBSEQUENT EVENT

On 5 February 2025, CLMT signed an agreement to acquire three freehold industrial properties from Rainbow Entity Sdn. Bhd., a subsidiary of Gromutual Berhad which is listed on Bursa Malaysia, for a total purchase consideration of RM72,000,000. For further details, please refer to our announcement made on 5 February 2025 to Bursa Malaysia Securities Berhad.

Manager's Report

CapitaLand Malaysia REIT Management Sdn. Bhd., the Manager for CapitaLand Malaysia Trust (CLMT or the Trust), has pleasure in presenting its report together with the audited financial statements of the Group and of the Trust for the financial year ended 31 December 2024.

CLMT is a Malaysia domiciled real estate investment trust (REIT) constituted by a deed dated 7 June 2010 (which was amended and restated on 13 July 2021) (the Deed) entered into between CapitaLand Malaysia REIT Management Sdn. Bhd. (the Manager) and MTrustee Berhad (the REIT Trustee). The Deed was registered with Securities Commission Malaysia (SC) on 20 September 2021. CLMT is regulated by the SC's Guidelines on Listed Real Estate Investment Trusts (REIT Guidelines), the Listing Requirements of Bursa Malaysia Securities Berhad (Bursa Securities) and other relevant laws and regulations.

Under the Deed, the principal activity of CLMT is to invest, on a long-term basis, in a portfolio of income-producing real estate as deemed fit by the Manager, that are used for retail, commercial, office and industrial purposes, or such other non-real estate investments, as may be permitted under the Deed, the REIT Guidelines or by the SC, with a view of providing unitholders with long-term and sustainable distribution of income and potential capital growth.

The Manager is of the view that CLMT has made continued progress in growing its diversified portfolio to strengthen income resilience for the financial year ended 31 December 2024. Except as disclosed in the financial statements, there was no change in the strategies and policies employed during the financial year.

DIRECTORS

The Directors of the Manager who have held office during the financial year until the date of this report are as follows:

Dato' Ng Tiong Lip
Yong Su-Lin (Appointed on 1 February 2025)
Foo Wei Hoong
Tan Boon Peng
Tan Ming-Li
Lim Cho Pin Andrew Geoffrey
Goh Gek Hiang (Wu Yuxian)
Datin Hayati Aman Binti Hashim (Appointed on 1 October 2024)
Lui Chong Chee (Resigned on 1 February 2024)
Mohd Yusof Bin Hussian (Resigned on 31 December 2024)
Tan Choon Siang (Resigned on 1 February 2025)

DIRECTORS' BENEFITS

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Manager was a party, whereby the Directors of the Manager might acquire benefits by means of the acquisition of units in or debentures of CLMT.

Since the end of the previous financial year, no Director of the Manager has received or become entitled to receive any benefit (other than a benefit included in the aggregated amount of remuneration received or due and receivable by the Directors), by reason of a contract made by the Manager or a related corporation with any Director of the Manager or with a firm of which the Director of the Manager is a member of, or with a company in which the Director of the Manager has substantial financial interest.

DIRECTORS' INTERESTS

According to the register of Directors' unitholdings kept by the Manager under Section 59 of the Companies Act 2016 in Malaysia, the interests of Directors of the Manager in office at the end of the financial year in units in CLMT during the financial year were as follows:

	At 1.1.2024 Unit	Addition Unit	Sold Unit	At 31.12.2024 Unit
Lim Cho Pin Andrew Geoffrey ¹	51,623	1,866 ²	–	53,489
Tan Choon Siang	–	392,484 ³	–	392,484

Notes:

¹ Units held through nominees.

² Subscription of Units under the Distribution Reinvestment Plan (DRP).

³ Vesting of 378,787 Units pursuant to Restricted Unit Plan (RUP) and subscription of 13,697 Units under the DRP.

	At 1.1.2024 Unit	Granted Unit	Vested Unit	At 31.12.2024 Unit
Deferred Award under RUP¹				
Tan Choon Siang	–	1,136,363	378,787	757,576
Deferred Award under RUP				
Tan Choon Siang	–	631,313	–	631,313
Contingent Award under Performance Unit Plan (PUP)²				
Tan Choon Siang (Baseline award of 1,262,626 Units)	–	0 to 2,525,252	–	0 to 2,525,252

Notes:

¹ On the final vesting, an additional number of Units of a total value equal to the value of the accumulated distributions which are declared during each of the vesting periods and deemed foregone due to the vesting mechanism of RUP, will also be released.

² The final number of units to be released will depend on the achievement of pre-determined targets over a 3-year performance period. The final number of Units that will be released could range from 0% to 200% of the baseline award. The Units released, if any, will be delivered in a combination of units and cash.

The other Directors of the Manager in office at the end of the financial year did not have any interest in units in CLMT during the financial year.

SOFT COMMISSION

There was no soft commission received by the Manager during the financial year from any broker or dealer by virtue of transactions conducted for CLMT.

OTHER INFORMATION

- (a) Before the financial statements of the Group and of the Trust were made out, the Manager took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which the current assets might be expected so to realise.
- (b) At the date of this report, the Manager is not aware of any circumstances:
- (i) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the Group and the Trust inadequate to any substantial extent, or

OTHER INFORMATION (CONTINUED)

- (b) At the date of this report, the Manager is not aware of any circumstances: (continued)
- (ii) which would render the values attributed to the current assets in the financial statements of the Group and of the Trust misleading, or
 - (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Trust misleading or inappropriate, or
 - (iv) not otherwise dealt with in this report or financial statements that would render any amount stated in the financial statements of the Group and of the Trust misleading.
- (c) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Group and of the Trust that has arisen since the end of the financial year which secures the liabilities of any other person; and
 - (ii) any contingent liability of the Group or of the Trust that has arisen since the end of the financial year.
- (d) In the opinion of the Manager:
- (i) except for those already disclosed in the financial statements, the results of the operations of the Group and of the Trust during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature;
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Trust for the financial year in which this report is made; and
 - (iii) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Trust to meet their obligations as and when they fall due.

OTHER SIGNIFICANT EVENTS

Except for those already disclosed in the financial statements, there are no significant events during the financial year and up to the date of this report.

CHANGES IN MATERIAL LITIGATION

The Manager is not aware of any pending litigation which is material since 31 December 2024 up to the date of this report.

AUDITORS

The auditors, Deloitte PLT, have indicated their willingness to continue in office.

AUDITORS' REMUNERATION

The amount paid/payable as remuneration of the auditors of the Group and the Trust for the financial year ended 31 December 2024 amounting to RM207,200 and RM190,200, respectively.

Signed on behalf of the Directors of the Manager in accordance with a resolution of the Board of Directors dated 28 February 2025.

Dato' Ng Tiong Lip
Chairman

Yong Su-Lin
Chief Executive Officer

Date: 28 February 2025

Statement by the Manager

The Manager acknowledges its responsibility for the preparation of the annual financial statements of CapitaLand Malaysia Trust and its subsidiaries (the Group). In the opinion of the Directors of the Manager, CapitaLand Malaysia REIT Management Sdn. Bhd., the financial statements set out on pages 102 to 151 are drawn up in accordance with the provisions of the Deed dated 7 June 2010 (which was amended and restated on 13 July 2021), the Securities Commission Malaysia's Guidelines on Listed Real Estate Investment Trusts, Malaysian Financial Reporting Standards and International Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Trust as at 31 December 2024 and of their financial performance and cash flows for the financial year then ended.

Signed on behalf of the Directors of the Manager in accordance with a resolution of the Board of Directors dated 28 February 2025.

Dato' Ng Tiong Lip
Chairman

Yong Su-Lin
Chief Executive Officer

Date: 28 February 2025

Statutory Declaration

I, **Soon Yeong Chyan**, the officer of CapitaLand Malaysia REIT Management Sdn. Bhd., primarily responsible for the financial management of CapitaLand Malaysia Trust, do solemnly and sincerely declare that the financial statements set out on pages 102 to 151, are, to the best of my knowledge and belief, correct and I make this solemn declaration conscientiously believing the declaration to be true, and by virtue of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared by the abovenamed Soon Yeong Chyan, MIA CA12084, at Kuala Lumpur, Wilayah Persekutuan on 28 February 2025.

Soon Yeong Chyan

Before me:

Trustee's Report

To the Unitholders of CapitaLand Malaysia Trust
(Established in Malaysia)

We have acted as Trustee of CapitaLand Malaysia Trust (CLMT) for the financial year ended 31 December 2024. In our opinion and to the best of our knowledge, CapitaLand Malaysia REIT Management Sdn. Bhd., the Manager of CLMT, has managed CLMT in accordance with the limitations imposed on the investment powers of the Manager and the Trustee under the Deed dated 7 June 2010 (which was amended and restated on 13 July 2021) (the Deed), the Capital Markets and Services Act, 2007, Securities Commission Malaysia's Guidelines on Listed Real Estate Investment Trusts and other applicable laws during the financial year then ended.

We have ensured that valuation has been carried out on all the properties of CLMT in accordance with the Deed and any other regulatory requirements.

We also confirm that the income distributions declared and paid during the financial year ended 31 December 2024 are in line with and are reflective of the objectives of CLMT.

For and on behalf of the Trustee,
MTrustee Berhad

Nurizan Binti Jalil
Chief Executive Officer

Independent Auditors' Report

To the Unitholders of CapitaLand Malaysia Trust
(Established in Malaysia)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of CapitaLand Malaysia Trust (Trust) and its subsidiaries (Group), which comprise the statements of financial position as at 31 December 2024 of the Group and of the Trust, and the statements of profit or loss and other comprehensive income, statements of changes in net asset value and statements of cash flows of the Group and of the Trust for the year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 102 to 151.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Trust as at 31 December 2024, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Trust in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the *International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Trust for the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters of the Group and of the Trust.

Valuation of investment properties

Refer to Note 2(d) – Material accounting policy: Investment properties and Note 4 – Investment properties.

The key audit matter

The Group and the Trust own a portfolio of investment properties comprising shopping malls and logistics assets located in Malaysia. Investment properties represent the single largest category of assets on the statements of financial position, at RM5,130,600,000 and RM5,128,252,000 of the Group and the Trust respectively as at 31 December 2024.

These investment properties are stated at their fair values based on independent external valuations.

The valuation process involves significant judgement in determining the appropriate valuation methodology to be used, and in estimating the underlying assumptions to be applied. The valuations are highly sensitive to key assumptions applied such as the capitalisation rates i.e. a small change in the assumptions can have a significant impact to the valuation.

This is a key audit matter because of the inherently subjective nature of investment property valuations arising from the use of assumptions in the valuation methodology and the financial significance of those balances to the Group and the Trust.

Key Audit Matters (continued)

How the matter was addressed in our audit

We performed the following audit procedures, among others:

- We obtained an understanding of the management's process for reviewing the work of the independent valuers and evaluate the design and implementation of the relevant controls.
- We evaluated the qualifications, competency, independence and objectivity of the external valuers.
- We obtained an understanding of the methodology adopted by the external valuers in estimating the fair value of the investment properties and assessed whether such methodology is consistent with those used in the industry.
- We interviewed the external valuers to understand their processes, judgements and observations in determining the property related data used as input and assumptions applied in their valuations.
- We evaluated the reasonableness of the capitalisation rates used in the valuation by involving our internal specialist.
- We tested data used in the valuation, on a sample basis to the underlying lease agreements and other supporting documents.
- We evaluated the adequacy of the disclosures in the financial statements, in describing the inherent degree of subjectivity and key assumptions in the estimates.

Information Other than the Financial Statements and Auditors' Report Thereon

CapitaLand Malaysia REIT Management Sdn. Bhd. (Manager) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Trust and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Trust does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Trust, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Trust or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager and Trustee for the Financial Statements

The Manager is responsible for the preparation of financial statements of the Group and of the Trust that give a true and fair view in accordance with the Securities Commission Malaysia's Guidelines on Listed Real Estate Investment Trusts, Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Group and of the Trust that are free from material misstatement, whether due to fraud or error. The Trustee is responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

In preparing the financial statements of the Group and of the Trust, the Manager is responsible for assessing the ability of the Group and of the Trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Group or the Trust or to cease operations, or have no realistic alternative but to do so.

Independent Auditors' Report

To the Unitholders of CapitaLand Malaysia Trust
(Established in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Trust as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and the Trust, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group's and of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Trust to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group or of the Trust or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Trust, including the disclosures, and whether the financial statements of the Group and of the Trust represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the Group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Manager with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Manager, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Trust for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

- (i) The financial statements of the Group and of the Trust for the preceding financial year ended 31 December 2023 were audited by another auditor who expressed an unmodified opinion on those financial statements on 15 February 2024.
- (ii) This report is made solely to the unitholders of the Trust, as a body, in accordance with the Securities Commission Malaysia's Guidelines on Listed Real Estate Investment Trusts and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Independent Practitioners' Limited Assurance Report on CapitaLand Malaysia Trust's ("CLMT") Selected Sustainability Indicators for the financial year ended 31 December 2024 ("FYE 2024") presented in its FYE 2024 Annual Report

CONCLUSION

We have performed a limited assurance engagement on whether CLMT's selected sustainability indicators for the FYE 2024 listed below ("Selected Sustainability Indicators") have been prepared in accordance with CLMT's definition and calculation methodologies as set out in CLMT's FYE 2024 Annual Report ("Applicable Criteria"):

1. Total Energy Consumption (within the organisation) (kWh); and
2. Total Energy Intensity (within the organisation) (kWh/m²/month).

The boundary of the limited assurance engagement on the Selected Sustainability Indicators for the FYE 2024 represents CLMT's properties namely Gurney Plaza, East Coast Mall, The Mines, 3 Damansara Mall and Queensbay Mall only.

Based on the procedures performed and evidence obtained, nothing has come to our attention to cause us to believe that the Selected Sustainability Indicators for the FYE 2024 presented in CLMT's FYE 2024 Annual Report are not prepared, in all material respects, in accordance with the Applicable Criteria.

BASIS FOR CONCLUSION

We conducted our engagement in accordance with Malaysian Approved Standard on Assurance Engagements ("ISAE") 3000 (Revised), *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information*. Our responsibilities under this standard are further described in the *Our responsibilities* section of our report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Our quality management and independence

Our firm applies Malaysian Approved Standard on Quality Management, ISQM 1, *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements*, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We have complied with the independence and other ethical requirements of the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

RESTRICTION ON DISTRIBUTION AND USE OF OUR REPORT

Our report has been prepared for the Board of Directors of CapitaLand Malaysia REIT Management Sdn. Bhd. ("CMRM") (the "Directors") solely in accordance with the terms of our engagement letter.

Our report should not therefore be regarded as suitable to be used or relied on by any party wishing to acquire rights against us other than the Company for any purpose or in any context. Any party other than the Company who obtains access to our report or a copy and chooses to rely on our report (or any part of it) will do so at its own risk. To the fullest extent permitted by law, we will accept no responsibility or liability in respect of our report to any other party, other than the Company, for our work, for the assurance report we will issue, and for the conclusion we reach.

Without affecting, adding to or extending our duties and responsibilities to CLMT or giving rise to any duty or responsibility being accepted or assumed by or imposed on us by any other party, we consent to the inclusion of this report in CLMT's FYE 2024 Annual Report to assist the Directors in responding to their governance responsibilities by obtaining independent limited assurance report on the Selected Sustainability Indicators.

Our conclusion is not modified in respect of this matter.

RESPONSIBILITIES FOR THE SELECTED SUSTAINABILITY INDICATORS

The management of CMRM (the "Management") is responsible for:

- (a) Designing, implementing and maintaining internal control relevant to the preparation of the Selected Sustainability Indicators such that it is free from material misstatement, whether due to fraud or error;
- (b) Selecting or developing suitable criteria for preparing the Selected Sustainability Indicators and appropriately referring to or describing the criteria used, including who developed them, when not readily apparent from the engagement circumstances;
- (c) Preparing and properly calculating the Selected Sustainability Indicators in accordance with the Applicable Criteria;
- (d) Preventing and detecting fraud; and
- (e) Selecting the content of the Selected Sustainability Indicators, including identifying and engaging with intended users to understand their information needs.

INHERENT LIMITATIONS

Due to the inherent limitations of any internal control structure, it is possible that errors or irregularities in the information presented in CLMT's FYE 2024 Annual Report may occur and not be detected. Our engagement is not designed to detect all weaknesses in the internal controls over the preparation and presentation of the FYE 2024 Annual Report, as the engagement has not been performed continuously throughout the period and the procedures performed were undertaken on a test basis.

OUR RESPONSIBILITIES

We are responsible for:

- (a) Planning and performing the engagement to obtain limited assurance about whether the Selected Sustainability Indicators are free from material misstatement, whether due to fraud or error;
- (b) Forming an independent conclusion, based on the procedures we have performed and the evidence we have obtained; and
- (c) Reporting our conclusion to the Directors.

Independent Limited Assurance Report

On Selected Sustainability Information of CapitaLand Malaysia Trust
For the Financial Year Ended 31 December 2024

CapitaLand Malaysia Trust ("CLMT")
*Independent Practitioners' Limited Assurance Report on
CLMT's Selected Sustainability Indicators for the FYE 2024
presented in its FYE 2024 Annual Report
28 February 2025*

SUMMARY OF THE WORK WE PERFORMED AS THE BASIS FOR OUR CONCLUSION

We exercised professional judgement and maintained professional skepticism throughout the engagement. We designed and performed our procedures to obtain evidence about the Selected Sustainability Indicators that is sufficient and appropriate to provide a basis for our conclusion. Our procedures selected depended on our understanding of the Selected Sustainability Indicators and other engagement circumstances, and our consideration of areas where material misstatements are likely to arise. In carrying out our engagement, we have performed the following procedures, amongst others:

- (a) Enquired Management to gain an understanding of the processes established from which the Selected Sustainability Indicators is derived;
- (b) Interviewed relevant staff responsible for preparing and presenting the Selected Sustainability Indicators in CLMT's FYE 2024 Annual Report;
- (c) Compared the Selected Sustainability Indicators presented in CLMT's FYE 2024 Annual Report for to underlying sources on a sample basis; and
- (d) Read the Selected Sustainability Indicators presented in CLMT's FYE 2024 Annual Report to determine whether they are in line with our overall knowledge of, and experience with, the sustainability performance of CLMT.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

OTHER MATTER

We previously expressed a conclusion over the Selected Sustainability Indicators for the financial year ended 31 December 2023, and our report dated 15 February 2024 included an unmodified conclusion. Our conclusion is not modified with respect to this matter.

Independent Market Overview

1.0 GENERAL MARKET OUTLOOK

Macroeconomic & Demographic Overview

The Malaysian economy exhibited resilience in Q3/2024, achieving a gross domestic product growth rate of 5.3% compared to 3.1% in the corresponding quarter of 2023. This growth was driven by strong domestic recovery, prudent fiscal and monetary policies, increased exports and investments, tourism rebounds, and targeted government initiatives. Household spending was bolstered by the Employees Provident Fund's Flexible Account (Account 3), where it was reported that almost RM10.78 billion has been withdrawn as of end-September 2024.

The unemployment rate improved from 3.4% in September 2023 to 3.2% in September 2024, marking the lowest level since COVID-19. This was driven by robust labour demand, which hit a 6-year high of 9.01 million jobs in Q3/2024. Employment growth was broad-based, particularly in services and manufacturing. In terms of demographics, the country's population increased by 2.1% from 33.4 million in the previous year to 34.1 million.

Inflation remained moderate in 2024, with headline and core inflation averaging 1.8% in November 2024. The Consumer Price Index rose to 133.3 index points in November 2024, a 1.8% year-on-year (YoY) increase. Diesel price adjustment had minimal impact on inflation, reflecting effective government measures to contain cost pressures. The Overnight Policy Rate was maintained at 3.0% since May 2023 to balance growth, inflation control, and financial stability amid global uncertainties. By maintaining neutral monetary stance, Bank Negara Malaysia retains flexibility to respond to potential market shocks while supporting economic resilience.

In terms of the performance and trend of Malaysia's industrial sector, the Industrial Production Index increased by 3.6% in November 2024, reaching 136.5 index points. This positive performance was driven by strong manufacturing output in export-oriented sectors – electrical and electronics, machinery and equipment, and petroleum products – and sustained energy demand. In general, on a YoY comparison basis, the manufacturing sector increased by 4.6%, while the electricity sector increased by 3.9%. On the other hand, the mining sector experienced a shrink of -0.8% compared to October 2023 performance.

The property market in Malaysia has shown consistent growth and resilience in 2024, as evidenced by the remarkable 14.4% YoY increase in transaction value, reaching RM163.0 billion as of September 2024. Supported by government incentives and strong economic conditions that are intended to stimulate the real estate industry, this total transaction value represents the best performance over the past five years.

In the 2025 Budget, the government has outlined substantial allocations for projects under the MADANI Economy framework, including initiatives to enhance productivity and foster innovation. Notably, investments are anticipated in high-value industries like electronics and electrical (E&E), which are expected to recover from global technological advancements, with investments aimed at boosting manufacturing capabilities and export potential.

To support the industrial sector, the government introduced the New Investment Incentives Framework. Under this framework, RM1 billion has been allocated to attract high-value foreign investments, particularly in advanced manufacturing and technology sectors. Furthermore, Supply Chain Resilience Initiatives include double tax deductions for multinational enterprises (MNEs) on eligible supply chain resilience expenses, capped at RM2 million per year for three consecutive years; tax deductions on investments for MNEs and their suppliers engaging in joint ventures with local vendors, and a RM100 million matching investment fund to develop local suppliers in sectors like E&E, specialty chemicals, and medical devices.

For the retail sector, the expansion of the Sales and Service Tax (SST) will take effect on May 1, 2025. The SST framework will be broadened to include non-essential food items and certain commercial services, such as fee-based financial services. This aims to create a more equitable tax system and support long-term fiscal sustainability. Meanwhile, consumer-centric measures are set to uplift household income through initiatives such as higher minimum wages and increased cash handouts for lower-income groups. These measures are expected to stimulate consumer spending, benefiting the retail sector.

2.0 RETAIL MARKET OVERVIEW & TRENDS

The global retail landscape is rapidly evolving, driven by the growth of e-commerce, advancements in technology and shifting consumer expectations. New malls and retail destinations that opened in 2024, including Bloomsdale Shopping Gallery, Elmina Lakeside Mall, 168 Park Mall and New Ocean Fine Food City in Greater Kuala Lumpur, along with Sunshine Mall @ Sunshine Central in Penang, have redefined the traditional retail concept, offering a fresh and innovative experience. Consumer preferences have evolved since the pandemic, with shoppers now seeking more than just transactional retail but experiential retail experience which attracts foot traffic and improves shopper experience. By offering enhanced experiential retail experiences, businesses can create more engaging shopping environments. This encourages repeat customer visits, driving demand for more frequent in-store interactions and demonstrating the continued relevance of physical retail. Some of the offerings include indoor theme parks, virtual reality (VR) gaming center and sports attractions such as rock climbing gyms like Camp5 at Sungei Wang Plaza, Batuu Climbing at 3 Damansara, Project Rock Climbing Gym at Gurney Plaza and Rocky Basecamp at AEON Mall Shah Alam, pickleball courts at Ultra Sports Center at 168 Park Mall and Arena A.T.A.S at SACC Mall, paddleball courts at ASCARO Padel & Social Club at 1 Utama, PadelKu at Berjaya Times Square, futsal courts at Padang@1 Utama and IOI Sports Centre at IOI City Mall Putrajaya and ice skating rinks include Blue Ice Snow Park at Pavilion Bukit Jalil and Blue Ice Skating Rink at KL East Mall. Indoor theme parks include Escape Park at Paradigm Mall Petaling Jaya, Game On Sports Hub at 1 Utama, Pavilion Bukit Jalil and KSL Esplanade Mall and SuperPark at Avenue K Shopping Mall. VR gaming center includes VAR Live MY at MyTOWN Shopping Centre, Virtual Reality Center at KL East Mall and VR Funn at 1 Utama, which could provide interactive elements that enhance visitor experiences and attract a diverse range of shoppers.

In addition to experiential retail, key trends shaping the market include omnichannel retail, where physical and digital shopping experiences are seamlessly integrated. Technological advancements are also transforming the retail experience, with innovations such as smart trolleys introduced by Jaya Grocer and AEON, whilst Harvey Norman has also introduced bedMATCH®, an exclusive Smart Sleep Technology powered by AI, the first of its kind in Malaysia, which analyses body profiles and sleeping habits to provide personalised mattress recommendations.

Retail Market Outlook

In 2024, Malaysia's retail sector experienced early-year growth with a 7.8% YoY increase, driven by festive spending during the Chinese New Year and school holidays. However, growth slowed to 0.6% YoY in Q2/2024 attributed to several factors, including rising costs, particularly in food and beverages (F&B) due to increased material costs, such as dairy products, and the increase of SST from 6% to 8%, which took effect in March 2024. Retail sales improved in Q3/2024, growing 3.8% YoY, led by the minimarket and convenience store subsector, with Q4/2024 expected to see a 4.4% YoY growth, supported by steady shopper traffic. In terms of annual performance, Retail Group Malaysia (RGM) has forecasted an overall growth of 3.9% for full year 2024.

Looking ahead to 2025, the retail sector is forecasted to grow steadily, with RGM projecting a 4.0% growth, supported by government initiatives such as higher minimum wages and subsidies in Budget 2025, which are expected to boost purchasing power and stimulate private consumption. However, challenges remain, with policy measures, including subsidy rationalisation for RON95 petrol by mid-2025 and higher excise duties on sugar-sweetened beverages, which may impact consumer spending. The rise in fuel costs could also elevate operational and transportations cost, prompting retailers to reassess pricing strategies and optimise their supply chain. Additionally, shifting consumer behaviours and the continued growth of online shopping will put pressure on physical stores, making omnichannel strategies increasingly essential. Global trends, such as the ongoing boycott of certain international franchises, may also affect global operations and consumer sentiment, adding complexity to the retail landscape.

Retail Supply in WP Kuala Lumpur, Selangor, Penang and Pahang

The statistics from the National Property Information Centre (NAPIC) show that the total retail supply in Malaysia, including shopping centres, retail arcades, and hypermarkets, stood at 193.4 million sq. ft. as of Q3/2024, marking a 2.4% YoY increase from Q3/2023. As of Q3/2024, shopping centres accounted for 76.1% of the total retail space. Selangor and WP Kuala Lumpur dominate the supply, contributing 44.3% of the nation's shopping centres stock, followed by Johor at 13.4% and Penang at 9.5%.

Shopping Centre Stock in Malaysia as of Q3/2024

State	No. of properties	Total Space (million sq. ft.)	Percentage of Total Space in Malaysia (%)
WP Kuala Lumpur	77	32.6	22.2
WP Putrajaya	2	0.8	0.5
WP Labuan	1	0.3	0.2

Sarawak	72	10.9	7.4
MALAYSIA	559	147.0	100.0

Source: National Property Information Centre (NAPIC)

In Q3/2024, the total retail stock supply per capita in Malaysia remained at 5.7 sq ft per person, unchanged from Q3/2023. Similarly, shopping centres supply per capita also remained stagnant at 4.3 sq ft during the same period. This suggests that the increase in retail stock was in tandem with population growth, which may be attributed to net migration or natural population increase. The stable per capita figures reflect a balanced supply-demand dynamic, seemingly suggesting that developers have carefully aligned new retail space with market needs.

Per Capita Retail Stock and Shopping Centres Stock in Malaysia and Selected States as of Q3/2024

State	Malaysia	WP Kuala Lumpur	Selangor	Penang	Pahang

Independent Market Overview

Future Retail Supply in WP Kuala Lumpur, Selangor, Penang and Pahang

WP Kuala Lumpur & Selangor

Greater Kuala Lumpur (which includes WP Kuala Lumpur and Selangor) is expected to see an additional 2.1 million sq. ft. in WP Kuala Lumpur and 0.5 million sq. ft. in Selangor of retail space in the coming years. In WP Kuala Lumpur, 118 Mall (900,000 sq ft), Pavilion Damansara Heights Phase 2 (529,353 sq ft), and KLGCC Mall (600,000 sq ft) are anticipated to open in 2025. Queens Mall @ Queensville (412,000 sq ft) and KL Midtown Retail Mall (500,000 sq. ft.) are expected to open by 2026. Meanwhile, in Selangor, Sunsuria Forum@7th Avenue (150,000 sq ft) and Sunway SQ Mall (300,000 sq ft) and Empire City Mall (2,300,000 sq ft) are scheduled for completion in 2025.

Penang

Penang’s retail supply has remained relatively stagnant

Future Supply of Retail Space in Shopping Centres in Selected States

State	Future Shopping Centre Stock (million sq. ft. NLA)	Future Shopping Centre Supply	
W.P. Kuala Lumpur	2.9	118 Mall	
		2025	Pavilion Damansara Heights (Phase 2)
			KLGCC Mall
		2026	KL Midtown Retail Mall
			Queens Mall @ Queensville

since 2022, at 13.8 million sq. ft., with 80% of this space concentrated in shopping malls. However, in Q4/2024, Penang’s retail space expanded by 820,000 sq ft with the opening of Sunshine Mall @ Sunshine Central. Looking ahead to 2025, the retail landscape in Penang will grow further with the anticipated opening of The Wave @ Penang Times Square Phase 3, which will add 230,000 sq ft of retail space. Additionally, the completion of Phase 1 of The Waterfront Shoppes at The Light City will contribute another 680,000 sq ft to the market. Beyond 2025, the expected completions include Klippa Shopping Centre (1,600,000 sq ft), Phase 2 of The Waterfront Shoppes at The Light City (300,000 sq ft), Mitsui Outlet Park Penang (250,000 sq ft) and GEM Megamall (1,200,000 sq ft).

Pahang

There is no future retail supply being planned in Pahang as of 2025.

Retail Stock and Occupancy

Malaysian shopping complex occupancy rate experienced a positive shift of 0.8%, increasing from 76.8% in Q3/2023 to 77.6% in Q3/2024. By state, the occupancy rates in WP Kuala Lumpur, Selangor, and Pahang increased while Penang had decreased.

Occupancy Rates of Retail Space (Shopping Complex) in Malaysia as of Q3/2024

State	Total Existing Space (million sq. ft.)		Space Occupied (million sq. ft.)		Occupancy Rate (%)	
	Q3/2023	Q3/2024	Q3/2023	Q3/2024	Q3/2023	Q3/2024

Capital Values

The retail investment sector saw significant acquisitions of shopping malls, including 163 Retail Park, Dpulze Shopping Centre, and Tropicana Gardens Mall. In the hypermarket segment, KIP Mall Kota Warisan was also acquired. However, there has been a lack of transactions involving regional (above 500,000 sq ft) and mega shopping malls (above 1 million sq ft).

Note:

1. Related party transaction.
2. The purchase price of RM1.5 million is based on 49% of the shares in the under-construction Pavilion Bukit Jalil Mall (1 block of the retail mall with 5 levels of retail space, 2 levels of basement parking, centralised green area and supporting infrastructure)
3. Rubberex Corp ventured into property investment via a strategic 20.0% stake in the ongoing development of Empire City Mall for RM180.0 million. A market valuation was conducted for the development using an income approach to derive a valuation of RM1.0 billion or RM571.0 psf.

3.0 INDUSTRIAL AND LOGISTICS MARKET OVERVIEW & TRENDS

The industrial sector in Malaysia witnessed strong performance and rising investment in 2024. The positive performance of the Malaysian economy can be associated with a steady recovery in exports and household spending, which is bolstered by ongoing growth in employment and wages. Malaysia's position as a strategic investment destination has led to significant expansion in investment activities. As reported by MIDA, the total approved investment in 9M/2024 has recorded an improvement of

10.7% as compared to the same period in 2023 (RM254.7 billion, 9M/2024; RM230.2 billion, 9M/2023). Domestic investment constituted the predominant share of total capital investment, contributing 58.1% to the overall figure. In 9M/2024, domestic investment attained a value of RM148.0 billion, signifying a substantial 44.2% increase relative to the corresponding period in 2023 (RM102.7 billion, 9M/2023). In contrast, foreign investment registered a decline of 16.3% in 9M/2024, reaching RM106.7 billion compared to RM127.5 billion in the same period in 2023. The top five states that took the lion's share of investments, amounting to 80.6% of the total approved investments, are Selangor (RM66.8

billion), Wilayah Persekutuan Kuala Lumpur (RM63.9 billion), Kedah (RM34.0 billion), Pulau Pinang (RM22.6 billion) and Johor (RM18.1 billion). The manufacturing sector plays a crucial role in driving the country's investments by attracting a substantial share of both domestic and foreign direct investments (FDI), owing to its importance in producing goods for export and domestic consumption. As of 9M/2024, this sector accounted for 34.9% of the total approved investments, amounting to RM88.8 billion. Electrical and electronics (E&E) contributed the most to the manufacturing sector with an investment value of RM47.0 billion, followed by chemicals and chemicals products (RM7.0 billion), transport equipment (RM7.0 billion), machinery and equipment (RM6.3 billion), and non-metallic mineral products (RM4.2 billion).

Malaysia is on track to becoming Asia's third-largest Data Centre market after Japan and India, driven by significant market expansion, mainly in Iskandar Malaysia and Greater KL. In 2024, Malaysia secured approximately RM141.72 billion in digital investment within the first ten months, a significant threefold increase compared to the RM46.2 billion achieved in the entirety of 2023. This surge in digital investment was fueled by substantial commitments from major tech giants, including Google, Amazon Web Services, Microsoft, ByteDance, and Oracle. According to the SEA-5 Data Center Opportunity Index, Malaysia has maintained its leading position, securing a committed annual take-up of 429 megawatts (MW), surpassing regional competitors like Indonesia and Thailand. The strong demand is driven by increased demand from telecommunications and internet service providers, coupled with the expansion of Internet of Things (IoT), robust global network connectivity and the widespread adoption of Artificial Intelligence (AI) as well as the IoT-enabled digital solutions. Industrial hotspot such as Iskandar Malaysia and Greater KL continue to attract the highest concentration of Data Center investments. Additionally, the Malaysian government has recently approved the Data Centre Planning Guidelines (GPP) to standardise and streamline the application and planning approval processes, enhancing business efficiency and strengthening the Data Centre ecosystem in the nation.

Industrial Market Outlook

Malaysia's industrial sector is expected to continue flourish in 2025, fueled by Malaysian government's proactive measures and focus on high-value manufacturing sector have attracted significant interest from investors. The recent Malaysia's Budget 2025 incentives is anticipated to significantly impact high-value manufacturing sectors, including EVs, semiconductors and aerospace related sectors, through initiatives that could drive high-skilled job creation and accelerate technological advancements.

As technology advances, the need for high-grade warehouses/facilities will continue to grow. The Smart Logistics Complex tax incentive was introduced in Malaysia's Budget 2025 to enhance the supply chain efficiency through the adoption of advance technologies such as AI, Internet of Things (IoT) and blockchain into logistics operations. The qualified companies can claim for Investment Tax Allowance (ITA) of 60% on eligible Capital Expenditure (CAPEX) over a period of 5 years which can be applied against up to 70% of the company's statutory income for each year of assessment. This incentive promotes the development of advanced automation and modern warehouse facilities while enhancing competitiveness and fostering trade activities. To maintain competitiveness and generate positive investment yields, existing conventional warehouses must undergo upgrades to incorporate modern features and capabilities. This will ensure they remain competitive with the advanced warehouses currently available in the market within the evolving logistics landscape.

The industrial sector has demonstrated resilience throughout the pandemic, driven by the surge in e-commerce and the accelerating demand for warehouse and logistics space. The booming e-commerce industry has been a significant contributor to rental appreciation in recent years. Due to robust demand, warehouses located in prime logistics regions such as Greater Kuala Lumpur, Penang and Iskandar Malaysia have consistently experienced stable rental growth throughout the year. The sustained growth in online retail, coupled with stable e-commerce market penetration and the rolled out of favorable government policies, is expected to maintain the stability of rental rates despite the anticipated increase in the supply of industrial space in the near future.

In terms of geographical distribution, the top three states which represented the majority share with almost 59% of Malaysia's existing industrial property supply as of 9M/2024 are Selangor (35.0%, 43,047 units), followed by Johor (15.7%, 19,245 units) and Pulau Pinang (8.1%, 9,953 units). Positive investment in Malaysia was primarily driven by sustained economic growth. The manufacturing sector experienced significant momentum, fueled by robust export growth. Strong demand from key markets, including China, South Korea, Taiwan, Vietnam, and the United States, contributed substantially to this positive performance.

Note: (p) = preliminary data

In 9M/2024, there were 2,201 industrial property transactions worth RM10,843.52 million within Greater KL (WP Kuala Lumpur and Selangor), recording a significant year-on-year increase of 25.6% in transaction value and 8.3% in transaction volume (9M/2023: RM8,631.42 million; 2,032 transactions). Industrial transaction activity remains strong to accommodate the growing demand for industrial expansion.

Independent Market Overview

As of 9M/2024, the cumulative industrial supply in Greater KL stood at 48,185 units. In Selangor, there are 990 units of industrial properties in the supply, with 1,563 units from the planned supply. Selangor comprises most of the bulk supply, while WP Kuala Lumpur only makes up to 37 units of the planned supply, all of which are terraced factories. Perbandanan Kemajuan Negeri Selangor has plans to develop Carey Island into a port city. The planned mega container port, with a container throughput capacity of 30 million 20-foot equivalent units (TEUs) per year, will be executed in four phases which expect to be completed by 2060, which should complement Port Klang's limited conventional cargo capacity, significantly boosting the logistics sector.

WP Kuala Lumpur & Selangor: Notable Industrial Property Transactions in 2024

Location	Property Details	Land Area (acres)	Tenure ⁽¹⁾	Date of Transaction	Consideration (RM million)

Source: Bursa/Savills Research
Note:
(1) FH = Freehold; LH = Leasehold

The industrial market remained robust in Greater KL throughout 2024, with 10 major deals amounting to RM1.30 billion, indicating continued investor interest in the sector. Klang recorded the highest number of transactions, totalling 12 and valued at RM0.74 billion, accounting for 37% of Greater KL's total transaction value. Based on our observation, 46% of industrial transactions worth RM334.6 million were acquired for own usage. The recent Budget 2025 has unveiled an allocation of RM107 million for constructing and upgrading roads along the Pulau Indah Ring Road and North Port Klang. This is expected to further stimulate the performance of the logistics sector.

The surge in e-commerce and the escalating demand for efficient warehouse operations have spurred the adoption of Automated Storage and Retrieval Systems (ASRS) solutions. Logistics players are increasingly transitioning to ASRS systems to optimise storage capacity, reduce labor costs and enhance overall operational efficiency. This trend is particularly evident in the Greater Kuala Lumpur region, where developers are actively investing in advanced warehousing technologies to maintain competitiveness. Tasco's newly under construction warehouses in Northport will incorporate ASRS systems within their upcoming 600,000 sq ft cold storage facility. The newly completed 3-storey Omega Bukit Raja smart warehouse in Bandar Bukit Raja has been integrated with ASRS, capable of accommodating 100,000 pallets.

CLMT recently acquired an ASRS property in Elmina Business Park, at a consideration of RM180 million. Upon completion, the property will be leased to Projek Tetap Teguh Sdn Bhd for a 10-year term. Given the competitive market demands of industrial occupiers and the evolving landscape of the industrial sector, the demand for high-specification warehouses has significantly increased.

With the current shift in industry trends, developers are increasingly investing in high-quality logistics facilities with some investors seen to be actively investing in asset enhancement initiatives (AEI) for its warehouse portfolio to remain competitive in terms of value and performance. Our analysis of established Malaysian REITs reveals a positive leasing market trend, with the samplings of industrial warehouses demonstrating a strong 98% occupancy rate. The recent completion of several significant developments such as Mapletree Logistics Hub-Jubli Perak (Shah Alam), Maersk Warehouse (Shah Alam), Bukit Raja International Industrial Complex (BRIIC) by YTL (Klang), E-Metro Logistics Park – MetroHub 2 (Klang) and OMEGA 1 (Klang) have added a substantial 6.4 million square feet of warehousing space, primarily in Shah Alam and Klang.

E-Metro Logistics Park, Metrohub 1, and Metrohub 2 reported strong occupancy rates of 47% and 67%, respectively, in Q3/2024. Upon completion, the OMEGA 1 warehouse will be leased entirely to Ally Logistic Property Co Ltd (ALP) under a 15-year master lease agreement. ALP is a 30% shareholder in the joint venture, with the remaining 70% held by the Employees Provident Fund (EPF). The upcoming 11.28 million sq ft of warehouse supply entering the market presents an opportunity for the growing demand for warehousing space in Greater KL. With the optimistic growth of e-commerce market moving forward, the influx of warehousing/logistics space could provide logistics players with greater options for their operational needs, supporting overall market vibrancy. However, as businesses increasingly consolidate smaller spaces into larger, integrated warehouses of higher quality, this will drive demand for these new incoming supply.

There are three major upcoming industrial parks announced in the year mainly focusing on the southern region focusing in Sepang and Banting area which include MSS Business Park by Mah Sing in Sepang, IOI Industrial Park by IOI in Banting and A-Park Bangi by Ancubic in Bangi. All these developments bring a total of 469 acres development area in total. Besides, there is also an upcoming park announced by a joint venture between AME and KLK located in Kuala Selangor.

There are a limited number of prominent parks offering ready-built factories. Elmina Business Park by Sime Darby and Eco Business Park V by EcoWorld are notable examples. Sime Darby Property Bhd's Signature Collection Twin Factories within Elmina Business Park Stage 2 experienced 100% occupancy upon launch, signifying the growing demand for well-planned industrial spaces in the Greater KL. The development encompasses 26.2 acres and comprises 60 semi-detached factory units available in two sizes: Type A (65' x 142', 4,410 sq. ft.) priced from RM3.68 million and Type B (80' x 200', 9,573 sq. ft.) starting from RM5.98 million. In Q1/2024, Eco Business Park V successfully disposed of its industrial developments, including cluster factories (five units), industrial plots (five plots), and a single Built-to-Suit unit, to eleven distinct companies. Since its launch in 2017, EBP V has achieved complete take-up for the West, North, and Central Gates, with the fully completed East Gate exceeding 90% occupancy.

Furthermore, we observe a growing trend among developers to venture into the development of Centralised Labour Quarters (CLQs) in Greater KL.

- Titijaya Land Berhad has signed a Memorandum of Understanding (MoU) with PMB Aluminium Sdn Bhd to co-develop HALO, a 10-storey purpose-built CLQ in Klang Sentral, with a capacity to accommodate 3,000 workers.
- Unitrade Industries Bhd has also acquired land for the development of seven blocks of three-storey modular houses with an approximate built-up area of 67,611 sq. ft in Sungai Buloh.

The Malaysia Semiconductor IC Design Park in Puchong is the nation's first chip design hub, spanning across 60,000 sq. ft. in area. The park houses anchor tenants like Maistorage, Skyechip, Weeroc, AppAsia ChipsBank, SensoremTek Sdn Bhd etc. Due to its full occupancy, the Selangor state government is considering developing a second chip design park in Cyberjaya in 2025, which may be similar in size or larger than the Puchong site.

The establishment of this park aligns with the government's initiative to strengthen the Malaysian semiconductor ecosystem. This initiative encompasses both upstream and downstream sectors, focus on leveraging the existing base of Original Design Manufacturers (ODMs) in the state. This initiative aims to position Malaysia at the higher end of the semiconductor manufacturing value chain by fostering a strong IC design ecosystem. This strategy leverages the current global competition for semiconductor dominance ("chip war") to attract and nurture local talent and innovation. This platform will effectively complement the existing semiconductor industries within the Greater Kuala Lumpur region and facilitate the absorption of spillover effects from the thriving Electronics and Electrical (E&E) sector in Penang.

As of 9M/2024, Penang's cumulative industrial supply stood at 9,953 units. There are 156 units of industrial properties in the incoming supply, with 70 units under the planned supply. On the other hand, the bulk of Penang's 226 units in the pipeline were mainly contributed by semi-detached factories (81.4%, 184 units), followed by detached factories (9.7%, 22 units) and flatted factories (8.8%, 20 units). Penang is expected to experience substantial development under the 2025 budget, including a number of important infrastructure projects aimed at promoting inclusive growth and position as a key economic hub. The key infrastructure developments for Penang include Penang International Airport expansion, Penang LRT Mutiara Line as well as Batu Kawan Industrial Park (BKIP) 3 project which is designated to target high-tech industries and manufacturing sectors.

Penang: Selected Industrial Property Transactions in 2024

Location	Property Details	Land Area (Acres)	Tenure ⁽¹⁾	Date of Transaction	Consideration (RM million)
Seberang Perai Tengah	Industrial Land with Building	15.00	LH	14th February 2024	39.8

Seberang Perai Tengah	Industrial Land with Building	2.87	LH	1st November 2024	16.8
Source: JPPH/Savills Research Note: FH = Freehold; LH = Leasehold					

As of 9M/2024, Penang ranks among the top five states contributing to Malaysia's investment, securing over RM22.6 billion in approved investments, driven by the ongoing trade tension between China and US, benefiting the electrical and electronics (E&E) industry. This has driven global companies to diversify their manufacturing hub locations out of China, align with the "China Plus One" strategy, with major players such as Intel, Swisslog and Boston Scientific Corporation has seen expanding their footprint in Penang.

The Penang government is actively promoting IC Design, capitalizing on the state's existing strengths in the Electrical and Electronic (E&E) industry, including its robust infrastructure and established ecosystem as a semiconductor hub. The state is strategically shifting towards front-end activities, encouraging local players to ascend the value chain by engaging in IC Design. The launch of 'Penang Silicon Design @5km+' is a pivotal step in advancing the semiconductor industry, aligning with the National Semiconductor Strategy (NSS). This initiative leverages the existing strengths of the local industry, with a particular focus on power chips and chip design. Key components of 'Penang Silicon Design @5km+' include the Penang IC Design & Digital Park@Bayan Lepas, the Penang Chip Design Academy @Penang Skills Development Centre (PSDC), and the Silicon Research and Incubation Space @GBS TechSpace. These initiatives collectively foster a comprehensive IC design ecosystem. This collaborative approach facilitates interaction between government, academia, and industry players, driving the growth of the IC design ecosystem in Penang. Globetronics Technology Bhd will collaborate with Invest Penang to strengthen the semiconductor and IC design ecosystem. As an outsourced semiconductor assembly and test (OSAT) provider, Globetronics will support chip design houses by offering expertise in package design and process development, as well as providing assembly, test, engineering sample builds, and qualification builds.

The Silicon Island project is a 2,300-acre land reclamation initiative in Penang, forming part of the larger Penang South Islands (PSI) master plan. Within this project, a 700-acre Green Tech Park is dedicated to industrial development which is expected to commence operation by 2027. The entire park is fully covered by renewable energy, dual-purpose sewage treatment plant as well as high speed digital connectivity and smart security. Some of the major promoted industry include among others advanced packaging, semiconductor IC, software campus and design, medical devices, product design and development, automated test equipment and equipment fabrication as well as embedded system design. The first phase of Silicon Island is expected to be completed by 2032.

Furthermore, the Penang government is undertaking the expansion of Penang International Airport (PIA). This project aims to increase the airport's annual passenger capacity by 12 million, with a total investment of RM1.55 billion. The scope of work includes support building construction, a remote digital virtual tower, airside and apron infrastructure improvements, and the main terminal. Once completed, PIA will become Malaysia's second-largest airport, boasting an increased aircraft parking capacity of 28 commercial planes.

In addition, the Mutiara LRT Line project will stretch along 29.5 kilometers, connecting 21 stations, including Bayan Lepas, Komtar and Butterworth. The project is expected to begin construction by early 2025 and operational by 2030.

The Penang government has unveiled strategic plans to drive growth in new areas, particularly focusing on Seberang Prai. These plans include initiatives such as increasing plot ratios for development projects to match those on Penang Island and enhancing the region's connectivity and accessibility. The development in the northern region could potentially benefit from the spillover effects of the established E&E hub in southern Seberang Prai, including Batu Kawan, Bukit

Independent Market Overview

Minyak and Penang Science Park, which are now facing land constraints. Furthermore, the close proximity to Kulim Hi-Tech Park in Kedah presents an opportunity to leverage supporting businesses and complement the thriving tech industry in that area.

Valdor Industrial Park, a prominent development in southern Seberang Prai, comprises Valdor 1, a 600,000 sq ft facility developed by Equalbase. In Q3/2024, Equalbase commenced construction on Valdor II, a 620,000 sq ft multi-storey warehouse, securing DSV Solutions as its anchor tenant. These developments align with Penang's initiative to establish a logistics hub in Seberang Prai, supporting the growth of neighbouring technology parks like Bandar Cassia and Batu Kawan Industrial Park 3, which cater to electronics, semiconductors, and automotive sectors. Valdor Industrial Park strategically capitalises on the region's strong industrial foundation and proximity to established industrial zones.

Ideal Business Hub, an industrial project by Ideal Business Group, was launched across 28 acres of freehold land in Penang Technology Park @ Bertam with a gross development value (GDV) of RM260 million. The project comprises 88 units of ready-built factories, including a mix of detached, semi-detached, and cluster factories, targeting industrial players seeking modern industrial spaces. Key features include 9.14-meter-high ceilings and a column-free design layout, making it ideal for logistics and manufacturing operators. The project is expected to be completed by 2026.

The Penang Development Corporation (PDC) has been actively engaged in the development of industrial park within the Seberang Prai region, with forthcoming projects such as Bandar Cassia Technology Park, Batu Kawan Industrial Park 3, and Penang Science Park South strategically positioned to address the anticipated surge in demand for industrial land, particularly within the burgeoning semiconductor sector. This proactive approach by PDC serves to augment the

availability of industrial options for prospective investors. Furthermore, private sector initiatives are also underway, Ancubic's A-Park Batu Kawan, which encompasses 50 ready-built factory units, offering 1.5-storey and 2-storey semi-detached and detached factories, with sizes ranging from 6,800 sq ft to 16,700 sq ft starting at RM4 million. Notably, the first phase of A-Park Batu Kawan demonstrated significant market traction, achieving a commendable 90% take-up rate upon its launch in March 2024.

In addition, the Penang Development Corporation (PDC) is also developing infrastructures for 800 acres of industrial land in East Batu Kawan, expected to be completed in 2028. The ongoing construction of Batu Kawan Industrial Park III, which spans 407 acres, is also set to complement existing facilities and cater to more MNCs and local companies. Generally, rental rates for industrial warehouses and logistics facilities remain stable, reflecting positive investment activity and overall market stability within the state.

As of 9M/2024, the existing industrial stock was predominantly terraced factories (43.0% share, 8,276 units), followed by semi-detached factories (25.8% share, 4,956 units), and detached factories (21.9% share, 4,206 units). Terraced factories also make up most of the future supply (182 units of incoming supply, 183 units of planned supply), followed by semi-detached factories (134 units of incoming supply, 138 units of planned supply), followed by detached factories (70 units of incoming supply, 58 units of planned supply) and cluster with 124 units of incoming supply. Recent catalytic projects, such as the Rapid Transit System (RTS) Link and the Johor-Singapore Special Economic Zone (SEZ), have significantly strengthened Johor's business ecosystem. By attracting potential investments through spillover effects from Singapore, these government initiatives have stimulated interest and driven demand for industrial development in the state.

Johor: Selected Industrial Property Transactions in 2024

Location	Property Details	Land Area (Acres)	Tenure ⁽¹⁾	Date of Transaction	Consideration (RM million)

Johor is set to be Malaysia's next growth engine, driven by Johor-Singapore Special Economic Zone (JS-SEZ) initiative which has positively impacted bilateral investments and fostered regional development between Malaysia and Singapore. The scope of the JS-SEZ has been expanded to include four new flagship zones: Sedenak, Forest City, Pengerang Integrated Petroleum Complex (PIPC) and Desaru, bringing the total number of flagship zones within the JS-SEZ to nine. The primary objective of the JS-SEZ is to stimulate economic growth in the region through a combination of attractive incentives and strategic infrastructure development. The initiative focuses on key sectors such as Aerospace, Electrical & Electronics, Chemicals, and Medical Devices & Pharmaceuticals.

SD Guthrie Bhd and AME Industrial Park Sdn Bhd have announced a collaboration to develop a green industrial park within the Johor-Singapore Special Economic Zone (JS-SEZ). The project will cover a total area of 641 acres focusing on high-value industries, including logistics and advanced manufacturing, by offering flexible factory options. The park will also feature a dedicated solar park to provide renewable energy for the site.

Besides, Paragon Globe Berhad (PGB) will develop its first green industrial park, PGB TECH PARK @ NUSAJAYA, with a total gross development value of RM957 million located in Gerbang Nusajaya. The development will be built on a 116-acre land within the Johor-Singapore Special Economic Zone (JS-SEZ) in two phases which include 88 factory units for Phase 1, completed in 2027, while Phase 2 will feature 8 units of factories and 1 dormitory with 350 rooms to accommodate up to 5,250 workers and expected to commence in 2026 and be completed in 2028. All these notable developments will create a more favorable investment climate within the JS-SEZ, fostering robust industrial growth.

Key ESG Data Summary

(All data reported is as at 31 December of the Financial Year unless stated otherwise)

The ESG data summary list is aligned with Bursa Malaysia Enhanced Sustainability Enhanced Framework recommendations on a common set of prescribed sustainability matters and indicators that are deemed material for all listed issuers.

Recycling rate	%	2.39%	2.33%	2.13%	3.14%	4.42%
Waste intensity	kg/m ²	0.83	0.72	1.11	1.20	1.16

¹ Scope 1 and 2 is computed from direct fuel combustion and purchased energy.

² Scope 3 comprises Scope 3 categories deemed to be material and/or optical to CLMT, and is based on currently available data. In 2024, CLMT has expanded its scope of reporting from one to four categories. CLMT will continue working to improve the coverage, accuracy and clarity of its Scope 1, 2, and 3 emissions disclosures.

³ Includes tenant emissions of CLMT-owned and CLI-operationally managed properties, and landlord and tenant emissions of CLMT-owned but third-party operationally managed properties.

Total hours spent on community impact programmes	Hours	0	461	587	1,201	1,403

1 Absentee rate was based on medical leave taken by CLMT staff, regardless of whether it was a work-related illness or not.

2 This is an estimate based on standard hours of work for CLMT staff. It does not include paid leave of absence from work e.g., annual leave.

3 This covers all the supply chain (contractors) staff in property management.

4 This covers CLI's cleaning and security contractors working in assets operationally managed by CLI in Malaysia. The number of workers was computed using full-time equivalents based on the information in the maintenance contracts.

GHG Emissions Data Methodology

CLMT's methodology for computing Scope 1, 2, and 3 GHG emissions are listed below.

GHG Emissions Data Methodology

Approach	CLMT computes Scope 1, 2 and 3 emissions using Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standard (2004), and Greenhouse Gas Protocol Corporate Value Chain (Scope 3) Accounting and Reporting Standard (2011), unless otherwise stated. CLMT uses the operational control approach as defined by the GHG Protocol, and determined that it has operational control over the properties that CLI-operationally manages. Gases included in computation are carbon dioxide (CO₂), methane (CH₄), nitrous oxide (N₂O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulphur hexafluoride (SF₆), where applicable, and where the relevant emission factor inclusive of these gases is available in the emission factor databases used by CLMT.
Scope 1 GHG emissions	Scope 1 GHG emissions relate to direct emissions from direct fuel combustion (Diesel). Emission and Conversion factors UK Government GHG Conversion Factors for Company Reporting 2024. Changes in reporting period No changes.
Scope 2 GHG emissions	Scope 2 GHG emissions relate to indirect emissions from purchased electricity. Emission and Conversion factors IEA 2024 v1.1 (AR6 Applied). Changes in reporting period No changes.
Scope 3 GHG Emissions	<u>Cat 3 Fuel- and energy-related activities</u> Relates to emissions from the production and transmission and distribution of fuels and energy consumed by CLMT, that are not accounted for in Scope 1 and 2. Emission and Conversion factors WTT and transmission and distribution loss emission factors used for computation of emissions were from UK Government GHG Conversion Factors for Company Reporting 2024. UK Government GHG Conversion Factors for Company Reporting 2021 where country-specific emission factor was unavailable in the 2024 database. Changes in reporting period New disclosure category in 2024. <u>Cat 5 Waste generated in own operations</u> Relates to emissions from the disposal of landlord and tenant waste generated at properties. For non-recycled waste, the waste disposal method is landfill. For recycled waste, emissions were computed for recycled paper, metal, plastic, glass, e-waste, food waste, and other recycled waste. Emission and Conversion factors US EPA Emission Factors Hub 2024. Changes in reporting period New disclosure category in 2024. <u>Cat 6 Business travel (air travel)</u> Relates to emissions from corporate air travel by CLMT employees based on air travel distance provided by air travel agency. Emission and Conversion factors UK Government GHG Conversion Factors for Company Reporting 2024. Changes in reporting period New disclosure category in 2024. <u>Cat 13 Downstream leased assets (Landlord and tenant emissions of owned properties not accounted for in Scope 1 and 2)</u> Relates to tenant emissions of CLMT-owned and CLI-operationally managed properties, and landlord and tenant emissions of CLMT-owned but third-party operationally managed properties. Emission and Conversion factors IEA 2024 v1.1 (AR6 Applied). UK Government GHG Conversion Factors for Company Reporting 2024. Changes in reporting period Enhanced disclosure of landlord and tenant emissions of CLMT-owned but third-party operationally managed properties in 2024.

Notice of Annual General Meeting

CAPITALAND MALAYSIA TRUST

[Established in Malaysia under the trust deed dated 7 June 2010 (as amended and restated on 13 July 2021) entered into between CapitaLand Malaysia REIT Management Sdn. Bhd. (200801018055 (819351-H)) and MTrustee Berhad (198701004362 (163032-V))]

NOTICE IS HEREBY GIVEN that the Annual General Meeting ("**AGM**") of the holders of units ("**Units**") ("**Unitholders**") of CapitaLand Malaysia Trust ("**CLMT**") will be held on Friday, 4 April 2025 at 10.00 a.m. at Taming Sari Grand Ballroom, Royale Chulan Kuala Lumpur, No. 5, Jalan Conlay, 50450 Kuala Lumpur, Malaysia to transact the following businesses:

ORDINARY BUSINESS

1. To receive the report of MTrustee Berhad, as trustee of CLMT (the "**Trustee**"), the report by CapitaLand Malaysia REIT Management Sdn. Bhd., as manager of CLMT (the "**Manager**"), and the Audited Financial Statements of CLMT for the financial year ended 31 December 2024 and the Auditors' Report attached thereon.

(Please see Explanatory Note 1)

SPECIAL BUSINESS

To consider and, if thought fit, to pass with or without any modification, the following resolutions:

2. **PROPOSED AUTHORITY TO ALLOT AND ISSUE NEW UNITS PURSUANT TO PARAGRAPH 6.59 OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD ("PROPOSED AUTHORITY 1")** **Ordinary Resolution 1**

"**THAT** pursuant to the Main Market Listing Requirements ("**Listing Requirements**") of Bursa Malaysia Securities Berhad ("**Bursa Securities**"), provisions of the trust deed dated 7 June 2010 (as amended and restated on 13 July 2021) and the approval of the relevant regulatory authorities, where such approval is required, authority be and is hereby given to the Manager to allot and issue new units in CLMT ("**New Units**") from time to time to such persons and for such purposes as the Manager may in its absolute discretion deem fit and in the best interest of CLMT and its Unitholders, **PROVIDED THAT** the aggregate number of New Units issued pursuant to this resolution, when aggregated with the number of units in CLMT issued during the preceding 12 months, must not exceed 20% of the total number of units issued in CLMT for the time being;

AND THAT the Proposed Authority 1 shall be effective and continue to be in force from the date of receipt of all relevant authorities' approval or the date the Unitholders pass this resolution, whichever may be the later, until:

- (a) the conclusion of the next AGM of the Unitholders at which time it shall lapse, unless by a resolution passed at the meeting, the authority is renewed; or
- (b) the expiration of the period within which the next AGM of the Unitholders is required by law to be held; or
- (c) the Proposed Authority 1 is revoked or varied by the Unitholders in a Unitholders' meeting, whichever occurs first ("**Validity Period**");

AND THAT the New Units to be issued pursuant to the Proposed Authority 1 shall, upon allotment and issuance, rank pari passu in all respects with the existing Units except that the New Units will not be entitled to any distributable income, right, benefit, entitlement and/or any other distributions that may be declared before the date of allotment and issuance of such New Units;

AND THAT authority be and is hereby given to the Manager and the Trustee, acting for and on behalf of CLMT, to give effect to the aforesaid Proposed Authority 1 with full powers to assent to any condition, variation, modification and/or amendment in any manner as the Manager and the Trustee may deem fit and in the best interest of CLMT and its Unitholders and/or as may be imposed by the relevant authorities, and to deal with all matters relating thereto;

AND FURTHER THAT authority be and is hereby given to the Manager and the Trustee, acting for and on behalf of CLMT, to take all such steps and do all acts, deeds and things in any manner (including execute such documents as may be required) as they may deem necessary or expedient to implement, finalise, complete and give full effect to the Proposed Authority 1."

(Please see Explanatory Note 2)

3. **PROPOSED RENEWAL OF UNIT BUY-BACK AUTHORITY TO REPURCHASE UP TO TEN PERCENT (10%) OF THE TOTAL NUMBER OF UNITS ISSUED ("PROPOSED RENEWAL OF UNIT BUY-BACK MANDATE")**

Ordinary
Resolution 2

"**THAT** subject to the Listing Requirements of Bursa Securities, provisions of the trust deed dated 7 June 2010 (as amended and restated on 13 July 2021), and any prevailing laws, guidelines, rules and regulations issued by the relevant authorities, the Board of the Manager ("**Board**") shall be authorised to repurchase the Units in CLMT for and on behalf of CLMT through Bursa Securities, subject to the following:

- (a) the aggregate number of Units in CLMT which may be repurchased shall not exceed ten percent (10%) of the total number of Units issued at the time of purchase and the compliance with the public unitholding spread requirements as stipulated under the Listing Requirements;
- (b) the maximum funds to be allocated by CLMT for the purpose of repurchasing the Units shall not exceed the aggregate of the retained profits of CLMT based on the latest audited financial statements of CLMT available at the time of purchase;
- (c) the authority conferred by this resolution shall be effective and continue to be in force from the date the Unitholders pass this resolution, until:
 - (i) the conclusion of the next AGM of the Unitholders at which time it shall lapse, unless by a resolution passed at the meeting, the authority is renewed; or
 - (ii) the expiration of the period within which the next AGM of the Unitholders is required by law to be held; or
 - (iii) the authority is revoked or varied by the Unitholders in a Unitholders' general meeting,

whichever occurs first;

THAT where the Manager has repurchased the Units, the Board shall cancel the Units so repurchased immediately.

AND THAT authority be and is hereby given to the Board, for and on behalf of CLMT, to sign and execute all documents, and do all acts and things as may be required for or in connection with and to give effect to, and to implement the Proposed Renewal of Unit Buy-Back Mandate with full power to do all such acts as they may consider necessary or expedient in the best interest of CLMT and its Unitholders so as to give full effect to the same with further power to assent to any condition, modification, variation and/or amendment as may be required or imposed by the relevant authorities."

(Please see Explanatory Note 3)

4. PROPOSED RENEWAL OF AUTHORITY TO ALLOT AND ISSUE NEW UNITS PURSUANT TO THE DISTRIBUTION REINVESTMENT PLAN THAT PROVIDES THE UNITHOLDERS OF CLMT AN OPTION TO REINVEST THEIR CASH DISTRIBUTION INTO NEW UNITS ("PROPOSED AUTHORITY 2")

"**THAT** pursuant to the Distribution Reinvestment Plan ("**DRP**") established at the deferred AGM of CLMT held on 19 June 2020, provisions of the trust deed dated 7 June 2010 (as amended and restated on 13 July 2021) and the approval of the relevant regulatory authorities, where such approval is required, authority be and is hereby given to the Manager to allot and issue New Units ("**DRP New Units**") from time to time as may be required to be allotted and issued pursuant to the **DRP** until the conclusion of the next AGM of CLMT, upon such terms and conditions and to such persons as the Manager may in its absolute discretion deem fit and in the best interest of CLMT and its Unitholders, **PROVIDED THAT** the issue price shall not be more than 10% discount to the volume weighted average market price ("**VWAP**") of the Units for the five (5) market days immediately preceding the price-fixing date. The VWAP shall be adjusted ex-distribution(s) before applying the aforementioned discount.

THAT the **DRP New Units** shall, upon allotment and issuance, rank equally in all respects with the existing Units in issue, save and except that the holders of the **DRP New Units** will not be entitled to any distributable income, right, benefit, entitlement and/or any other distributions that may be declared before the date of allotment of the **DRP New Units** issued pursuant to the **DRP**.

AND THAT authority be and is hereby given to the Board to do all such acts and things and enter into all such transactions, arrangements and agreements and to execute, sign and deliver for and on behalf of CLMT, all such documents and impose such terms and conditions or delegate all or any part of its powers as they may consider necessary or expedient in order to give full effect to the Proposed Authority 2 and **DRP**, with full power to assent to any condition, modification, variation and/or amendment including amendment, modification, suspension and termination of the **DRP** (irrespective of whether an election to exercise the distribution reinvestment has been made by the Unitholders), as the Board may, in their absolute discretion, deem fit and in the best interest of CLMT and its Unitholders and/or as may be imposed or agreed to by any relevant authorities."

(Please see Explanatory Note 4)

Enclosures:

1. Explanatory Notes
2. Proxy Form

cc: MTrustee Berhad
Securities Commission Malaysia

Notice of Annual General Meeting

NOTES:

1. Pursuant to Paragraph 8.29A(1) of the Listing Requirements of Bursa Securities, all resolutions shall be put to vote by way of a poll.
2. Only Unitholders whose names appear in the Record of Depositors on 25 March 2025 are entitled to participate and vote at the AGM or appoint proxy to participate and vote instead of him.
3. Any Unitholder entitled to participate at the AGM may appoint up to two (2) proxies to participate at the AGM and vote in the Unitholder's place. A Unitholder holding 10,000 Units or less shall be entitled to appoint one (1) proxy (whether a Unitholder or not). A Unitholder holding more than 10,000 Units shall be entitled to appoint up to two (2) proxies (whether a Unitholder or not).
4. Where a Unitholder is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy for each securities account that holds 10,000 Units or less standing to the credit for the said securities account and up to two (2) proxies for each securities account that has more than 10,000 Units standing to the credit for the said securities account.
5. Where a Unitholder appoints two (2) proxies in accordance with such provision, the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
6. If the Proxy Form is submitted in hard copy, it must be in writing under the hand of the Unitholder or of his duly appointed attorney or, if the Unitholder is a corporation, either under the seal or under the hand of an authorised officer or attorney duly authorised by a valid instrument.
7. The Proxy Form appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority, must be deposited at the Poll Administrator's office, Boardroom Share Registrars Sdn Bhd at 11th Floor, Menara Symphony, No. 5, Jalan Prof. Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia or at its website at <https://investor.boardroomlimited.com> ("**eProxy Lodgement**"), not less than 48 hours before the time appointed for holding the AGM or any adjournment thereof; in default of this provision, the Proxy Form shall not be treated as valid. Please refer to the Administrative Details for the AGM for the steps on the eProxy Lodgement.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to participate and vote at the AGM and/or any adjournment thereof, a Unitholder (i) consents to the collection, use and disclosure of the Unitholder's personal data by the Manager and MTrustee Berhad (or their agents) for the purpose of processing and administering the proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Manager and MTrustee Berhad (or their agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the Unitholder discloses the personal data of the Unitholder's proxy(ies) and/or representative(s) to the Manager and MTrustee Berhad (or their agents), the Unitholder has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Manager and MTrustee Berhad (or their agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the Unitholder will indemnify the Manager and MTrustee Berhad in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the Unitholder's breach of warranty.

EXPLANATORY NOTES:

Ordinary Business

1. **Audited Financial Statements of CLMT for the financial year ended 31 December 2024 together with the Reports of Trustee, Manager and Auditors thereon**

The Audited Financial Statements are laid before the unitholders for discussion only pursuant to Paragraph 13.18(b) of the Guidelines on Listed Real Estate Investment Trusts. The Audited Financial Statements do not require a formal approval of the unitholders. Hence, this matter will not be put forward for voting.

Special Business

2. **Ordinary Resolution 1 – Proposed Authority 1**

The Proposed Ordinary Resolution 1, if passed, would enable the Manager to allot and issue New Units from time to time provided that the aggregate number of the New Units to be issued during the Validity Period, when aggregated with the number of units issued during the preceding 12 months must not exceed 20% of the total number of units issued in CLMT for the time being.

The Proposed Authority 1 will allow the Manager the flexibility to allot and issue New Units to raise funds to finance future investments, acquisitions and capital expenditure to enhance the value of CLMT and/or to refinance existing debt as well as for working capital purposes, subject to the relevant laws and regulations. With the Proposed Authority 1, delays and further costs involved in convening separate general meetings to approve such issue of New Units to raise funds can be avoided. Any allotment and issuance of New Units pursuant to the Proposed Authority 1 will be subject to the relevant approvals of Securities Commission Malaysia and Bursa Securities.

The Proposed Ordinary Resolution 1 is a renewal of the previous year's mandate. As at the date of this Notice, no New Units have been issued pursuant to the mandate granted to the Manager at the previous AGM of CLMT.

3. **Ordinary Resolution 2 – Proposed Renewal of Unit Buy-Back Mandate**

Unitholders are advised to refer to the Statement to Unitholders dated 6 March 2025, which is available on CLMT's website at www.clmt.com.my for further information.

4. **Ordinary Resolution 3 – Proposed Authority 2**

The Proposed Authority 2, if passed, will give authority to the Board to allot and issue the DRP New Units pursuant to the DRP upon such terms and conditions and to such persons as the Manager may in its absolute discretion deem fit and in the best interest of CLMT and its Unitholders, and such authority shall expire at the conclusion of the next AGM of CLMT.

CLMT had applied the DRP to the first income distribution for the period from 1 January 2024 to 30 June 2024 (First Income Distribution) which was declared on 24 July 2024 and a total of 38,113,249 New Units were issued under the First Income Distribution on 20 September 2024. The New Units issued under the First Income Distribution were listed on the Main Market of Bursa Securities on 23 September 2024.

CLMT had also applied the DRP to the final income distribution for the period from 1 July 2024 to 31 December 2024 (Final Income Distribution) which was declared on 22 January 2025. Upon the closing time for submitting the distribution reinvestment form on 6 March 2025, the New Units to be issued under the Final Income Distribution will be issued on 17 March 2025 and listed on the Main Market of Bursa Securities on 19 March 2025.

Notes to Proxy Form:

1. Pursuant to Paragraph 8.29A(1) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, all resolutions shall be put to vote by way of a poll.
2. Only Unitholders whose names appear in the Record of Depositors on 25 March 2025 are entitled to participate and vote at the AGM or appoint proxy to participate and vote instead of him.
3. Any Unitholder entitled to participate at the AGM may appoint up to two (2) proxies to participate at the AGM and vote in the Unitholder's place. A Unitholder holding 10,000 Units or less shall be entitled to appoint one (1) proxy (whether a Unitholder or not). A Unitholder holding more than 10,000 Units shall be entitled to appoint up to two (2) proxies (whether a Unitholder or not).
4. Where a Unitholder is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy for each securities account that holds 10,000 Units or less standing to the credit for the said securities account and up to two (2) proxies for each securities account that has more than 10,000 Units standing to the credit for the said securities account.
5. Where a Unitholder appoints two (2) proxies in accordance with such provision, the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
6. If the Proxy Form is submitted in hard copy, it must be in writing under the hand of the Unitholder or of his duly appointed attorney or, if the Unitholder is a corporation, either under the seal or under the hand of an authorised officer or attorney duly authorised by a valid instrument.
7. The Proxy Form appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority, must be deposited at the Poll Administrator's office, Boardroom Share Registrars Sdn Bhd at 11th Floor, Menara Symphony, No. 5, Jalan Prof. Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia or at its website at <https://investor.boardroomlimited.com> ("**eProxy Lodgement**"), not less than 48 hours before the time appointed for holding the AGM or any adjournment thereof; in default of this provision, the Proxy Form shall not be treated as valid. Please refer to the Administrative Details for the AGM for the steps on the eProxy Lodgement.

1st fold here

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to participate and vote at the AGM and/or any adjournment thereof, a Unitholder (i) consents to the collection, use and disclosure of the Unitholder's personal data by the Manager and MTrustee Berhad (or their agents) for the purpose of processing and administering the proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Manager and MTrustee Berhad (or their agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the Unitholder discloses the personal data of the Unitholder's proxy(ies) and/or representative(s) to the Manager and MTrustee Berhad (or their agents), the Unitholder has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Manager and MTrustee Berhad (or their agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the Unitholder will indemnify the Manager and MTrustee Berhad in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the Unitholder's breach of warranty.

General

The Manager shall be entitled to reject any Proxy Form which is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the Proxy Form submitted. The Manager may reject any Proxy Form if the Unitholder, being the appointor, is not shown to have Units entered against his/her name in the Record of Depositors as at 25 March 2025.
