MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF BUSINESS AND OPERATIONS, OBJECTIVES AND STRATEGIES

UOA Real Estate Investment Trust ("UOA REIT" or "Trust") is a real estate trust fund which commenced its operations on 1 December 2005 and was listed on the Main Market of Bursa Malaysia Securities Berhad on 30 December 2005.

The principal activity of UOA REIT is to invest in a diversified portfolio of real estate and real estate-related assets used, or predominantly used, for commercial purposes. Geographically, it is presently focused in Kuala Lumpur where all existing assets in the portfolio are located in.

The objective of UOA REIT and its subsidiary (the "Group") is to achieve a stable return from rental income and long term capital growth in its assets. In order to enhance the performance of the Properties in the portfolio, the Group employs active operating strategies which include optimising of rental income via management of tenancies and renewals, improving tenant retentions through relationship management, working closely with Property manager to pursue new tenancy opportunities. The Group also, where practicable, carry out Asset Enhancement Initiatives to maintain or improve the quality and appearance of the Properties.

The Manager seeks to enhance the unit value through selective acquisitions. Apart from seeking yield-accretive acquisitions, the acquisition strategy also takes into consideration the location, existing occupancy rate, specifications, facilities as well as the tenant mix of the building.

Capitalising on the relationship with UOA Holdings Group of companies, one of Malaysia's leading property development, property investment, property management services and construction group of companies, the Manager expects to be at a competitive advantage and benefit towards achieving its long term acquisition objectives.

The Properties in the portfolio are intended to be held on a long term basis. Where a property has reached a phase with limited prospect for growth, selling the property can be considered.

The Manager will continue to actively manage the portfolio of properties to maximise the yield for unitholders. Meanwhile, the Manager will continue to source for opportune acquisitions that meet the objectives of UOA REIT.

Guided by the gearing limits stipulated in Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines"), the Manager aims to optimise the Group's capital structure and cost of capital.

The Management is aware of the recent outbreak of the novel coronavirus, COVID-19, and is taking some precautionary actions by increasing the frequency of hygiene and cleaning services as well as sending circular to tenants to raise awareness in REIT Buildings. Where necessary, the Management will consider the next course of action guided by instruction issued by the Ministry Of Health.

MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

INVESTMENT STRATEGIES

During the financial year, the Manager continued to adopt the following strategies in achieving the Group's investment objective:

Operating strategy

The Group's operating strategy is to continue to enhance the performance of the properties by increasing yields and returns from the properties through a combination of retaining existing tenants, reducing vacancy levels, adding and/or optimising retail/office space at the properties and minimising interruptions in rental income and operational costs.

The Manager expects to apply the following key operating and management principles:

- (a) to optimise rental rates via active management of tenancies, renewals and new tenancies;
- (b) maintaining a close relationship with tenants to optimise tenant retentions;
- (c) actively working with the property manager to pursue new tenancy opportunities;
- (d) to optimise tenant mix and space configuration;
- (e) continuous review of tenant mix and if practicable, reconfigure lettable space; and
- (f) continually maintain the quality of the properties.

Acquisition strategy

The Manager seeks to increase cash flow and enhance unit value through selective acquisitions. The acquisition strategy takes into consideration:

- (a) location;
- (b) occupancy and tenant mix;
- (c) building and facilities specifications;
- (d) opportunities; and
- (e) yield thresholds.

The Manager has access to a network of and good relationships with leading participants in the real estate industry which may assist the Group in identifying (a) acquisition opportunities that have favourable returns on invested capital and growth in cash flow; and (b) under-performing assets. The Manager believes that these deal-sourcing capabilities are an important competitive advantage of the Group.

The Manager intends to capitalise on the relationship with UOA Holdings Group of companies, which is one of Malaysia's leading property development, property investment, property management services and construction group of companies. This relationship is expected to accord the Group competitive advantages and benefits towards achieving its long-term objectives.

The Manager intends to hold the properties on a long-term basis. In the future where the Manager considers that any property has reached a stage that offers only limited scope for growth, they may consider selling the property and using the proceeds from the sale for alternative investments in properties that meet its investment criteria.

Capital management strategy

The Manager aims to optimise the Group's capital structure and cost of capital within the borrowing limits prescribed by the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines") and intends to use a combination of debt and equity funding for future acquisitions and improvement works at the properties. Our capital management strategies involve:

- (a) adopting and maintaining an optimal gearing level; and
- (b) adopting an active interest rate management strategy to manage risks associated with changes in interest rates.

while maintaining flexibility in the Group's capital structure to meet future investment and/or capital requirements.

INVESTMENT POLICIES

Portfolio composition

The Group's investments may be allocated in the following manner, as prescribed by the REIT Guidelines:

- (a) to invest in real estate, single-purpose companies whose principal assets comprise real estate, real estate-related assets, non-real estate-related assets or liquid assets;
- (b) at least 50% of the Group's total assets must be invested in real estate or single-purpose companies whose principal assets comprise real estate, at all times; and
- (c) not more than 25% of the Group's total assets may be invested in non-real estate-related assets and/or liquid assets.

Diversification

The Group will seek to diversify its real estate portfolio by property and location type. The Group will focus on investing in properties that are primarily used for office, retail and/or residential purposes and will continue to look for opportunities in these types of properties. In addition, it may also look into other properties that will provide attractive risk-adjusted returns.

Leverage

The Group will be able to leverage on its borrowings to make the permitted investments. Leveraging on its borrowings will increase the returns to unitholders. The Group is permitted to procure borrowings of up to 50% of its total asset value.

DISTRIBUTION POLICY

At least 90% of the distributable income of the Trust will be distributed semi-annually or at such other intervals as determined by the Manager, in arrears.

COMPOSITION OF INVESTMENT PORTFOLIO

As at 31 December 2020, the Group's investment properties value increased to RM1,738 million mainly due to the acquisition of UOA Corporate Tower amounting to RM718 million.

The total number of properties in the portfolio increased to six (6) (2019: five (5)).

As at 31 December 2020, the Group had also undertaken a revaluation exercise for all existing investment properties. The investment properties were valued at RM1,738,100,000 by independent registered valuers. This resulted in an aggregate revaluation surplus of RM1,756,195 as at 31 December 2020.

Gross rental

The total gross income for the financial year ended 31 December 2020 comprises rental income of RM72,355,523 (2019: RM78,734,487), interest income of RM59,751 (2019: RM60,185) and other income of RM277,415 (2019: RM237,339). Total gross income for the financial year was 8.02% lower than the previous financial year.

The decrease was due to the rental rebates given to eligible tenants. Apart from the rental rebates given, gross rental also drop due to lower occupancy.

Property operating expenses

The property operating expenses decreased by 1.44% to RM20.5 million for the financial year ended 31 December 2020 compared to RM20.8 million in the previous year. The decrease is due to the reduction in electricity consumption and lower repair and maintenance expenses incurred during the MCO period.

The summary of our gross rental, property operating expenses and net rental income for each property in the property portfolio for the financial year ended 31 December 2020 is detailed below:

1) Overall Financial Results (continued)

Non-property operating expenses

Total non-property operating expenses decreased to RM15.5 million from RM17.4 million in previous financial year was due primarily to lower borrowing costs resulted from the lower interest rate in current financial year.

Income for the year

For the year ended 31 December 2020, the Group reported an income of RM34,750,875 (2019: RM19,836,187). The income after tax included the deferred tax liability for real property gain tax for UOA REIT's investment properties.

The provision of the deferred tax will not affect the realised income of the Group. Realised income after tax for the financial year was RM36,719,912 (2019: RM39,540,726), which was a decrease of 7.13% over the previous financial year mainly due to rental rebates given to eligible tenants as well as lower overall occupancy rates.

2) Income Distribution

The Trust had on 28 August 2020 paid an interim distribution of 3.98 sen per unit totaling RM16,830,296 for the six months ended 30 June 2020.

The Manager had on 10 December 2020, recommended to the Trustee, and the Trustee had on 10 December 2020, approved the final income distribution of 4.46 sen per unit totaling RM18,860,081 for the financial year ended 31 December 2020 to be paid by 22 January 2021 ("Final Distribution"). The Final Distribution comprises taxable income of approximately 4.46 sen per unit.

The total distribution for the financial year ended 31 December 2020 is 8.44 sen per unit, a decrease of approximately 7.35% or 0.67 sen per unit as compared to the previous financial year. Distribution per unit of 8.44 sen translates to a distribution yield of 7.47% (2019: 7.41%) based on the group's closing unit price of RM1.13 (2019: RM1.23) as at 31 December 2020.

An analysis of the Trust's income distribution is as follows:

3) Gearing

Pursuant to the REIT Guidelines, the permitted limit on gearing ratio of real estate investment trusts is 50%.

As at 31 December 2020, the Group has total borrowings of RM704,022,500 representing a gearing ratio of 39.9% (2019: 26.3%). The debts are in the form of revolving credits and are short term in nature renewable on a one (1) to six (6) months term at interest/profit rates as disclosed in Note 14 to the Financial Statements. Total credit facilities available to the Trust amount to RM856,800,000 and there are unutilised facilities of RM152,777,500 as at the end of the financial year.

As at 31 December 2020, the Group has the capacity to raise its borrowings by an additional RM25,119,754 before reaching the 50% limit permitted under the REIT Guidelines.

4) Units In Issue

	As at 31 December 2020	As at 31 December 2019	As at 31 December 2018	As at 31 December 2017	As at 31 December 2016
Number of units in issue	675,599,076	422,871,776	422,871,776	422,871,776	422,871,776

The trust had on 28 December 2020 issued 252,727,300 additional new units at an issue price of RM1.10 per unit pursuant to the acquisition of UOA Corporate Tower. As a result, the fund size increase from 422,871,776 to 675,599,076 units during the financial year ended 31 December 2020.

5) Net Asset Value ("NAV") Of The Group

	As at 31 December 2020	As at 31 December 2019	As at 31 December 2018	As at 31 December 2017	As at 31 December 2016
NAV (RM'000)	980,299	706,555	725,242	706,314	704,591
NAV per unit					
- before distribution (RM)	1.479	1.720	1.766	1.714	1.719
- after distribution (RM) *	1.451	1.671	1.715	1.670	1.666

* NAV per unit is posted on Bursa Malaysia's website on a quarterly basis.

As at 31 December 2020, the Group's NAV has decreased from 1.6708 to 1.4510. This was mainly due to the increase in fund size pursuant to the acquisition of UOA Corporate Tower.

Based on the group's closing unit price of RM1.13, the REIT is trading at approximately 24% below its NAV.

6) Cash Flow

As at 31 December 2020, the Group has cash and bank balances of RM1.7 million and deposits with licensed financial institution of RM3.7 million.

Based on the Statement of Cash Flows for the financial year ended 31 December 2020, the Group has generated net cash from operating activities of RM45.4 million (before the payment of interest expenses of RM8.8 million) and utilised cash for investing activities amounting to RM700.3 million primarily for acquisition of UOA Corporate Tower. The net cash from financing activities by the Group of RM657.7 million was mainly due to the acquisition of UOA Corporate Tower during the financial year.

On a net basis, the Group has a net increase of cash and cash equivalent of RM2.8 million for the financial year ended 31 December 2020, which increase the cash and cash equivalent to RM5.4 million as at 31 December 2020.

REVIEW OF OPERATING ACTIVITIES

1) Rental Income

*Acquisition completed on 30 December 2020

For financial year ended 2020, the top three highest income generating properties are Parcel B – Menara UOA Bangsar, UOA II Parcels and Wisma UOA Damansara II. These three building accounts for close to 80% of total gross income rental.

Compared to the preceding year, gross rental income for all the Properties saw a decline. The reason for that is due to the rental rebates given to eligible tenants. Parcel B – Menara UOA Bangsar and UOA II Parcels saw a higher dip in income due to the departure of tenants that occupied a substantial area. We expect to see an increase in rental income in the coming financial year with the newly acquired UOA Corporate Tower.

MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

REVIEW OF OPERATING ACTIVITIES (CONTINUED)

2) Occupancy Rates

*Acquisition completed on 30 December 2020

Including all secured tenancies, there was a decline in the occupancy rate of the Properties in the portfolio giving an average occupancy rate of close to 88% as at 31 December 2020.

In financial year 2020, departure of multiple tenants saw an overall decline in the occupancy rates of the Properties in the portfolio. Wisma UOA Damansara II and UOA Damansara Parcels were the two properties that recorded a higher decline in occupancy.

The weighted average lease expiry ("WALE") of the portfolio, including all secured tenancies, as at 31 December 2020 was approximately 1.47 years. The WALE is within expectation as all rental of Properties in the portfolio are typically executed via tenancy agreement. Hence, the Manager actively monitors all tenancy expiries to optimise renewal.

3) Asset Enhancement Initiatives

Asset Enhancement Initiative ("AEI") plays a very important part of UOA REIT's operating strategies. The maintenance and upgrading of the Properties within our portfolio are essential to prolong the life of the assets and ensuring the condition of the property is tenantable to remain competitive.

During the financial year 2020, the construction of the covered pedestrian bridge that links UOA II directly into the existing KLCC-Bukit Bintang Walkway was completed. The retail area of UOA II that connects the pedestrian bridge was also upgraded and the Manager is in the process of getting new tenants to occupy the space.

4) Funding Management

The Group adopts an active capital management strategy that is within the threshold as stipulated by the REIT guideline. In this financial year, the gearing ratio has increase to 40%. The increase is due to the acquisition of UOA Corporate Tower.

The current funding is sourced through revolving credit with a combination of floating and fixed interest rate. The effective cost of borrowings that ranges between 2.63% and 4.10%. With the cut in OPR rate, we took advantage of the low interest rate and secured part of our borrowings in fixed rate. Given the combination of floating and fixed rate borrowings, the interest risk is minimal as the market does not expect interest rate to be volatile in the near future.

MOVING FORWARD

With the current pandemic situation that affected the world, there are uncertainties in both the domestic and global economies. An uncertainty in the economic situation will continue to weigh on the rental and occupancy rates of our Properties. However, the Manager will continuously manage the Properties within the portfolio with prudent capital management to maximise yields and returns.

The Manager will maintain its active capital management strategy and continue to explore potential yield-accretive acquisitions that meets the objectives of UOA REIT.

SUSTAINABILITY STATEMENT

INTRODUCTION

UOA Real Estate Investment Trust ("UOA REIT") is a Malaysia-based unit trust established with the objective to own and invest in real estate and real estate-related assets used, or predominantly used, for commercial purposes, whether directly or indirectly through the ownership of single-purpose companies who wholly own real estate.

UOA REIT, together with the UOA Group of companies ("UOA"), is committed to creating a positive and enduring social impact through our sustainability initiatives that support our business, the environment and the communities in which we operate. Our approach to sustainability is defined by UOA's corporate philosophy of building excellence with a definitive focus on the areas of education, environment and community activities.

The scope of the report covers the economic, environment and social performance of UOA REIT's properties in Malaysia from 1 January 2020 to 31 December 2020 ("FYE2020"), with 1 January 2019 to 31 December 2019 ("FYE2019") being the year of comparison, where applicable. In view that the Trust does not have any employees, information reported in relation to employees are referred to the employees of the Manager. The Manager will continue reporting its sustainability performance on an annual basis.

SUSTAINABILITY GOVERNANCE STRUCTURE

UOA REIT's sustainability strategy is overseen by the Board based on the following governance structure:

The Risk Management & Sustainability Committee ("RMC"), chaired by the CEO, is responsible for the formulation of sustainability policies and implementation of sustainability initiatives while the financial and day-to-day business operations will be undertaken by the accountant and property manager respectively.

To better understand the requirements for Sustainability reporting, the management team has attended several workshops and conducted meetings on sustainability with the heads of departments.

MATERIAL ANALYSIS

In determining sustainability priorities, UOA REIT continues to reach out to its stakeholders with the purpose to identify and address key sustainability issues

which reflect significant economic, environmental and social impact on our business. It is essential for gaining a better understanding of the sustainability aspects that are important to UOA REIT as we strive to align them in our efforts to improve business practices, reduce environmental impact and enhance livelihoods.

MATERIAL ISSUES

COVID-19 PANDEMIC

2020 has been an unprecedented year due to the unfortunate onset of the global Covid-19 pandemic, which has adversely affected the local and global financial markets. Uncertainties abound, and we have instituted action plans to mitigate the impact of the health and economic crisis.

Environment

Since the commencement of the Movement Control Order ("MCO") in March 2020, we have implemented the necessary preventive measures to mitigate the risk of infection by conducting routine sanitisation and disinfection works at all common areas of the buildings on a weekly basis and deep cleaning of all high touch point areas was carried out at regular intervals on a daily basis. Operation hours of centralised ventilation system, water features and all lightings at common areas were adjusted accordingly to conserve energy.

Social

We have heightened safety protocols in all our properties in compliance with the Ministry of Health's guidelines:

- 1) Effective communication with tenants/visitors to ensure implementation of the Standard Operating Procedure ("SOP");
- 2) Check in via MySejahtera App for contact tracing, and temperature scan at the lobbies of the buildings for all tenants/visitors before entry;
- 3) Strict adherence to social distancing;
- 4) Mandatory usage of face mask by all tenants/visitors before entering the buildings; and
- 5) Provision of hand sanitiser at the main lobbies/lift lobbies of the buildings.

SUSTAINABILITY STATEMENT (CONTINUED)

The UOA Group has also formed a committee to formulate the SOP within the Group. We have put in place multiple preventive and control measures at our workplace to limit exposure and curb the spread of infection:

- 1) Splitting employees into two teams with an alternate arrangement of work from home and work in the office;
- 2) Ensure social distancing. Staggered shifts and lunch breaks to avoid overcrowding at the lobby and lift area;
- 3) Provision of hand sanitiser at the lobby and designated areas near the work stations; and
- 4) Provision of complimentary 3-ply face mask to each employee.

Governance

Guidelines and SOP from relevant authorities are accordingly adhered and communication with authorities including Securities Commissions Malaysia to ensure timely disclosures to relevant parties.

ECONOMIC

Financial Sustainability

Our commitment to business excellence is underpinned by an unwavering focus on strong corporate governance and prudent financial management in the face of a challenging market environment. As such, we will continue our focus on the following areas:

- provision of regular and stable income distributions to Unitholders
- ensure long-term growth in terms of Net Asset Value ("NAV")
- improve the occupancy rates
- continue to explore opportunities for potential yield accretive acquisitions

UOA REIT owns a portfolio of 6 properties strategically located in Malaysia and receives rental income from the operation of these properties. These properties generated revenue of RM72.4 million and net realised income of RM36.7 million in the financial year ended 31 December 2020. Our value creation ensures that the properties operate optimally to remain competitive in the marketplace. For a more detailed review of our

financial performance, please refer to the Management Discussion and Analysis section and Financial Statements section of this Annual Report.

Product Investments

During the financial year, we have completed the acquisition of UOA Corporate Tower ("UCT") in line with the acquisition strategy of UOA REIT to continuously acquire and invest in properties that are able to contribute to the long-term growth in UOA REIT's DPU and/or NAV per unit. The acquisition strategy includes acquiring a property that is strategically located as well as has a high occupancy rate and diverse tenant mix.

The rationales for the acquisition are as follows:

- 1) UCT is located in a strategic location with comprehensive building services and facilities;
- 2) With the acquisition, UCT complements the existing property portfolio of UOA REIT and lowers the average building age of UOA REIT's property portfolio from approximately 19 years as at 31 December 2020 to approximately 17 years;
- 3) UCT has managed to achieve a relatively high occupancy rate and the diverse tenant mix of UCT improved cash flow stability by minimising each tenant's overall contribution to revenue and therefore, minimising the effect that any individual tenant's default would have on UOA REIT; and
- 4) Enhances the size of UOA REIT's property portfolio from RM1.0 billion as at 31 December 2019 to RM1.7 billion after the acquisition.

Maintaining and upgrading the quality of UOA REIT's properties are essential to the success of the trust as well as meeting the expectations of all stakeholders and unitholders. The quality of the properties largely determines the value and income generated.

As mentioned in the annual report 2019, the construction of the covered pedestrian bridge that links UOA II directly to the existing KLCC-Bukit Bintang Walkway was completed in the financial year 2020 and funded solely from the accumulated sinking fund.

Regulatory Compliance

We integrate the compliance culture within our business by observing legal, regulatory and internal regulations as well as the observance of common standards and rules of professional conduct. Our business activities are conducted based on ethical and legal standards with high levels of integrity in fostering a sense of responsibility and trust with our stakeholders.

We also ensure that all sub-contractors/service providers deliver their services in accordance to requirements and adherence to appropriate evaluation process.

At UOA REIT, we also ensure our employees are kept up-to-date on corporate policies such as the Whistleblowing Policy.

The Whistleblowing Policy aims to encourage employees and other stakeholder groups to disclose any improper conduct that they have become aware of. Concerns can be raised directly to the Independent Directors. The Manager is committed to ensuring that all cases will be treated in the strictest of confidence and promptly investigated. There were zero cases reported in 2019 and 2020.

Non-compliance with this policy is classed as major misconduct and the employee involved will be subjected to disciplinary action, which may lead to dismissal.

UOA REIT has established an Anti-Bribery & Corruption Policy which is published on its website in accordance with the Guidelines on Adequate Procedures issued pursuant to subsection (5) of Section 17A of the Malaysia Anti-Corruption Commission Act 2009 which came into effect in June 2020. The said Policy has been and will be disseminated to all the employees and other stakeholders from time to time when necessary.

Please refer to the Statement of Corporate Governance, Audit & Risk Management Committee Report, and Statement on Risk Management and Internal Control of this Annual Report for more details on compliance.

Online Lead Generation Campaign for UOA REIT Signature Offices

As part of our digitalisation plan to progressively use more technology to improve our business processes, operational and cost efficiencies, we have implemented an online lead generation campaign for UOA REIT signature offices to diversify and complement our traditional marketing platform (prints/classified advertisements). Our intention is to reach and engage new leads via online channels such as Google, Facebook and LinkedIn, while enhancing brand awareness and interests in our office units.

The advantages of the online campaign include:

- reduces cost and runs 24/7, whereby customers can access our product information at their most convenient time
- target audiences based on demography
- measure and track results in real-time, and adjust our business plans to continuously improve results
- data collection of prospects and web traffic allows for better analysis

ENVIRONMENTAL

Continuous efforts have been put into managing UOA REIT's commercial buildings by Jordan Lee Jaafar, the property manager of UOA REIT. Listed below are the key areas which have contributed to the effective operation and cost saving management of the buildings.

Energy

The building sector is one of the largest sources of carbon emissions in the country. In view of global climate change and Malaysia's commitment to reduce carbon emissions, we have taken initial steps to implement new environmentally friendly systems across our properties. While the trust and the property managers do not have operational control over tenants' electricity consumption, resources have been deployed at the property-level to enhance the ecosystem of the buildings, raise environmental awareness and foster energy conservation.

SUSTAINABILITY STATEMENT (CONTINUED)

1. Implementation and monitoring of timer control/ photocell/motion sensor for the lighting system
 - i. Lift Lobby – timer control for peak and non-peak hours
 - ii. Toilet/Staircase – installation of motion sensors to control the lighting
 - iii. Outdoor Area – photocell to control the outdoor lighting
2. Introduction of highly efficient equipment/fitting
 - i. Car Park Area – replacement of conventional lighting with LED lighting. The replacement of conventional lighting with T5 tube at Menara UOA Bangsar car park has led to a reduction in energy consumption and subsequently contributed to the reduction of carbon footprint
 - ii. Corridor – replacement of conventional lighting with LED lighting at the corridors at UOA Centre and UOA II has led to monthly savings of more than RM7,000
 - iii. Chiller – replacement of aging air-cooled chiller with high efficiency water-cooled chiller. The installation was completed in December 2018. The replacement has led to a 31% savings in total energy consumption
 - iv. Lifts – upgrading of existing lifts with high efficiency motor and equipment with energy regeneration system
3. Improvements on the air-conditioning system
 - i. To improve the Building Control System to constantly monitor and optimise the Chiller Plant Performance

Waste

We ensure that the wastes generated from our properties are collected and disposed of responsibly in accordance with legal requirements, to minimise the wastes sent to landfills. We collaborate closely with our Property Managers to identify responsible waste management practices that would benefit both our stakeholders and the environmental value of our properties.

Our green initiatives to reduce environmental waste have and will continue to be implemented by creative recycling of annual festive ornaments; reduction in paper usage by e-mailing information instead of sending by mail; and continuous evaluation of potential automation system in order to identify areas of improvement to reduce energy cost.

During the year, we have implemented process enhancement through e-billing and e-receipt. By sending rental invoices and payment receipts via email to all our tenants, we managed to save 34% of the printing costs and reduced 43% of the total paper consumption.

Water

We are also constantly seeking ways to reduce water consumption. In UOA REIT properties, Rain Water Harvesting Tanks are installed to facilitate landscape water consumption. We also installed water-efficient technology such as the self-closing taps in refurbished toilets to minimise water wastage. Water consumption is monitored monthly to detect any unusual usage or potential leakage. We also conducted regular checks and replaced aging domestic pipes to prevent pipe burst and reduce water wastage.

Responsible Consumption

We have also taken the initiative to promote responsible consumption of resources within the management and finance offices. Employees are encouraged to practise good consumption habits such as minimising electricity use, minimising printing and limiting the wastage of resources. For example, employees are encourage to transform hardcopy records into softcopy, to print double sided or on recycled paper, when necessary.

SOCIAL

As a real estate investment trust, social sustainability encompasses our tenants, the REIT Manager's employees, property manager's employees and those who frequently visit our buildings.

Customer Focus

We are committed to achieve the highest customer satisfaction level by placing customers as a top priority. We maintain a responsible and responsive Facilities Management Programme with the objective of ensuring efficiency and peace of mind for owners/tenants. Yearly survey is conducted for our tenants on the services provided and quality of the properties. Continuous improvements on the quality of our buildings and services are carried out.

We also undertake various measures to ensure the quality of our buildings is maintained at all times. Whilst all our buildings are equipped with firefighting services and security systems, we also arrange for daily patrolling by our appointed security personnel in order to ensure the safety of occupants in our buildings. Our building management division has adopted crisis management policies and procedures to ensure annual testing, simulations and training for crisis situations are conducted.

In addition, we organise fire drills regularly to ensure that our tenants and other co-owners of our projects are familiar with the evacuation process. We also ensure annual certification of our elevators and escalators. Certified chargemen are engaged to continuously assess the safety and maintenance of our electrical wiring and installations. Asset Enhancement Initiatives ("AEI") including lifts upgrading are carried out to ensure our buildings are kept in a good, tenantable and competitive condition.

We also ensure that local tenants are given priority, whenever it is practical to do so, as we consider it important to support local businesses, their products and services, and to indirectly have a positive impact on the local economy.

Managing Occupational Health & Safety And Security

As landlord of properties, we always make the safety of tenants and occupiers of our properties a priority. We are committed to minimising risks; ensuring safety; and protecting the health of tenants, contractors, employees and visitors who work in or visit the Fund's properties. As such, we have incorporated occupational safety and health policies and guidelines into our daily business operations with the aim to establish a positive safety culture with zero tolerance of workplace injury.

We have fire drills annually, and all tenants are encouraged to participate in fire drills in the respective buildings to ensure their occupiers are familiar with escape routes in the event of any emergency.

Promising Workplace

The Manager acknowledges that the employees are our greatest assets. As an employer of choice, we are committed to growing and nurturing our talent pool through various channels, not only to help our employees reach their full potential, but also to ensure our business growth and sustainability.

• Recruitment

We strive to formulate a people-centric human resource approach to retain and recruit talents. This is reflected in our conduct of employment, including recruitment, hiring, compensation, training and promotion for all employees, regardless of race, gender or age. We practise non-discriminatory employment policy with conscious effort in promoting inclusivity and diversity.

Diversity is essential to our business as an investment fund as we require views and opinions from varying groups to ensure that the Fund remains relevant in the current economic environment. Hence, we strive to ensure that all parties receive equal opportunities and enjoy a conducive working environment.

• Employee Breakdown

Currently, we have a gender distribution of 49% female and 51% male, 61% of which being Bumiputera while 39% are non-bumiputera. This reflects that we offer career advancement opportunities to deserving employees based on their performance, regardless of their gender or race.

A majority of our employees lies in the age group of 30-50 years. All employees are employed based on talents and capabilities to ensure that our workforce is culturally diverse and knowledgeable. Nevertheless, 15% of our employees lie within the age group of 30 and below. This shows that we also remain mindful of hiring young talents to groom Malaysia's younger generation with skills that will not only benefit our business and the economy but their employability value as well.

SUSTAINABILITY STATEMENT (CONTINUED)

• Training & Development

To facilitate the continuous development and motivation of our employees, relevant internal and external training programmes that tailor to different divisions and individual employees were organised. External courses comprising technical and non-technical training workshops, seminars as well as conferences amounted to a total of 229 hours by the employees.

• Minimising Turnover Rate

Our employee turnover rate was recorded at 29% for the financial year ended 2020. We adhere to the requirements of Malaysia's Minimum Wages Order 2016 and assure our stakeholders that our business practices will continue to comply with the Order throughout our operations. Ensuring that our employees are fairly compensated with remuneration packages that are competitive within the domestic REIT industry is an important factor that contributes to employee satisfaction and talent retention.

To achieve a good working culture and encourage employee dedication, various employee benefits were provided during the financial year 2020:

- 1) Medical Benefits
 - a. Outpatient Care covering employee, non-working spouse and children below 21 years old
 - b. Group Hospitalisation & Surgical Insurance Plan

- 3) Marriage Gift & Baby Gift
- 4) Staff Season Parking
- 5) Awards (Long Service Award and Healthy Award)
- 6) Annual Dinner
- 7) Chinese New Year Ang Pow; and
- 8) Early Release for Muslim employees during Ramadan

COMMUNITY OUTREACH

As a responsible corporate citizen, we give back to communities wherever we operate through our multi-faceted approach towards corporate social responsibility ("CSR"). UOA recognises the importance of such engaging initiatives as they form the basis of a caring community, thereby helping to shape a better and more sustainable society.

In light of the Covid-19 pandemic, UOA donated RM300,000 to the 'Star Frontliners Initiative' through Star Foundation - a fund to help provide the purchase of essential medical supplies for hospitals and medical staff to battle the escalating outbreak. The fundraising initiative was launched by Star Foundation, the charitable arm of Star Media Group.

Faced with this unprecedented crisis, many medical frontliners are risking their lives to keep Malaysians safe due to a lack of critical support and equipment. The contribution aimed to accelerate efforts to provide them with the necessities that they urgently need to fight this pandemic.

UOA also introduced a 'Let Love Light Malaysia' campaign to pay tribute to the frontliners. The campaign was initiated as a way of bringing people together and channel our collective gratitude and support to the doctors, nurses, care workers and medical teams for their selfless acts of courage, dedication and service to the nation.

UOA's three buildings in Bangsar South, namely VE Hotel & Residence, Komune Living and Invito shined hearts of hope in a show of solidarity to the unsung heroes. It was a heartwarming gesture to lift their spirits during these challenging times by sharing words of appreciation and notes of encouragement. Submissions by members of the public were made via social media with the official hashtag #LetLoveLightMalaysia.

In addition, UOA also distributed 7,000 face masks to families within the vulnerable communities in Kerinchi. The CSR initiative was organised with the support of ADRF Malaysia, a non-profit organisation, to provide the underprivileged families with protection against the possibility of Covid-19 infection. As the conditions around the pandemic continue to evolve, we are committed to do our part in helping the communities in need by extending support to those affected by pandemic-related circumstances.

STATEMENT OF CORPORATE GOVERNANCE

The Board of Directors of UOA Asset Management Sdn Bhd ("Board"), being the Manager of UOA Real Estate Investment Trust ("UOA REIT") and its subsidiary ("Group") recognises the importance of good corporate governance as they firmly believe that an effective corporate governance culture is essential in the best interests of the unitholders and is critical to the performance and success of the Manager and subsequently the Group.

The Board follows the practices and policies of the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines") and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Listing Requirements"). The Board has also adopted relevant principles and recommendations of the Malaysian Code of Corporate Governance 2017, where applicable to the operations of the Group and is pleased to provide a narrative statement on the Manager's main corporate governance practices and policies.

A. THE MANAGER OF UOA REIT

The Manager has general powers of management over the assets of the Group. Its primary role is to set the strategic direction of the Group and manage the assets and liabilities of the Group for the benefit of its unitholders, to ensure that the operations of the Group are conducted in a proper, diligent and efficient manner within an appropriate risk management framework; and to enhance value returns to its unitholders.

The Manager's primary functions and responsibilities include:

- Setting the strategic direction of the Group and recommend to the Trustee on the acquisition, divestment or enhancement of assets in accordance with the Manager's investment strategy;
- Formulating plans for equity and debt financing for the Group's capital requirements with the objective of optimising the capital structure and the cost of capital;
- Ensuring proper recording of transactions including the preparation of accounts, and annual financial statements and reports;
- Supervising the Property Manager who performs the day-to-day property management functions for the Group's properties; and
- Ensuring compliance with the relevant laws and applicable provisions of the REIT Guidelines, Listing Requirements and the trust deed constituting UOA REIT dated 28 November 2005 ("Deed").

UOA REIT is externally managed by the Manager and it has no personnel of its own. The Manager appoints experienced and well-qualified management personnel to handle the day-to-day operations. All Directors and employees of the Manager are remunerated by the Manager and not by UOA REIT. UOA Asset Management Sdn Bhd is the appointed Manager of UOA REIT in accordance with the terms of the Deed which outlines the circumstances under which the Manager can be retired.

The Manager holds a Capital Markets Services Licence as required under the Capital Markets and Services Act 2007 to carry on the regulated activity of fund management in relation to asset management restricted to real estate investment trust activities. The Manager is a member of the Securities Industry Dispute Resolution Centre (SIDREC) pursuant to the requirements in the Capital Markets and Services (Dispute Resolution) Regulations 2010.

B. BOARD OF DIRECTORS OF THE MANAGER OF UOA REIT

Role of the Board

The Board is responsible for the oversight and corporate governance of the Manager. The Board sets the strategic direction, and oversees the proper conduct of the Manager's activities, identifies principal risks and ensures the implementation of systems to manage these risks. In addition, the Board reviews key matters such as financial results, investments, divestments and major capital expenditure of the Group. In making decisions, the Board considers the business outlook and other factors affecting real estate investment trusts and property sectors.

Appointment to the Board

All new nominations are assessed by the Directors and the final decision of appointment lies with the entire Board to ensure a balanced mix of experience and expertise of members of the Board.

STATEMENT OF CORPORATE GOVERNANCE (CONTINUED)

B. BOARD OF DIRECTORS OF THE MANAGER OF UOA REIT (CONTINUED)

Board Composition

The Board presently consists of five (5) members, comprising one (1) Executive Director and four (4) Non-Executive Directors. Three (3) of the Non-Executive Directors are independent. The Board composition complies with provisions of the Listing Requirements and the REIT Guidelines for at least one third (1/3) of the Board to be independent.

The Board composition reflects a mix of suitably qualified and experienced professionals in the fields of accountancy, banking and finance, real estate development and property management. This combination of different professions and skills working together enables the Board to effectively lead and govern the Manager and the Group.

The Board is led by competent Independent Directors, namely an Independent Non-Executive Chairman and two Independent Non-Executive Directors, who are highly respected persons with extensive experience in various fields and are able to provide sufficient guidance and advice to the Audit and Risk Management Committee and the Board. The Board is of the opinion that the composition of the Board is adequate.

While the Board does not have female representation at this juncture, senior positions of the Group, including the Accountant and Compliance Officer are represented by females. There is no preference with regards to ethnicity and age. Appointments and promotions of all employees are based on the same principles.

Clear Roles and Responsibilities

The positions of Chairman of the Board and Chief Executive Officer ("CEO") are held by separate persons.

The Chairman leads the Board to ensure that members of the Board work together with the Manager in a constructive manner to address strategies, business operations, financial performance and risk management issues. The Chairman also takes a lead role in promoting high standards of corporate governance with the full support of the Board and the Manager.

The CEO is responsible for implementing the policies and decisions of the Board. The CEO also has full executive responsibilities over the business directions and operational decisions in managing UOA REIT.

The clear separation of roles of the Chairman and the CEO provides a healthy, independent and professional relationship between the Board and the management.

The Board is assisted by a qualified and competent Company Secretary and a Compliance Officer to provide sound governance advice and ensure adherence to rules and procedures.

Independence and Time Commitment

The Board receives annual written confirmation from the Independent Directors confirming their independence and in which the Directors acknowledge their respective positions. All the Directors are able to devote sufficient time and attention to the operations of UOA REIT and to update themselves with knowledge and skills by attending seminars and training. The Directors are also accessible by email and telecommunication should the need arises.

Corporate Code of Conduct and Whistle Blowing Policy

The Manager has in place procedures to provide its employees with defined and accessible channels to report on suspected fraud, corruption, dishonest practices or other similar matters relating to the Group and/or the Manager, and for the independent investigation of any reports by employees and appropriate follow up action.

The aim of the whistle blowing policy is to encourage the reporting of such matters in good faith, with the confidence that employees making such reports will be treated fairly, and to the extent possible, be protected from reprisal.

The Manager has developed a Whistle Blowing Policy for the public to have access to the Independent Directors and Chairman of the Board.

United Overseas Australia Ltd ("UOA Ltd"), the ultimate holding company of the Manager had established a Code of Conduct which set out the standards which directors, officers, managers, employees and consultants of UOA Ltd and its subsidiaries are expected to comply in relation to the affairs of their businesses.

Pursuant to the Guidelines on Adequate Procedures issued pursuant to subsection (5) of Section 17A of the Malaysian Anti-Corruption Commission Act 2009 (Act 694) ("MACC Act 2009") which comes into effect in June 2020, the Manager has established its Anti-Bribery and Corruption Policy which is published on its website.

The Due Diligence Committee ("DDC") was established by and operates under the delegated authority of the Board. The DDC comprises one (1) Independent Director, one (1) Non-Independent Director and one (1) management representative. The DDC's role is to perform appropriate due diligence work on any proposed investment or divestment and make recommendations to the Board.

D. AUDIT AND RISK MANAGEMENT COMMITTEE AND AUDIT COMMITTEE

The Board has adopted the best practices in corporate governance by establishing an Audit and Risk Management Committee ("ARMC") and implemented an Internal Audit Function. The Board is committed to maintaining a sound and effective system of internal control in order to safeguard the interests of the unitholders of UOA REIT and the investments and assets of the Group.

Key Functions and Responsibilities, and Summary of Activities of the ARMC during the Year

The detailed ARMC Report including the key functions and responsibilities, and the summary activities of the ARMC are more specifically set out in the ARMC Report in this Annual Report.

E. INTERNAL AUDIT FUNCTION AND RISK MANAGEMENT

The Internal Audit Function is undertaken by the internal auditors of UOA Ltd and is independent of Management. The ARMC meets with the internal auditors at its quarterly meetings. A Risk Management Policy has been adopted by the Board to mitigate risks of the Group. Further details are set out in the Statement on Risk Management and Internal Control.

The ARMC reviews related party transactions at its quarterly meetings and whenever deemed necessary. A Related Party Transaction Policy has been adopted to enable the ARMC to review and deliberate on such transactions appropriately. Suitable recommendations are presented to the Board for approval.

The ARMC ensures that financial statements comply with the applicable financial reporting standards and meet with the external auditors at least two (2) times a year to ensure that such standards are in place. The external auditors confirm their independence to the ARMC at the meeting where they table the audit findings to the ARMC.

F. ACCOUNTABILITY AND AUDIT

Directors' Responsibility Statement for Preparing the Annual Audited Financial Statements

The Board is responsible for ensuring that the financial statements of the Group are drawn up in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards, REIT Guidelines and the Deed. In preparing the financial statements, the Directors have selected and applied consistently suitable accounting policies and made judgements and estimates that are reasonable and prudent.

Timely Disclosures

The Board ensures timely disclosure of transactions and other necessary disclosures by having in place various checklists prepared in accordance with regulatory requirements and disseminated to the relevant departments to enable disclosures to be made on a timely basis.

Relationship with Auditors

The appointment of the external auditors, nominated by the Manager, is approved by the Trustee ("Auditors"). The Auditors are independent of the Manager and the Trustee. The remuneration of the Auditors is approved by the Trustee. While there is no specific policy on the assessment of the Auditors, the Board reviews and approves the re-appointment of the Auditors on a yearly basis.

Communication with Unitholders and Dissemination of Information

The Board acknowledges the importance of regular communication with unitholders and the investing community to ensure that they are well informed of the activities and performance of the Group. The communication channels include UOA REIT's website, quarterly reports, annual reports, circulars, various disclosures and announcements on Bursa Malaysia's website, and at general meeting of unitholders.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors of UOA Asset Management Sdn Bhd ("Board"), being the Manager of UOA Real Estate Investment Trust ("UOA REIT") and its subsidiary ("Group") is committed to nurture and preserve an effective and sound system of internal control to safeguard the interests of the unitholders of UOA REIT as well as the investments and assets of the Group. In this commitment, the Board has adopted the best practices in corporate governance by establishing an Audit and Risk Management Committee ("ARMC") and setting up an Internal Audit Function, undertaken by the Internal Auditors of United Overseas Australia Ltd to comply with Paragraph 15.26 (b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The Board is pleased to provide a statement on the state of the Manager's internal controls for inclusion in this Annual Report for the financial year ended 31 December 2020.

Internal Audit Function

The internal audit function is undertaken by the Internal Audit Department of the ultimate holding company of the Manager, United Overseas Australia Ltd. The ARMC has an oversight function of all activities carried out by the internal auditors in respect of the Group.

The principal role of the internal auditors is to independently review the risk exposures and control processes implemented by the Manager and conduct assignments which encompass auditing and review of critical areas, report on the adequacy, effectiveness and efficiency of the operations and internal control and highlight the significant findings in respect of non-compliance within the Group to the ARMC.

The Internal Audit Department function is guided by the Institute of Internal Auditors' International Professional Practices Framework ("IPPF"). The internal audit framework is designed to be in line with the Committee of Sponsoring Organisations of the Treadway Commission ("COSO") Internal Control – Integrated Framework. The Internal Audit Department reports directly to the ARMC.

The internal auditors engage in regular communication with the senior management team and various departments within the organisation in relation to its internal audit activities and efforts for continuous improvement in operations and systems.

Internal audit reports which include details of activities planned, audit findings and recommendations are tabled at quarterly ARMC meetings.

A summary of internal audit activities that were undertaken during the financial year ended 31 December 2020 are as follows:

- Reviewed the adequacy and effectiveness of the risk management framework;
- Reviewed the billing and collection process, follow up on long outstanding debt, process of pre-qualification and assessment of potential tenants and compliance with tenancy agreement;
- Reviewed the process of property maintenance, contract maintenance, payment to contractors and contractors performance evaluation;
- Reviewed the financial management processes of the Group to ensure efficiency and effectiveness of the processes. These include the treasury, payment to suppliers, insurance coverage, investment property evaluation and accounting system; and
- Reviewed the related party transactions entered into by the Group and companies related to the Manager.

The professionalism and competency of internal auditors are being emphasized through continuous training, regular performance evaluation by the ARMC and professional certification attained. As at year ended 31 December 2020, Internal Audit Department comprises of 3 internal auditors. The head of Internal Audit Department is a Certified Internal Auditor and member of The Institute of Internal Auditors Malaysia. All internal audit personnel are free from any relationship or conflicts of interest, which could impair their objectivity and independence.

Key Elements of Internal Control

The Board assumes its responsibility to maintain a sound and effective system of internal control and risk management practices within the Manager in order to meet business objectives. The Board acknowledges that the system provides reasonable but not absolute assurance against material misstatement of management and financial information or against financial losses or fraud. Therefore, the Board ensures the effectiveness of the system through regular reviews.

The Board has appointed the ARMC to review the effectiveness of the Group's system of internal control. The ARMC assisted by the Internal Audit Function, provides the Board with the assurance it requires on the adequacy and integrity of the system of internal control.

The current system of internal control has within it, the following key elements:

- There is an operations manual which provides an overview of the Manager's responsibilities in relation to management of the Group. This operations manual is a guide to daily activities and operations of the Group and is subjected to periodic review and updates;
- Financial authority limit delegated to management is defined and approved by the Board;
- Quarterly management reporting on the performance of the Group is presented to the Board;
- Operational structure is well defined with adequate segregation of duties to ensure check and balance on jobs, and delegation of authorities and responsibilities;
- Human resource policy & procedure and related human resource matters are communicated to staffs via memo, employee handbook which are also available on the internal information portal.
- Establishment of an Internal Audit Function which carries out internal audit review according to risk based audit plan approved by the ARMC. The internal auditors tabled the results of their review with recommendations and follow up actions to the ARMC on quarterly basis;
- Adequate insurance coverage in respect of insurable risk, including investment properties, to appropriate levels, which are determined upon consultation with relevant professionals;
- On-going training and educational programme for Directors and relevant staff in their respective areas of duties in order for them to perform their functions effectively;
- Adoption of a Risk Management Policy to identify key risks together with the appropriate measures and controls to manage the aforesaid risks which are then outlined in the Risk Register and subsequently appraised by the ARMC; and
- Adoption of a Related Party Transaction Policy to ensure that related party transactions are undertaken in compliance with the REIT Guidelines and the Trust Deed, and are carried out on an arm's length basis and on normal commercial terms.

Non-compliance and internal control weaknesses noted by the internal and external auditors and their recommendations will be reported to the ARMC. To date, there has been no identified non-compliance or internal control weaknesses of a material nature.

Risk Management

The Board has established a sound risk management framework which is currently being adopted by the Manager that enables it to continuously identify, evaluate, mitigate and monitor risks that affect the Group. Responsibility for managing risk lies initially with the business unit concerned, working within the overall strategy outlined by the Board. Therefore, the Manager has formed the Risk Management Working Committee ("RMWC") which encompasses key personnel from various departments to identify potential risks, to assess the effectiveness of existing controls and to develop mitigating measures to manage significant risks.

With the assistance rendered by the internal auditors, the RMWC has formulated and developed a Risk Management Policy which was reviewed by the ARMC and approved by the Board on 16 July 2013. In 2017, a revised Risk Management Policy was tabled for review to ARMC and approved by the Board on 21 November 2017. The revised Risk Management Policy reflects the Group commitment to implement a conclusive and updated risk management framework for the Group. The Risk Management Policy is aimed to:-

- Provide objectives and principles in risk management activities;
- Establish responsibilities and accountability in risk management;
- Establish risk management structure and process; and
- Determine risk appetite in managing risks.

A Risk Register and Risk Heat Map are reviewed and updated periodically by the RMWC and presented to the ARMC on a yearly basis and when there are changes in business environment that could give impact on the group in achieving business objectives. During the financial year under review, new risks were identified and previously identified risks were revisited and reassessed on its rating and effectiveness on its internal control in mitigating the risk. The risk profiles were reviewed and assessed to ensure that the risk exposures are updated and properly mitigated to reflect the current economic environment and new regulatory requirements which may impact the Group. The review and assessment also ensure that risk exposures do not beyond risk appetite.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONTINUED)

The management has given assurance to the Board that the Group's risk management and internal control system is operating adequately and effectively, in all material respects, based on the Group's risk management and internal control system.

Review of This Statement by External Auditors

The external auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the annual report for the financial year ended 31 December 2020. Their review was conducted in accordance with *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* ("AAPG 3"), *Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report*, issued by the Malaysian Institute of Accountants (MIA). AAPG 3 does not require the external auditors to, and they did not, consider whether this Statement covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk and control procedures. AAPG 3 also does not require the external auditors to consider whether the processes described to deal with material internal control aspects

of any significant problems disclosed in the annual report will, in fact, remedy the problems. Based on their review, the external auditors have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the process the Board has adopted in the review of the adequacy and effectiveness of the risk management and internal control system.

The Board's Conclusion

The Board is of the view that the current system of internal control is responsive and adequate to the business environment of the Group. There was no material control failure or weakness that would have any material adverse effects on the results of the Group for the period under review.

In addition, the Board is of the view that the Group will maintain its business objective and operational efficiency by continuous commitment towards a sound system of internal control. The Board continues to take measures to enhance the system of internal control.

ADDITIONAL COMPLIANCE INFORMATION

Material Contracts

There was no material contract entered into involving directors' and major unitholders' interest which were still subsisting as at the end of the financial year under review or which were entered into since the end of the previous financial year except as disclosed in Note 28 to the financial statements.

Non-Audit Fees

Non-audit fees paid/payable to the external auditors of the Trust and its subsidiary for the financial year ended 31 December 2020 amounted to RM3,000 and RM60,000 in respect of services for the review of the Statement on Risk Management and Internal Control of the Trust and corporate exercise on the acquisition of UOA Corporate Tower.

The provision of non-audit services by the external auditors to the Group is both cost effective and efficient due to their knowledge and understanding of the operations of the Group, and did not compromise their independence and objectivity.

DIRECTORS OF THE MANAGER'S RESPONSIBILITY STATEMENT for the Audited Financial Statements

The Directors of the Manager ("The Directors") are required by the Companies Act 2016 to prepare the financial statements for each financial year which have been made out in accordance with applicable Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS"), the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines"), the provisions of the Deed dated 28 November 2005 ("Deed"), the requirements of the Companies Act 2016 and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The Directors are responsible to ensure that the financial statements give a true and fair view of the state of affairs of the Group and the Trust at the end of the financial year, and of the results and cash flows of the Group and the Trust for the financial year.

In preparing the financial statements, the Directors have:

- Adopted appropriate accounting policies and applied them consistently;
- Made judgements and estimates that are reasonable and prudent; and
- Prepared the financial statements on a going concern basis.

The Directors are responsible to ensure that the Group and the Trust keep accounting records which disclose with reasonable accuracy the financial position of the Group and the Trust which enable them to ensure that the financial statements comply with the Companies Act 2016. The Directors have taken reasonable steps to detect and prevent fraud and other irregularities, and to safeguard the assets of the Group and of the Trust.

MANAGER'S REPORT

UOA Asset Management Sdn Bhd, the Manager of UOA Real Estate Investment Trust ("UOA REIT" or "Trust"), has pleasure in presenting the Manager's Report on UOA REIT together with the audited financial statements of the Group and of the Trust for the financial year ended 31 December 2020.

PRINCIPAL ACTIVITY OF MANAGER

The Manager, a company incorporated in Malaysia, is a subsidiary of UOA Corporation Berhad (a subsidiary of UOA Holdings Sdn Bhd which in turn, is a wholly owned subsidiary of United Overseas Australia Ltd, a company incorporated in Australia and listed on the Australian Stock Exchange and the Stock Exchange of Singapore). The principal activity of the Manager is the management of real estate investment trusts. There has been no significant change in the nature of this activity during the financial year.

PRINCIPAL ACTIVITIES OF THE TRUST

UOA REIT is a Malaysia-domiciled real estate investment trust constituted under a Deed dated 28 November 2005 ("Deed") by UOA Asset Management Sdn Bhd ("Manager") and RHB Trustees Berhad ("Trustee").

UOA REIT commenced its operations on 1 December 2005 and was listed on the Main Market of Bursa Malaysia Securities Berhad on 30 December 2005. The principal activity of UOA REIT is to invest in a diversified portfolio of real estate and real estate-related assets used, or predominantly used, for commercial purposes, whether directly or indirectly through the ownership of single-purpose companies, who wholly own real estate with the objective of achieving a stable return from rental income and long-term capital growth. There has been no significant change in the nature of this activity during the financial year.

UOA REIT will continue its operations until such time as determined by the Trustee and the Manager as provided under Clause 26 of the Deed.

The principal activity of the subsidiary company is disclosed in Note 7 to the Financial Statements.

CHANGES IN THE STATE OF AFFAIRS

There was no change in the state of affairs of the Group during the financial year under review.

During and at the end of financial year, there was no material contract entered into involving any Directors and major unitholders, except for any contracts arising from transactions disclosed in Note 28 to the Financial Statements.

SOFT COMMISSION

During the financial year, the Manager did not receive any soft commission from its broker, by virtue of transactions conducted by the Group.

CONFLICT OF INTEREST

None of the Directors and employees of the Manager have any conflict of interest with the Group and the Trust.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Trust were made out, the Directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the allowance for doubtful debts, and satisfied themselves that adequate allowance had been made for doubtful debts and all known bad debts had been written off; and
- (b) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their values as shown in the accounting records of the Group and of the Trust have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (a) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Trust inadequate to any substantial extent; or
- (b) which would render the values attributed to current assets in the financial statements of the Group and of the Trust misleading; or
- (c) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Trust misleading or inappropriate; or
- (d) not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group and of the Trust which has arisen since the end of the financial year which secures the liability of any other person; or
- (b) any contingent liability of the Group and of the Trust which has arisen since the end of the financial year.

In the opinion of the Directors:

- (a) no contingent liability or other liability of the Group and of the Trust has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group and of the Trust to meet their obligations as and when they fall due;
- (b) the results of the operations of the Group and of the Trust during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (c) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Trust for the financial year in which this report is made.

SIGNIFICANT EVENTS DURING AND AFTER THE REPORTING DATE

The events during the financial year and after the reporting date are disclosed in Note 34 to the Financial Statements.

MANAGER'S REPORT (CONTINUED)

MATERIAL LITIGATION

The Manager is not aware of any pending material litigation as at the date of statement of financial position and up to the date of this report.

HOLDING COMPANY

The Directors regard United Overseas Australia Ltd, a company incorporated in Australia and listed on the Australian Stock Exchange and the Stock Exchange of Singapore as the ultimate holding company.

AUDITORS

The total amount of fees paid to or receivable by the Auditors, Grant Thornton Malaysia PLT, as remuneration for their services as auditors of the Group and of the Trust for the financial year ended 31 December 2020 are amounted to RM49,000 and RM45,000 respectively.

The Auditors, Grant Thornton Malaysia PLT have expressed their willingness to continue in office.

TRUSTEES' REPORT TO THE UNITHOLDERS OF UOA REAL ESTATE INVESTMENT TRUST

(Established in Malaysia)

We have acted as Trustee of UOA Real Estate Investment Trust for the financial year ended 31 December 2020. In our opinion and to the best of our knowledge, UOA Asset Management Sdn Bhd, the Manager, has managed UOA Real Estate Investment Trust ("Trust") in accordance with the limitations imposed on the investment powers of the Manager and the Trustee under the Deed dated 28 November 2005, other provisions of the Deed, the Capital Markets and Services Act, 2007, the Securities Commission's Guidelines on Listed Real Estate Investment Trusts and other applicable laws during the financial year then ended.

We have ensured that the procedures and processes employed by UOA Asset Management Sdn Bhd to value and price the units of the Trust are adequate and that such valuation/pricing is carried out in accordance with the Deed and other regulatory requirements.

We also confirm that the income distributions declared and paid during the financial year ended 31 December 2020 are in line with and are reflective of the objectives of the Trust. Two distributions have been declared for the financial year ended 31 December 2020 as follows:

- (a) Interim income distribution of 3.98 sen per unit paid on 28 August 2020; and
- (b) Final income distribution of 4.46 sen per unit paid on 22 January 2021.

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF UOA REAL ESTATE INVESTMENT TRUST

(Established in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of UOA Real Estate Investment Trust ("UOA REIT" or "Trust"), which comprise the statements of financial position as at 31 December 2020 of the Group and of the Trust, and the statements of profit or loss and other comprehensive income, statements of changes in net asset value and statements of cash flows of the Group and of the Trust for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 54 to 93.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Trust as at 31 December 2020, and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS"), the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines") and the provisions of the Deed dated 28 November 2005 ("Deed").

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Trust in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Trust for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Trust as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Report on the Audit of the Financial Statements (continued)

Key Audit Matters (continued)

Valuation of Investment Properties

As disclosed in Note 6 to the Financial Statements, the Group's and the Trust's investment properties that were carried at fair value amounted to RM1,738,100,000 and RM1,731,100,000 respectively as at 31 December 2020.

The investment properties are stated at fair value based on independent professional valuation using the comparison and income method. We focused on this due to the magnitude of the balance and the complexities in determining the fair value of the investment properties, which involves significant judgement and estimation that could result in material misstatement.

Audit responses

Our audit procedures performed include:

1. Evaluated the competency, capabilities and objectivity of the independent valuer.
2. Performed site visits to major properties to inspect the condition of the properties and vacant units.
3. Checked the accuracy and relevance of the input data used in the valuations.
4. Evaluated and challenged the key assumptions used in the valuations.

Information Other than the Financial Statements and Auditors' Report Thereon

The Manager is responsible for the other information. The other information comprise the information included in the annual report, but does not include the financial statements of the Group and of the Trust and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Trust does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Trust, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Trust or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF UOA REAL ESTATE INVESTMENT TRUST

(Established in Malaysia) (Continued)

Report on the Audit of the Financial Statements (continued)

Responsibilities of the Manager for the Financial Statements

The Manager is responsible for the preparation of financial statements of the Group and of the Trust that give a true and fair view in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS"), the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines") and the provisions of the Deed dated 28 November 2005 ("Deed"). The Manager is also responsible for such internal control as the Manager determine is necessary to enable the preparation of financial statements of the Group and of the Trust that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Trust, the Manager is responsible for assessing the Group's and the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Group or the Trust or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Trust as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Trust, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Trust or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Trust to cease to continue as a going concern.

Report on the Audit of the Financial Statements (continued)*Auditors' Responsibilities for the Audit of the Financial Statements (continued)*

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also (continued):

- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Trust, including the disclosures, and whether the financial statements of the Group and of the Trust represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide with the Manager with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Manager, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Trust for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

This report is made solely to the unitholders of the Trust, as a body, in accordance with the REIT Guidelines in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

1. GENERAL INFORMATION

UOA Real Estate Investment Trust ("UOA REIT" or "Trust") was constituted under a Deed dated 28 November 2005 ("Deed"), by the Manager, UOA Asset Management Sdn Bhd ("Manager") and RHB Trustees Berhad ("Trustee"). UOA REIT commenced operations on 1 December 2005.

UOA REIT was listed on the Main Market of Bursa Malaysia Securities Berhad on 30 December 2005. The principal activity of UOA REIT is investment in real estate and real estate-related assets used, or predominantly used, for commercial purposes, whether directly or indirectly through the ownership of single-purpose companies which wholly own real estate. There has been no significant change in the nature of this activity during the financial year.

The Manager, a company incorporated in Malaysia, is a subsidiary of UOA Corporation Berhad, (a subsidiary of UOA Holdings Sdn Bhd which in turn, is a wholly owned subsidiary of United Overseas Australia Ltd, a company incorporated in Australia and listed on the Australian Stock Exchange and the Stock Exchange of Singapore). The principal activity of the Manager is the management of real estate investment trusts. There has been no significant change in the nature of this activity during the financial year.

The principal activity of the subsidiary company is disclosed in Note 7 to the Financial Statements.

The consolidated financial statements reported for the financial year ended 31 December 2020 relates to the Trust and its subsidiary company ("the Group").

The financial statements were approved by the Manager's Board of Directors in accordance with a resolution of the Directors passed on 17 February 2021.

2. TERM OF THE TRUST

UOA REIT will continue its operations until such time as determined by the Trustee and the Manager as provided under the provisions of Clause 26 of the Deed.

3. BASIS OF PREPARATION

3.1 Statement of compliance

The financial statements of the Group and of the Trust have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS"), the Deed and the Securities Commission's Guidelines on Listed Real Estate Investment Trusts.

3. BASIS OF PREPARATION (CONTINUED)

3.2 Basis of measurement

The financial statements of the Group and of the Trust are prepared under the historical cost convention, except for investment properties that have been measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to by the Group and by the Trust.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial market takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group and the Trust use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to their fair value measurement as a whole:

- | | |
|----------|--|
| Level 1: | Quoted (unadjusted) market prices in active markets for identical assets or liabilities |
| Level 2: | Valuation techniques for which the lowest level input that is significant to their fair value measurement is directly or indirectly observable |
| Level 3: | Valuation techniques for which the lowest level input that is significant to their fair value measurement is unobservable |

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group and the Trust determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to their fair value measurement as a whole) at the end of each reporting date.

For the purpose of fair value disclosures, the Group and the Trust have determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy as explained above.

3.3 Functional and presentation currency

The financial statements are presented in Ringgit Malaysia ("RM") which is the Group's and the Trust's functional currency and all values are rounded to the nearest RM except when otherwise stated.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

3. BASIS OF PREPARATION (CONTINUED)

3.4 Adoption of new standards/amendments/improvements to MFRSs

The Group and the Trust have consistently applied the accounting policies set out in Note 4 to all years presented in these financial statements.

At the beginning of the current financial year, the Group and the Trust adopted new standards/amendments/improvements to MFRSs which are mandatory for the financial years beginning on or after 1 January 2020.

Initial application of the new standards/amendments/improvements to financial standards did not have material impact to the Financial Statements.

3.5 Standards issued but not yet effective

The new and amended standards and interpretations that are issued, but not yet effective are disclosed below. The Group and the Trust intend to adopt these new and amended standards and interpretations, if applicable, when they become effective:

Amendments to MFRS effective 1 June 2020:

Amendments to MFRS 16 Covid-19 Related Rent Concession

Amendments to MFRSs and IC Interpretations effective 1 January 2022:

Amendments to MFRS 3 Reference to the Conceptual Framework

Amendments to MFRS 116 Property, Plant and Equipment – Proceeds before Intended Use

Amendments to MFRS 137* Onerous Contract – Cost of Fulfilling a Contract

Annual Improvements to MFRS Standards 2018 – 2020 (MFRS 1*, 9, 16 and 141*)

Amendments to MFRSs effective 1 January 2023:

MFRS 17 and amendments to MFRS 17* Insurance Contracts

Amendments to MFRS 101 Classification of Liabilities as Current or Non-current

Amendments to MFRSs – effective date deferred indefinitely:

MFRS 10 and 128* Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

* Not applicable to the Group's and the Trust's operations

The initial application of the above standards, amendments and interpretation are not expected to have any financial impacts to the financial statements.

3.6 Significant accounting estimates and judgements

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's and the Trust's accounting policies and reported amounts of assets, liabilities, income and expenses, and disclosures made. Estimates and underlying assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. The actual result may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

3. BASIS OF PREPARATION (CONTINUED)

3.6 Significant accounting estimates and judgements (continued)

3.6.1 Estimation uncertainty

Information about significant judgements, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below.

Useful lives of depreciable assets

Plant and equipment are depreciated on a straight-line basis over their useful lives. Management estimates the useful lives of the depreciable assets to be within 5 to 10 years and reviews the useful lives of depreciable assets at each reporting date. As at the reporting date, management assesses that the useful lives represent the expected utility of the assets to the Group and to the Trust. Actual results, however, may vary due to change in the expected level of usage and technological developments, which may result in adjustments to the Group's and to the Trust's assets.

Fair value of investment properties

The Group's and the Trust's measure their investment properties at fair value with changes in fair value being recognised in profit or loss. Significant judgement is required in the determination of fair value which may be derived based on different valuation method. In making the judgement, the Group and the Trust evaluate based on past experience and reliance on the work of specialists. The Group and the Trust engage independent valuation specialists to determine fair values.

The carrying amount of investment properties at the end of the reporting year and the relevant revaluation bases are disclosed in the Note 6 to the Financial Statements.

Impairment of non-financial assets

An impairment loss is recognised for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amount. To determine the recoverable amount, management estimates expected future cash flows from each asset or cash-generating unit and determines a suitable interest rate in order to calculate the present value of those cash flows. In the process of measuring expected future cash flows, management makes assumptions about future operating results. The actual results may vary, and may cause significant adjustments to the Group's and to the Trust's assets within the next financial year.

In most cases, determining the applicable discount rate involves estimating the appropriate adjustments to market risk and the appropriate adjustment to asset-specific risk factors.

Provision for expected credit losses ("ECL") of trade receivables

The Group and the Trust use a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due of outstanding debts.

The provision matrix is initially based on the Group's and on the Trust's historical observed default rates. The Group and the Trust will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the Group's and the Trust's related economic sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

3. BASIS OF PREPARATION (CONTINUED)

3.6 Significant accounting estimates and judgements (continued)

3.6.1 Estimation uncertainty (continued)

Provision for expected credit losses ("ECL") of trade receivables (continued)

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's and the Trust's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's and the Trust's trade receivables is disclosed in Note 32 to the Financial Statements.

Income taxes

Significant judgement is involved in determining the capital allowances and deductibility of expenses during the estimation of the provision for income tax. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group and the Trust recognise liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the year in which such determination is made.

3.6.2 Significant management judgements

The following are significant management judgements in applying the accounting policies of the Group and of the Trust that have the most significant effect on these financial statements.

Classification between investment properties and owner-occupied properties

The Group and the Trust determine whether properties qualify as investment properties and have developed the criteria in making that judgement. Investment properties are properties held to earn rentals or for capital appreciation or both.

Certain properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. The Group and the Trust account for the portions separately if the portions could be sold separately (or leased out separately under a finance lease). If the portions could not be sold separately, the properties are investment properties only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes.

Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as an investment property.

Deferred tax on investment properties

For the purposes of measuring deferred tax liabilities arising from investment properties that are measured using the fair value model, the management of the Group and the Trust review the investment properties and concluded that the Group's and the Trust's investment properties are held under a business model whose objective is to recover the carrying amount of the investment properties through sale.

3. BASIS OF PREPARATION (CONTINUED)

3.6 Significant accounting estimates and judgements (continued)

3.6.2 Significant management judgements (continued)

Deferred tax on investment properties (continued)

Accordingly, the Group and the Trust recognise deferred taxes in respect of the changes in fair value of investment properties based on Real Property Gains Tax ("RPGT"). The final tax outcome could be different from the deferred tax liabilities recognised in the financial statements should the economic benefits embodied in the investment properties be subsequently substantially consumed over time rather than through sale.

4. SIGNIFICANT ACCOUNTING POLICIES

The Group and the Trust apply the significant accounting policies, as summarised below, consistently throughout all years presented in the financial statements, unless otherwise stated.

4.1 Consolidation

4.1.1 Subsidiary company

Subsidiary company is entity, including structured entity, controlled by the Trust. Control exists when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. Besides, the Group considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investment in subsidiary company is stated at cost less any impairment losses in the Trust's financial position, unless the investment is held for sale or distribution.

Upon the disposal of investment in a subsidiary company, the difference between the net disposal proceeds and its carrying amount is included in profit or loss.

4.1.2 Basis of consolidation

The Group financial statements consolidate the audited financial statements of the Trust and its subsidiary, which have been prepared in accordance with the Group's accounting policies. Amounts reported in the financial statements of subsidiary have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group. The financial statements of the Trust and its subsidiary are all drawn up to the same reporting date.

All intra-group balances, transactions, income and expenses are eliminated in full on consolidation and the consolidated financial statements reflect external transactions only.

Subsidiary is consolidated from the date on which control is transferred to the Group and are no longer consolidated from the date that control ceases.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.1 Consolidation (continued)

4.1.2 Basis of consolidation (continued)

Changes in the Trust owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions between the Group and non-controlling interest holders. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity.

4.1.3 Loss of control

When the Trust loses control of a subsidiary:

- (i) It derecognises the assets and liabilities, non-controlling interests, and other amounts previously recognised in other comprehensive income relating to the former subsidiary.
- (ii) It recognises any gain or loss in profit or loss attributable to the Group, which is calculated as the difference between (i) the aggregate of the fair value of the consideration received, if any, from the transaction, event or circumstances that resulted in the loss of control; plus any investment retained in the former subsidiary at its fair value at the date when control is lost; and (ii) the net carrying amount of assets, liabilities, goodwill and any non-controlling interests attributable to the former subsidiary at the date when control is lost.
- (iii) It recognises any investment retained in the former subsidiary at its fair value when control is lost and subsequently accounts for it and for any amounts owed by or to the former subsidiary in accordance with relevant MFRS. That fair value shall be regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

4.2 Plant and equipment

All plant and equipment are initially stated at cost. The cost of an item of plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and to the Trust and the cost of the item can be measured reliably.

Cost includes expenditures that are directly attributable to the acquisition of the assets and any other costs directly attributable to bringing the assets to working condition for its intended use, cost of replacing component parts of the assets, and the present value of the expected cost for the decommissioning of the assets after their use. All other repair and maintenance costs are recognised in profit or loss as incurred.

All plant and equipment are subsequently stated at cost less accumulated depreciation and less any impairment losses. When significant parts of plant and equipment are required to be replaced in intervals, the Group and the Trust recognise such costs as individual assets with specific useful lives and depreciation respectively. All other repair and maintenance costs are recognised in profit or loss as incurred.

Plant and equipment are written down to recoverable amount if, in the opinion of the Managers, it is less than their carrying value. Recoverable amount is the net selling price of the plant and equipment, that is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.2 Plant and equipment (continued)

Depreciation is recognised on the straight-line method in order to write off the cost of each asset over its estimated useful life.

The principal annual depreciation rates used are as follows:

Office equipment	10%
Computer	20%
Office renovation	10%

Fully depreciated assets are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these assets.

Restoration cost relating to an item of plant and equipment is capitalised only if such expenditure is expected to increase the future benefits from the existing asset beyond its previously assessed standard of performance.

The residual values, useful lives and depreciation method are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable, or at least annually to ensure that the amount, method and rate of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of plant and equipment.

Plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on the disposal of plant and equipment are determined as the difference between the disposal proceeds and the carrying amounts of the assets and are recognised in profit or loss in the financial year in which such asset is derecognised.

4.3 Investment properties

Investment properties are properties which are owned to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes.

Investment properties are initially measured at cost, including transaction cost. Cost includes expenditures that are directly attributable to the acquisition of the investment properties.

Subsequent to initial recognition, investment properties are measured at fair value and are revalued annually and are included in the statements of financial position at their open market values. Any gain or loss resulting from either a change in the fair value or the sale of investment properties are immediately recognised in profit or loss in the period in which they arise. The fair values are determined by external professional valuers with sufficient experience with respect to both the location and the nature of the investment properties and are supported by market evidence.

Investment properties are derecognised when either they are disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from the disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in the profit or loss in the financial year of retirement or disposal.

Transfers are made to or from investment properties only when there is a change in use. For a transfer from investment properties to owner-occupied properties, the deemed cost for subsequent accounting is the fair value at the date of change. If owner-occupied properties becomes an investment properties, the Group and the Trust account for such properties in accordance with the policy stated under plant and equipment up to the date of change.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.4 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

4.4.1 Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition as subsequently measured at amortised cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's and the Trust's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group and the Trust have applied the practical expedient, the Group and the Trust initially measure a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group and the Trust have applied the practical expedient are measured at the transaction price.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest ("SPPI")' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's and the Trust's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets are classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Group and the Trust commit to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

At the reporting date, the Group and the Trust carry only financial assets at amortised cost on their statements of financial position.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.4 Financial instruments (continued)

4.4.1 Financial assets (continued)

Subsequent measurement (continued)

Financial assets at amortised cost

Financial assets at amortised cost are subsequently measured using the effective interest ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired. The Group's and the Trust's financial assets at amortised cost include trade and other receivables, amount owing by a subsidiary company and cash and cash equivalents.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired; or
- The Group and the Trust have transferred its rights to receive cash flows from the asset or have assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group and the Trust have transferred substantially all the risks and rewards of the asset, or (b) the Group and the Trust have neither transferred nor retained substantially all the risks and rewards of the asset but have transferred control of the asset.

When the Group and the Trust have transferred their rights to receive cash flows from an asset or has entered into a passthrough arrangement, they evaluate if, and to what extent, have retained the risks and rewards of ownership. When they have neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group and the Trust continue to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group and the Trust also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group and the Trust have retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group and the Trust could be required to repay.

Impairment

The Group and the Trust recognise an allowance for expected credit losses (ECLs) on financial assets measured at amortised cost. Expected credit losses are a probability-weighted estimate of credit losses.

The Group and the Trust measure loss allowances at an amount equal to lifetime expected credit loss, except for debt securities that are determined to have low credit risk at the reporting date, cash and bank balance and other debt securities for which credit risk has not increased significantly since initial recognition, which are measured at 12-month expected credit loss. Loss allowances for trade receivables and lease receivables are always measured at an amount equal to lifetime expected credit loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.4 Financial instruments (continued)

4.4.1 Financial assets (continued)

Impairment (continued)

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Trust consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Trust's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Trust are exposed to credit risk.

The Group and the Trust estimate the expected credit losses on trade receivables using a provision matrix with reference to historical credit loss experience.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

At each reporting date, the Group and the Trust assess whether the financial assets carried at amortised cost are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Trust determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's or the Trust's procedures for recovery amounts due.

4.4.2 Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

At the reporting date, the Group and the Trust carry only financial liabilities at amortised cost on their statements of financial position.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.4 Financial instruments (continued)

4.4.2 Financial liabilities (continued)

Subsequent measurement (continued)

Financial liabilities at amortised cost

After initial recognition, carrying amounts are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statements of profit or loss.

The Group's and the Trust's financial liabilities include other payables and bank borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statements of profit or loss.

4.4.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statements of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.5 Impairment of non-financial assets

At each reporting date, the Group and the Trust review the carrying amounts of their non-financial assets to determine whether there is any indication of impairment by comparing its carrying amount with its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a cash-generating unit or groups of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to those units or group of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

An impairment loss is recognised as an expense in the profit or loss immediately.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.5 Impairment of non-financial assets (continued)

An assessment is made at each end of the reporting year as to whether there is any indication that previously recognised impairment losses for an asset other than goodwill may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset recoverable amount since the last impairment loss was recognised. The increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss.

4.6 Cash and cash equivalents

Cash and cash equivalents comprise bank balances and deposits with licensed financial institutions which are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

4.7 Borrowing costs

Borrowing costs consist of interest and other costs that the Group and the Trust incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. Other borrowing costs are expensed in the year in which they incurred.

4.8 Leases

The Group and the Trust assess at contract inception whether a contract is, or contains a lease, that is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessor

Leases in which the Group and the Trust do not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statements of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

4.9 Revenue

4.9.1 Rental income

Rental income is recognised on a straight-line basis over the specific tenure of the respective leases. Lease incentives and rebates granted are recognised as an integral part of the total rental income, over the term of the lease.

4.9.2 Interest income

Interest income is recognised on a time proportion basis.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4.10 Tax expense

4.10.1 Current tax

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the financial year and are measured using tax rates that have been enacted by the end of reporting year and any adjustment to tax payable in respect of previous years.

Current tax is recognised in the statements of financial position as a liability (or an asset) to the extent that it is unpaid (or refundable).

4.10.2 Deferred tax

Deferred tax is recognised using the liabilities method, providing for temporary differences between the carrying amounts of assets and liabilities in the statements of financial position and their tax bases. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantially enacted by the end of the reporting date.

Where investment properties are carried at their fair value in accordance with the accounting policy set out in Note 4.3 to the Financial Statements, the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the reporting date unless the property is depreciable and is held with the objective to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

4.11 Earnings per unit

The earnings per unit ("EPU") are presented on basic and diluted format.

Basic EPU is calculated by dividing the profit or loss attributable to unitholders by the weighted average number of units outstanding during the year.

Diluted EPU is determined by adjusting the profit or loss attributable to unitholders against the weighted average number of units outstanding adjusted for the effects of all dilutive potential units.

4.12 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker who is responsible for allocating resources, assessing performance of the operating segments and making strategic decisions for the Group.

Investment properties as at 31 December 2020 are stated at fair value based on valuations conducted by an independent firm of professional valuers registered with the Board of Valuers, Appraisers & Estate Agents Malaysia using the comparison and income method of valuation.

6. INVESTMENT PROPERTIES (CONTINUED)

The fair value represents the amount at which the properties could be exchanged on an open market basis between a knowledgeable willing buyer and a knowledgeable willing seller in an arm's length transaction at the reporting date. The fair value should also reflect market conditions at the reporting date.

A full valuation has been conducted and the Board of Directors have obtained updated market values of the investment properties as at 7 August 2020 and 31 December 2020 from a registered independent valuer ("Valuer"). Securities Commission's Guidelines on Listed Real Estate Investment Trusts has allowed the valuation report to be prepared for a date of valuation that must not be more than six months before the financial year end. The Board of Directors assessed that the book value for the investment property of which full valuation was carried out on 7 August 2020 is fair, considering that events that occurred after the valuation date did not have a material impact onto the investment property's market value.

In arriving at the updated market value, the Valuer has applied the comparison and income method to assess the market value of the investment properties as at the reporting date. The valuation method and key inputs applied by the Valuer has also taken into consideration the impact of Coronavirus Disease ("COVID-19").

The fair value of investment properties is classified under Level 3.

Details of Level 3 fair value measurements are as follows:

Valuation method and key inputs	Significant unobservable inputs	Relationship of unobservable inputs and fair value
Income method which capitalises the actual or estimated rental income stream, net of projected operating costs, using a discount rate derived from market yields	Discount rate of 5.00% to 6.25% (2019: 6.25%)	The higher the discount rate the lower the fair value
	Estimated market yield of 5.00% to 6.25% (2019: 6.50%)	The higher the estimated market yield, the lower the fair value
	Occupancy rate of 78.05% to 93.09% (2019: 79.29% to 98.76%)	The higher the occupancy rate, the higher the fair value

All land/strata titles are registered in the name of the Trustee.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 (CONTINUED)

22. TAX EXPENSE (CONTINUED)

Pursuant to the amended Section 61A of the Income Tax Act, 1967, where in the basis period for a year of assessment, 90% or more of the total income of the trust is distributed to its unitholders, the total income of the trust for that year of assessment shall be exempted from corporate tax.

23. EARNINGS PER UNIT

The EPU after manager's fees of the Group and of the Trust have been calculated by dividing income after tax for the financial year of RM34,750,875 and RM36,378,817 (2019: RM19,836,187 and RM20,426,474) by the weighted average number of units in issue of 425,633,823 (2019: 422,871,776).

The EPU before manager's fees of the Group and of the Trust have been calculated by dividing income after tax before deduction of manager's fees for the financial year of RM39,577,096 and RM41,205,038 (2019: RM24,714,899 and RM25,305,186) by the weighted average number of units in issue of 425,633,823 (2019: 422,871,776).

Diluted EPU equals to Basic EPU as there are no potential dilutive units in issue.

24. TRANSACTIONS WITH STOCKBROKING COMPANIES

There were no transactions made with stockbroking companies during current and prior years.

25. MANAGEMENT EXPENSE RATIO

	Group and Trust	
	2020 %	2019 %
Management expense ratio ("MER")	0.70	0.78

MER is calculated based on the total administrative expenses incurred by the Group and the Trust divided by the average value of the Net Asset Value for the financial year calculated on a quarterly basis.

As the basis of calculation may vary among real estate investment trusts, no accurate comparison can be made between the Group's and the Trust's MER with other real estate investment trusts.

29. MATURITY ANALYSIS OF LEASE PAYMENTS

The Group and the Trust as lessor

The Group and the Trust lease out their investment properties under operating leases. These leases are non-cancellable and typically run for a period ranging from 1 to 5 years, with the option to renew. Subsequent renewals are negotiated with the lease on average rental period of 1 to 5 years. None of the leases include contingent rentals.

The future undiscounted lease payments receivables after the reporting date are as follows:

	Group		Trust	
	2020 RM	2019 RM	2020 RM	2019 RM
As lessor				
Within 1 year	97,196,707	62,758,202	96,700,352	62,157,487

	178,861,956	99,929,040	178,248,713	98,797,292

30. SEGMENT REPORTING

The segmental financial information by business or geographical segments is not presented as there is only one business activity within the investment properties of the Group and of the Trust.

The Manager assesses the financial performance of the operating segments based on, including but not limited to, net rental income. The net rental income enables financial performance benchmarking as such basis eliminates the effect of financing and investment decisions which may not be made at operating level.

31. FINANCIAL INSTRUMENTS

Classification of financial instruments

31. FINANCIAL INSTRUMENTS (CONTINUED)

Fair value of financial instruments

Included in payables are tenants' deposits received. The tenants' deposits are determined based on the present value of future cash flows discounted at the market interest rate of 1.870% (2019: 2.980%) per annum at the end of the reporting year.

The carrying amounts of all other financial assets and liabilities approximate fair values due to the relatively short-term nature of these financial instruments.

32. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Group and the Trust operate within clearly defined guidelines as set out in the Securities Commission's Guidelines on Listed Real Estate Investment Trusts ("REIT Guidelines"). These REIT Guidelines seek to provide a regulatory framework that would protect the interests of the investing public. The Group and the Trust are exposed to a variety of financial risks, including credit risk, interest rate risk and liquidity risk arising from their operations and the use of financial instruments.

Information regarding the Group's and the Trust's exposure to the abovementioned risks and the Group's and the Trust's risk management policies, which ensure compliance with the spirit of the REIT Guidelines, are set out below:

(a) **Credit risk**

Credit risk is the risk that a tenant or counter party may be unable to meet their contractual obligations. At the reporting date, the maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statements of financial position.

The Group and the Trust are not exposed to significant credit risks as it is not permitted to extend loans or any other forms of credit facilities. The risk of non-collectability of monthly rentals is also mitigated with rental deposits collected from the tenants.

The maximum exposure to credit risk for other receivables is represented by their carrying amounts in the statement of financial position.

The ageing analysis of receivables as at the reporting date which is trade in nature is as follows:

	Gross carrying amount RM	Loss allowance RM	Net balances RM
Group

32. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES (CONTINUED)

Information regarding the Group's and the Trust's exposure to the abovementioned risks and the Group's and the Trust's risk management policies, which ensure compliance with the spirit of the REIT Guidelines, are set out below (continued):

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Trust's financial instruments will fluctuate because of changes in market interest rates.

The Group's and the Trust's investments in fixed rate debt securities and its fixed rate borrowings are exposed to a risk of change in their fair value due to changes in interest rates. The Group's and the Trust's variable rate borrowings are exposed to a risk of change in cash flows due to changes in interest rates.

The Group and the Trust have no exposure to movements in market interest rates other than revolving credit facilities and deposits with licensed financial institutions.

Financial assets

By placing its deposits on short tenures and at prevailing market interest rates, the Group and the Trust are able to reduce their exposures to interest rate fluctuations.

Financial liabilities

The Group and the Trust minimise their interest rate risk by borrowing as far as possible at a floating interest rate.

The information on maturity and effective interest/profit rates on the revolving credits are disclosed in Note 14 to the Financial Statements.

The interest rate profile of the Group's and Trust's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting year are as follows:

	Group RM	Trust RM
2020		
Fixed rate instruments		
Deposits with licensed financial institutions	3,700,000	3,100,000
Bank borrowings	422,000,000	422,000,000
Floating rate instrument		
Bank borrowings	282,022,500	282,022,500
2019		
Fixed rate instruments		
Deposits with licensed financial institutions	1,000,000	750,000
Floating rate instrument		
Bank borrowings	274,800,000	274,800,000

32. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES (CONTINUED)

Information regarding the Group's and the Trust's exposure to the abovementioned risks and the Group's and the Trust's risk management policies, which ensure compliance with the spirit of the REIT Guidelines, are set out below (continued):

(b) Interest rate risk (continued)

A sensitivity analysis has been performed based on the outstanding floating rate borrowings of the Group and the Trust as at the reporting date. If interest rates increase or decrease by 50 basis points with all other variables held constant, the Group's and the Trust's income after tax would decrease or increase by RM1,410,000 (2019: RM1,374,000), as a result of higher or lower interest expense on these borrowings.

(c) Liquidity risk

The Group and the Trust ensure that there are adequate funds to repay the revolving credit in a timely and cost-effective manner. Sources of funds can be via issuance of units, internally generated funds or borrowings. As timing of these arrangements is critical, the Group and the Trust may be exposed to the risk of its investment properties being foreclosed in the interim. However, the Manager is of the opinion that the facilities will be rolled over and remain available for the long term and there is no imminent obligation to repay.

33. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain unitholder, creditor and market confidence and to sustain future development of the business. The Directors of the Manager monitor and determine an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

UOA REIT is permitted to procure borrowings of up to 50% of its total asset value pursuant to the REIT Guidelines.

Total borrowings compared to total asset value at the reporting date is as follows:

	2020 RM	Group 2019 RM
Total asset value (RM)	1,763,839,508	1,046,825,669
Total borrowings (RM)	704,022,500	274,800,000
Total borrowings to total asset value (%)	40	26

34. SIGNIFICANT EVENTS DURING AND AFTER THE REPORTING PERIOD

(a) Acquisition of UOA Corporate Tower

On 28 September 2020, the Trust had entered into a conditional Sales and Purchase Agreement ("SPA") with Distinctive Acres Sdn Bhd, a wholly-owned indirect subsidiary of UOA Development Bhd and Paramount Properties Sdn Bhd, a wholly-owned subsidiary of UOA Development Bhd for the proposed acquisition of UOA Corporate Tower for a total cash consideration of RM700 million ("Proposed Acquisition"). The Trust had undertaken a proposed private placement of new units in the Trust to raise gross proceeds of up to RM280 million by way of bookbuilding exercise ("Proposed Private Placement") and remaining RM420 million was funded through debt financing.

The Proposed Acquisition and Proposed Private Placement had been approved by the unitholders during the extraordinary general meeting held on 10 December 2020. The Proposed Private Placement has been completed following the listing and quotation of 252,727,300 Placement Units on the Main Market of Bursa Malaysia Securities Berhad on 29 December 2020, raising gross proceeds of approximately RM278 million with an issue price at RM1.10 per Placement Unit fixed by the Board.

The Proposed Acquisition was completed on 30 December 2020 upon fulfilment with the terms and conditions of the SPA.

34. SIGNIFICANT EVENTS DURING AND AFTER THE REPORTING PERIOD (CONTINUED)

(b) Financial impact on COVID-19

The outbreak of COVID-19 which was declared by the World Health Organisation as a pandemic on 11 March 2020 had caused a series of precautionary and control measures to be implemented across the world. The Malaysia Government imposed various Movement Control Order ("MCO"), Conditional Movement Control Order ("CMCO") and Recovery Movement Control Order ("RMCO") since 18 March 2020.

Consequently, with all these restrictions imposed, Malaysia's economy was adversely affected, consumers' behaviors had changed over time and businesses were unable to carry on for a period of time in compliance with the orders from Government. As at the date of this report, the management of the Group has assessed the overall impact of the situation on the Group's and the Trust's operations. There was financial impact for the current financial year on the Group's and Trust's rental business as both the Group and the Trust had offered rental rebates approximately RM5.1 million to their tenants whose businesses were affected. The weakened economy had also caused the Trust's occupancy rate of the investment properties to decrease by 6%. The overall negative impacts and uncertainty of the market condition had led to the decrease in fair value of the Group's and the Trust's investment properties according to the valuations performed by the Valuer as disclosed in Note 6 to the Financial Statements.

Despite all the mentioned circumstances, rental rates are rather consistent as compared to prior year, mostly attributed to the Group's branding, strategic locations of the properties and excellent building management and the Group and the Trust are actively searching for potential tenants.

Hence, the management of the Group is of the opinion that there is no significant impact on the credit risk of the tenants and financial results of the Group and the Trust that may materially jeopardize the sustainability of the Group's and the Trust's business despite the dampened consumer demand across the economy and will continue to closely monitor the impact of the global pandemic on its operations as well as the financial positions for the financial year ending 31 December 2021.
